

Tualatin Police Department

Tualatin PD Policy Manual

CHIEF'S PREFACE

According to the nationally recognized speaker, Gordon Graham, there are five pillars to establish and maintain a successful police department. These pillars of success include:

- Good People - Hiring good people and retaining employees who do the right thing.
- Good Policy - Have a living policy manual that is updated and reviewed frequently by employees.
- Good Training - Provide realistic and verifiable training.
- Good Supervision - Provide coaching to those who need it and hold employees accountable for their actions.
- Good Discipline - Take quick action that is consistent and fair.

This new policy manual has been customized for the Tualatin Police Department. It is not a "boiler plate" policy. On the contrary, this policy has been established by Federal Statutes and Case law, State Statutes and case law, and regionally accepted "best practices." This manual allows members from our department to continually review and update policies. This is not a one-time printing or a final document. This is a living document that will continually be updated as laws and training change the way police departments handle different situations.

In addition to this new policy manual, the Tualatin Police Department has also entered into an agreement with Lexipol to provide daily training bulletins covering the very policies that have been established in this manual.

I am confident that this new policy manual and our working relationship with Lexipol will contribute to the professionalism and success of the Tualatin Police Department. We will be provided with good policies and on-going, verifiable training on our policies.

Sincerely,

Greg Pickering

Chief of Police

CRIMINAL JUSTICE CODE OF ETHICS

As a criminal justice officer, my fundamental duty is to serve humankind; to safeguard lives and property; to protect all persons against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all people to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. Without compromise and with relentlessness, I will uphold the laws affecting the duties of my profession courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence, and never accepting gratuities.

I recognize my position as a symbol of public faith, and I accept it, as a public trust to be held so long as I am true to the ethics of The Criminal Justice System. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession.

- (c) The peace officer shall inform the person to be arrested of the peace officer's authority and reason for the arrest, and, if the arrest is under a warrant, shall show the warrant, unless the peace officer encounters physical resistance, flight, or other factors rendering this procedure impracticable, in which case the arresting peace officer shall inform the arrested person and show the warrant, if any, as soon as practicable.

100.4 POLICY

It is the policy of the Tualatin Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

100.5 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended to other states:

- (a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.
- (b) When an officer enters California, Idaho or Nevada in fresh pursuit of a person who the officer has probable cause to believe has committed a felony (Penal Code § 852.2 (California); Idaho Code 19-701 (Idaho); NRS 171.158 (Nevada)).

The policies contained within this manual are for the internal use of the Tualatin Police Department and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the City, its officials or members. Violations of any provision of any policy contained within this manual shall only form the basis for department administrative action, training or discipline. The Tualatin Police Department reserves the right to revise any policy content, in whole or in part.

Chapter 2 - Organization and Administration

Organizational Structure and Responsibility

200.1 PURPOSE AND SCOPE

The organizational structure of this department is designed to create an efficient means to accomplish our mission and goals and to provide for the best possible service to the public. [See attachment: Org Chart April 2022 updated.pdf](#)

200.2 DIVISIONS

The Chief of Police is responsible for administering and managing the Tualatin Police Department. There are three divisions in the Police Department as follows:

- Administration Division
- Patrol Division
- Support Services Division

200.2.1 ADMINISTRATION DIVISION

The Administration Division is commanded by the Chief of Police whose primary responsibility is to provide general management direction and control for the Patrol and Support Services Division Commanders and the Administration Division. The Administration Division consists of an Office Coordinator and a Program Coordinator who provide Technical Services and Administrative Services for the department.

200.2.2 PATROL DIVISION

The Patrol Division is commanded by a Captain whose primary responsibility is to provide general management, direction, and control for that Division. The Patrol Captain is responsible and accountable for all aspects of their command.

200.2.3 SUPPORT SERVICES DIVISION

The Support Services Division is commanded by a Captain whose primary responsibility is to provide general management, direction and control for the Investigative Services Division, Records Division and all support related staff. The Support Services Captain is responsible and accountable for all aspects of their command.

200.2.4 SERGEANTS

Sergeants are the first level of supervision and have the responsibility to guide, direct, motivate and train those personnel under their supervision. Sergeants are responsible and accountable for all aspects of their command.

200.2.5 OFFICER IN CHARGE (OIC)

An Officer In Charge (OIC) is the first level of supervision in the absence of a Sergeant. The OIC may contact the on-call Sergeant if the need arises.

200.3 COMMAND PROTOCOL

Tualatin Police Department

Tualatin PD Policy Manual

Organizational Structure and Responsibility

200.3.1 UNITY OF COMMAND

The principles of unity of command ensure efficient supervision and control within the Department. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or special assignment (e.g. K-9, SWAT), any supervisor may temporarily direct any subordinate if an operational necessity exists.

200.3.2 ORDERS

Members shall respond to and make a good faith and reasonable effort to comply with the lawful order of superior officers and other proper authority.

200.3.3 UNLAWFUL AND CONFLICTING ORDERS

No member is required to obey any order which outwardly appears to be in direct conflict with any federal or state law, or local ordinance. If the legality of an order is in doubt the affected member shall ask the issuing supervisor to clarify the order or confer with a higher authority. Responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with an order that is in conflict with a previous order, department policy, or other directive, shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the order is intended to countermand the previous order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting order after having given the issuing supervisor the opportunity to correct the conflict are not held accountable for disobedience of the order or directive that was initially issued.

The person issuing the countermanded order shall be notified in writing by the person issuing the second command of the action taken and the reason therefore.

200.4 ABSENCE OF CHIEF OF POLICE

The Chief of Police has authority and responsibility for the management, direction, and control of the operations and administration of the department. The Chief of Police will designate a person to act as Chief in his/her absence. Should the Chief be unable to do so, the City Manager will designate a person to act as Chief.

200.5 CHAIN OF COMMAND

Members shall conduct internal business utilizing the chain of command as indicated on the organizational chart, unless good cause exists to deviate from the chain of command. The chain of command shall not be disregarded in conducting official business except where authorized by the Chief of Police or department policy.

200.6 DUTY TO OBEY LAWFUL ORDERS

Members will obey any lawful order of a superior, including orders relayed from a supervisor by a member of the department. Refusal demonstrated by failure of any member to obey a lawful order or other intentional non-compliance constitutes insubordination, unless the member can establish

Tualatin Police Department

Tualatin PD Policy Manual

Organizational Structure and Responsibility

that (1) the situation was not a tactical emergency, and (2) ordinary and prudent knowledge would indicate that the order would be detrimental to the city, police department, or the physical well-being of the member or citizens.

Orders should be given in a civil tone and in pursuit of department business. All personnel are expected to obey lawful orders from ranking personnel as promptly and as completely as possible.

Should any lawful order given by a superior conflict with any previous order, the member should respectfully bring this conflict to the attention of the superior. The superior who issued the conflicting order should take into account the subordinate's point of view and make a decision concerning what is to occur. The supervisor should correct the conflict if possible and appropriate and shall assume responsibility for the subordinate's subsequent action. The subordinate shall follow the last order received unless it is clearly contrary to law. A mistake or misunderstanding will not relieve the subordinate of responsibility for insubordination if the subordinate is wrong in the decision not to comply.

No supervisor shall issue any order which is in violation of any law.

Obedience to an unlawful order is never a defense for an unlawful action. Therefore, no member is required to obey any order which the member reasonably and correctly believes is contrary to federal, state or local law.

The member should explain the reason for unlawfulness to the superior and request clarification from proper authority before proceeding. A member receiving an unlawful, unjust, or improper order, shall, at first opportunity, report it in writing to the Chief of Police through the chain of command. The report should contain the facts of the incident and the action taken.

200.7 ACCOUNTABILITY

Supervisors and managers shall be accountable for the performance of the members under their immediate control.

Departmental Directives

204.1 PURPOSE AND SCOPE

Departmental Directives establish an interdepartmental communication that may be used by the Chief of Police to announce changes to policy and procedure.

204.1.1 DEPARTMENTAL DIRECTIVE PROTOCOL

Departmental Directives will be incorporated into the manual as required upon approval of Staff. Departmental Directives will modify existing policies or create a new policy as appropriate. A Departmental Directive will be rescinded once it has been incorporated into the manual.

All existing Departmental Directives have now been incorporated in the updated Policy Manual as of the below revision date.

Departmental Directives issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year. For example, 08-01 signifies the first Departmental Directive for the year 2008.

204.2 RESPONSIBILITIES

204.2.1 STAFF

The Command Staff shall review and approve revisions of the Policy Manual.

204.2.2 CHIEF OF POLICE

The Chief of Police or the authorized designee shall issue all Departmental Directives.

204.3 ACCEPTANCE OF DEPARTMENTAL DIRECTIVES

All employees are required to read and obtain any necessary clarification of all Departmental Directives. All employees are required to acknowledge in writing the receipt and review of any new Departmental Directive. Signed acknowledgement forms and/or e-mail receipts showing an employee's acknowledgement will be maintained by the Training Coordinator.

Emergency Operations Plan

206.1 PURPOSE AND SCOPE

The City has prepared an Emergency Operations Plan Manual for use by all employees in the event of a major disaster or other emergency event. The manual provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated (ORS 401.305).

All employees shall receive annual refresher training on the details of the Tualatin Emergency Operations Plan.

206.2 ACTIVATING THE EMERGENCY PLAN

The Emergency Operations Plan can be activated in a number of ways. For this department, the Chief of Police or the highest ranking official on duty may activate the Emergency Operations Plan in response to a major emergency.

206.3 LOCATION OF MANUALS

The manual for the employees is available in Administration and the Police Department's Conference Room Library. All supervisors should familiarize themselves with the Emergency Operations Plan and what roles police personnel will play when the plan is implemented.

206.4 BUILDING EVACUATION PLAN

In the event of a disaster or emergency which requires evacuation of the police building, all employees shall follow implemented evacuation plans and posted exit routes (OAR 437-002-0041). The posted exit routes shall include any special directions for physically impaired employees.

206.5 OFFICER CALL-OUT DURING DISASTERS/EMERGENCIES

During the preparatory or response phases of a disaster or emergency, the Tualatin Police Department may activate off-duty personnel on a call-out basis as described under applicable sections of the Collective Bargaining Agreement. Deployment of personnel under the City's Emergency Response Plan may be for standard periods of up to 12 hours and in excess of 40 or 42 hours per week. Any hours worked in excess of an employees normal weekly hours will be compensated as overtime, also pursuant to the Collective Bargaining Agreement.

206.6 UPDATING OF MANUALS

The Chief of Police or the authorized designee should review the Emergency Operations Plan Manual at least once every two years to ensure that the manual conforms to any revisions made by the National Incident Management System (NIMS), and appropriately address any needed revisions.

Electronic Mail

212.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the department's electronic mail (email) system by employees of this department. Email is a communication tool available to department employees to enhance the efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law, such as the Oregon Public Records Law set forth in Oregon Revised Statutes 192.311 et seq. Messages transmitted over the email system must only be those that involve City business activities or contain information essential to City employees for the accomplishment of business-related tasks, and/or communication directly related to City business, administration, or practices.

212.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system. Likewise, employees are prohibited from receiving, sending or storing email messages in personal files. The Department reserves the right to access any personal folders to assure compliance with this policy.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

212.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing, or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

212.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the Oregon Public Records Law and must be managed in accordance with the established records retention schedule and in compliance with state law.

214.2 INTERNAL MEMORANDUMS

Internal memorandums on approved memo form may be used periodically by Department personnel to communicate within the Department, issues such as, but not limited to, the announcement and documentation of all written orders, promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status, etc.

214.3 EXTERNAL CORRESPONDENCE

In order to ensure that the letterhead and name of the Department are not misused, all external (outside the Department) correspondence shall be on Department letterhead. The Department letterhead will be the approved "City of Tualatin Police Department" letterhead. Personnel should use Department letterhead only for official business and with approval of their supervisor.

214.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief of Police or a Division Commander.

Staffing Levels

216.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper staffing is available for all teams and units at all times. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the Department's need to meet operational requirements.

216.2 MINIMUM STAFFING LEVELS

The City will continue to reserve the right to change established minimums at any time based on the Department's operational needs. Whenever possible, a supervisor will be on duty.

216.2.1 SUPERVISION DEPLOYMENTS

A supervisor will be assigned to each team or unit of the Department. In the absence of a patrol Sergeant, the most senior patrol officer on duty will act as the Officer In Charge (OIC) of the team. The Department will maintain a list of on-call supervisors who will be available to respond or for the OIC to contact if the need arises.

Retiree Concealed Firearms

219.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Tualatin Police Department identification cards under the Law Enforcement Officers' Safety Act (LEOSA) (18 USC § 926C).

219.2 POLICY

It is the policy of the Tualatin Police Department to provide identification cards to qualified former or retired officers as provided in this policy.

219.3 LEOSA

- (a) Separated from service in good standing from this department as an officer.
- (b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this department.

219.3.1 IDENTIFICATION CARD FORMAT

The LEOSA identification card should contain a photograph of the former officer and identify him/her as having been employed as an officer.

If the Tualatin Police Department qualifies the former officer, the LEOSA identification card or separate certification should indicate the date the former officer was tested or otherwise found by the Department to meet the active duty standards for qualification to carry a firearm.

219.3.2 AUTHORIZATION

Any qualified former law enforcement officer, including a former officer of this department, may carry a concealed firearm under 18 USC § 926C when:

- (a) In possession of photographic identification that identifies him/her as having been employed as a law enforcement officer, and one of the following:
 - 1. An indication from the person's former law enforcement agency that he/she has, within the past year, been tested or otherwise found by the law enforcement agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.
 - (b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
 - (c) Not prohibited by federal law from receiving a firearm.
 - (d) Not in a location prohibited by Oregon law or by a private person or entity on his/her property if such prohibition is permitted by Oregon law.

219.4.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

- (a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.

219.6 FIREARM QUALIFICATIONS

The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Tualatin Police Department

Tualatin PD Policy Manual

Use of Force

300.2.1 DUTY TO INTERVENE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to prevent the use of unreasonable force (ORS 181A.681).

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations to a supervisor as soon as feasible (ORS 181A.681).

300.2.2 STATE REPORTING REQUIREMENTS

A report of another member using excessive force must be made to a supervisor no later than 72 hours after the misconduct was witnessed (ORS 181A.681).

300.2.3 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Officers shall use the least amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

Tualatin Police Department

Tualatin PD Policy Manual

Use of Force

300.3.1 USE OF FORCE - JUSTIFICATION

An officer is justified in using force upon another person only when and to the extent that the officer reasonably believes it necessary (ORS 161.233):

- (a) To make a lawful arrest or to prevent the escape from custody of an arrested person; or
- (b) For self-defense or to defend a third person from an imminent threat of physical injury.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit.

These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD

Due to the significant risk of applying pressure to a person's neck, the Tualatin Police Department does not train, nor authorize the carotid control hold, lateral vascular neck restraint or other force application that constricts the circulation of blood or impairs a person's breathing, as an application of force; other than in a situation where the use of deadly force would otherwise be authorized.

300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers shall use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion) (ORS 161.233; ORS 161.242).

300.3.6 VERBAL WARNING PRIOR TO USE OF FORCE

Prior to using physical force, if reasonable to do so, officers shall give a verbal warning that physical force may be used and provide a reasonable opportunity to comply (ORS 161.233; ORS 161.242).

300.3.7 RESPIRATORY RESTRAINTS

The use of a respiratory restraint, also known as a chokehold, is limited to circumstances where deadly force is authorized and if applied, is subject to the same guidelines and requirements as a carotid control hold.

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk (ORS 161.242):

- (a) An officer may use deadly force to protect themselves or others from what the officer reasonably believes would be an imminent threat of death or serious bodily injury.

Tualatin Police Department

Tualatin PD Policy Manual

Use of Force

- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.
- (c) An officer may use deadly force to make a lawful arrest when the officer has probable cause to believe that the person has committed a violent felony as defined in ORS 419A.004.
- (d) An officer may use deadly force to prevent a person from escaping custody when the officer has probable cause to believe that the person has committed a violent felony as defined in ORS 419A.004.

However, an officer should not use deadly force against a person whose actions are a threat solely to themselves or property.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

Tualatin Police Department

Use of Force

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be

Tualatin Police Department

Tualatin PD Policy Manual

Use of Force

considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 - 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

Tualatin Police Department

Tualatin PD Policy Manual

Use of Force

300.7.1 PATROL SERGEANT RESPONSIBILITY

The Patrol Sergeant shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers shall receive annual training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.

300.8.1 TRAINING REQUIREMENTS

Required annual training shall include:

- (a) Legal updates.
- (b) De-escalation tactics, including alternatives to force.
- (c) The duty to intervene.
- (d) The duty to request and/or render medical aid.
- (e) Warning shots (see the Firearms Policy).
- (f) All other subjects covered in this policy (e.g., use of deadly force, chokeholds and carotid holds, discharge of a firearm at or from a moving vehicle, verbal warnings).

300.9 USE OF FORCE ANALYSIS

At least annually, the Support Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Deadly Force Review

302.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process to review the use of deadly force by employees of this department.

302.2 POLICY

The Tualatin Police Department is charged with the important responsibility of objectively evaluating the use of deadly force. It is the policy of this department to utilize a multi-agency major crimes team and their protocols to conduct the initial investigation.

After the initial investigation, the Department will conduct an administrative review.

302.3 ANNUAL REVIEW

An annual review will be conducted on all use of deadly force incidents in accordance with the Department Use of Force policy.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Tualatin Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed Tualatin Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

Tualatin Police Department

Tualatin PD Policy Manual

Handcuffing and Restraints

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally.

Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid commingling those wearing spit hoods with other detainees.

Tualatin Police Department

Tualatin PD Policy Manual

Handcuffing and Restraints

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.

Tualatin Police Department

Tualatin PD Policy Manual

Handcuffing and Restraints

- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 WRAP RESTRAINT

The WRAP, manufactured by Safe Restraints, Inc., was designed as a temporary restraining device. Used properly, it can increase officer safety and reduce risk of liability due to injuries and in-custody deaths. The WRAP immobilizes the body and restricts a subject's ability to kick or do harm to oneself and others. The WRAP minimizes the time required to secure a person safely, restrains the subject in an upright position, and has the subject prepared for transport or movement.

306.8.1 DEPLOYMENT AND USE

The WRAP can be used prior to or after a violent or potentially violent or combative subject is controlled using approved departmental methods. Like any restraint device, do not assume the WRAP is escape-proof. Once applied, the subject should not be left unattended.

The WRAP should be considered for use under the following situations:

- (a) Whenever you anticipate possible violent or combative behavior
- (b) To immobilize a violent or combative subject
- (c) To limit violent or combative subjects from causing injury to themselves or others
- (d) To prevent violent or combative subjects from causing property damage by kicking
- (e) To restrain subjects after a chemical spray, extended range baton, or Taser is used, if necessary
- (f) When conventional methods of restraint are not effective
- (g) In transportation of violent or combative subjects
- (h) To assist with cell extraction of violent or combative subjects

Once the subject is properly restrained in the WRAP, they can be placed on their side or in a sitting position. This will increase the oxygen recovery rate, allowing for respiratory recovery.

The WRAP can be applied by one person if the subject is passive, but for violent or combative subjects, three or more people should be used. Only qualified personnel who have received training on the use of the WRAP should use this restraining device.

306.8.2 DEPLOYMENT CONSIDERATIONS

Precautions should be taken when the WRAP is in use. Such precautions include:

Tualatin Police Department

Tualatin PD Policy Manual

Handcuffing and Restraints

- (a) The shoulder harness should never be tightened to the point that it interferes with the subject's ability to breathe
- (b) The leg bands and shoulder harness must be checked frequently for tightness and adjusted as necessary until the WRAP is removed
- (c) If the restrained subject complains of, or shows signs of, breathing distress (shortness of breath, sudden calmness, a change in facial color, etc.), medical attention should be provided immediately
- (d) The subject should never be left unattended
- (e) Subjects should be placed in an upright sitting position or on their side as soon as possible to allow for respiratory recovery
- (f) The WRAP is a temporary restraining device and is not escape-proof
- (g) The WRAP is to be used by trained personnel only

306.8.3 CARE AND STORAGE

The WRAP should be inspected after each use for signs of damage or wear. If any damage is discovered, forward the WRAP to appropriate personnel for repair or replacement.

If cleaning is necessary, use a mild soapy solution or disinfectant approved for use on vinyl and nylon materials. If blood is absorbed into any part of the WRAP, that part should be replaced. Thoroughly rinse all disinfectant from the unit prior to drying. After cleaning the WRAP, allow it to thoroughly air dry before returning it to its carry bag.

It is important that the WRAP is immediately ready for use and prepared for storage in a way that prevents the loop fastening material on the bands from becoming dirty or entangled. This allows the WRAP to be quickly laid out next to the subject and applied without the confusion of having to untangle the bands. To properly prepare the WRAP for storage in the carry bag, utilize the following steps:

- (a) Lay the WRAP on a flat surface with the leg band side up and detach the shoulder harness. Extend each of the leg bands out flat
- (b) Individually fold each of the leg bands back onto itself, so that the fold of the band protrudes an inch or two from the edge of the body of the WRAP
- (c) Be sure the retaining D-ring on the body of the WRAP and harness is open and ready for use
- (d) Keeping the bands inside, roll the WRAP tightly towards the buckle and secure with the ankle strap, then place in carry bag
- (e) Fully extend the harness buckles and tether. Attach buckles to its counterpart and roll the harness up, then place in the carry bag compartment

306.9 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

Tualatin Police Department

Tualatin PD Policy Manual

Handcuffing and Restraints

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

306.10 TRAINING

Subject to available resources, the Training Coordinator should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.1.1 WHEN DEVICES MAY BE USED

When a decision has been made to restrain or arrest a violent or threatening suspect, an approved control device may only be used when its use appears reasonable under the circumstances.

308.1.2 REVIEW, INSPECTION AND APPROVAL

Every control device will be periodically inspected by the department Armorer or Rangemaster, or the designated instructor for a particular control device.

308.1.3 TRAINING FOR CONTROL DEVICES

Only officers trained and having shown adequate proficiency in the use of any control device and this agency's Use of Force policy are authorized to carry the device. Proficiency training must be monitored and documented by a certified weapons or tactics instructor.

- (a) Training for all control devices should occur every two years at a minimum.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers failing to demonstrate proficiency with the weapon or knowledge of this agency's Use of Force policy will be provided remedial training. If, after two additional attempts, an officer still cannot demonstrate proficiency with a weapon or knowledge of this agency's Use of Force policy, the officer may be subject to discipline.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Tualatin Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy. The Chief of Police may also authorize other positions or individual Department members to use specific control devices.

308.3 ISSUING, CARRYING, AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain, or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device

Tualatin Police Department

Tualatin PD Policy Manual

Control Devices and Techniques

appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

308.4 RESPONSIBILITIES

Only authorized personnel may possess and employ department issued oleoresin capsicum spray.

308.4.1 SHIFT SUPERVISOR RESPONSIBILITIES

All personnel authorized to carry oleoresin capsicum spray, shall complete the required course of instruction prior to possessing and using the oleoresin capsicum spray.

308.4.2 CHIEF LESS LETHAL MUNITIONS INSTRUCTOR RESPONSIBILITIES

The Chief Less Lethal Munitions Instructor shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Chief Less Lethal Munitions Instructor or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.4.4 TREATMENT FOR OC SPRAY AND CS EXPOSURE

Persons who have been affected by the use of OC spray and chemical agents should be promptly provided with the proper solution to cleanse the affected areas. Those persons who complain of further severe effects shall be afforded a medical examination by competent medical personnel.

308.4.5 REPORT OF USE

All uses of chemical agents and OC spray shall be documented in the related police report and an accompanying Use of Force statistical report. Reference the Tualatin Police Department Report Writing Manual.

308.4.6 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

Tualatin Police Department

Tualatin PD Policy Manual

Control Devices and Techniques

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt or exterior vest. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.5.1 DEPLOYMENT

Approved munitions are justified and may be used to compel an individual to cease his or her actions when such munitions present a reasonable option for resolving the situation at hand.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer(s) determine that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons, and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Unless it would otherwise endanger officer safety or is impractical due to circumstances, a verbal announcement of the intended use of the Kinetic Energy Projectiles shall precede the application of a Kinetic Energy Projectile in order to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply
- (b) Provide other officers and individuals with a warning that a kinetic energy device may be deployed

308.5.2 EXAMPLES OF CIRCUMSTANCES APPROPRIATE FOR DEPLOYMENT

Examples include, but are not limited to, the following types of situations where the subject:

- (a) Is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions
- (b) Has made credible threats to harm himself or others
- (c) Is engaged in riotous behavior or is throwing rocks, bottles, or other dangerous projectiles at people and/or officers

308.5.3 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider the following factors:

- (a) Severity of the crime or incident
- (b) Subject's capability to pose an imminent threat to the safety of officers or others
- (c) If the subject is actively resisting arrest or attempting to evade arrest by flight

Tualatin Police Department

Tualatin PD Policy Manual

Control Devices and Techniques

- (d) The credibility of the subject's threat as evaluated by the officers present, and physical capacity/capability
- (e) The proximity of weapons available to the subject
- (f) The officer's versus the subject's physical factors (e.g., age, size relative strength, skill level, injury/exhaustion, the number of officer(s) versus subject(s))
- (g) The availability of other force options and their possible effectiveness
- (h) Distance and angle to target
- (i) Type of munitions employed
- (j) Type and thickness of subject's clothing
- (k) The subject's actions dictate the need for an immediate response and the use of control devices appears appropriate

308.5.4 APPROVED MUNITIONS

Only department approved kinetic energy munitions shall be carried and deployed.

308.5.5 USE OF KINETIC ENERGY PROJECTILES BY SUPERVISORS & OFFICERS

Officers who have completed training may carry a single shot munitions launcher, which is chambered to launch a 40 mm less lethal projectile.

Supervisors and officers will inspect the launcher at the beginning of each shift to ensure that it is in proper working order and staged with approved projectiles only.

308.5.6 SAFE HANDLING OF WEAPONS

The intent of this policy is to promote proper safety while handling kinetic energy devices and projectiles on and off duty. Employees shall maintain the highest level of safety when handling these devices and shall consider the following:

- (a) Officers shall not unnecessarily display or handle any kinetic energy device.
- (b) Officers shall be governed by all rules and regulations pertaining to the use of the police range or training facility, and shall obey all orders issued by the Chief Firearms Instructor or weapons instructor.
- (c) Any member who discharges a kinetic energy device accidentally or intentionally, on or off-duty, except during training, shall make a verbal report to the on-duty supervisor as soon as circumstances permit and shall file a written report with their Division Commander prior to the end of shift if on-duty. If off-duty, as directed by the supervisor.
- (d) Officers shall not place or store any kinetic energy device or projectiles in department premises except when the place of storage is locked.

Tualatin PD Policy Manual

Control Devices and Techniques

308.6 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public (ORS 181A.708).

308.6.1 SUPERVISOR'S RESPONSIBILITIES

The Shift Supervisor or OIC shall monitor the use of control devices in the same manner as all other use of force incidents.

- (a) The Shift Supervisor may authorize the use of a control device by selected personnel or members of specialized units provided the person(s) authorized has/have the required training.
- (b) Properly trained Officers may utilize the control devices they have been issued at their discretion based on their best judgement of the totality of the circumstances that appear at the time and place of the incident, pursuant to all other sections of this policy.
- (c) A Shift Supervisor shall review each use of control devices by any personnel within his or her command.
- (d) The Shift Supervisor shall ensure briefing training on the use of control devices is provided as needed.

308.6.2 INSTRUCTOR RESPONSIBILITIES

The Chief Less Lethal Munitions Instructor and Chief Defensive Tactics Instructor shall control the inventory and shall issue all control devices. All damaged, inoperative and/or expended control devices shall be returned to the appropriate Chief Instructor for disposition, repair or replacement.

308.6.3 MAINTENANCE RESPONSIBILITY

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

308.7 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device and/or technique listed within this section shall be documented pursuant to Policy Manual § 300.4 and 300.5.

308.8 CROWD CONTROL GUIDELINES

For the purpose of this section, "crowd control" means an operation in which crowds are managed to prevent the outbreak of violence or physical harm to persons, or in which an assembly, protest, or demonstration is dispersed (ORS 181A.708).

Handheld chemical incapacitants and kinetic impact projectiles as defined by ORS 181A.708 shall not be used for crowd control. Tear gas may be used for crowd control when the Patrol Sergeant, Incident Commander, or Crisis Negotiation Unit (CNU) Commander reasonably believes that the

Tualatin Police Department

Tualatin PD Policy Manual

Control Devices and Techniques

use is necessary to prevent death or serious bodily injury or to bring an objectively dangerous and unlawful situation under control (ORS 181A.708).

Prior to deploying tear gas for crowd control purposes, the Patrol Sergeant, Incident Commander, or CNU Commander shall direct that the intent to use tear gas be announced twice via reasonable and available means, the second announcement occurring after a reasonable amount of time has elapsed to allow for crowd dispersal (ORS 181A.708).

308.8.1 ADDITIONAL CROWD CONTROL CONSIDERATIONS

Officers may not use electronically amplified noise-producing equipment for crowd control except to make announcements, facilitate movement of emergency vehicles, or as otherwise allowed by law. When possible, announcements shall be made both audibly and visually (ORS 181A.708).

After deploying chemical incapacitants, kinetic impact projectiles, or sound devices in a crowd control operation, and when it is possible to do so safely, officers shall (ORS 181A.708):

- (a) Attempt to take injured individuals to safety or allow them to seek medical help.
- (b) Allow emergency medical personnel to reach injured individuals.
- (c) Take reasonable action to accommodate individuals with disabilities when issuing or enforcing orders to disperse.
- (d) Coordinate the removal of visible debris caused by the use of tear gas and kinetic impact projectiles.
- (e) Make reasonable efforts to notify emergency departments in the vicinity of the type of chemical incapacitants and/or kinetic impact projectiles used.

Conducted Energy Device

309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

309.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed department-approved training, every two years at a minimum, may be issued and may carry the CED.

The Rangemaster should keep a log of issued CED devices and the serial numbers of cartridges/magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the CED and cartridges/magazines that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the CED shall wear the device in an approved holster.

Officers who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon.

- (a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) For single-shot devices, whenever practicable, officers should carry an additional cartridge on their person when carrying the CED.
- (c) Officers should not hold a firearm and the CED at the same time.

Non-uniformed officers may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

309.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Rangemaster for disposition. Officers shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

Tualatin Police Department

Tualatin PD Policy Manual

Conducted Energy Device

309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

309.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying a CED may be considered for officer safety.

309.5.1 APPLICATION OF THE CED

The CED may be used when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themselves, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.

Tualatin Police Department

Tualatin PD Policy Manual

Conducted Energy Device

- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

309.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE CED

Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the officer must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

309.5.5 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

Tualatin Police Department

Tualatin PD Policy Manual

Conducted Energy Device

309.5.6 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION

Officers shall document all CED discharges in the related arrest/crime reports and the CED report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CED report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

309.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or officers trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

310.1.1 DEFINITIONS

Involved officer - An officer whose official conduct, or official order to use deadly physical force, was a cause in fact of the death of a person. As used here, "order to use deadly physical force" means an order issued to another officer to use deadly physical force in a specific incident or an order or directive establishing rules of engagement for the use of deadly physical force for a specific incident (ORS 181.789(a)).

An officer whose official conduct was not a cause in fact of the death of a person but whose official involvement in an incident in which the use of deadly physical force by an officer resulted in the death of a person (ORS 181.789(b)):

- Began before or during the use of the deadly physical force; and
- Was reasonably likely to have exposed the officer to greater stresses or trauma than other officers experienced as a result of their involvement in the incident before or during the use of the deadly physical force.

310.2 POLICY

The policy of the Tualatin Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

310.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the suspect's actions.
- (b) A criminal investigation of the involved officer's actions.
- (c) An administrative investigation as to policy compliance by involved officers.
- (d) A civil investigation to determine potential liability.

310.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Tualatin Police Department

Tualatin PD Policy Manual

Officer-Involved Shootings and Deaths

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

310.4.1 TUALATIN POLICE DEPARTMENT OFFICER_DEPUTY WITHIN THIS JURISDICTION

The Tualatin Police Department is responsible for the criminal investigation of the suspect's actions, the civil investigation, and the administrative investigation. The criminal investigation of the officer-involved shooting will be conducted by the Major Crimes Team as designated in the Officer-Involved Critical Incident Protocol in conjunction with the District Attorney's Office.

310.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will include at least one investigator from another law enforcement agency (ORS 181A.790).

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

310.4.3 TUALATIN POLICE DEPARTMENT OFFICER_DEPUTY IN ANOTHER JURISDICTION

The agency where the incident occurred has criminal jurisdiction and is responsible for the criminal investigation of the incident. That agency may relinquish its criminal investigation of the suspect(s) to another agency. The Tualatin Police Department will conduct timely civil and/or administrative investigations.

310.4.4 INVESTIGATION RESPONSIBILITY MATRIX

The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings:

		Criminal Investigation of Suspect(s)		Criminal Investigation of Officer(s)	Civil Investigation of		Administrative Investigation

310.5 THE INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting.

310.5.1 DUTIES OF INITIAL ON SCENE SUPERVISOR

Upon arrival at the scene of an officer-involved shooting, the first uninvolved supervisor should:

- (a) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals
- (b) Attempt to obtain a brief overview of the situation from any non-shooter officer(s)
 1. In the event that there are no non-shooter officers, the supervisor should attempt to obtain a brief voluntary overview from one shooter officer.
- (c) If necessary, the supervisor may administratively order any officer from this department to immediately provide publicsafetyinformation necessary to secure the scene and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.
- (d) Absent a voluntary statement from any officer(s), the initial on scene supervisor should not attempt to order any officer to provide information other than public safety information.
- (e) Provide all available information to the Shift Supervisor and Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (f) Take command of and secure the incident scene with additional personnel until relieved by a detective supervisor or other assigned personnel.
- (g) As soon as practical, shooter officers should respond or be transported (separately, if feasible) to an isolated location for further direction. The location should be approved by the Sergeant or on-duty supervisor and should be free from any disruptions or outside media influence.
 1. Each involved officer should be given an administrative order not to discuss the incident with other involved officers pending further direction from a supervisor.
 2. When an officer's weapon is taken or left at the scene (e.g., evidence), the officer will be provided with a comparable replacement weapon or transported to the station by other officers.

Tualatin Police Department

Tualatin PD Policy Manual

Officer-Involved Shootings and Deaths

310.5.2 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved TuPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

310.5.3 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved TuPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 - 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any TuPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 - 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 - 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Patrol Sergeant and Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional TuPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - 1. Each involved TuPD officer should be given an administrative order not to discuss the incident with other involved officers or TuPD members pending further direction from a supervisor.
 - 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

Tualatin Police Department

Tualatin PD Policy Manual

Officer-Involved Shootings and Deaths

310.5.4 PATROL SERGEANT RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Patrol Sergeant shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Patrol Sergeant.

310.5.5 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigation Division Commander
- Officer-Involved Critical Incident Protocol rollout team
- Outside agency investigators (if appropriate)
- Professional Standards Unit supervisor
- Civil liability response team
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer

310.5.6 DUTY ASSIGNMENT RESTRICTIONS

The Department should not return an involved officer to a duty assignment in which the officer may have to use deadly force for at least 72 hours after an incident where the application of deadly force resulted in the death of a person. The Department shall maintain the regular pay and benefits for any involved officer whose assignment is adjusted pursuant to this section (ORS 181A.790). As it relates to this duty assignment restriction, "involved officer" means (ORS 181A.790):

- (a) An officer whose official conduct, or official order to use deadly physical force, was a cause in fact of the death of a person.
- (b) An officer whose official conduct was not a cause in fact of the death of a person, but who was present before or during the deadly use of force and was reasonably likely exposed to more than a minor degree of stress or trauma.

310.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Tualatin Police Department

Tualatin PD Policy Manual

Officer-Involved Shootings and Deaths

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews.

The following shall be considered for the involved officer:

- (a) TuPD supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of TuPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

310.6.1 REPORTS BY INVOLVED TUPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved TuPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved TuPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved TuPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

310.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should

Tualatin Police Department

Tualatin PD Policy Manual

Officer-Involved Shootings and Deaths

take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

310.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Unit supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Unit supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

310.6.4 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or other major incident may be lost or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identify all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

Tualatin Police Department

Tualatin PD Policy Manual

Officer-Involved Shootings and Deaths

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.
1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Available personnel should be assigned to promptly contact the suspect's family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to contact with officers.

310.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved TuPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/ her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

Tualatin Police Department

Tualatin PD Policy Manual

Officer-Involved Shootings and Deaths

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
5. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

Traumatic Incident

311.1 PURPOSE AND SCOPE

The purpose of this policy and procedure is to:

- Establish clear guidelines for commitment to provide assistance to members involved in any type of traumatic incident as defined within.
- Establish clear guidelines and protocol for the Critical Incident Stress Management Team (CISMT). The Tualatin Police Department considers the mental and emotional health of all employees as being of prime importance. The department will maintain a trained Critical Incident Stress Management Team (CISMT).
- Establish clear guidelines and protocols for providing support and emotional care for an Officer's family following a line-of-duty death.

311.1.1 DEFINITIONS

Traumatic Incident: A situation faced by personnel, which causes them to experience unusually strong emotional reactions that have the potential to interfere with the ability to function, either at the scene or at a later time. A situation does not have to be a major disaster to be classified as a traumatic incident.

The following are examples of traumatic incidents:

- The serious injury or death of any Tualatin Police personnel while on duty or off duty. The serious injury or death of a suspect or any civilian bystander resulting from police operations.
- A case which is charged with profound emotion, such as the sudden death of an infant under particularly tragic circumstances.
- A case involving a Department member(s) which attracts extremely unusual attention from the news media.
- Loss of life which follows extraordinary and prolonged expenditures of physical and emotional energy in a rescue attempt.
- An incident in which the circumstances are so unusual or the sights and sounds are so distressing as to produce a high level of immediate or delayed emotional reaction which surpasses normal coping mechanisms.

Directly Involved: Those department members who were immediately present and in a position to observe the traumatic incident.

Administrative Leave: A period in which the department member is relieved of their regular duties with pay. During this time the department member shall remain available for interviews, appointments or other administrative assignments related to the incident for which they were placed on administrative leave. If the leave encompasses the members regular days off, any

interviews done with TPOA members on the member's days off will be subject to overtime provisions. Interviews done on the days off of non-TPOA members will be subject to FLSA overtime.

Critical Incident Stress Management Team (CISMT): A trained team of department members that offer peer support assistance and appropriate support resources to other department employees who experience personal and/or professional problems that adversely affect their work performance, their family units or themselves.

Stressful & Traumatic Incident Committee (STIC): A Washington County interagency group made up of Police Officers, Dispatchers, Chaplains, Fire personnel, and Non-Sworn support staff.

Active Member: All employees of the Tualatin Police Department, sworn or non-sworn, volunteer or paid.

Line-Of-Duty Death: Any action, felonious or accidental, which claims the life of a Tualatin Police employee who is performing work-related functions either while on duty or off duty.

Survivors: Immediate family members of the deceased officer (spouse, children, parents, siblings, fiancée, and/or significant others).

Beneficiary: Those designated by the employee as recipients of specific death benefits.

Benefits: Financial payments or gifts-in-kind made to the family to insure financial stability following the loss of a loved one.

Funeral Payments: Financial payments or in-kind gifts made to the surviving families of an active member killed in the line-of-duty which are specifically earmarked for funeral expenses.

311.1.2 LEAVE PROCEDURE

- (a) Any department member whose actions or use of force results in a death or serious physical injury shall be released from the scene. They will then be placed on mandatory administrative leave with pay for the duration of the department member's shift and for a period of time as determined by the Chief of Police. Administrative leave is in the interest of the department member(s) and the department and shall not be waived. The assignment shall not be interpreted to imply or indicate that the department has acted improperly. If the department member(s) is in need of additional administrative time off, sufficient time shall be granted by the Chief of Police or his/her designee without penalty.
- (b) Any department member witness who was directly involved shall be placed on administrative leave with pay for a period of time at the request of the department member or at the discretion of the member's supervisor.
- (c) Counseling services will be made available for the member(s) and their families/significant others through the Chief of Police or his/her designee. Contacts between involved officers and the counseling service will be confidential. In all cases where

Tualatin Police Department

Tualatin PD Policy Manual

Traumatic Incident

serious injury or death results from the use of deadly force or other action, such as a car crash that results in a death or extreme result, the involved member(s) shall meet with a Department and Association approved psychologist or psychiatrist experienced in assisting law enforcement personnel and their families to recognize and cope with the natural responses to a traumatic incident. The meeting is mandatory and cannot be waived. A list of professionals specializing in this field will be established and kept current. The member(s) will have the choice in determining which he/she visits. All conversations between the member, their families/significant others, and the debriefing psychologist or psychiatrist are considered confidential and subject to the doctor-patient privilege. This meeting will take place while the member is on administrative leave.

- (d) Follow-up meetings will take place as determined by the psychologist/psychiatrist. These meetings are designed to deal with any delayed stress caused by the incident. They should occur on the anniversary or as close to the anniversary of the incident as possible.
- (e) Member(s) involved in traumatic incidents where deadly force is used will have available the services of the department CISM team, Washington County S.T.I.C. team or other CISM trained team.
- (f) The effects of a traumatic incident can affect the member's mental wellbeing as well as their ability to perform their job. If an employee is involved in a "non-deadly force" traumatic incident, their supervisor should be made aware of the incident. The supervisor will be required to monitor the employee for signs of unexpected changes in work behavior and/or performance. If the supervisor determines that the employee is showing behavioral changes that are adversely affecting the employee's work performance, the Chief of Police or his/her designee may place the employee on administrative leave, with pay, and refer the employee to the Employee Assistance Program.

311.1.3 SPIRITUAL SUPPORT

In all cases involving traumatic incidents, the involved member and their family/significant other will have available to them the services of a chaplain, pastor, minister, priest, member of the department, etc. The purpose is to provide the member and/or their family/significant other with a source of professional consultation to aid them in dealing with the potential moral and ethical after-effects of a traumatic incident.

A chaplain will be made available in any and all cases involving traumatic incidents. Services from the chaplain may be utilized by the department, their significant other, and their family.

311.1.4 RETURN TO DUTY

In determining the appropriate administrative action to take in ending the member's administrative leave and returning the member(s) to regular duty, the Chief of Police may seek and consider the professional opinion of any psychologist/psychiatrist and/or treating physician as to:

Tualatin Police Department

Tualatin PD Policy Manual

Traumatic Incident

- Whether the member(s) should be expected to report to full duty in his/her regular assignment or whether the member needs additional recuperation time and, if so, how much additional time is recommended.
- Whether any modifications of the member's regularly assigned duties should be considered by the department in order to facilitate the member's speedy return to full productivity and, if so, the nature and duration of the recommended modifications.
- Additional psychological evaluation, assistance, and counseling will be made available if it is deemed necessary and will result in the employee's ability to return to or continue active duty.

The department will be sensitive to the personal needs of the member and the member's family and furnish all possible support and assistance.

311.2 CRITICAL INCIDENT STRESS MANAGEMENT TEAM (CISMT)

CISMT members will have attended a department recognized certification course, and subsequent advanced training in peer support and Critical Incident Stress Management.

This program is designed to:

- Provide emotional support during and after times of personal or professional crisis to employees who express a need for assistance.
- Promote trust, allow appropriate anonymity, and preserve confidentiality for persons using CISMT members within the guidelines of the program.
- Develop CISMT members who can identify personal crises or conflicts and provide guidance or referral to professional or alternate resources when required. Maintain an active team relationship with a police psychologist for guidance and referral.
- Maintain an effective peer support training and response program.

- Support employees who have experienced family tragedies.
- Check on the status of employees who are experiencing serious illnesses or injuries and provide support where desired or needed.

311.2.1 DUTIES AND RESPONSIBILITIES OF CISMT

- Convey trust, anonymity, and assure confidentiality to employees, within the guidelines of ORS 181.860, who seek assistance from CISMT.

- Assist employees by referring them to the appropriate outside resource when necessary.
- Be available for additional follow-up support.
- Maintain contact with the CISMT Supervisor or their designee regarding program activities.
- Agree to be contacted and, if practical, respond at any hour.

311.2.2 CISMT PROGRAM MANAGEMENT & SUPERVISOR DUTIES

CISMT Program Management:

- The overall management of the team will come from the CISMT Supervisor or designee who will insure the program is being managed by its members in accordance with the goals and objectives established for the program.
- CISMT Supervisor will coordinate with the command staff to schedule defusings and debriefings.

Duties of the CISMT Supervisor include but are not limited to:

- Supervising the program on a daily basis.
- Managing recruitment and screening of program applicants.
- Coordinating training of CISMT members.
- Developing resources to assist individuals when problem areas are identified, ie: referral of a person to a professional psychologist.
- Offering guidance to CISMT members when necessary.
- Coordinating follow-up response of CISMT members when referrals are made to outside resources.
- Coordinating with designated local CISM teams

311.2.3 CISMT MEMBERSHIP

Membership to CISMT will be an assignment made by the Chief of Police and the CISMT Supervisor.

- CISMT may have up to (6) employees of the Tualatin Police Department and at least one member of the Chaplaincy designated by CISMT.
- In addition, administrative staff, may be attached to CISMT to assist the CISMT Supervisor in administering the program.
- When a vacancy occurs on the Team, the CISMT Supervisor may cause the vacancy to be filled.

Tualatin Police Department

Tualatin PD Policy Manual

Traumatic Incident

When possible and without compromising the selection process, new members shall be selected to provide proportionate representation from both sworn and non-sworn Tualatin Police Department members.

311.2.4 CISMT TRAINING

It is the responsibility of the CISMT Supervisor to ensure that all CISMT members receive competent and up to date training in:

- Basic critical incident stress management
- Advanced critical incident stress management
- Peer support
- Suicide prevention and intervention

A team member not fully trained as outlined above shall always be paired with a fully trained team member for any response activities. CISMT training should meet standards set forth by International Critical Incident Stress Foundation.

311.2.5 CONFIDENTIALITY

The acceptance and overall success of CISMT will be determined, at least in part, by observance of confidentiality. It is imperative that each member maintain strict confidentiality of all information learned from an individual within the guidelines of ORS 181.860.

Communications between a team member and department personnel shall remain confidential except for those communications identified in ORS 181.860 which include:

- A threat of suicide or homicide by a participant in a peer support counseling session.
- Any information relating to the abuse of children or of the elderly, or other information that is required to be reported by law.
- Any admission of criminal conduct.
- It is critical that all CISMT members become well versed in all aspects of ORS 181.860.
- CISMT members will inform the participant, prior to discussion, limitations and exceptions regarding the information revealed. In those cases where any question arises regarding confidentiality, CISMT members should immediately contact the CISMT Supervisor or their designee who will advise on the appropriate action to be taken.

311.2.6 INTERNAL INVESTIGATIONS INVOLVING CISMT

It may occur that a CISMT member is called to assist an individual who is or becomes the subject of an internal investigation. The guidelines of ORS 181.860 must be followed in this circumstance.

The role of CISMT members in internal investigative circumstances should be one of support and assisting individuals through stress they may face during the disciplinary process. If CISMT

Tualatin Police Department

Tualatin PD Policy Manual

Traumatic Incident

members have questions or concerns regarding these situations, they should consult with the CISMT Supervisor or their designee.

311.2.7 CISMT RESPONSES TO CRITICAL INCIDENTS

Officer involved incidents such as: use of deadly force, tragedies, deaths, serious injuries, hostage situations, and threatening situations are examples of "Critical Incidents" which may overwhelm normal coping mechanisms, possibly causing unusually strong emotional reactions. These reactions have the potential of interfering with an individual's ability to function at a particular scene or at a later time. A critical incident may affect an entire responding group, a few people, or only a single individual.

The following are examples of critical incidents that may require a CISMT response:

- Officer involved shooting and/or officer use of deadly force
- Death of a co-worker
- Death or major injury to a child
- Police personnel directly involved in or causing death or injury to another
- Victim reminding an employee of another person the employee was/is close to
- Any highly dangerous event that incites threat of serious injury or death
- An event of high media interest
- Death after prolonged rescue attempts
- Mass casualty events

Possible CISMT responses to a critical incident include:

- Peer Support. A "one on one" is a confidential meeting between a trained CISMT member and a department member who asks for, or is referred to, the CISMT member for intervention.
- Defusings. A short (30 minute) confidential intervention conducted as soon as practical after a critical incident for those personnel involved. Conducted by CISMT members for the purpose of 'defusing' a critical event and provide an update or status report, briefly discussing acute stress and the methods to reduce its effects. The defusing does not necessarily eliminate the need for a Critical Incident Stress Debriefing.
- Debriefing. A confidential compulsory group crisis intervention usually held within 12-72 hours after the incident usually including only those personnel who were directly involved in or who witnessed a critical incident. The Critical Incident Stress Debriefing should be carried out after all post incident services and inquiries have been completed (i.e. police reports, medical attention, internal investigation, etc) and focus on improving acute psychological disturbances rather than curing long-standing

Tualatin Police Department

Tualatin PD Policy Manual

Traumatic Incident

mental disorders. Management and other personnel, not directly involved with the incident, should not be involved in the debrief activities.

- Crisis Management Briefings (CMB). Many events exist that impact a large number of people, such as neighborhoods, communities, or departments. In these situations, defusing an emotionally charged crowd or disseminating timely information may be necessary. The Crisis Management Briefing (CMB) is a structured town meeting style intervention. It puts forth the highest authority figure appropriate and available in conjunction with the CISM team leadership. The authority figure, or designee, presents the facts and status of the event. The audience then has the opportunity to ask questions to the authorities. The CISM team leadership then provides an educational piece about the stress of the situation and the appropriate ways to deal with it, including resources available for assistance. The CISM members are also present if crisis intervention techniques are needed to assist the authorities with defusing the emotionality of individuals or the group.
- Demobilization. Only used after a large-scale incident, lasting no longer than 30 minutes. Emergency personnel meet to rest, have something to eat and meet with CISM members prior to returning to duty or to home. The purpose is to 'decompress' before moving to the next assignment, provide practical suggestions for stress management and offer an avenue to those suffering critical incident stress effects.

311.2.8 CISMT CALL OUT PROCEDURES

Anytime an employee of the Police Department believes they have sufficient information to suggest CISMT intervention is warranted, they may initiate a response.

- The initiating employee shall cause the CISMT Supervisor or designee to be contacted through their chain-of-command, providing as much information as is available and necessary to make a determination on activation.
- After determining that CISMT intervention is warranted the CISMT Supervisor shall contact, or cause to be contacted, CISMT members or a designated CISM-trained team.
- If the CISMT Supervisor or designee is not available, the division commander attached to CISMT shall be contacted. In the absence of the CISMT Supervisor, designee and Division Commander, a supervisor shall be contacted for an activation determination.
- Individual CISMT members may initiate contact with an employee who is showing signs of crisis or personal internal conflict. Such contact shall be kept confidential per ORS 181.860
- Any outside agency requesting the services of the Tualatin Police Department's CISMT shall contact the Chief of Police, who will then contact the CISMT Supervisor or designee. After consulting with the Chief, the CISMT Supervisor will contact the

Tualatin Police Department

Tualatin PD Policy Manual

Traumatic Incident

requesting agency and advise what type of response can be provided by the Tualatin Police CISMT.

- The CISMT Supervisor or designee may request outside assistance from a local designated CISM-trained team, should the need arise.

311.3 LINE-OF-DUTY DEATH

It is the policy of the Tualatin Police Department to provide assistance to the immediate survivors of an employee who dies in the line of duty, whether feloniously or accidentally, while an active-member of the department. This assistance will include, but not be limited to, the clarification and comprehensive study of survivor benefits as well as support during this traumatic period of readjustment for the surviving family. The Chief of Police may institute certain parts of this policy for cases of a member's natural death.

Except where language denotes what must be done, this policy will be a guideline and may be enhanced or changed as determined by the incident. The FAMILY of the deceased officer will determine funeral arrangements, with their wishes taking precedence over the Department's.

311.3.1 COORDINATION OF EVENTS

Coordination of events following the line-of-duty death of a Police Officer is an extremely important and complex responsibility. In order to provide the best possible services and support for the Officer's family while exhibiting professionalism and compassion at all times specific tasks may be assigned to selected members of the department. Their titles are:

- Notification Officer
- Hospital Liaison Officer
- Family Liaison Officer
- Department Liaison Officer
- Benefits Coordinator

An explanation of each of these positions is contained in the following sub-sections. An employee may be called upon to perform more than one role.

311.3.2 NOTIFICATION OFFICER

- (a) The Department WILL NOT release the name of the deceased officer before the immediate family is notified.
- (b) The supervisor, immediately upon hearing of an officer's death or serious injury, will retrieve the officer's emergency notification form from the locked file and will, to the best of his/her ability, follow the officer's wishes contained therein.
- (c) It shall be the responsibility of the supervisor to properly notify the next of kin of an officer who has suffered severe injuries or died, or to designate a NOTIFICATION

Tualatin Police Department

Tualatin PD Policy Manual

Traumatic Incident

OFFICER to inform survivors. Every effort will be made to appoint the notification officer requested by the officer on his/her critical incident/final honors form.

- (d) If there is knowledge of a medical problem with an immediate survivor, medical personnel will be available near the residence to coincide with the death notification.
- (e) Notification WILL be made in person by two or more persons. The Chief of Police or a representative, close friend, chaplain, or Critical Incident Stress Management Team (CISMT) member may accompany the NOTIFICATION OFFICER. However, if the aforementioned persons are not readily accessible, and the opportunity exists to get the family to the hospital before the demise of the officer, notification should not be delayed until these people can gather. The family should learn of the death from the Department FIRST and not from the press or other sources.
- (f) The notification party should not make a death notification on the doorstep. Ask to be admitted to the house. Inform family members slowly and clearly of the information that you have. If specifics of the incident are known, the NOTIFICATION OFFICER should relay as much information as possible. The notification party will use the member's name during the notification. NOTE: If the member has died, relay that information. Never give the family a false sense of hope. Use words such as "died" and "dead" rather than "passed away" or "gone".
- (g) If the family requests to visit the hospital, they may be transported by police vehicle. It is highly recommended that the family NOT drive themselves to the hospital. If the family insists on driving, an officer should accompany them in the family car. The NOTIFICATION OFFICER(s) will remain at the hospital while the family is present.
- (h) If young children are at home, the NOTIFICATION OFFICER will arrange for babysitting needs. This may involve transportation of children to a relative's home or similar arrangement.
- (i) Prior to departing for the hospital, the NOTIFICATION OFFICER will notify the hospital staff and the HOSPITAL LIAISON (by telephone if possible) that a member(s) of the family is en route.
- (j) The deceased or severely injured officer's parents will also be afforded the courtesy of a personal notification if possible. If immediate survivors live beyond Tualatin City limits, the NOTIFICATION OFFICER will contact the other jurisdiction by telephone and request personal contact. Arrangements should be made to permit simultaneous telephone contact between the survivors and the Tualatin Police Department.
- (k) The Chief of Police or a Division Commander will respond to the residence or the hospital to meet with the family, as quickly as possible, unless otherwise noted on the personal information form.
- (l) In the event of an on-duty death, the external monitoring of police frequencies may be extensive. Communications regarding notifications should be restricted to the

Tualatin Police Department

Tualatin PD Policy Manual

Traumatic Incident

telephone whenever possible. If the media has somehow obtained the officer's name, they should be advised to withhold the information, pending notification of next of kin.

311.3.3 HOSPITAL LIAISON OFFICER

The first official, other than the Chief or his representative, to arrive at the hospital becomes the HOSPITAL LIAISON. The HOSPITAL LIAISON is responsible for coordinating the activities of hospital personnel, the officer's family, police officers, the press and others. These responsibilities include:

- Arrange with hospital personnel to provide an appropriate waiting facility for the family, the Chief of Police, the NOTIFICATION OFFICER, and only those others requested by the immediate survivors.
- Arrange a separate area for fellow police officers and friends to assemble.
- Establish a press staging area. Notify a department public information officer to liaison with media.
- Ensure that medical personnel relay pertinent information regarding an officer's condition to the family on a timely basis and before such information is released to others. They shall also make the family and fellow officers aware of hospital policy about visitation with the injured officer and/or visitation with the body following the demise, and explain why an autopsy is needed.
- Notify the appropriate hospital personnel that all medical bills relating to the on-duty injured or deceased officer be directed to the appropriate governmental agency for payment. The family should NOT receive any of these bills at their residence address.
- The HOSPITAL LIAISON will see that the family is updated on the incident as soon as the family arrives at the hospital.
- A CISMT member may be present the entire time the family is at the hospital, if requested, and should arrange whatever assistance the family may need at the time.
- Arrange transportation for the family back to their residence.

If it is possible for the family to visit the injured officer before death, they should be afforded that opportunity. IT IS THE FAMILY'S RIGHT to visit their loved one. A police or hospital official should "prepare" the family for what they might see in the emergency room and should accompany the family into the room if requested. DO NOT BE OVERLY PROTECTIVE OF THE FAMILY. This includes the sharing of specific information on how the officer met his demise, as well as allowing the family time with the deceased officer. Idle promises will not be made to the family at this time. (I.e., "We'll promote him/her posthumously." "We'll retire his/her badge.")

311.3.4 FAMILY LIAISON OFFICER

The Chief of Police, or a designee, will meet with the officer's family at their home to determine their wishes regarding departmental participation in the preparation of the funeral or services.

Tualatin Police Department

Tualatin PD Policy Manual

Traumatic Incident

All possible assistance will be rendered. With the approval of the family, the Chief will assign a FAMILY LIAISON Officer.

The selection of a FAMILY LIAISON Officer is a critical assignment. Should the fallen employee have someone listed on their Critical Incident Form as a preference in assisting the family, every attempt will be made to assign that person. If no one is listed, an attempt should be made to assign someone who enjoyed a close relationship with the officer and his family. The liaison officer will be relieved of department related duties immediately and throughout the course of funeral events to be accessible to the family.

This is not a decision-making position. This is a role of "facilitator" between the family and the Police Department.

Responsibilities of the FAMILY LIAISON Officer includes, but are not limited to:

- Ensure that the needs of the family come before the wishes of the department.
- Assist the family with funeral arrangements and make them aware of what the Department can offer if they decide to have a police funeral. If they choose the latter, brief the family on funeral procedure (i.e., 21-gun salute, presenting the flag, playing of taps).
- Apprise the family of information concerning the death and the continuing investigation.
- Provide as much assistance as possible, including overseeing travel and lodging arrangements for out-of-town family members, arranging for food for the family, meeting child care and transportation needs, etc.
- Determine what public safety, church, fraternal and labor organizations will provide in terms of financial assistance for out-of-town family travels, food for funeral attendees following the burial, etc.
- Notify Concerns of Police Survivors (C.O.P.S.) at 503-254-6750. Members are available to provide emotional support to surviving families.
- The department will provide a wireless phone to the Liaison Officer.

311.3.5 DEPARTMENT LIAISON OFFICER

The Chief will designate a DEPARTMENT LIAISON OFFICER. This position is normally assigned to a Division Commander, because of the need to effectively coordinate resources throughout the Department. The Department Liaison officer will immediately be relieved of official department duties until the completion of funeral services.

DEPARTMENT LIAISON Officer Responsibilities includes but are not limited to:

- (a) Work closely with the FAMILY LIAISON Officer to ensure that the needs of the family are fulfilled.

 - 1. Chief of Police and Division Commanders;
 - 2. Funeral Director;

- (d) Direct the funeral activities of the Department and visiting police departments according to the wishes of the family.
- (e) Issue a teletype message to include the following:
 - 1. Name of deceased;
 - 2. Date and time of death;
 - 3. Circumstances surrounding death;
 - 4. Funeral arrangements (state if service will be private or police funeral);
 - 5. Uniform to be worn Expressions of sympathy in lieu of flowers; and
 - 6. Contact person and phone number for visiting departments to indicate their desire to attend and to obtain further information
- (f) Obtain an American Flag. If the family wishes a flag presentation by the Chief, notify the Chief's Office. The department will provide an American flag suitable for the ceremony to be given to the family.
- (g) If the family desires a burial in uniform, select an officer to obtain a uniform and all accouterments (except weapons) and deliver them to the funeral home. The department will provide a uniform and all accouterments.
- (h) Assign members for usher duty at the church or service site.
- (i) Arrange for the delivery of the officer's personal belongings to the family by the FAMILY LIAISON OFFICER, including the employee's locker.
- (j) Brief the Chief and staff concerning all funeral arrangements.
- (k) Ensure that the surviving parents are afforded recognition and that proper placement is arranged for them during the funeral and procession.

Tualatin PD Policy Manual

Traumatic Incident

- (l) If necessary, arrange for a stand-by doctor to attend the services and be present for the family.
- (m) Coordinate traffic management, with other jurisdictions if necessary, during the viewing, funeral and procession. Arrange for a tow truck to be available along the procession route and to have flags along the route lowered to half-staff.
- (n) Assign an officer or request an outside agency to post an officer at the family home immediately after the incident, to remain until the funeral is completed.
- (o) Maintain a roster of all departments sending personnel to the funeral including:
 - 1. Name and address of responding agency;
 - 2. Name of the Chief of Police;
 - 3. Number of officers responding;
 - 4. Number of officers attending the reception after the funeral;
 - 5. Number of vehicles.
- (p) Assist in making the necessary accommodations (food, lodging, etc.)
- (q) Acknowledge visiting and assisting departments.
- (r) Arrange for routine residence checks by the Patrol Division of the survivor's home for 6-8 weeks following the funeral. This service is necessary since large amounts of money are passing through the residence and the survivors will be spending much time away from home dealing with legal matters.

311.3.6 BENEFITS COORDINATOR

The Chief will designate a BENEFITS COORDINATOR. The BENEFITS COORDINATOR will gather information on all benefits/funeral payments available to the family. The BENEFITS COORDINATOR has the Department's full support to fulfill this responsibility to the survivors and is completely responsible for filing the appropriate benefit paperwork and following through with the family to ensure that these benefits are being received. The BENEFITS COORDINATOR is responsible for:

- Filing Worker's Compensation claims and related paperwork.
- Contacting the appropriate city/governmental agencies to ensure that the beneficiary receives death and retirement benefits, the officer's remaining paychecks and payment for remaining annual vacation and compensatory time.
- Gathering information and preparing a printout of the various benefits/funeral payments that are due to the family, listing named beneficiaries, contacts at the various benefits offices, and when they can expect to receive payment.
- Notifying police organizations such as HEROES, Inc., the Fraternal Order of Police, C.O.P.S., etc., of the death and to ensure that any and all entitlements are paid to

the beneficiary(s). These agencies may also offer legal and financial counseling to the family at no cost.

- Meeting with the surviving family a few days after the funeral to discuss the benefits they will receive. A copy of the prepared printout and any other related paperwork should be given to the family at this time.
- If there are surviving children from a former marriage, the guardian of those children should also receive a printout of what benefits the child(ren) may be receiving.
- Attention should be given to the revocation of health benefits. The majority of health benefit providers allow a 30-day grace period before canceling or imposing monthly payments upon survivors.
- Meeting again with the family at one (1) and six (6) month intervals to make sure that they are receiving benefits.

311.3.7 CONTINUED FAMILY SUPPORT

- (a) Survivors should continue to feel part of the "police family". They should be invited to Tualatin Police Department activities to ensure continued contact. Members of the department are encouraged to keep in touch with the family so long as the family expresses a desire to have these contacts continue.
- (b) The Chief of Police should observe the officer's death date with a note to the family and/or flowers on the grave.
- (c) The FAMILY LIAISON and/or a CISMT member acts as a long-term liaison with the surviving family to guarantee that their needs are met as long as they feel the need for support.
- (d) If no court proceedings surround the circumstances of the officer's death, the FAMILY LIAISON will relay all details of the incident to the family at the earliest opportunity.
- (e) If criminal violations surround the death, the FAMILY LIAISON will:
 - Inform the family of all new developments prior to press release;
 - Keep the family apprised of legal and parole proceedings;
 - Introduce the family to victim assistance specialists of the court;
 - Encourage the family to attend the trial if they desire, and accompany them whenever possible; and
 - Arrange for investigators to meet with the family at the earliest opportunity following the trial to answer all their questions.

Plaques/memorabilia given to the spouse will also be given to the parents.

311.3.8 ASSISTANCE FOR AFFECTED OFFICERS

Officers who were on the scene or who arrived moments after an officer was critically injured or killed will be relieved from duty as quickly as possible and be provided for as outlined in the department's Traumatic Incident policy.

Police witnesses and other officers who may have been emotionally affected by the serious injury or death of another officer, or who were present at the scene, may attend a Critical Incident Stress Debriefing conducted by a Critical Incident Stress Management Team (CISMT). This may be arranged through the department's CISM team and should be conducted with 24-48 hours of the incident

Firearms

312.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

312.2 POLICY

The Tualatin Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

312.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster or their designee. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Division Commander. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

312.3.1 HANDGUNS

The authorized department-issued handgun is the Glock Model 17, 47 or 48 9mm

312.3.2 SHOTGUNS

The authorized department-issued shotgun is the Remington 870P 12 gauge.

When not deployed, the shotgun shall be properly secured consistent with department training in a locking weapons rack in the patrol vehicle with the magazine loaded, the action closed on an empty chamber, the trigger pulled to release the hammer and the safety in the safe position.

312.3.3 PATROL RIFLES

The authorized department-issued patrol rifle is the Springfield Armory Saint 5.56 .223.

Members may deploy the patrol rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

Tualatin Police Department

Tualatin PD Policy Manual

Firearms

- (a) Situations where the member reasonably anticipates an armed encounter.
- (b) When a member is faced with a situation that may require accurate and effective fire at long range.
- (c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.
- (e) When a member reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When needed to euthanize an animal.

When not deployed, the patrol rifle shall be properly secured consistent with department training in a locking weapons rack or in a suitable case in the patrol vehicle with the chamber empty, magazine loaded and inserted into the magazine well, the bolt forward with the dust cover closed, and the selector in the "safe" position.

312.3.4 PERSONALLY OWNED DUTY FIREARMS

Members desiring to carry an authorized but personally owned duty firearm must receive written approval from the Chief of Police or the authorized designee. Once approved, personally owned duty firearms are subject to the following restrictions:

- (a) The firearm shall be in good working order and approved by the Rangemaster and the Chief of Police.
- (b) The firearm shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.
- (c) Prior to carrying the firearm, members shall qualify under the supervision of a certified firearms instructor and thereafter shall qualify in accordance with the department qualification schedule under the supervision of a certified firearms instructor. Members must demonstrate proficiency and safe handling, and that the firearm functions properly.
- (d) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.

312.3.5 AUTHORIZED SECONDARY HANDGUN

Members desiring to carry department or personally owned secondary handguns are subject to the following restrictions:

- (a) The handgun shall be in good working order and approved by the Rangemaster and the Chief of Police.
- (b) Only one secondary handgun may be carried at a time.
- (c) The purchase of the handgun and ammunition shall be the responsibility of the member unless the handgun and ammunition are provided by the Department.

Tualatin Police Department

Tualatin PD Policy Manual

Firearms

- (d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (e) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.
- (f) Ammunition shall be the same as department issue. If the caliber of the handgun is other than department issue, the Chief of Police or the authorized designee shall approve the ammunition.
- (g) Prior to carrying the secondary handgun, members shall qualify under the supervision of a certified firearms instructor and thereafter shall qualify in accordance with the department qualification schedule under the supervision of a certified firearms instructor. Members must demonstrate proficiency and safe handling, and that the handgun functions properly.
- (h) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

312.3.6 AUTHORIZED OFF-DUTY FIREARMS

The carrying of firearms by members while off-duty is permitted by the Chief of Police but may be rescinded should circumstances dictate (e.g., administrative leave). Members who choose to carry a firearm while off-duty, based on their authority as peace officers, will be required to meet the following guidelines:

- (a) A personally owned firearm shall be used, carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy.
 - 1. The purchase of the personally owned firearm and ammunition shall be the responsibility of the member.
- (b) The firearm shall be carried concealed at all times and in such a manner as to prevent unintentional discharge or loss of physical control.
- (c) It will be the responsibility of the member to submit the firearm to the Rangemaster for inspection prior to being personally carried. Thereafter the firearm shall be subject to periodic inspection by the Rangemaster.
- (d) Prior to carrying any off-duty firearm, the member shall demonstrate to the Rangemaster that he/she is proficient in handling and firing the firearm and that it will be carried in a safe manner.
- (e) The member will successfully qualify with the firearm prior to it being carried.
- (f) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.
- (g) If a member desires to use more than one firearm while off-duty, he/she may do so, as long as all requirements set forth in this policy for each firearm are met.
- (h) Members shall only carry department-authorized ammunition.

Tualatin Police Department

Tualatin PD Policy Manual

Firearms

- (i) When armed, officers shall carry their badges and Tualatin Police Department identification cards under circumstances requiring possession of such identification.

312.3.7 AMMUNITION

Members shall carry only department-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

312.4 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete scheduled in-service training with their duty firearms. In addition to training, all members will qualify at least annually with their duty firearms under the supervision of a certified firearms instructor. Members will qualify with off-duty and secondary firearms annually under the supervision of a certified firearms instructor. Training curriculum and qualifications must be approved by the Rangemaster.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

312.4.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional training time may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - (a) Unauthorized training qualification make-up
 - (b) Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

312.5 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.5.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

312.5.2 INJURED ANIMALS

With the approval of a supervisor or OIC, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

312.5.3 WARNING AND OTHER SHOTS

Generally, shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective, and reasonably safe.

Warning shots should not be used.

312.6 RANGEMASTER DUTIES

The firearms training program will be under the exclusive control of a certified Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range training session and will submit the roster to the Training

Coordinator after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to their personally owned firearm; it will not be returned to service until it has been inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning, and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Coordinator documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided, and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance, or other records as directed by the Training Coordinator.

312.7 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Tualatin Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Tualatin Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the Officer's travel. If approved, TSA will send the Tualatin Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

Tualatin Police Department

Tualatin PD Policy Manual

Firearms

- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

312.8 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Tualatin Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

312.9 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

Tualatin Police Department

Tualatin PD Policy Manual

Firearms

312.9.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

312.9.2 HOLSTERS

Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

312.9.3 WEAPON MOUNTED LIGHTS

Weapon mounted lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved weapon mounted lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

312.9.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

312.10 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.
- (c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.

Tualatin Police Department

Tualatin PD Policy Manual

Firearms

- (d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle in a safe direction or by using clearing barrels.
- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the holding facility or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the holding facility to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Rangemaster for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

312.10.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Handguns may be safely stored in lockers at the end of the shift. Department-owned rifles and shotguns shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

312.10.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

312.10.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

Vehicle Pursuits

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 POLICE PURSUIT DEFINED

A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed driving or other evasive tactics such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

314.2 OFFICER RESPONSIBILITIES

While engaging in a vehicle pursuit Officers must drive with due regard for the safety of all other persons. However, while engaging in a vehicle pursuit, officers are generally not required to follow the rules of the road (Oregon Revised Statutes 820.300). This exemption only applies to emergency vehicles using emergency lights, and sirens (Oregon Revised Statutes 820.300 and Oregon Revised Statutes 820.320). This following policy is established to provide Officers with guidelines for driving with due regard and caution for the safety of all persons, as required by Oregon Revised Statutes 820.300(2).

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Pursuits

314.2.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) Apparent nature of the fleeing suspect(s) (e.g., whether the suspect(s) represent a serious threat to public safety).
- (d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time.
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.
- (f) Pursuing officer(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (i) The emergency equipment present on the vehicles used in the pursuit.
- (j) Vehicle speeds.
- (k) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (l) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner(s) in the police vehicle.

314.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect(s)' escape.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Pursuits

The factors listed in Policy Manual § 314.21 are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop pursuing the fleeing vehicle(s) by pulling over the patrol vehicle and deactivating emergency lights and siren.

In addition to the factors listed in Policy Manual § 314.21 the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing officers and the fleeing vehicle(s) is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance
- (b) Pursued vehicle's location is no longer definitely known
- (c) Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged
- (e) Hazards to uninvolved bystanders or motorists
- (f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) Directed by a supervisor or OIC
- (h) When any of the vehicles involved in the pursuit become involved in a crash, the pursuit should be terminated. If the suspect vehicle continues to flee, the pursuit may, at the discretion of the supervisor or OIC, continue.

314.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Whether the pursuit speeds are unsafe for the surrounding conditions.
- (b) Whether the speeds being reached are beyond the driving ability of the officer.
- (c) Whether the speeds are beyond the capabilities of the police vehicle thus making its operation unsafe.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Pursuits

314.3 PURSUIT UNITS

Pursuit units should be limited to three vehicles; however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect(s). All other officers should stay out of the pursuit, but should remain alert to its progress and location.

314.3.1 MOTORCYCLE OFFICERS

A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practical.

314.3.2 VEHICLES WITHOUT OVERHEAD LIGHT BARS

Absent a reasonable alternative, and then only when human life is in immediate danger, department vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers driving units without an overhead light bar should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Oregon Revised Statutes 820.300 do not apply to officers using vehicles which do not qualify as emergency vehicles under Oregon Revised Statutes 801.260.

314.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect(s) without unreasonable danger to themselves or other persons.

Notify Dispatch that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

- (a) Reason for the pursuit
- (b) Location and direction of travel
- (c) Speed of the fleeing vehicle
- (d) Description of the fleeing vehicle and license number, if known
- (e) Number of known occupants
- (f) The identity or description of the known occupants
- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards

Unless relieved by a supervisor, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit in order to concentrate on pursuit driving.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Pursuits

314.3.4 SECONDARY UNIT(S) RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

- (a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

314.3.5 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from an air unit.
 - 2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 - 3. Requesting other units to observe exits available to the suspect(s).
 - 4. Notifying the Oregon State Police and/or other jurisdictional agency when it appears the pursuit may enter that jurisdiction.
- (d) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

314.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Pursuits

in their assigned area and should not become involved, during or at the termination of the pursuit, unless there has been a request for assistance or otherwise directed by a supervisor or OIC.

The primary and secondary units should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

314.3.7 PURSUIT TRAILING

In the event the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of supervisor or OIC, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspect(s).

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all motor vehicle pursuits involving officers from this department.

The field supervisor or OIC of the officer initiating the pursuit will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that the proper radio channel is being used.
- (g) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (h) Control and manage TuPD units when a pursuit enters another jurisdiction.
- (i) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

The shift supervisor or OIC has the final responsibility for the coordination, control, and termination of a motor vehicle pursuit and shall be in overall command.

314.5 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to a county-wide emergency channel.

314.5.1 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether or not to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether or not such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and the assistance of this agency is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this agency shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor or OIC should consider the following additional factors:

- (a) Ability to maintain the pursuit.
- (b) Circumstances serious enough to continue the pursuit.
- (c) Adequate staffing to continue the pursuit.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Pursuits

- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing officers.

As soon as practical, a supervisor or OIC should review a request for assistance from another agency. The supervisor or OIC, after consideration of the above factors, may decline to assist in, terminate, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION

Pursuit intervention tactics are defined as an attempt to terminate the ability of the suspect to continue to flee in a motor vehicle through the application of tactics and technology i.e., spike strips, PIT (Pursuit Intervention Technique), road blocks, and ramming. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable it or forcibly position it such that further flight is not possible or practical.

314.7.1 WHEN USE AUTHORIZED

In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

314.7.2 DEFINITIONS

Ramming - The deliberate act of impacting a violator's vehicle with a patrol vehicle with sufficient force as to render the violator's vehicle functionally incapacitated and subsequent stop of the vehicle.

Roadblocks - Generally consist of a vehicle or vehicles or a hastily erected barricade at an appropriate location upon a highway, visible to approaching traffic and the suspect.

Pursuit Intervention Technique(PIT) - is an intentional contact between a police vehicle and a pursued vehicle in such a manner as to cause a potential 180-degree spin and subsequent stop of the vehicle.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Pursuits

Spike Strips - A device extended across the roadway, designed to puncture the violator's vehicle tires, causing a controlled deflation and subsequent stop of the vehicle.

314.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers who have not received certified departmental training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 - 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 - 4. The target vehicle is stopped or traveling at a low speed.
 - 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure. When practicable, an announcement over the radio of the intention to use PIT should be made prior to use. The decision to use PIT should be based upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Pursuits

- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:
1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.
- If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.
- (d) Pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.
- (e) Only those officers trained in the use of the spike strips will be authorized to use them. The use of spike strips should be deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public. Any roadblock implemented should include reasonable line-of-sight distance permitting the suspect to recognize, react to and stop before striking the roadblock.

314.7.5 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force,

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Pursuits

which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit . Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.8 REPORTING REQUIREMENTS

The following reports should be completed to comply with appropriate local and state regulations:

- (a) The primary officer shall complete appropriate crime/arrest reports, pursuit reports, and use of force reports as needed.
- (b) All other officers involved in the pursuit shall complete a special report documenting their actions and involvement with the pursuit.
- (c) The supervisor shall review all pertinent reports for content and forward to the division commander.

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

314.8.2 POLICY REVIEW

Each member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

314.8.3 ANNUAL REVIEW

An annual review of all pursuit incidents will be conducted in order to identify any training needs, policy compliance issues or personnel issues.

Officer Response to Calls

316.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.2 RESPONSE TO CALLS

Officers responding "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding "Code-3" shall operate emergency lights and siren as is reasonably necessary pursuant to Oregon Revised Statutes 820.300 and Oregon Revised Statutes 820.320. Officers shall only use the "wail" and "yelp" function of the siren as an emergency sound. The "Hi-Lo" function of the siren is not considered an emergency sound pursuant to Oregon Administrative Rules 735-110-000(8) and 735-110-0010(1-3).

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons.

Oregon Revised Statutes 820.320(2) allows Officers to omit the use of emergency lights and siren if it reasonably appears that the use of either or both would prevent or hamper the apprehension or detection of a violator. Except as stated in the previous sentence, Officers who fail to use appropriate warning equipment, are not exempt from following the rules of the road (Oregon Revised Statutes 820.300).

316.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

316.4 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections as may be necessary for safe operation.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without

Tualatin Police Department

Tualatin PD Policy Manual

Officer Response to Calls

unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon determining a Code-3 response is appropriate, an officer should immediately give the location from which he/she is responding.

316.5 SUPERVISORY RESPONSIBILITIES

Upon learning that a Code-3 response has been initiated, the Shift Supervisor or the OIC should consider the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

The Sergeant or OIC should monitor responses. It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment, is inappropriate due to the circumstances.

316.6 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Sergeant/OIC and Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

Domestic Violence

319.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

319.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

319.2 POLICY

The Tualatin Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

319.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

319.3.1 MANDATORY ARRESTS

Police officers who respond to an incident of domestic disturbance and have probable cause to believe an assault has occurred between family or household members as defined in Oregon Revised Statutes 107.705, or to believe that one such person has placed the other in fear of imminent serious physical injury, shall arrest and take into custody the alleged assailant or potential assailant. In responding to domestic violence incidents, officers are not required to arrest both parties (Oregon Revised Statutes 133.055).

Police officers shall make reasonable efforts to identify who is the assailant or potential assailant in any incident. In identifying the assailant or potential assailant, an officer shall consider:

- (a) The comparative extent of the injuries inflicted or the seriousness of threats creating a fear of physical injury.
- (b) If reasonably ascertainable, the history of domestic violence between the persons involved.
- (c) Whether any alleged crime was committed in self-defense; and

Tualatin Police Department

Tualatin PD Policy Manual

Domestic Violence

- (d) The potential for future assaults.

319.3.2 RELEASE

Once a suspect has been arrested under the provisions of Oregon Revised Statutes 133.055 the suspect shall be taken to jail. Officers have no authority to subsequently release the arrested person and any post incarceration release decision will be the responsibility of corrections personnel.

319.3.3 PRIVATE PERSON'S ARREST

A private person cannot make an arrest of a person for violating the terms of restraining or protective orders: Pursuant to Oregon Revised Statutes 133.225, a private person may arrest another person for any other crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime.

319.3.4 STAND-BY ASSISTANCE

As a condition of a restraining order to prevent abuse, the party being restrained may be required to move from the petitioner's residence, if in the sole name of the petitioner or if it is jointly owned or rented by the petitioner and the restrained party, or if the parties are married to each other. A party may also be restrained from going within a set distance of that residence, unless accompanied by a peace officer.

- (a) A peace officer who accompanies a party removing essential personal effects pursuant to a restraining order shall remain for up to 20 minutes and may temporarily interrupt the removal of property at any time. Restrained parties wishing to remove essential items from a residence only have the right to be accompanied by a peace officer one time.
- (b) When tenancy issues arise, a peace officer's duty to arrest remains unaffected.

319.3.5 INCIDENTS INVOLVING LAW ENFORCEMENT EMPLOYEES

Upon arrival at the scene of a domestic violence incident involving any law enforcement officer or other department employee as the suspect or victim, the handling officer shall immediately notify Dispatch and request a supervisor be sent to the scene, regardless of the involved employee's jurisdiction. The investigation shall be conducted as any other domestic violence incident as detailed by department policy. If there is a question about whether an incident falls under this policy, contact a supervisor.

319.3.6 ON-SCENE SUPERVISOR RESPONSE

A supervisor shall, whenever possible, report to the scene of all domestic violence incidents that occur within this jurisdiction where an employee of this or any other law enforcement agency is identified as a suspect or victim, regardless of the involved individual's agency jurisdiction.

- (a) The supervisor will ensure that a thorough investigation is conducted and the reports are forwarded to the District Attorney's Office.

Tualatin Police Department

Tualatin PD Policy Manual

Domestic Violence

- (b) When an employee of the Tualatin Police Department is a suspect in domestic violence, and this department is investigating, the on-scene supervisor will affirmatively give the victim an option to request investigation by an outside agency.
- (c) Whenever a law enforcement employee domestic violence call does not result in an arrest, the on-scene supervisor shall submit a written report explaining any and all reasons why an arrest was not made or a warrant was not sought.

319.3.7 ARREST OF A LAW ENFORCEMENT OFFICER

- (a) Whenever a sworn employee of the Tualatin Police Department is arrested, the supervisor shall relieve the accused of any department issued duty weapon(s).
- (b) If an armed law enforcement officer from another agency or jurisdiction is arrested, that individual's department will be immediately contacted by the supervisor and authorization to seize that individual's duty weapon(s) will be requested.
- (c) The investigating officer or supervisor will also request permission to take any other firearms on scene for safekeeping.
- (d) If the arrested employee is in uniform, he/she should be allowed to change to civilian clothes prior to transport to the jail, if feasible.
- (e) The transporting officer shall ensure that corrections personnel are notified of the person's employee status, to ensure the safety of the employee while he/she is in custody.

319.3.8 ADDITIONAL CONSIDERATIONS

When responding to a domestic violence complaint involving an employee from another law enforcement agency, all responding officers, investigators and supervisors shall, as closely as possible, follow the same procedures established herein. The responding supervisor shall notify the Chief of Police, or designee, of the accused officer's jurisdiction verbally as soon as possible and in writing within 24 hours. In the event the reported incident involves a Sheriff, Chief of Police, Commissioner, or other law enforcement department head, the supervisor shall immediately notify the individual in government who has direct oversight of the individual.

319.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence, and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.

Tualatin Police Department

Tualatin PD Policy Manual

Domestic Violence

- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the police department in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.

Tualatin Police Department

Tualatin PD Policy Manual

Domestic Violence

11. The social status, community status, or professional position of the victim or suspect.

319.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

319.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

319.4.3 PROOF OF SERVICE NOT VERIFIED

When the officer verifies that a restraining order exists but cannot verify proof of service or prior knowledge of the order by the suspect, the officer shall perform the following:

- (a) At the request of the complainant and upon presentation of an endorsed copy of the restraining order and a proof of service form, serve a copy of the order on the suspect. Submit the completed proof of service form to the court, regardless of whether or not the suspect is taken into custody.
- (b) Immediately inform the suspect of the terms of the order and place the suspect on notice that violation of the order will result in arrest.
- (c) Obtain the suspect's address.
- (d) Enforce the order but do not make an arrest for any violation of the order occurring prior to verified proof of service or before an officer's admonition of the terms of the order. If the suspect continues to violate the order after being advised of the terms, an arrest should be made. If the suspect complies with the order the officer shall complete a report detailing the specific terms of the order and advisement, the name of the advising officer, and the date and time of the advisement.
- (e) The officer serving the order on the suspect must obtain a Proof of Service form from the Sheriff's Office, complete, sign and submit it to the issuing court.

Tualatin Police Department

Tualatin PD Policy Manual

Domestic Violence

319.4.4 WHEN ORDERS ARE NOT VERIFIABLE

If the victim is not in possession of the restraining order and/or for any reason the officer can not verify the validity of the order the following action shall be taken:

- (a) Write a report and provide the report number to the victim.
- (b) Inform the victim of how to contact the appropriate agency for further action.
- (c) Inform the victim of the right to make a private person's arrest for an appropriate criminal offense other than for violating the restraining order.

In domestic violence cases where the suspect has left the scene an investigation should be conducted to determine if a crime has been committed. A written report should be completed and the victim informed of the case number and the follow-up criminal procedure.

319.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer who has probable cause to believe there are circumstances for a mandatory arrest or that a victim is in immediate danger of abuse may apply for an emergency protective order with the consent or permission of the victim (ORS 133.035).

319.5.1 RECORDING INJURIES AND STATEMENTS

All visible injuries should be photographed regardless of severity and all victims shall receive proper medical care prior to being photographed, if needed or desired. When permitted by law, officers may make a video recording of the injuries and victim statements. A second set of photographs should be taken approximately 24hours after the initial incident.

Tualatin Police Department

Tualatin PD Policy Manual

Domestic Violence

Victims whose injuries are not visible at the time of the incident should be contacted by the investigating officer or another Department member in order to photograph any developing injuries as a result of the incident. An investigator may be assigned to ensure the injuries are photographed during the course of preparing the case for court.

319.6 DISPATCH ASSISTANCE

All dispatch services are provided through Washington County Consolidated Communications Agency (WCCCA). We do not have policies that apply to dispatch.

319.6.1 WRITTEN NOTICE TO VICTIMS

Officers must provide each person who has been a victim of domestic violence with a copy of the department Domestic Violence Information Card containing information relating to shelters or other services available in the community and notice of the legal rights and remedies available to victims (Oregon Revised Statutes 133.055).

Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence pamphlet provided to the victim. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

319.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

319.7.1 ENTRY OF FOREIGN COURT ORDERS INTO DATA SYSTEMS

When an individual presents a copy of a foreign restraining order for entry into LEDS, the Sheriff shall enter the order into LEDS and NCIC after promptly verifying (ORS 24.190):

- (a) The validity of the order.
- (b) The order can be enforced pursuant to ORS 24.190.
- (c) The individual restrained has been served a copy of the order or has notice of the order.

319.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

Tualatin Police Department

Tualatin PD Policy Manual

Domestic Violence

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

319.8.1 RETURN OF FIREARMS

Weapons taken into custody for safekeeping under will be returned to the lawful owner upon request unless the seizing officer or the assigned detective has placed a hold on the weapons pending a petition for retention. Once the petition has been ruled on by the court, the weapons will be released or disposed of in accordance with the court order.

Prior to releasing any weapon, Property personnel shall be required to ensure the person is legally eligible to possess the weapon.

In the event that no timely petition is filed with the court or the court denies such a petition, the seized weapon(s) shall be eligible for release to the lawful owner or other authorized individual unless such weapon(s) represent evidence in a criminal matter or there is other independent good cause to continue to retain custody of the weapon(s).

319.8.2 SERVICE OF EMERGENCY PROTECTIVE ORDERS

An officer who obtains an emergency protective order for a victim shall provide the victim with a certified copy and ensure that a certified copy of the order and the supporting declaration for the order is filed with the court (ORS 133.035).

The officer who obtained the emergency protective order shall serve the respondent personally. Upon completion of the service, the officer shall file a proof of service with the court and ensure that the order is entered into LEDS. If service cannot be completed within one day of the order's entry, the officer shall notify the court (ORS 133.035).

If an officer receives a termination order from the court, the officer shall ensure that the order is promptly removed from LEDS (ORS 133.035).

319.9 DISPATCHER'S RESPONSIBILITIES

All dispatch services are provided through Washington County Consolidated Communications Agency (WCCCA). We do not have policies that apply to dispatch.

319.9.1 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request.

Search and Seizure

321.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Tualatin Police Department personnel to consider when dealing with search and seizure issues.

321.2 POLICY

It is the policy of the Tualatin Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

321.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Tualatin Police Department

Tualatin PD Policy Manual

Search and Seizure

321.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation; the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

321.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

323.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Tualatin Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or those who may be victims is provided in the Child Abuse Policy.

323.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This includes a juvenile taken into protective custody pursuant to a court order or without an order when there is reasonable cause to believe that (ORS 419B.150; ORS 419B.152):

- (a) An imminent threat of severe harm to the child exists.
- (b) The child poses an imminent threat of severe harm to self or others.
- (c) An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists.
- (d) The child has run away from home.

This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes a juvenile who possesses a handgun in violation of ORS 166.250 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Tualatin Police Department

Tualatin PD Policy Manual

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

323.2 POLICY

The Tualatin Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Tualatin Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

323.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Tualatin Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Tualatin Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

Tualatin Police Department

Tualatin PD Policy Manual

Temporary Custody of Juveniles

323.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Tualatin Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Tualatin Police Department without authorization of the arresting officer's supervisor or the Patrol Sergeant.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond five hours from the time of his/her entry into the Tualatin Police Department (ORS 419B.160; ORS 419C.130).

323.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Tualatin Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible (ORS 419B.165; ORS 419B.168; ORS 419B.152). Juvenile non-offenders may not be held in secure custody (34 USC § 11133; ORS 419B.160).

Prior to releasing a non-offender to the noncustodial parent, officers shall run a criminal records check on the noncustodial parent and any adults in the same home as the noncustodial parent (ORS 419B.165).

323.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

323.4.3 CUSTODY OF JUVENILE OFFENDERS

Generally, a juvenile offender may be taken into custody:

- (a) When it reasonably appears that the juvenile is a fugitive from another state (ORS 419C.145).
- (b) When there is a court order endorsed as provided in ORS 419C.306 and directing that the juvenile be taken into custody (ORS 419C.080).
- (c) When, if the juvenile were an adult, he/she could be arrested without a warrant (ORS 419C.080).

An officer shall take a juvenile into custody when the officer has probable cause to believe the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or a destructive device (ORS 419C.080).

Tualatin Police Department

Tualatin PD Policy Manual

Temporary Custody of Juveniles

Generally, an officer may issue a citation in lieu of taking the juvenile into custody if a citation may be issued for the same offense and under the same circumstances to an adult. If a citation in lieu of custody is issued, a copy of the citation shall be sent to the District Attorney (ORS 419C.085).

Juvenile offenders should be held in non-secure custody while at the Tualatin Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

323.4.4 COURT NOTIFICATIONS OF JUVENILE OFFENDERS

Whenever a juvenile offender is taken into custody, the officer shall promptly notify the juvenile court or counselor that the juvenile was taken into custody (ORS 419C.091). The officer shall also prepare a written report to be routed to the juvenile court and the District Attorney that includes, at a minimum (ORS 419C.106):

- (a) The juvenile's name, age and address.
- (b) The name and address of the person having legal or physical custody of the juvenile.
- (c) Reasons for, and circumstances under which, the juvenile was taken into custody and, if known, the name and contact information of any victim.
- (d) Efforts taken to notify and release the juvenile to his/her parent, guardian or other person having legal responsibility.
- (e) The date, time, location and to whom the juvenile was released.
- (f) If the juvenile was not released, the reasons why.
- (g) If the juvenile is not released or taken to court, the shelter or place of detention of the juvenile and why the type of placement was chosen.

323.4.5 EXCEPTIONS TO RELEASE OF JUVENILE OFFENDERS

A juvenile offender shall be released to the custody of the juvenile's parent, guardian or other responsible person, except in any of the following circumstances (ORS 419C.100):

- (a) The court has issued a warrant of arrest for the juvenile.
- (b) The officer has probable cause to believe that release of the juvenile may endanger the welfare of the juvenile, the victim or others.
- (c) When the officer has probable cause to believe that the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or destructive device.

If a juvenile offender is not released to the parent, guardian or other responsible person, or to a person identified by the juvenile court, the officer shall take the juvenile to the county juvenile detention facility or appropriate shelter (ORS 419C.103).

Tualatin Police Department

323.5 NOTIFICATION TO PARENT OR GUARDIAN

The Patrol Sergeant shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

323.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Tualatin Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

Tualatin Police Department

Tualatin PD Policy Manual

Temporary Custody of Juveniles

323.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Tualatin Police Department shall ensure the following:

- (a) The Patrol Sergeant should be notified if it is anticipated that a juvenile may need to remain at the Tualatin Police Department more than four hours. This will enable the Patrol Sergeant to ensure no juvenile is held at the Tualatin Police Department more than five hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.

Tualatin Police Department

Tualatin PD Policy Manual

Temporary Custody of Juveniles

323.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Tualatin Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Patrol Sergeant. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

323.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Tualatin Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Tualatin Police Department.

323.11 SECURE CUSTODY

Only juvenile offenders 14 years or older may be placed in secure custody. Patrol Sergeant approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

323.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

Tualatin Police Department

Tualatin PD Policy Manual

 - 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room.
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

- (b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.

323.14 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile taken into custody under ORS 419C.080 shall be photographed and fingerprinted (ORS 419A.250(2)).

Other juveniles taken into custody may only be fingerprinted or photographed (ORS 419A.250(1)):

Fingerprints and photographs of juvenile offenders shall be sent to the central state depository in the same manner as fingerprint and photograph files or records of adults. Fingerprints and photographs of other juveniles should not be sent to any central state or federal depository (ORS 419A.250).

323.15 RECORDS

Fingerprint and photograph files or records of juveniles must be kept separate from those of adults (ORS 419A.250).

Reports and other material relating to juveniles is generally considered privileged and may not be disclosed directly or indirectly except as provided in the Records Maintenance and Release Policy.

Department members should be trained on and familiar with this policy and any supplemental procedures.

- Within two hours where a resident's health or safety is in imminent danger or the resident recently died, was hospitalized or was treated in an emergency room.

Tualatin PD Policy Manual

Adult Abuse

adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

325.6.1 DHS ASSISTANCE

An officer shall cooperate with DHS when assistance is requested by written notice to gain access to an abused person and the officer believes that there is reasonable cause that a crime has been committed and an emergency exists that requires access to the person to ensure his/her safety (ORS 124.065; ORS 430.743; OAR 411-020-0085).

325.7 INTERVIEWS

325.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

325.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.

Tualatin Police Department

Tualatin PD Policy Manual

Adult Abuse

3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
 - (b) A court order or warrant has been issued.

325.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

325.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

325.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

325.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Unit supervisor so an interagency response can begin.

Adult Abuse

325.10 STATE MANDATES AND OTHER RELEVANT LAWS

Oregon requires or permits the following:

325.10.1 RECORDS UNIT RESPONSIBILITIES

The Records Unit is responsible for:

- (a) Providing a copy of the adult abuse report to DHS as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

325.11 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

327.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

This policy also applies to department elected officials (ORS 243.319).

327.2 POLICY

The Tualatin Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

327.3 DEFINITIONS

Definitions related to this policy include:

327.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law (ORS 659A.030; ORS 659A.082; ORS 659A.112).

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to the department policy and to a work environment that is free of discrimination.

Tualatin Police Department

Tualatin PD Policy Manual

Discriminatory Harassment

327.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

327.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission (EEOC) and the Oregon Bureau of Labor and Industries' Civil Rights Division.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

327.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

327.4 RESPONSIBILITIES

This policy applies to all department members, who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resource Director, or the City Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

Tualatin Police Department

Tualatin PD Policy Manual

Discriminatory Harassment

retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with a resolution as stated below.

327.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment, or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
 - 1. Unless a member objects in writing, a supervisor designated by the Chief of Police shall follow up with a member once every three months for a year following the date on which the member reported the incident to determine whether the alleged harassment has stopped or if the member has experienced retaliation (ORS 243.321).
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or the Human Resource Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

327.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

Discriminatory Harassment

327.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Human Resource Director, or the City Manager for further information, direction, or clarification.

327.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

327.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

327.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation (ORS 659A.199).

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Human Resource Director, or the City Manager.

327.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

327.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on the appropriate forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the City Manager, or the Human Resource Director, depending on the ranks of the involved parties.
- Maintained in accordance with the established records retention schedule.

327.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

327.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

327.8 ADDITIONAL REQUIREMENTS

The Human Resource Director should consult with the City Department of Human Resources Human Resource Director to ensure that all required notifications regarding unlawful employment discrimination are available to former, current, and prospective employees, as appropriate (ORS 243.319; ORS 243.323).

When any member complains about discriminatory harassment, the person receiving the complaint should provide a copy of this policy to the member (ORS 243.319).

A member may file a complaint with the Bureau of Labor and Industries and also may have other legal remedies under Oregon law (ORS 243.319).

- (a) Administrative complaints regarding federal discrimination claims must be filed within 300 days of the alleged unlawful employment practice (42 USC §2000e-5(e)(1)).
- (b) Administrative complaints regarding state discrimination claims must be filed within five years of the alleged unlawful employment practice (ORS 659A.820(3)).
- (c) A civil lawsuit alleging state discrimination claims must be filed within five years of the alleged unlawful employment practice (ORS 659A.875).

- (e) The statute of limitations periods for crimes related to sexual harassment vary from two to 12 years.

Discriminatory Harassment

- (f) Claims made against the Tualatin Police Department require advance notice pursuant to ORS 30.275 (ORS 243.319).

A member may file a complaint with the Department within four years from the date of the alleged incident or within the time limitation specified in ORS 659A.875, whichever is greater (ORS 243.321).

A member who believes the member has been subjected to workplace harassment may access available community services and any support services provided by the Department, such as the employee assistance program (ORS 243.319).

No member will be required or coerced into a nondisclosure (confidentiality) or nondisparagement (an agreement not to say anything negative about the Tualatin Police Department or its members in any form of communication) agreement. A member may voluntarily enter into an agreement that contains a nondisclosure or nondisparagement provision and has a minimum of seven days to revoke said agreement (ORS 243.323).

Child Abuse

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Tualatin Police Department members are required to notify the Department of Human Services (DHS) of suspected child abuse.

329.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency.

329.2 POLICY

The Tualatin Police Department will investigate all reported incidents of alleged criminal child abuse and ensure that DHS is notified as required by law.

329.3 MANDATORY NOTIFICATION

Members of the Tualatin Police Department shall notify DHS when a report of child abuse is received or when there is reasonable cause to believe that a child has suffered abuse (ORS 419B.010).

For purposes of notification, a child is an unmarried person who is either (ORS 419B.005(2)):

- (a) Under 18 years of age.
- (b) A child in care as defined in ORS 418.257.

329.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (ORS 419B.015; OAR 413-015-0305):

- (a) Verbal notification to DHS shall be made immediately to the Oregon Child Abuse Hotline when the officer determines that the report of alleged child abuse requires an immediate joint response.

If the alleged child abuse occurred at a facility or was perpetrated by a person from a facility that requires a state license from the Department of Early Learning and Care (DELIC) (e.g., child care facility), notification and the outcome of the investigation shall also be reported to DELIC (ORS 419B.020).

If the alleged child abuse occurred in a school or was related to a school-sponsored activity, or amounts to sexual conduct under ORS 339.370, notification and the outcome of the investigation shall also be reported to the Department of Education (ORS 419B.020).

- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

Tualatin Police Department

Tualatin PD Policy Manual

Child Abuse

329.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, an officer shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

329.5.1 KARLY'S LAW

In all cases of suspicious physical injury to a child, the investigating officer shall, in accordance with any relevant county multidisciplinary team protocols (ORS 419B.023):

- (a) Immediately photograph or cause to be photographed any visible injuries or any injuries identified by the child if practicable, in the manner described in ORS 419B.028.
- (b) Ensure that photographs of the injuries are distributed to the designated medical professional and placed in any relevant files maintained by the Department by the end of the next regular business day or within 48 hours, whichever occurs later (ORS 419B.028(2)).
- (c) Ensure that a designated medical professional conducts a medical assessment of the child within 48 hours or sooner, according to the child's medical needs. If a designated medical professional is unavailable for the assessment, the investigating

Tualatin Police Department

Tualatin PD Policy Manual

Child Abuse

officer shall ensure that the child is evaluated by an available physician, licensed physician assistant, or licensed nurse practitioner.

329.5.2 INVESTIGATIONS ON SCHOOL PREMISES

When an investigation of child abuse is conducted on school premises, the investigating officer shall first notify the school administrator of the investigation, unless the school administrator is a subject of the investigation. The investigator shall present identification to school staff members. The investigator is not required to reveal information about the investigation to the school as a condition of conducting the investigation. At the investigator's discretion, the school administrator or a school staff member designated by the school administrator may be present to facilitate the investigation. Prior to any interview with the suspected victim, the investigating officer should inquire whether the child has any disabilities that may affect the interview process. These provisions apply to an investigation that involves an interview with the suspected victim of abuse or witnesses and not to investigations or interviews of a person suspected of having committed the abuse (ORS 419B.045).

329.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DHS. Generally, removal of a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ORS 419B.150):

- (a) When there is reasonable cause to believe any of the following:
 - 1. An imminent threat of severe harm to the child exists
 - 2. The child poses an imminent threat of severe harm to self or others
 - 3. An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists
- (b) When the juvenile court has issued a valid order that the child is to be taken into protective custody

Tualatin Police Department

Tualatin PD Policy Manual

Child Abuse

329.6.1 NOTICE TO PARENTS

When an officer takes a child into protective custody, if possible, the officer shall:

- (a) Make reasonable efforts to immediately notify the child's parents or guardian, regardless of the time of day.
- (b) Advise the reason the child has been taken into custody.
- (c) Provide general information about the child's placement and the telephone number of the local DHS office, including any after-hours telephone numbers (ORS 419B.020).

329.6.2 SAFE HAVEN PROVISION

A parent may leave an infant who is not more than 60 days old at an authorized facility, including this department, as long as the child displays no signs of abuse (ORS 418.017).

When an infant is surrendered to this department, members of the Tualatin Police Department shall follow the provisions set forth in ORS 418.017.

329.7 INTERVIEWS

329.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

329.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not involuntarily detain a child who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

329.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency

Tualatin Police Department

Tualatin PD Policy Manual

Child Abuse

having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

329.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

329.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Unit supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

329.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Unit supervisor so an interagency response can begin.

329.10 STATE MANDATES AND OTHER RELEVANT LAWS

Oregon requires or permits the following:

329.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (ORS 419B.035).

Tualatin Police Department

Tualatin PD Policy Manual

Child Abuse

Information may be shared to the appropriate military authorities regarding a child who is the subject of a report of child abuse when the parent or guardian of the child is in the military (ORS 419B.015).

329.10.2 COUNTY MULTIDISCIPLINARY CHILD ABUSE TEAM AND PROTOCOL

The Detective Unit supervisor should ensure that current written protocols and procedures for child abuse investigations developed by the multidisciplinary child abuse team are available to all department members (ORS 418.747). [See attachment: 2020 Child Abuse MDT Protocol.pdf](#)

329.10.3 CHILD FATALITY REVIEW TEAMS

This department should cooperate with any child fatality review team and investigation (ORS 418.785).

329.10.4 DISPOSITION OF INVESTIGATION

Each investigation of child abuse shall be concluded with one of the following dispositions (ORS 419B.026):

- Founded
- Unfounded
- Undetermined

If the investigation determines that the child abuse allegations were founded, the investigating officer shall notify DHS by making an oral report and a written report pursuant to DHS protocols (ORS 419B.020).

Report Preparation

343.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

343.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

343.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

- (b) All felony crimes
- (c) Non-felony incidents involving threats or stalking behavior

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for departmental consistency.

349.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS

Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g. a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the Department of Human Resources prior to an employee serving in a reserve or volunteer capacity (29 C.F.R.553.30).

Outside Agency Assistance

351.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

351.2 POLICY

It is the policy of the Tualatin Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

351.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Patrol Sergeant's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Patrol Sergeant may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

351.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Tualatin Police Department shall notify his/her supervisor or the Patrol Sergeant and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

351.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

Tualatin Police Department

Tualatin PD Policy Manual

Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

351.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Patrol Sergeant.

351.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Support Division Commander or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to Dispatch and the Patrol Sergeant to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Coordinator should maintain documentation that the appropriate members have received the required training.

Registered Offender Information

355.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Tualatin Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex offenders.

355.2 POLICY

It is the policy of the Tualatin Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

355.3 REGISTRATION

The Records Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the Records Unit Supervisor shall ensure that the registration information is provided to the Oregon State Police in accordance with ORS 181.810.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to report.

355.3.1 CONTENTS OF REGISTRATION

Registrants shall (ORS 163A.010; OAR 257-070-0110):

- (a) Provide the information to complete the sex offender registration form and sign it.
- (b) Submit to photographs, including photographs of scars, marks or tattoos, when initially reporting and each time the registrant reports annually.
- (c) Submit to fingerprinting, if required.

355.4 MONITORING OF REGISTERED OFFENDERS

The Detective Unit supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the State of Oregon Sex Offender Inquiry System.
- (c) Contact with a registrant's parole or probation officer.

Tualatin Police Department

Tualatin PD Policy Manual

Registered Offender Information

Any discrepancies should be reported to Oregon State Police.

The Detective Unit supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Tualatin Police Department personnel, including timely updates regarding new or relocated registrants.

355.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the Sex Offender Inquiry System (<http://sexoffenders.oregon.gov/>), or the Tualatin Police Department's website.

The Records Supervisor shall release local registered offender information to residents in accordance with state law and in compliance with Oregon Public Records Law requests (ORS 163A.215; ORS 163A.225; ORS 192.311 to ORS 192.499).

355.5.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register, who are in compliance with the offender registration laws and who the law permits to be included.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The information on the registry may not reflect the entire criminal history of a registered offender.
- (e) Anyone who uses information contained in the registry to harass or discriminate against registrants or commit any crime may be subject to criminal prosecution and/or civil action.

Major Incident Notification

357.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

357.2 POLICY

The Tualatin Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

357.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Chief of Police and the affected Division Commander. The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

- Homicides

In the event of a traffic fatality or major injury, the Traffic Supervisor shall be notified who will then contact the appropriate accident investigator.

357.4.4 PUBLIC INFORMATION OFFICER (PIO)

The Public Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

Death Investigation

359.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent, and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

359.2 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases unless death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify the Investigation Division Commander as necessary. The Patrol Sergeant will make notification to command staff in accordance with the Major Incident Notification Policy.

359.2.1 MEDICAL EXAMINER REQUEST

Officers are not authorized to pronounce death unless they are also Medical Examiners, Deputy Medical Examiners, or appointed Medical Examiner investigators. The Medical Examiner shall be called in all sudden or unexpected deaths or deaths due to other than natural causes. State law requires that the Medical Examiner be notified immediately of any death (ORS146.090; ORS 146.100):

- (a) Apparently homicidal, suicidal, or occurring under suspicious or unknown circumstances.
- (b) Resulting from the unlawful use of controlled substances or the use or abuse of chemicals or toxic agents.

- (h) In which a human body apparently has been disposed of in a manner that is offensive to the generally accepted standards of the community.

359.2.2 SEARCHING DEAD BODIES

- (a) The Medical Examiner, their assistant, and authorized investigators are generally the only persons permitted to move, handle, or search a dead body (ORS 146.103).

Tualatin Police Department

Tualatin PD Policy Manual

Death Investigation

- (b) An officer shall make a reasonable search of an individual who it is reasonable to believe is dead or near death for the purpose of identification or for information identifying the individual as an anatomical donor. If a donor document is located, the Medical Examiner or their assistant shall be promptly notified, or, if the individual was taken to a hospital, the officer must alert the hospital staff to the documentation and forward it to the hospital (ORS 97.970).
- (c) The Medical Examiner, with the permission of the Department, may take property, objects or articles found on the deceased or in the immediate vicinity of the deceased that may be necessary for conducting an investigation to determine the identity of the deceased or the cause or manner of death (ORS 146.103).
- (d) Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Medical Examiner or their assistant, the investigating officer should first obtain verbal consent from the Medical Examiner or their assistant when practicable.
- (e) Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Medical Examiner or their assistant. The name and address of this person shall be included in the narrative of the death report.
- (f) Whenever personal effects are removed from the body of the deceased by the Medical Examiner or their assistant, a receipt shall be obtained. This receipt shall be attached to the death report.

359.2.3 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Detective Unit shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the Patrol Sergeant or Detective Unit supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of their supervisor, request the Medical Examiner to conduct physical examinations and tests, and to provide a report.

359.2.4 REPORTING

All incidents involving a death shall be documented on the appropriate form.

359.2.5 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this department who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the regional Occupational Safety and Health Administration (OSHA) office is notified of all pertinent information.

Tualatin Police Department

Tualatin PD Policy Manual

Death Investigation

359.3 POLICY

It is the policy of the Tualatin Police Department to respond, document, and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide, and homicide, shall be initiated, conducted, and properly documented.

359.4 UNIDENTIFIED DEAD BODY

If the identity of a dead body cannot be established, the handling officer will request from the Medical Examiner a unique identifying number for the body. The number shall be included in any report.

359.5 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports.

Identity Theft

361.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. A person commits the crime of identity theft if the person, with the intent to deceive or to defraud, obtains, possesses, transfers, creates, utters or converts to the person own use the personal identification of another person (Oregon Revised Statutes 165.800). This policy is intended to provide guidelines for the reporting and investigation of such crimes.

361.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of "identity theft" shall initiate a report for victims residing within the jurisdiction of this department. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 - 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Private Persons Arrests

363.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to ORS 133.220(5).

363.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

363.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another person for any crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime. A person making such an arrest shall, without unnecessary delay, take the arrested person before a magistrate or deliver the arrested person to a peace officer (ORS 133.225).

363.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is probable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 - 1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 - 2. Absent probable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is probable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:

Tualatin Police Department

Private Persons Arrests

1. Take the individual into physical custody for booking.
2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.

Limited English Proficiency Services

367.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

367.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Tualatin Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

367.2 POLICY

It is the policy of the Tualatin Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

367.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Tualatin Police Department

Tualatin PD Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Tualatin Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Patrol Sergeant and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

367.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

367.5 TYPES OF LEP ASSISTANCE AVAILABLE

Tualatin Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

367.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

367.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

367.7.1 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

Tualatin Police Department

Tualatin PD Policy Manual

Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

367.8 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

367.8.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

367.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

367.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

367.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Tualatin Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

367.10.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Tualatin Police Department

Tualatin PD Policy Manual

Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

367.11 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

367.12 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

Tualatin PD Policy Manual

Limited English Proficiency Services

367.13 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

367.13.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who cannot readily understand or communicate the English language shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

367.14 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

367.15 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

367.16 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

367.17 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures; including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Coordinator shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

367.17.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Coordinator shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

369.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

369.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

369.2 POLICY

It is the policy of the Tualatin Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

369.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Tualatin Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Tualatin Police Department

Tualatin PD Policy Manual

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Patrol Sergeant and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

369.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

369.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Tualatin Police Department

Tualatin PD Policy Manual

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Tualatin Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

369.6 TYPES OF ASSISTANCE AVAILABLE

Tualatin Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

Tualatin PD Policy Manual

Communications with Persons with Disabilities

369.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

369.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

369.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Tualatin Police Department

Tualatin PD Policy Manual

Communications with Persons with Disabilities

369.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

369.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

369.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

369.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Tualatin Police Department

Tualatin PD Policy Manual

Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

369.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

369.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

Tualatin Police Department

Tualatin PD Policy Manual

Communications with Persons with Disabilities

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

369.14.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who is deaf, has a physical hearing impairment or physical speaking impairment should when practicable, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

369.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

369.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

369.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

Tualatin Police Department

Tualatin PD Policy Manual

Communications with Persons with Disabilities

369.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Coordinator shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Requisition and Issuance of Supplies

370.1 REQUISITION OF SUPPLIES

All personnel who are in need of supplies shall complete a Requisition of Supplies form available from the Office Coordinator. The form shall be approved by a supervisor and submitted to the Office Coordinator. The Office Coordinator will then submit the form for approval to a Captain or the Chief.

Only the Office Coordinator shall order supplies and no supplies will be provided without a Requisition of Supplies form.

370.2 ISSUANCE OF SUPPLIES

Supplies and property of the Tualatin Police Department should be issued to personnel according to the following guidelines:

(a) OFFICE SUPPLIES:

1. Office supplies are available through the Office Coordinator and are generally stored in that work area.

(b) DEFENSIVE EQUIPMENT AND SUPPLIES:

1. Defensive equipment, including ammunition, ASP batons, Tasers, etc, are available through an employees direct supervisor and the Patrol Division Commander.

(c) UNIFORM SUPPLIES:

1. Uniforms and uniform supplies are available through an employees direct supervisor and their Division Commander.

(d) VEHICLE SUPPLIES:

1. Vehicle supplies are available through an employees direct supervisor and their Division Commander via the City of Tualatin Operations Department, Fleet Division.

(e) OTHER SUPPLIES AND EQUIPMENT:

1. Any other extraneous supplies and equipment required by employees should be requested through their immediate supervisor and then via the chain of command.

370.3 INVENTORY

All non-consumable supplies and equipment will be inventory tracked by the Tualatin Police Department Property/Evidence staff. The inventory will be maintained in a secure database.

Cash Funds/Accounts

372.1 PURPOSE AND SCOPE

The purpose of the Cash Funds/Accounts policy is to establish procedures for the maintenance of all cash funds or accounts where agency members receive, maintain, or disburse cash.

372.2 PETTY CASH FUNDS

The department maintains a petty cash fund for small items, such as minor office supplies, reimbursements for small amounts, etc. The Office Coordinator is the appointed custodian of the petty cash fund and will appoint a back-up custodian in the event of their absence. The City of Tualatin utilizes the imprest cash system in which petty cash is established at a fixed amount by department or building. The Tualatin Police Department's petty cash fund has been established at a fixed amount of \$200.00. The maximum amount petty cash expenditure is \$30.00. The primary responsibilities of the petty cash fund custodian are to:

- (a) Safeguard the cash on hand against theft, shortage and improper handling.
- (b) Ensure that all disbursements made from the fund are supported by a receipt as evidence of payment, approved by the Chief or his designee, and charged to the proper account.
- (c) Request replenishment of the fund on a timely basis when the fund becomes low.

372.2.1 REQUESTING REIMBURSEMENT

In order to reconcile the petty cash fund, the custodian is responsible for adding the amount of petty cash remaining in the fund and the sum of the receipts, which should equal the fixed amount (\$200.00) of the petty cash fund.

When requesting reimbursement, the custodian is responsible for creating a Field Purchase Order, which must be approved by the Chief or his designee. The Field Purchase Order and receipts are given to the Finance Department who then issues the amount of cash necessary to replenish the fund up to its fixed amount.

372.3 ALARM PERMIT/FALSE ALARM FEES

The Office Coordinator is also responsible for collecting alarm permit fees and false alarm fees. These fees are received in the form of checks, cash, and money orders, but must be exact amounts. As these fees come due for new alarm permit holders, renewal alarm permit holders and permit holders that are fined for false alarms, the Office Coordinator is responsible for entering those amounts into the accounting database utilized by the City of Tualatin. The Office Coordinator will create a batch of fee entries into the City's accounting database no less than one time a week.

Once the fees received are entered into the accounting database, they are sent to the Finance Department. The Finance Department is then responsible for recounting the monies and balancing them against the entries made into the accounting database. Once it is determined that the money balances against the entries in the database, the Finance Department is responsible for closing

Tualatin Police Department

Tualatin PD Policy Manual

the batch in the database and depositing the money into the City's bank account. The primary duties of the Office Coordinator are to:

- (a) Safeguard the alarm fees on hand against theft, shortage, and improper handling.
- (b) Ensure that the fees are kept in a locked storage area or drawer when not being monitored by the Office Coordinator or after business hours.
- (c) Create timely entries into the accounting software and deliveries of the money to the Finance Department.

372.4 RECORDS UNIT FUNDS

The Records Unit Fund consists of monies received for the purchase of records and related documents and for vehicle tow fees. All tow fees are required to be paid in the form of exact cash, money order, or cashier's check only. Child and Dependent Adult Safety

379.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

379.1.1 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience children may have when their parent or caregiver is arrested. The Tualatin Police Department will endeavor to create a strong cooperative relationship with local, state and community-based child social services to ensure an effective, collaborative response that addresses the needs of affected children.

379.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Tualatin Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

379.2.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered, dependent minor children.

Officers should allow the arrestee reasonable time to arrange for care of minor children. Temporary placement of the child with family or friends may be appropriate. However, any decision should give priority to a child-care solution that is in the best interest of the child. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of minor children with a responsible party, as appropriate.
 1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent's judgment regarding arrangements for child care. It is generally best if the child remains with relatives or family friends the child knows and trusts. Consideration regarding the child's familiarity with the surroundings, comfort, emotional state and safety should be paramount.

Tualatin Police Department

Tualatin PD Policy Manual

Child and Dependent Adult Safety

2. Except when a court order exists limiting contact, the officer should attempt to locate and place dependent children with the non-arrested parent or guardian.
 - (b) Provide for the immediate supervision of minor children until an appropriate caregiver arrives.
 - (c) Notify Child Protective Services if appropriate.
 - (d) Notify the field supervisor or Patrol Sergeant of the disposition of minor children.

If children are at school or at a known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the parent's arrest and of the arrangements being made for the care of the arrestee's children, and then record the result of such actions in the associated report.

379.2.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional free local phone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any minor dependent child. These phone calls shall be given immediately upon request or as soon as practicable and are in addition to any other phone calls allowed by law.

379.2.3 REPORTING

For all arrests where children are present or living in the household, the reporting employee will include information about the children, including names, gender, age and how they were placed.

379.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Tualatin Police Department

Tualatin PD Policy Manual

Child and Dependent Adult Safety

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

379.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Service Animals

381.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Tualatin Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

381.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

381.2.1 STATE LAW

Oregon law expands the definition of a service or assistance animal to include a dog or other animal designated by administrative rule that is individually trained to do work or perform tasks for the benefit of an individual (OAR 839-006-0345).

381.2.2 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

Tualatin Police Department

Tualatin PD Policy Manual

Service Animals

381.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Tualatin Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as the result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Volunteer Program

385.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

385.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

385.2 VOLUNTEER MANAGEMENT

385.2.1 VOLUNTEER COORDINATOR

The Volunteer Coordinator shall be appointed by the Support Division Commander. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

- (e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
- (f) Maintaining a record of volunteer schedules and work hours.
- (g) Completion and dissemination as appropriate of all necessary paperwork and information.
- (h) Planning periodic recognition events.
- (i) Administering discipline when warranted.

Tualatin Police Department

385.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

385.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the Oregon State Police Clearinghouse Unit.
- (b) Employment.
- (c) References.
- (d) Credit check.

A polygraph exam may be required of each applicant depending on the type of assignment.

385.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

Tualatin Police Department

Tualatin PD Policy Manual

Volunteer Program

385.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

385.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver's license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

385.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

Tualatin Police Department

Tualatin PD Policy Manual

Volunteer Program

385.2.8 LIABILITY COVERAGE

Liability coverage for covered volunteers will be pursuant to City provisions.

385.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

385.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

385.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty.

Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

Volunteer Program

385.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing and department approved driver safety course.
- (b) Verification that the volunteer possesses a valid Oregon Driver's License.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and volunteers are not authorized to operate a Department vehicle Code-3.

385.5.2 RADIO AND MDT USAGE

Volunteers shall successfully complete the Law Enforcement Data System (LEDS) and radio procedures training prior to using the police radio or MDT and comply with all related provisions. The Volunteer Coordinator should ensure that radio and LEDS training is provided for volunteers whenever necessary.

385.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

385.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

385.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the

Tualatin Police Department

Tualatin PD Policy Manual

Volunteer Program

best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

385.8 LIABILITY AND WORKERS' COMPENSATION

The City Council wishes to protect its volunteers from injuries arising out of, or in the scope of, their service to the City. The City elects, pursuant to ORS 656.031 to provide workers' compensation insurance coverage to volunteers listed on the electronically submitted CIS Volunteer Election form.

The City's liability insurance covers volunteers the same as employees.

Off-Duty Law Enforcement Actions

387.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Tualatin Police Department with respect to taking law enforcement action while off-duty.

387.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

387.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

387.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Tualatin Police Department

Tualatin PD Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

387.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Tualatin Police Department officer until acknowledged. Official identification should also be displayed.

387.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

387.4.3 NON-SWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

387.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

387.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Patrol Sergeant as soon as practicable. The Patrol Sergeant shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Canines

388.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

388.2 POLICY

It is the policy of the Tualatin Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

388.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Patrol Division to function primarily in assist or cover assignments. However, they may be assigned by the Patrol Sergeant to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Patrol Sergeant.

388.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol Division Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

388.5 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Division shall be reviewed by the Patrol Sergeant.

Tualatin Police Department

Tualatin PD Policy Manual

Canines

388.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Patrol Sergeant and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

388.5.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

388.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Patrol Sergeant. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should

Tualatin Police Department

Tualatin PD Policy Manual

Canines

be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

388.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

388.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

Tualatin Police Department

Tualatin PD Policy Manual

Canines

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

388.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

If the local public health administrator has exempted this department from the requirement to hold the canine after a bite, the canine handler shall notify the local public health administrator immediately should the canine develop any abnormal behavior within 10 days of biting a person (OAR 333-019-0024).

388.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

Tualatin Police Department

Tualatin PD Policy Manual

Canines

- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

388.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

388.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

388.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Tualatin Police Department facility.
- (d) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (f) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.

388.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement or memorandum of understanding between the handler and the City (29 USC § 207).

388.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Patrol Sergeant as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

388.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current Oregon Police Canine Association (OPCA) standards or other accredited and recognized animal handling organization standards (ORS 167.310). Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The training coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Patrol Sergeant.

388.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to OPCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Tualatin Police Department canine training provider.

Tualatin Police Department

Tualatin PD Policy Manual

Canines

- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.
- (d) All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or the Patrol Sergeant.

388.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing OPCA canine certification standards, or other accredited or recognized animal handling organization standards, shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

388.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

388.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Tualatin Police Department may work with outside trainers with the applicable licenses or permits.

388.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 823(g); ORS 475.135).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Tualatin Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

388.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

Tualatin Police Department

Tualatin PD Policy Manual

Canines

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

388.12.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41; ORS 480.205).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.

- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the Tualatin Police Department.

400.2.1 CRIME ANALYSIS UNIT

The Crime Analysis function will be the responsibility of the Detective Sergeant and he/she will be the central point for information exchange relative to crime analysis, trends and special persons or locations of interest or special information. Criminal information and intelligence reports can be submitted to the Records Division for distribution to all divisions within the Department through daily and special bulletins.

400.2.2 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate division for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS

Patrol supervisors, detective sergeants, and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol briefings as time permits.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Tualatin Police Department

402.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Tactical Negotiations Team (TNT)

407.1 PURPOSE AND SCOPE

The Tactical Negotiations Team (TNT) is comprised of highly trained and skilled officers from various police agencies in Washington County who are called upon to respond and handle incidents that pose a significant threat to the safety of the community and/or police officers.

407.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The operation and administration of the Washington County Tactical Negotiations Team is vested in the Washington County Sheriff's Office as the accredited parent agency of the team.

Operation and administration of the Washington County Tactical Negotiations Team details and policy are contained within the Washington County Inter-Agency Teams Tactical Negotiations Team Operations Manual, herein referenced.

Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel, allowing for appropriate on-the-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

407.1.2 DEFINITIONS

Tactical Negotiations Team: The Tactical Negotiations Team is a designated unit of law enforcement officers from agencies in Washington County that are specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts, and other high-risk incidents. As a matter of agency policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

407.2 AGENCY POLICY

It shall be the policy of this agency to maintain membership in the Washington County Tactical Negotiations Team and to provide the equipment, manpower, and training necessary to maintain that membership. TNT should develop sufficient resources to perform three basic operational functions:

- (b) Containment
- (c) Entry/Apprehension/Rescue

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators, and potential incident commanders. Nothing in this policy shall prohibit TNT from responding

409.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

Operation and administration of the Tualatin-Sherwood Mobile Response Team lies jointly with the command elements of the Tualatin Police Department and the Sherwood Police Department and is outlined in following sections.

Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel allowing for appropriate on-the-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

409.1.2 DEFINITIONS

Mobile Response Team: The Mobile Response Team is a designated unit of law enforcement officers from agencies in Washington County and specific to the Tualatin Police Department, members of the Tualatin Police Department and the Sherwood Police Department, specifically trained and equipped to work as a team in coordination with other units to resolve critical instances of civil disturbance or disorder, crowd control, terrorist acts and instances of the use of weapons of mass destruction.

As the incident develops, it is dependent on the Squad Leader to keep the Joint Commander(s) or host agency Commander informed about the potential to employ such munitions. The decision to employ such munitions shall be made by the Joint Commander(s) or the host agency Commander, except in rapidly developing circumstances that put personnel or civilians at imminent risk if such munitions are not promptly utilized.

- Pending criminal action
- Pending lawsuit against the Department
- Denial by any supervisor

410.1.2 AVAILABILITY

The Ride-Along Program is available on most days of the week, with certain exceptions established by the Patrol Division Commander or the on-duty Sergeant. The ride-along times are from 6:00 a.m. to 2:00 a.m. Exceptions to this schedule may be made as approved by the Chief of Police, Division Commander or Shift Supervisor.

410.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by the Patrol Supervisor. The participant will complete a ride-along waiver form. Information requested will include a valid ID or Oregon driver's license, address, and telephone number. If the participant is under 18-years of age, a parent/guardian must be present to complete the Ride-Along Form.

The Patrol Supervisor will schedule a date, based on availability, at least one week after the date of application. If approved, a copy will be forwarded to the respective Patrol Sergeant as soon as possible for his/her scheduling considerations.

If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise him/her of the denial.

410.2.1 PROGRAM REQUIREMENTS

Once approved, non-sworn ride-alongs will be allowed to ride no more than once every six months. An exception would apply to the following: Officer's family members, Chaplains, Reserves, police applicants, and all others with prior approval of the Patrol Division Commander.

Tualatin Police Department

Tualatin PD Policy Manual

Ride-Alongs

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time.

Officers taking non-sworn riders shall have completed their probationary period.

410.2.2 SUITABLE ATTIRE

Any person approved to ride along is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. The Patrol Sergeant or field supervisor may refuse a ride along to anyone not properly dressed.

410.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members of this department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the express consent of the Patrol Sergeant. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

410.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All Ride-along applicants are subject to a criminal history check. The criminal history check will include a local records check, and inquiries to the National Crime Information Center (NCIC), Computerized Criminal History (CCH), and a Department of Motor Vehicles (DMV) records checks via the Law Enforcement Data System (LEDS) prior to their approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Tualatin Police Department). The printed inquiry responses will be attached to the request and forwarded to the on-duty Patrol Sergeant who will approve or disapprove the ride-along and schedule the appointment.

410.3 OFFICER'S RESPONSIBILITY

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The Patrol Sergeant is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, the officer may submit a memorandum to the Patrol Sergeant with any comments which may be offered regarding the rider or the ride-along. The Patrol Sergeant should attach the memorandum to the ride-along request form to be filed with the Department Office Coordinator for future reference.

Ride-Alongs

410.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

- (a) The ride-along will follow the directions of the officer
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any police equipment
- (c) The ride-along may terminate the ride at any time and the officer may return the observer to their home or to the station if the ride-along interferes with the performance of the officer's duties
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety
- (e) Officers will not allow any ride-alongs to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen
- (f) Under no circumstance shall a civilian ride along be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. The following is to be the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed. See Oregon Revised Statutes 453.005(7) for a complete list.

412.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting, or material safety data sheets).
- (b) Notify Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of immediate area and surrounding areas dependent on substance.

412.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

412.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

The employee or employees supervisor if the employee is unable, will complete a Workers Compensation form if an injury is diagnosed Oregon Revised Statutes 656.265. If an injury is

Hazardous Material Response

not apparent but exposure to a hazardous substance is possible, the employee will complete an incident report indicating the circumstances of the event and the potential of an exposure.

In addition to this policy, all employees should be familiar with and follow the direction contained in City of Tualatin Personnel Policy #32-96, "HAZARD COMMUNICATION POLICY".

Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker.

414.2 POLICY

It is the policy of the Tualatin Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS

A supervisor who has probable cause to believe that a hostage is being held may order a telephone company to cut, reroute or divert telephone lines to prevent a suspect from communicating with anyone other than officers or other designated individuals (ORS 165.549).

Tualatin Police Department

Tualatin PD Policy Manual

Hostage and Barricade Incidents

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

Tualatin Police Department

Tualatin PD Policy Manual

Hostage and Barricade Incidents

- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

Tualatin Police Department

Hostage and Barricade Incidents

- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Tactical Negotiations Team (TNT) response if appropriate and apprising the TNT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor.
- (i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the News Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

414.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the CRU Commander, whether to deploy the TNT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the TNT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the TNT. The Incident Commander and the TNT Commander or the authorized designee shall maintain communications at all times.

414.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

416.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

416.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When handling an incident involving a suspected explosive device, the following guidelines should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (b) A minimum perimeter of 300 feet should be established around the location of the device. An access point should be provided for support personnel.
- (c) As much information as is available should be promptly relayed to the Shift Supervisor, including:
 1. The stated threat.
 2. Exact comments.
 3. Time of discovery.
 4. Exact location of the device.
 5. Full description (e.g., size, shape, markings, construction) of the device.
- (d) The device should not be touched or moved except by qualified bomb squad personnel.
- (e) All equipment within 300 feet of the suspected device capable of producing radio frequency energy should be turned off. This includes two-way radios, cell phones and other personal communication devices.
- (f) Consideration should be given to evacuating any buildings near the device.
- (g) A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area and a perimeter should be established around any additional suspicious device found.
- (h) Explosive or military ordnance of any type should be handled only by the certified Explosives Disposal Unit or military ordnance disposal team.

Tualatin PD Policy Manual

Response to Bomb Calls

416.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic incidents, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds or additional damage by resulting fires or unstable structures.

Whether the explosion was the result of an accident or a criminal act, the responding officers should consider the following actions:

- Assess the scope of the incident, including the number of victims and extent of injuries.
- Assist with first aid (Fire Department has primary responsibility).
- Assist with evacuation of victims (Fire Department has primary responsibility).
- Identify and take appropriate precautions to mitigate scene hazards such as collapsed structures, bloodborne pathogens, hazardous materials and secondary explosive devices.
- Request additional resources as needed.
- Identify witnesses.
- Preserve evidence.

416.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

- (a) Fire Department
- (b) Emergency Medical assistance
- (c) Explosive Disposal Unit
- (d) Additional field officers
- (e) Shift Supervisor
- (f) Division Commander or Chief of Police
- (g) Detectives
- (h) Forensic Science Services

416.3.2 CROWD CONTROL

Only authorized personnel with a legitimate need shall be permitted access to the scene. Spectators and other unauthorized individuals shall be excluded to a safe distance as is reasonably practicable given the available resources and personnel.

Tualatin Police Department

Tualatin PD Policy Manual

Response to Bomb Calls

416.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a long distance. Evidence may be imbedded in nearby structures or hanging in trees and bushes.

416.4 BOMB THREATS RECEIVED AT POLICE FACILITY

This procedure shall be followed should a bomb threat call be received at the police facility.

416.4.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions should be asked if a bomb threat is received at the Police Department:

- When is the bomb going to explode?
- Where is the bomb?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?
- Who are you? (to avoid possible termination of the call this should be the last question asked)

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these five basic questions.

During this time, document the following:

- Time of the call.
- Exact words of the person as accurately as possible.
- Estimated age and gender of the caller.
- Speech patterns and/or accents.
- Background noises.

If the incoming call is received at the police facility on a recorded line, steps shall be taken to ensure that the recording is preserved in accordance with current department evidence procedures.

416.4.2 RESPONSIBILITIES

The employee handling the call shall ensure that the Shift Supervisor or OIC is immediately advised and fully informed of the details. The Shift Supervisor or OIC will then direct and assign officers as required for coordinating a general building search or evacuation as he/she deems appropriate. The Sergeant or OIC will notify Command Staff as soon as practical.

Civil Commitments

418.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under protective custody for civil commitment (ORS 426.228).

418.2 POLICY

It is the policy of the Tualatin Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

418.3 AUTHORITY

An officer may take a person into custody when the officer has probable cause to believe the person is dangerous to him/herself or to any other person and is in need of immediate care, custody or treatment for mental illness (ORS 426.228(1)).

An officer shall also take a person into custody at the direction of the community mental health program director when the director has probable cause to believe the person is imminently dangerous to him/herself or to another person. The director is mandated to prepare a report for the officer to deliver to the treating licensed independent practitioner (ORS 426.228(2)).

The officer shall transport the person in custody to the nearest facility approved by the Oregon Health Authority (OHA) or will transfer custody of the person to a mental health representative authorized under ORS 426.233(3).

If, upon delivery of the person to the facility, the licensed independent practitioner finds the person is not in need of emergency care or treatment for mental illness, the person is to be released from custody. The officer or the program director shall return the person to the place where he/she was taken into custody, unless the person declines that service.

418.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a civil commitment.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

Tualatin Police Department

Tualatin PD Policy Manual

Civil Commitments

418.3.2 EXTREMELY DANGEROUS PERSONS

An officer may take into custody an individual on conditional release from a state hospital pursuant to an order of revocation. The written order does not have to be in the possession of the officer, and may be confirmed through the Law Enforcement Data System (LEDS) (OAR 859-200-0310).

A person may be taken into custody if all of the following conditions apply (OAR 859-200-0305):

- (a) An officer has reasonable cause to believe the individual is an extremely dangerous person with a mental illness (as defined by OAR 859-200-0020)
- (b) The person presents a serious danger to others because of a mental disorder
- (c) The person is in need of immediate care, custody or treatment
- (d) The person has been civilly committed to the jurisdiction of the Psychiatric Security Review Board by a court

The officer shall transport the individual to a state hospital operated by the Oregon Health Authority (OAR 859-200-0310).

418.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions (e.g., information from LEDS).
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Available community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for individuals with mental health issues, who are suspected of committing minor crimes or creating other public safety issues.

418.4.1 FOREIGN NATIONALS

If an officer takes a person into custody for a civil commitment and reasonably suspects that the person is a foreign national, the officer shall inform the person of his/her right to communicate with an official from the consulate of the person's country (ORS 426.228(9)).

418.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Tualatin Police Department

Tualatin PD Policy Manual

Civil Commitments

Officers may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Patrol Sergeant approval is required before transport commences.

418.5.1 CLEARANCE REQUIRED

If transportation to an appropriate facility will require more than one hour to accomplish, the transporting officer must obtain, if possible, medical clearance from an attending physician who has examined the person within the last 24 hours who certifies that the person is in need of immediate care or treatment for mental illness and that travel will not be detrimental to the person's physical health (ORS 426.228(3)).

418.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the officer should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

418.7 DOCUMENTATION

The officer should complete an application for emergency admission, provide it to the facility staff member assigned to the individual and retain a copy of the application for emergency admission for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.7.1 REQUIREMENTS

Officers shall use OHA form MHD 426.228 or otherwise ensure that the report states (ORS 426.228):

- (a) The reason for custody.
- (b) The date, time and place the person was taken into custody.
- (c) The name and telephone number of the community mental health director.

418.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken for a civil commitment should resolve the criminal matter by issuing a citation, as appropriate.

Tualatin Police Department

Tualatin PD Policy Manual

Civil Commitments

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.
- (c) Facilitate the individual's transfer to the jail facility.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

418.10 TRAINING

This department will endeavor to provide department-approved training on interaction with mentally disabled persons, civil commitments and crisis intervention.

Citation Releases

420.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Tualatin Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

420.2 RELEASE

A suspected offender may be released on issuance of a criminal citation if the officer has probable cause to believe that the person has committed a misdemeanor or has committed any felony that is subject to misdemeanor treatment under ORS 161.705 (reduction of certain felonies to misdemeanors) (ORS 133.055).

420.2.1 CITATION RELEASES ON WARRANTS

If the offense is not excluded under ORS 133.055, the court may authorize an officer to issue and serve a criminal citation in lieu of arrest (ORS 133.110).

420.3 PROHIBITIONS

The release of a suspected offender on a citation is not permitted when:

- (a) The officer has probable cause to believe that the person has been served a valid restraining order as described in ORS 133.310 (orders relating to stalking, elder and disability abuse, sexual abuse) and the person has violated the terms of the order (ORS 133.310).
- (b) The officer has probable cause to believe that the person has been charged with an offense under ORS 135.230 through ORS 135.290 (sexual offenses, domestic violence, methamphetamine crimes), and is presently released and has failed to comply with a no contact condition to the release agreement (ORS 133.310).
- (c) The person arrested is so intoxicated that he/she could be a danger to himself/herself or to others (release may occur as soon as this condition no longer exists).
 1. Any officer encountering a person who is intoxicated or under the influence of controlled substances in a public place and who is incapacitated, whose health appears to be in immediate danger, or there is reasonable cause to believe the person is dangerous to him/herself or to any other person, shall transport the individual to the nearest appropriate treatment facility or sobering facility (ORS 430.399).

See the Domestic Violence Policy for release restrictions related to those investigations.

420.4 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, officers should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.

Tualatin Police Department

Tualatin PD Policy Manual

Citation Releases

- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

420.5 POLICY

The Tualatin Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

Body-Worn Cameras

421.1 PURPOSE AND SCOPE

Body-worn cameras (BWC) are an effective law enforcement tool that can enhance the understanding of interactions between officers and the public. Body-worn cameras provide additional documentation of police-public encounters and can be an important tool for collecting evidence and maintaining public trust.

421.2 DEFINITIONS

Body-worn cameras - camera systems designed to be worn by police officers to capture Digital Multimedia Evidence (DME).

Digital Multimedia Evidence (DME) - DME consists of all digital recordings, to include but not limited to audio, video, photographs, and their associated metadata.

Metadata - includes any digital identifiers that are captured as part of the actual recording (e.g., date/time, GPS coordinates, incident category, etc.), plus data entered by the officer.

Activate - to cause a video or audio recording to be made through a body-worn camera system.

421.3 POLICY

This policy is intended to provide officers direction on when and how to use body-worn cameras. Use of body-worn cameras for any purpose other than in accordance with this policy is prohibited without the written approval of the Chief of Police or authorized designee.

This policy does not apply to lawful surreptitious audio/video recording interception of communications for authorized investigative purposes or to mobile audio/video recordings (see the Investigation and Prosecution and Use of Audio Recorders policies).

421.4 MEMBER RESPONSIBILITIES

- (a) BWCs shall be worn by all officers and supervisors working a uniformed assignment in patrol operations. Patrol operations include the Traffic Safety Division and K9 Unit. School Resource Officers (SROs) and the SRO supervisor shall also wear BWCs.
- (b) Other uniformed personnel not assigned to the patrol division or SRO program may wear a BWC if approved by the Chief of Police or authorized designee. Any sworn member who does not routinely wear a BWC will check with the on-duty supervisor for availability of a BWC.
- (c) Prior to using a body-worn camera, officers shall receive department-approved training on the proper operation and care and the department's policy with respect to the use of the body-worn camera. Training shall be provided at periodic intervals to ensure the continued effective use of the equipment, proper calibration and performance, and to incorporate changes, updates, or other revisions in policies or equipment.
- (d) Officers shall wear body-worn cameras on the torso and in a position designed to produce an effective recording. Motorcycle officers may wear the department-

Tualatin PD Policy Manual

Body-Worn Cameras

approved alternative style body-worn camera equipment above the torso or as otherwise directed.

- (e) Officers shall inspect and test body-worn cameras prior to each shift to verify proper functioning (including a fully charged battery), and shall notify their supervisor of any problems. Equipment malfunctions shall be brought to the attention of the officer's supervisor as soon as possible so that a replacement unit may be assigned.
- (f) Officers shall only use BWC equipment issued by the department. Personnel shall not remove, dismantle or tamper with any hardware/software component or part of the BWC. No personally-owned body-worn cameras shall be used.
- (g) In the event that a body-worn camera is lost, upon discovery, the officer shall immediately notify his/her supervisor.
- (h) Officers shall only use body-worn cameras in conjunction with official department duties.

421.5 SUPERVISORY RESPONSIBILITIES

Supervisors shall ensure officers are equipped with BWC devices prior to taking calls for service. Supervisors may review a sampling of officers BWC recordings to ensure the equipment is functioning properly and officers are using devices in accordance with policy, and to identify any areas which require additional training or guidance. It is not the intent of the department to review recordings for the purpose of general performance review, or to discover policy violations.

If during a BWC review a supervisor inadvertently discovers a policy violation, and depending on the type of policy violation, the supervisor will either initiate a performance discussion with the involved member or initiate a professional standards review.

421.6 OPERATION

421.6.1 ACTIVATION

Body-worn cameras shall be worn in the "on" buffering mode (but not activated) during routine field operations, except those circumstances where recording is already prohibited.

Unless there are exigent circumstances or concerns for the safety of the member or any other person, or otherwise provided in this policy, body-worn cameras shall be activated whenever the officer has or develops reasonable suspicion or probable cause that an offense has been or will be committed by a person in contact with the member (ORS 133.741).

BWCs shall be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations.
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops.
- (c) Self-initiated activity in which a member would normally notify dispatch.

Tualatin Police Department

Tualatin PD Policy Manual

Body-Worn Cameras

- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.
- (e) When a person is in custody or being detained. (This includes detentions in handcuffs while investigating whether or not a crime(s) has occurred.)

BWCs should be activated in the following situations:

- (a) Transport of a person not in custody.
- (b) Any time the member believes it would be appropriate or valuable to record an incident.

At no time is a member expected to jeopardize his/her safety in order to activate the equipment. The BWC should, however, be activated in situations described above as soon as practicable.

If an officer fails to activate the camera upon initial contact, the officer should verbally record the reason on the BWC recording once the BWC recording is activated, and the officer will document the reason for the activation anomaly in their report narrative.

421.6.2 NOTIFICATION OF RECORDINGS

Members shall announce at the beginning of an interaction (or as soon as practicable) that the conversation is being recorded. This notification should be included in the recording when possible. Exceptions can be made when the announcement may impair a criminal investigation or jeopardize officer safety or the safety of any other person. Exceptions also apply to situations, such as a public meeting or rally. (ORS 133.741; ORS 165.540(2) through (7) and ORS 133.726).

421.6.3 PRIVACY CONSIDERATIONS

Community members do not have a reasonable expectation of privacy when talking with a police officer during the scope of the officer's official duties, even when contact occurs in a private residence. However, members should remain sensitive to the dignity of all individuals being recorded and exercise discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Examples and situations include, but are not limited to:

- (a) A witness or victim who wishes to remain anonymous or refuses to provide a statement, if recorded, and the encounter is non-confrontational
- (b) Recordings that would jeopardize safety planning for victims
- (c) Recordings that would disclose private security measures of residences or businesses
- (d) Recordings that would interfere with the ability to conduct an investigation due to sensitive circumstances (e.g., nudity, presence of child pornography)

Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer an issue unless the circumstances no longer fit the criteria for recording. The request to turn the body-worn camera off should be recorded, as well as the officer's response, and included in the report narrative.

Tualatin Police Department

Tualatin PD Policy Manual

Body-Worn Cameras

421.6.4 JUVENILES

It is recognized that recordings of juvenile offenders will occur by the use of body-worn cameras when officers are responding to calls for service or during the course of an investigation. Officers shall protect recordings of juveniles captured with the body-worn cameras the same as still photographs of juveniles. If an officer has a need to use body-worn camera recordings of juvenile offenders as part of an investigation, the officer shall comply with state or any other applicable law.

421.6.5 DEACTIVATION

Officers shall continue recording until they announce on camera that they are deactivating their BWC. Deactivation of the body-worn camera shall occur when:

- (a) The event has concluded. An incident is considered complete when a reasonable person would consider the incident to have reached a logical ending.
- (b) Victim and/or witness contact has concluded.
- (c) All persons stopped have been released.
- (d) An arrestee has been placed into a vehicle to be transported to a detention facility.
 - 1. At the option of the officer who has an arrestee in their vehicle, the officer may choose to keep the officer's body-worn camera activated until custody of the arrestee is transferred to the detention facility.
- (e) In an extended situation where the officer has reason to believe there is no value in collecting further data (e.g., traffic control at a crash scene).
- (f) Technical difficulties render the system inoperable.

If the BWC is deactivated prior to the completion of an event, the officer shall verbally record the reason on the recording and document the reason in the report narrative.

421.6.6 MUTE FEATURE

Officers may use the mute feature on their BWC in lieu of deactivating the camera. The purpose of the mute feature is to maintain the continuation of a video recording while temporarily pausing the audio recording. The mute feature shall only be used in the following circumstances to protect confidential and sensitive information:

- (a) Confidentiality of law enforcement conversations during tactical situations.
- (b) Confidentiality of administrative conversations between supervisors, officers, and/or recruits during calls for service. Examples include, but are not limited to:
 - 1. Police tactics
 - 2. Department policy
 - 3. Legal considerations
 - 4. Sensitive training discussions

Tualatin Police Department

Tualatin PD Policy Manual

Body-Worn Cameras

421.6.7 RECORDING RESTRICTIONS

Officers should restrict recording to areas and persons necessary in order to obtain evidence and information relevant to the incident and should attempt to minimize collateral intrusion to those not involved.

Body-worn cameras shall not be intentionally used in the following circumstances:

- (a) Interviews with child abuse victims.
- (b) Interviews with sexual assault victims.
- (c) In any location where individuals have a reasonable expectation of privacy, such as a restroom, break room, or fitness room.
- (d) When an officer would be recording a patient during a medical, healthcare provider or psychological evaluation by a clinician or similar healthcare professional, or during treatment. When recording in hospitals or other healthcare facilities, officers shall be careful to avoid recording persons other than the suspect or witnesses that are deemed relevant to the matter being investigated by the officer.
- (e) Communications made in a psychiatric facility, unless responding to a call involving a suspect who is thought to be present in the facility.
- (f) Encounters with undercover officers or confidential informants.
- (g) When an officer is engaged in conversations with individuals with whom the officer is in a privileged relationship (e.g., spouse, attorney, police peer counselor, labor representative, clergy, healthcare provider, etc.).
- (h) Casual communications with other police personnel.
- (i) When an officer is on break or is otherwise engaged in personal activities.
- (j) Inside the police facilities during roll calls, briefings and/or incident debriefings, in-service training, and/or departmental meetings.
- (k) Places of worship and/or religious ceremonies.
- (l) Community policing activities.

421.6.8 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

421.6.9 DOWNLOADING AND TAGGING VIDEO

When practical, all files from body-worn cameras shall be securely downloaded no later than the end of the officer's on-duty work shift. Each file shall be categorized, tagged, and contain information related to the date, body-worn camera identifier, assigned officer, and case number.

Members should flag any incident in which all or some of the recorded data should not be released due to its sensitive nature (e.g., sensitive intelligence data, revealing identity of confidential

Tualatin Police Department

Tualatin PD Policy Manual

informant, a victim advocate is recorded, sensitive victim cases) or of any recorded incident which might be valuable for training purposes.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

421.7 REPORTING REQUIREMENTS

Members shall document the existence of a recording in any report or other official record of the contact, including any instance where the body-worn camera was not activated, the equipment malfunctioned, or the member deactivated the recording.

421.8 REVIEW AND USE OF RECORDINGS

421.8.1 OFFICERS

Officers are allowed to review the recordings from their body-worn cameras. To help ensure accuracy and consistency, officers are encouraged to review recordings as a resource prior to preparing reports, preparing to make or give a statement about their BWC recorded activities and/or testifying in any forum. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Prior to testifying in a court case where recorded data will be offered as evidence, officers are encouraged to review the recording.

Officers shall not edit, alter, erase, duplicate, copy, share (other than individuals with a right to know), or otherwise distribute in any manner body-worn camera images and information. Requests for any of these shall be made through the System Administrator, Chief of Police, or the authorized designee.

- (a) Officers will not take "screen shots" or make any reproduction of any video or audio content unless approved by the Chief of Police or authorized designee.
- (b) Viewing of DME shall be limited only to individuals on a right to know basis and only for the purpose of processing a case or when related to department matter.

421.8.2 ADMINISTRATIVE INVESTIGATIONS

Supervisors and Professional Standards personnel, and legal representatives of employees subject to professional standards investigations, may access DME for administrative investigations and reviews. The scope of the review of DME should be limited to the specific complaint against the officer. Inadvertent discovery of other allegations during this review shall require the supervisor to articulate the purpose of expanding the scope.

Audio and video recordings from body-worn cameras may be viewed by an involved employee and/or their legal representative during their representation of an employee. Copies of audio and/or video recording associated with the legal representation matter will be provided to an involved employee and/or their legal representative during their representation of an employee in accordance with the collective bargaining agreement and/or as allowed by law.

421.8.3 INVESTIGATIONS DIVISION

The Investigations supervisor may review DME relevant to an investigation being conducted. The Investigations supervisor may also authorize a detective to review DME relevant to that detective's investigation.

421.8.4 TRAINING

Recordings from body-worn cameras may be shown for training purposes upon completion of a criminal case or administrative case. All such use shall be pursuant to the written authority of the Services Captain.

Officers shall be provided with at least 14 days written notice if recordings intended for use for training purposes were either made by them or captured their image or voice. If an involved employee/individual objects to the release of the video, a determination of whether or not to release the video will be made by the Chief of Police or authorized designee.

421.8.5 OTHER REQUESTS

Recorded files may also be viewed:

- (a) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (b) By media personnel with permission of the Chief of Police or the authorized designee.
- (c) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release policy.
- (d) Video may be shown to and/or viewed by members of the public when appropriate and for legitimate police purposes with supervisory approval or by supervisory personnel (e.g., complaint reviews or parental requests of their minor children on video).

All recordings shall be reviewed by the Records Supervisor or authorized designee prior to public release (see the Records Release/Public Information Requests section of this policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

Except as set forth in this policy, or as allowed by state or federal law, non-department personnel shall not be allowed to review the recordings without the written consent of the Chief of Police or the authorized designee.

421.8.6 USE OF FORCE

If the officer is giving a formal statement about the use of force or if the officer is the subject of a disciplinary investigation, the officer shall:

- (a) Have the option of reviewing the recordings in the presence of the officer's attorney or labor representative; and
- (b) Have the right to review recordings from other body-worn cameras capturing the officer's image or voice during the underlying incident and/or events that are the subject of the investigation.

421.9 CRITICAL INCIDENTS

Following an officer-involved shooting, use of deadly force, or other critical incident, and when safe and practical to do so:

- (a) Body-worn cameras will be collected by the on-scene sergeant or officer in charge (OIC) and will be immediately powered off to prevent viewing or uploading.
- (b) Sergeants and officers will only review the BWC video when exigent circumstances exist, such as an officer being injured or in order to obtain identifying suspect information or other pertinent information.
- (c) Involved officers' cameras will be turned over to the County Major Crimes Team (MCT) for processing. If the involved officers are Tualatin officers wearing a body-worn camera, the MCT coordinator will work with Tualatin Police Department's Body-worn Camera System Administrator or authorized designee to download any body-worn camera video pertaining to the incident.
- (d) Any body-worn camera videos that contain video of a critical incident or officer-involved shooting shall be immediately categorized as "restricted" by the System Administrator once the video is downloaded.
- (e) The MCT Coordinator will work with the System Administrator to provide software access to MCT detectives so they are able to review the video(s).
- (f) Officers involved in a shooting will have the opportunity to review only their video before giving a formal statement to the MCT. The MCT and Tualatin Police Officer's Association (TPOA) will coordinate an appropriate time for involved officers to view the video.

421.10 HANDLING OF DIGITAL MEDIA EVIDENCE

- (a) Department-owned body-worn camera equipment and all data, images, video and metadata captured, recorded, or otherwise produced by the equipment is the property of the department. The personal use of information recorded by body-worn cameras shall only be used with the written approval of the Chief of Police or authorized designee.
- (b) The Records Supervisor and/or the Property and Evidence Technician will be the System Administrator(s) for the data storage system. All access and activity on the data storage system is logged and subject to audit at any time. Personnel authorized under this policy may only view data files according to the provisions of this policy or as designated by the System Administrator(s), the Chief of Police or authorized designee.
- (c) Any contract with a third-party vendor for data storage of recordings from body-worn cameras must state that all recordings are the property of the Tualatin Police Department, not owned by the vendor, and cannot be used by the vendor for any purpose inconsistent with the policies and procedures of the Tualatin Police Department (ORS 133.741).
- (d) All files will be stored and maintained in a secure department-approved location.
- (e) Recordings from body-worn video cameras shall not be analyzed with facial recognition or other biometric matching technology (ORS 133.741).

421.11 RETENTION REQUIREMENTS

All files from body-worn cameras shall be securely stored in accordance with state records retention laws and will be purged after no longer useful for purposes of training, or for use in an investigation or prosecution (including appeals), or for use in resolving a claim or pending litigation, or disciplinary investigation. In capital punishment prosecutions, files shall be kept until the alleged offender is no longer under control of a criminal justice agency.

All recordings shall be retained for a period consistent with the requirements of the state's public records retention laws, but in no event for a period less than 180 days. Recordings no longer needed for a court proceeding or an ongoing criminal investigation shall not be retained for more than 30 months (ORS 133.741).

The retention period begins from the date the body-worn camera recording was labeled or categorized. Department administrators, in addition to the recording officer, may label or categorize recordings for retention. Officers will periodically be directed by the System Administrator(s) or designee to label or categorize any DME which had not previously been labeled or categorized.

421.12 RECORDS RELEASE/PUBLIC INFORMATION REQUESTS

Any department member who receives a request for records shall route the request to the Records Supervisor or the authorized designee. (Refer to Policy 804 Records Maintenance and Release.) Such recordings may only be disclosed under the conditions provided under Oregon State Law (ORS 133.741) that includes the following guidelines related to BWC recorded data requests:

- (a) The request must be for an event for which there is public interest.
- (b) The request must be for an approximate time or event.
- (c) The request must be tailored to the relevant video of the event.
- (d) All faces must be rendered unidentifiable (blurred) prior to release.

A reasonable attempt will be made by the releasing person or designee to notify any involved employee(s) prior to release of the information. Officers shall be provided with at least seven (7) calendar days written notice of any public requests made to review DME from their body-worn cameras.

421.13 ANNUAL REVIEW

An evaluation of the Body-Worn Camera program and policy review will be conducted annually by the Body-worn Camera System Administrator or authorized designee.

Arrest or Detention of Foreign Nationals

422.1 PURPOSE AND SCOPE

Article 36 of the Vienna Convention on Consular Relations, sets forth certain rights of foreign nationals from member countries when arrested, detained or imprisoned by law enforcement officials in this country. This section provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate our authorities to notify the consulate upon the person's detention, regardless of whether the detained person(s) request that his or her consulate be notified. The list of specific countries that the United States is obligated to notify is listed on the US Department of State website.

422.1.1 DEFINITIONS

Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions" (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

422.2 ARREST OR DETENTION OF FOREIGN NATIONALS

Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity received from violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

422.3 LEVELS OF IMMUNITY

The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

Tualatin Police Department

Tualatin PD Policy Manual

Arrest or Detention of Foreign Nationals

422.3.1 DIPLOMATIC AGENTS

Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities.

422.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul, and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

422.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity.

422.4 IDENTIFICATION

All diplomatic and consular personnel who are entitled to immunity are registered with the Department of State and are issued distinctive identification cards by the Department of State Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and, on the reverse side, a brief description of the bearer's immunity status. Unfortunately, these identification cards are not always promptly issued by the Department of State. In addition to the Department of State identification card, Foreign Service personnel should also have a driver license issued by the Department of State Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state.

422.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white, and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates; but may have Oregon license plates with an "honorary consul"

Tualatin Police Department

Tualatin PD Policy Manual

Arrest or Detention of Foreign Nationals

label. Driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state, if the officer has reason to question the legitimate possession of the license plate.

422.5 ENFORCEMENT PROCEDURES

The following procedures provide a guideline for handling enforcement of foreign nationals:

422.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current Department of State guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the arresting officer:

- (a) Identification documents are to be requested of the claimant
- (b) The title and country represented by the claimant are to be recorded on the back of the officer's copy of the Notice to Appear for later reference. Do not include on the face of the notice to appear
- (c) The violator shall be provided with the appropriate copy of the notice to appear

422.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention (unless they have no identification and the detention is to verify their diplomatic status). Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined in Policy Manual § 422.6 of this policy.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim (unless restraint is necessary for the protection of the officer or others.)

A supervisor shall be promptly notified and should respond to the scene when possible.

Field verification of the claimant's identity is to be attempted as follows:

- (a) Identification cards issued by the Department of State, Protocol Office, are the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered), and Official (green bordered), The Department of State identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.
- (b) Initiate telephone verification with the Department of State. Newly arrived members of diplomatic or consular missions may not yet have official Department of State identity documents. Verify immunity by telephone with the Department of State any time an

Tualatin Police Department

individual claims immunity and cannot present satisfactory identification, the officer has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Law enforcement personnel should use the following numbers in order of preference:

Office of Foreign Missions	Diplomatic Security Service
San Francisco, CA	915 Second Avenue, Room 3410

(0815-1700 EST)	(Available 24 hours)
	(202) 647-0122 FAX

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by Office of Emergency Services, local law enforcement agencies, the foreign embassy, or consulate; driver licenses issued by Department of State; and, Department of State license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified, but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained then the official shall be released. A supervisor's approval for the release shall be obtained whenever possible. The necessary release documents and/or a Certificate of Release form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and

Tualatin Police Department

Tualatin PD Policy Manual

obtained whenever possible, however, these tests cannot be compelled. The subject shall not be permitted to drive. A supervisor's approval for release shall be obtained whenever possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in a Driving Under the Influence (DUI) Arrest-Investigation Report, Arrest-Investigation Report and/or any other relevant Report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued by the command concerned. The Department of State will take appropriate sanctions against errant foreign service personnel, even where prosecution is not undertaken by the agency.

422.6 TRAFFIC COLLISIONS

Persons involved in traffic collisions who possess a Department of State OFM Diplomatic Driver License, issued by the DMVO, shall have "D" coded in the license "class" box of the Traffic Collision Report. If subsequent prosecution of the claimant is anticipated, the claimant's title, country, and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in Policy Manual § 422.5 of this chapter.

422.6.1 VEHICLES

Vehicles, which are owned by subjects with full immunity, may not be searched, stored, or impounded without the owner's permission. (Such permission may be assumed if the vehicle has been stolen.) These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

422.6.2 REPORTS

A photocopy of each traffic collision report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Chief of Police within 48 hours whether or not the claim is verified. The words "Immunity Claim" shall be marked on the photocopy, together with a notation of the claimant's title, country, and type of identification presented (if applicable). In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual aspects of the enforcement contact that should be reported to the Department of State for further action. The Patrol Sergeant/Supervisor apprised of the incident/accident shall also send a copy of all documents and reports submitted by the investigating officer along with any supervisor's notes, materials and/or logs to the Chief of Police's office within 48 hours of the incident. The Chief of Police's office will check to ensure that notification of Department of State and all necessary follow-up occur.

422.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY

Officers may only arrest foreign nationals not claiming diplomatic or consular immunity under the following circumstances:

- (a) There is a valid warrant issued for the person's arrest

Tualatin Police Department

Tualatin PD Policy Manual

Arrest or Detention of Foreign Nationals

- (b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law, or a local ordinance
- (c) Officers shall not arrest foreign nationals solely for alleged undocumented entry into the United States.

Because undocumented presence is strictly a federal civil violation, it is only enforceable by federal officers therefore officers of this department shall not arrest foreign nationals solely for undocumented presence. Officers shall not stop or detain persons solely for determining immigration status.

422.7.1 ARREST PROCEDURE

Whenever an officer physically arrests or detains an individual for criminal investigation and the officer reasonably believes the person to be a foreign national, the officer shall inquire to determine the person's citizenship.

This procedure applies to detentions of more than two hours. An inquiry is not required if the individual is detained less than two hours for criminal investigation.

If the individual indicates that he/she is other than a U.S. citizen, the officer shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

If the individual requests such notification, the officer shall contact Dispatch as soon as practical and request the appropriate embassy/consulate be notified. Officers shall provide Dispatch with the following information concerning the individual:

- Country of citizenship
- Full name of individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention if different from the Department itself

If the foreign national claims citizenship of one of the countries listed by the US Department of State as requiring mandatory consular notification, officers shall provide Dispatch with the information above as soon as practical whether or not the individual desires the embassy/consulate to be notified. This procedure is critical because of treaty obligations with the particular countries. The list of mandatory notification countries and jurisdictions can be found on the US Department of State [Website](http://www.state.gov) at www.state.gov.

422.7.2 DOCUMENTATION

Officers shall document on the face page and in the narrative of the appropriate Arrest-Investigation Report the date and time Dispatch was notified of the foreign national's arrest/detention and his/her claimed nationality.

Rapid Response and Deployment

424.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

424.2 POLICY

The Tualatin Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

424.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

424.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack and manage resources to maintain the capacity to respond to incidents in other locations.

When deciding on a course of action officers should consider:

Tualatin Police Department

Tualatin PD Policy Manual

Rapid Response and Deployment

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action when the situation warrants.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

424.5 PLANNING

The Patrol Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities at critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers at critical incident target sites.

424.6 TRAINING

The Training Coordinator should include rapid response to critical incidents in the training plan. This training should address:

Tualatin Police Department

Tualatin PD Policy Manual

Rapid Response and Deployment

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Tualatin Police Department relating to immigration and interacting with federal immigration officials.

428.2 POLICY

It is the policy of the Tualatin Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

428.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Oregon constitutions.

428.4 DETENTIONS

This department does not participate in routine immigration investigation and enforcement activities (ORS 181A.820).

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

Tualatin Police Department

Tualatin PD Policy Manual

Immigration Violations

An officer may arrest any person who is the subject of an arrest warrant issued by a federal magistrate for a criminal violation of federal immigration laws (ORS 181A.820).

An officer should notify a supervisor as soon as practicable whenever an individual is being detained or arrested for a criminal immigration violation.

428.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

428.4.2 IMMIGRATION INQUIRIES PROHIBITED

An officer shall not inquire into an individual's immigration status, citizenship status, or country of birth except where allowed by law (ORS 181A.823).

428.4.3 INDIVIDUAL RIGHT NOTIFICATION

To ensure compliance with all treaty obligations, including consular notification and state and federal laws, an officer should ensure individuals who are detained receive an explanation in writing, with interpretation into another language if requested, of the following (ORS 181A.823):

- (a) The individual's right to refuse to disclose the individual's nationality, citizenship, or immigration status.
- (b) That the disclosure of the individual's nationality, citizenship, or immigration status may result in a civil or criminal immigration enforcement, including removal from the United States.

428.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

428.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services (unrelated to immigration enforcement), such as peacekeeping efforts (ORS 181A.826).

428.6.1 FEDERAL IMMIGRATION ENFORCEMENT REQUESTS AND DOCUMENTATION

Any requests from federal immigration officials for assistance relating to immigration enforcement (other than a judicial subpoena) shall be declined and the communication or request shall be documented. The documentation shall be forwarded to the Chief of Police or the authorized

Immigration Violations

designee. The Chief of Police or the authorized designee should ensure the documentation is forwarded to the Oregon Criminal Justice Commission (OCJC) as prescribed by the OCJC (ORS 181A.826).

428.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; ORS 181A.823):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under Oregon State Law.

428.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

428.7.2 NON-DISCLOSURE OF CERTAIN INFORMATION

Except as required by state or federal law, members should not disclose for the purpose of enforcement of federal immigration laws the following information about a person or his/her known relatives or associates, whether current or otherwise (ORS 180.805):

- (a) The person's address
- (b) The person's workplace or hours of work
- (c) The person's school or school hours
- (d) The person's contact information, including telephone number, email address, or social media account information
- (e) The identity of known associates or relatives of the person
- (f) The date, time, or location of a person's hearings, proceedings, or appointments with the Department that are not matters of public record

428.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Tualatin Police Department

Tualatin PD Policy Manual

Immigration Violations

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Unit supervisor assigned to oversee the handling of any related case.

The Detective Unit supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner (ORS 147.620).
 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

428.8.1 DENIAL OF CERTIFICATION

If certification is denied, the Detective Unit supervisor shall inform the petitioner in writing regarding the reason for the denial as provided in ORS 147.620. A copy of the notice shall be kept for a minimum of three years and in accordance with the established records retention schedule (ORS 147.620).

428.8.2 TIME FRAME FOR COMPLETION

Except under circumstances where there is good cause for delay, the Detective Unit supervisor shall process the certification for the U visa or T visa within 90 days of the request, unless the victim is in federal immigration removal proceedings, in which case the certification shall be executed within 14 days after the request is received (ORS 147.620).

428.9 TRAINING

The Training Coordinator should ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Emergency Utility Service

430.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by Dispatch.

430.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Portland General Electric Company or Public Works should be promptly notified, as appropriate.

430.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

430.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for utility emergencies is maintained by Dispatch.

430.2 TRAFFIC SIGNAL MAINTENANCE

The City of Tualatin contracts with Washington County to furnish maintenance for all traffic signals within the City, other than those maintained by the State of Oregon.

430.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Officers have the responsibility to address any hazard caused by malfunction of any inoperative or malfunctioning signal.

Aircraft Accidents

434.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

434.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

434.2 POLICY

It is the policy of the Tualatin Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

434.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

434.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Tualatin Police Department

Tualatin PD Policy Manual

Aircraft Accidents

434.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

434.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

434.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.

At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of TuPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

434.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

434.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

434.9 MEDIA RELATIONS

The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Tualatin Police Department

Tualatin PD Policy Manual

Aircraft Accidents

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Contacts and Temporary Detentions

439.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

439.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile/Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Frisk or pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others (ORS 131.625).

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Stop - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion that the person has committed or is about to commit a crime (ORS 131.615).

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

439.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Tualatin Police Department

Tualatin PD Policy Manual

Contacts and Temporary Detentions

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Tualatin Police Department to strengthen community involvement, community awareness, and problem identification.

439.2.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act or violation.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in the area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

439.3 FRISK OR PAT-DOWN SEARCHES

A frisk or pat-down search of a stopped person may be conducted whenever an officer reasonably believes that the person may possess a dangerous or deadly weapon and presents a danger to the officer or other persons present (ORS 131.625). The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

439.4 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

439.4.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should document in his/her report that the subject voluntarily gave his/her consent.

439.4.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

439.4.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Patrol Sergeant with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures

If a photograph is not associated with an investigation where a case number has been issued, the Patrol Sergeant should review it and forward the photograph to one of the following locations:

- (a) If the photo and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Patrol Sergeant will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed by the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Unit.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

Tualatin Police Department

Tualatin PD Policy Manual

Contacts and Temporary Detentions

439.4.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

439.5 POLICY

The Tualatin Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

439.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

441.1 PURPOSE AND SCOPE

This does not include temporary information files.

441.2 POLICY

The Tualatin Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

441.2.1 CRIMINAL GANG

- (a) A person can be designated as a gang member if there is reasonable suspicion that the subject has conspired to commit, or has committed, a crime in accordance with any one of the following:

 7. Subject repeatedly (twice or more) associates with known gang affiliates.
 8. Subject wears clothes or jewelry unique to a gang or uses a hand sign or language that due to content or context clearly indicates affiliation with a criminal gang.
- (c) Designation as a gang associate requires one of the following:
1. Subject's name appears on a gang activity report or other gang-related police report.
 2. Subject is in a photograph with other people who collectively display criminal gang signs or apparel to exhibit solidarity.
- (d) A gang associate may be so designated if, based on the training and experience of the officer, there is documented reasonable suspicion to believe the suspect is involved in a criminal gang.
- (e) Combined with any other element from the above categories, documented reasonable suspicion based on the training and experience of the officer can be used to designate a subject as a gang member.

441.2.3 GANG INFORMATION OFFICER (LIAISON)

Person(s) responsible for gathering and compiling gang information for its submission to the Washington County Interagency Gang Enforcement Team (I.G.E.T.). I.G.E.T. will then forward the information to the Oregon Department of Justice (DOJ) criminal gang database using the Oregon Criminal Justice Intelligence Network (OCIN).

441.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

Tualatin Police Department

Tualatin PD Policy Manual

441.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Unit. Any supporting documentation for an entry shall be retained by the Records Unit in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Unit are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

441.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

441.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Unit or Property and Evidence Section, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

441.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

441.5 INFORMATION RECOGNITION

Officers should complete a report, as indicated below, for any of the following:

- (a) Any contact with a previously documented gang member or associate based on an Oregon DOJ hit as a gang affiliate.
- (b) Any contact with a person who meets the criteria above for documentation as a gang member or associate.
- (c) Any criminal activity associated with persons either previously documented, or meeting the criteria for documentation, as a criminal gang member.
- (d) Any incident of gang-related activities:
 1. Graffiti
 2. Fights
 3. Thefts, robberies, drug distribution, extortion

441.5.1 SPECIFIC INFORMATION TO GATHER

- (a) Information required to determine eligibility for documentation as indicated in the definitions section, above.
- (b) Photograph all graffiti.
- (c) Attempt to photograph new gang related persons contacted, including tattoos if possible.

441.5.2 CONTACT OR INCIDENT REPORTING

- (a) For reportable incidents and crimes use normal department procedures utilizing Incident, Custody or other appropriate department forms.
- (b) Person contact (no crime/incident): FI card, Information Report or DOJ gang-related Submission Form.
- (c) Non criminal gang information: FI card, Information Report or DOJ gang-related Submission Form.

Tualatin Police Department

Tualatin PD Policy Manual

Criminal Organizations

Crime or Information Reports will be processed through normal procedures and copies of reports will be forwarded to the Gang Information Officer. DOJ Gang Submission Forms may also be completed and forwarded to the Gang Information Officer.

441.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

441.7 CRIMINAL STREET GANGS

The Gang Liaison Officer should ensure that there are an appropriate number of department members who can:

- (a) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (b) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

441.8 TRAINING

The Training Coordinator should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Shift Supervisors

443.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each team.

443.2 DESIGNATION AS OFFICER IN CHARGE

When a Sergeant is unavailable for duty as Shift Supervisor, in most instances the senior qualified officer shall be designated as Officer in Charge, OIC. This policy does not preclude designating officers in charge with less seniority as an OIC when operational needs require or training permits.

Mobile Data Terminal Use

447.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch.

447.2 POLICY

Tualatin Police Department members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

447.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

447.4 RESTRICTED ACCESS AND USE

MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Patrol Sergeants.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Any agency using a terminal to access the Law Enforcement Data System (LEDS), whether directly or through another agency, is responsible for adhering to all applicable LEDS rules and policies and must ensure that unauthorized persons are not given access or allowed to view LEDS information.

Tualatin Police Department

Tualatin PD Policy Manual

Mobile Data Terminal Use

447.4.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

447.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Patrol Sergeant or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

447.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDT system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDT when the vehicle is not in motion.

447.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Patrol Sergeant are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

447.6 EQUIPMENT CONSIDERATIONS

447.6.1 MALFUNCTIONING MDT

Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify Dispatch. It shall

Tualatin Police Department

Tualatin PD Policy Manual

Mobile Data Terminal Use

be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

447.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.

Authorized Radio Codes

448.1 PURPOSE AND SCOPE

To ensure the use of plain English language in Radio communications.

448.2 POLICY

The Tualatin Police Department will only use necessary authorized radio codes and plain language.

In conjunction with Washington County Consolidated Communications Agency policy; during times of declared emergencies and multi-agency/jurisdictional events, neither "10 codes" nor agency specific codes are to be used and only plain language will be used by dispatchers and field units.

"Plain Language" will have its face-value meaning. Field users and dispatchers will not use "jargon" or mnemonics and will only use phrases that can be plainly understood by all regular and special users of the radio system.

During periods when no significant emergency or multi-agency/jurisdictional event exists, dispatchers and field users may use the following selected codes to maintain user safety and to comply with acceptable communications.

448.3 PROCEDURE

Radio Codes approved by the Technical Advisory Committee (TAC).

- **10-4:** Message Understood.
- **10-15:** Suspect in custody.
- **10-35:** Can you copy confidential/officer hazard safety information? (Example: 1521 10-35(W))

Note: The purpose of "10-35" is to make the officer aware of possible officer safety information. The dispatcher will broadcast as follows "10-35F" and wait for the officer to request additional information. Asking if an officer is 10-35 defeats the intent of making notification without the subject being aware information is about to be relayed. The dispatcher will not broadcast any information until the officer advises they are clear to copy.

Identifiers:

B - Used to broadcast initial "Bait Car" activation information and during all related transmissions. The term "Bait Car" will not be used over the radio.

C - CAUTION: Information involving officer safety. Examples include weapons, suspect in crime, person with mental problems, etc.

F - Felony warrant information.

R - Restraining order information.

S - Stolen vehicle.

Tualatin Police Department

Tualatin PD Policy Manual

Authorized Radio Codes

M - Misdemeanor warrant information.

W - Weapons information.

- **10-52:** Status Check - The only acceptable answer is the officer's unit number followed by "Affirmative."
- **12-14:** Death/Dead Body.
- **12-34:** Behavioral problems.
- **Code 0:** Officer needs help (Immediate threat to life) - **This code is only initiated from the officers in the field. It will be broadcast county wide and generate a multi-jurisdictional Code 3 response, regardless of the location of the incident or responding units. Only the police agency OIC or officers on scene have the authority to cancel the response.**
- **Code 4:** I'm OK. (This is an acceptable code when it is initiated by the officer. This is not an acceptable response to a 10-52 status check.)
- **Code 5:** Stay out of the area.
- **Signal 2:** Frequency closed for a specific incident.

Portable Audio/Video Recorders

449.1 PURPOSE AND SCOPE

The Tualatin Police Department allows each of its sworn members to use audio recorders while on-duty. These recorders are intended to assist officers in the performance of their duties by providing an unbiased audio record of a contact.

449.2 UNIFORMED OFFICER RESPONSIBILITIES

Any officer may carry an audio recorder at any time the officer believes that such a device may be beneficial to the situation. At the beginning of any recording, if reasonably practicle, the officer will dictate his/her name, the current date and time. At the conclusion of the recording, the officer shall record the date and time.

Each officer shall be responsible for maintaining his/her own recordings until the media is placed into evidence/safekeeping.

449.3 MEMBER RESPONSIBILITIES

ORS 165.540 165.540 et seq. prohibits the general surreptitious recording of conversations and provides specific exceptions to that prohibition. Members of the Department are encouraged to activate their recorders when such a recording is permissible pursuant to ORS 165.540 et seq.

- (a) Absent a valid court order, other legal authorization or as provided by ORS 165.540 et seq. no member of this department may record a face-to-face conversation without first informing everyone who is present and party to the conversation that the conversation is being recorded (ORS 133.724).
- (b) ORS 133.726(7) also provides specific circumstances under which oral communications may lawfully be intercepted without a court order. Absent exigent circumstances, officers should obtain supervisory approval prior to intercepting communications pursuant to this statute.

449.4 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including but not limited to traffic violations, stranded motorist assistance, and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify Dispatch

Tualatin Police Department

Tualatin PD Policy Manual

Portable Audio/Video Recorders

- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Unless there are exigent circumstances or concerns for the safety of the member or any other person, body-worn cameras shall be activated whenever the officer has or develops reasonable suspicion or probable cause that an offense has been or will be committed by a person in contact with the member (ORS 133.741).

Members shall notify all parties to the conversation that a recording is being made unless authorized to forgo notice by a court order or the limited exceptions in ORS 165.540 and ORS 133.726 (prostitution offenses, felonies when exigency makes obtaining a warrant unreasonable, certain felony drug offenses, felonies that endanger human life) (ORS 165.540).

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize their safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

449.4.1 SURREPTITIOUS USE OF THE AUDIO RECORDER

Oregon law generally prohibits any individual from surreptitiously recording any conversation, except as provided in ORS 165.540 and ORS 165.543.

Members shall not surreptitiously record another department member without a court order or unless lawfully authorized by the Chief of Police or the authorized designee.

449.5 PROHIBITED USE OF PORTABLE RECORDERS

Recorded files may be reviewed in any of the following situations:

- (a) By a supervisor investigating a specific act of officer conduct
- (b) Upon approval by a supervisor, any member of the Department who is participating in an official investigation such as a personnel complaint, administrative investigation or criminal investigation
- (c) By the personnel who originally recorded the incident
- (d) Pursuant to lawful process or by court personnel otherwise authorized to review evidence in a related case
- (e) By media personnel with permission of the Chief of Police or authorized designee

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production, or use of marijuana under Oregon's medical marijuana laws (ORS 475C.770 et seq.).

This policy is not intended to address laws and regulations related to recreational use of marijuana.

451.1.1 DEFINITIONS

Caregiver does not include a person's attending provider; however, it may include an organization or facility that provides hospice, palliative, or home health care services. The caregiver may assist the cardholder with any matter related to the medical use of marijuana (ORS 475C.777; ORS 475C.791; ORS 475C.786).

Medical Marijuana

if the person has a designated primary caregiver under ORS 475C.789, the person's designated primary caregiver (ORS 475C.777). The RIC may also identify a person applying to produce marijuana or designate another person to produce marijuana under ORS 475C.792.

Statutory possession and grow site amounts - Amounts authorized by ORS 475C.806 and ORS 475C.809.

Usable marijuana - The dried leaves and flowers of marijuana. Usable marijuana does not include the seeds, stalks, and roots of marijuana or waste material that is a by-product of producing marijuana (ORS 475C.777).

451.2 POLICY

It is the policy of the Tualatin Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Oregon medical marijuana laws are intended to protect patients and their doctors from criminal and civil penalties that may deter the use of small amounts of marijuana by those suffering from debilitating medical conditions (ORS 475C.770). However, Oregon's medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana. The Tualatin Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Oregon law and the resources of the Department.

451.3 INVESTIGATION

Investigations involving the possession, delivery, production, or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations related to patient cardholders.
- (c) Investigations related to patient non-cardholders.

451.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

451.3.2 INVESTIGATIONS RELATED TO PATIENT CARDHOLDERS

Officers shall not take enforcement action against a cardholder for engaging in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts. Officers shall not take enforcement action against a caregiver for assisting a patient cardholder in the medical use of marijuana with amounts at or below statutory possession or grow site amounts (ORS 475C.883).

Tualatin Police Department

Tualatin PD Policy Manual

Medical Marijuana

Cardholders are required to carry their RIC when using or transporting marijuana, usable marijuana, medical cannabinoid products, cannabinoid concentrates, or cannabinoid extracts at a location other than the address on file with the Oregon Health Authority (ORS 475C.812). However, officers should treat a person without a RIC in their possession as if it were in their possession if the RIC can be verified through an Oregon State Police Law Enforcement Data Systems (LEDS) query or other sources.

451.3.3 INVESTIGATIONS RELATED TO PATIENT NON-CARDHOLDERS

Officers should not take enforcement action against a patient who does not have a RIC for possession, delivery, or production of marijuana, or any other criminal offense in which possession, delivery, or production of marijuana is an element, if the patient meets all of the following (ORS 475C.889):

- (a) Is engaged in the medical use of marijuana
- (b) Possesses, delivers, or manufactures a quantity at or below statutory possession quantity or the quantity cultivated is at or below statutory grow site amounts

Officers should not take enforcement action against a person who does not meet the definition of a patient if the person is taking steps to obtain a RIC; possesses, delivers, or manufactures marijuana at or below statutory possession or grow site amounts; and the person's medical use claim appears genuine under the circumstances (ORS 475C.889).

451.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Grow sites are regulated in the following manner (ORS 475C.792):
 1. The Oregon Health Authority must have issued a marijuana grow site registration card for a site to be valid.
 2. The grow site registration card must be posted for each RIC holder for whom marijuana is being produced at a marijuana grow site.
- (b) An officer who determines that the number of marijuana plants at an address exceeds quantities authorized by statute may confiscate only the excess number of plants (ORS 475C.806).
- (c) Because enforcement of medical marijuana laws can be complex and time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 1. The suspect has been identified and can be easily located at another time.
 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.

Tualatin Police Department

Tualatin PD Policy Manual

Medical Marijuana

4. Any other relevant factors exist, such as limited available department resources and time constraints.
- (d) Before proceeding with enforcement related to grow sites, a marijuana producer, or processing sites, officers should consider conferring with appropriate legal counsel, the Oregon Health Authority, and/or Oregon Liquor and Cannabis Commission (ORS 475C.137; ORS 475C.806).
- (e) Registration or proof of registration under ORS 475C.770 to ORS 475C.919 does not constitute probable cause to search the person or property of the registrant or otherwise subject the person or property of the registrant to inspection (ORS 475C.894).
- (f) As a licensing authority, the Oregon Liquor and Cannabis Commission may assist with related questions regarding recreational marijuana (ORS 475C.065).

451.3.5 EXCEPTIONS

Medical marijuana users are generally not exempt from other criminal laws, and officers should enforce criminal laws not specifically covered by the Medical Marijuana Act appropriately. Officers may take enforcement action if the person (ORS 475C.886):

- (a) Drives under the influence of marijuana as provided in ORS 813.010.
- (b) Engages in the medical use of marijuana in a place where the general public has access (ORS 161.015), in public view, in a correctional facility (ORS 162.135(2)), or in a youth correction facility (ORS 162.135(6)).
- (c) Delivers marijuana to any individual who the person knows is not in possession of a RIC.
- (d) Delivers marijuana to any individual or entity that the person knows has not been designated to receive marijuana or assigned a possessory interest in marijuana by an individual in possession of a RIC.

If an officer knows or has reasonable grounds to suspect a violation of the Adult and Medical Use of Cannabis Act (ORS 475C.005 to ORS 475C.525), the officer shall immediately notify the district attorney who has jurisdiction over the violation and provide any relevant information, including the names and addresses of any witnesses (ORS 475C.413).

451.3.6 INDUSTRIAL HEMP

Medicinal marijuana investigations may lead to separate issues related to industrial hemp. Growers and handlers who operate under the industrial hemp laws of Oregon must be licensed with the ODA to grow or handle industrial hemp or produce agricultural hemp seed. Growers and handlers who produce seed products incapable of germination are not required to be licensed with the ODA (ORS 571.281). Officers may contact the ODA's Commodity Inspection Division for information about industrial hemp sites and registration compliance.

Tualatin Police Department

Tualatin PD Policy Manual

Medical Marijuana

451.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

451.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section supervisor shall ensure that marijuana, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed, harmed, neglected, or injured. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants (ORS 475B.922).

Marijuana should not be returned to any person unless authorized by the Detective Unit supervisor and upon advice of city counsel. Any court order to return marijuana should be referred to city counsel.

Oregon Law does not provide authority for return of seized marijuana. Specifically, the Federal Controlled Substances Act (CSA) (21 USC §§ 801 to 971) does NOT exempt marijuana from its prohibitions and as such, the requirements of ORS 133.643 that a person requesting return of seized property show they are entitled to the "rightful" (i.e., lawful) possession thereof, cannot make that showing. Therefore, no marijuana, no matter how it came to be in police custody, whether legally possessed or not, including medical and recreational marijuana, and no other illegal Controlled Substances or paraphernalia can be returned to a claimant.

Because the Federal CSA does not exempt marijuana and therefore marijuana is a prohibited substance, marijuana is deemed to have no value. The Tualatin Police Department will not be liable for any "deemed" value should marijuana that has come into the police department's possession be destroyed.

The Property and Evidence Section supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Unit supervisor.

Foot Pursuits

457.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

457.2 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, officers should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

Tualatin Police Department

Tualatin PD Policy Manual

Foot Pursuits

457.3 RESPONSIBILITIES IN FOOT PURSUITS

457.3.1 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information necessary to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

457.4 REPORTING REQUIREMENTS

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Any injuries and/or medical treatment.
- (h) Any property or equipment damage.
- (i) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Foot Pursuits

457.5 REGULAR AND PERIODIC FOOT PURSUIT TRAINING

In addition to initial and supplementary training on foot pursuits, all sworn members of this department will participate in regular and periodic department training addressing this policy and the importance of safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

457.6 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

Bicycle Patrol

459.1 PURPOSE AND SCOPE

The Tualatin Police Department has established the option of Bicycle Patrol for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

459.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Shift Supervisor.

459.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, shall submit a request to their appropriate Division Commander, through the chain of command. Qualified applicants will then be invited to an oral interview. The oral board will consist of the supervisors from the Tualatin Police Department. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as it pertains to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the bicycle as a mode of transportation.

Final selection will be based upon recommendations by the supervisors and the Patrol Division Commander.

459.4 TRAINING

Participants in the program must complete an initial department-approved bicycle training course after acceptance into the program. Thereafter bicycle patrol officers should receive regular in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

Tualatin Police Department

Tualatin PD Policy Manual

Bicycle Patrol

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

459.5 UNIFORMS AND EQUIPMENT

Bicycle officers shall wear the department-approved uniform and safety equipment while operating the patrol bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear. Soft body armor/vest is required.

Bicycle officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining necessary forms, citation books and other needed equipment to keep available while on bike patrol.

459.6 CARE AND USE OF PATROL BICYCLES

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Except in the event of an emergency officers shall not remove or add components or modify the patrol bicycle without the expressed approval of a supervisor.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Except when emergency circumstances preclude doing so patrol bicycles should be properly secured when not in the officer's immediate presence.

459.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the Oregon Revised Statutes. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Homeless Persons

463.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that department members understand the needs and rights of the homeless, and to establish procedures to guide them during all contacts with the homeless, whether consensual or for enforcement purposes.

This policy establishes a liaison to the homeless community, addresses the responsibilities of the department member appointed to act as a liaison to the homeless, and details the need for special protection and services for homeless persons.

463.2 LIAISON TO THE HOMELESS COMMUNITY

The Chief of Police shall designate certain responsibilities to a liaison to the homeless community. The liaison shall be appointed by and directly responsible to the Patrol Division Commander or the authorized designee.

The responsibilities of the liaison include but are not limited to:

- (a) Maintaining and making available to all department members a list of assistance programs and other resources that are available to homeless persons.
- (b) Meeting with social services and representatives of other organizations that render assistance to the homeless community.
- (c) Maintaining a list of the areas within and near the jurisdiction of this department that are used as frequent homeless encampments.
- (d) Remaining abreast of laws dealing with homelessness, including property rights. This includes the following:
 1. Proper posting of notices of trespass and cleanup operations.
 2. Proper retention of property after cleanup, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.
- (e) Being present during any cleanup operation conducted by this department that involves the removal of personal property of the homeless. This is to ensure that the established rights of the homeless are not violated.
- (f) Developing training to assist members in understanding current legal and social issues relating to the homeless.
- (g) Reviewing any city policies regarding homeless individuals camping on public property (ORS 195.500).

463.3 FIELD CONTACTS

Officers are encouraged to contact a homeless person to render aid, offer assistance, or to check the person's welfare. Officers also will take enforcement action when information supports a reasonable and articulable suspicion of criminal activity. However, such contacts shall not be used for harassment.

Tualatin Police Department

Tualatin PD Policy Manual

Homeless Persons

When encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions, such as shelter referrals and counseling, in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

463.3.1 CONSIDERATIONS

A homeless person will receive the same level and quality of service provided to other members of the community. The fact that a victim, witness, or suspect is homeless can, however, require special considerations for a successful investigation and prosecution. When handling investigations involving victims, witnesses, or suspects who are homeless, officers should consider:

- (a) Documenting alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Documenting locations the person may frequent.
- (c) Providing victim/witness resources, when appropriate.
- (d) Obtaining sufficient statements from all available witnesses in the event that a victim cannot be located and is unavailable for a court appearance.
- (e) Whether the person may be an adult abuse victim and, if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arranging for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Whether a crime should be reported and submitted for prosecution, even when a victim who is homeless indicates no desire for prosecution.

463.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting, and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested, or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure any personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed, and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping.

Tualatin Police Department

Tualatin PD Policy Manual

Homeless Persons

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding, or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the liaison if such property appears to involve a trespass, is a blight to the community, or is the subject of a complaint. It will be the responsibility of the liaison to address the matter in a timely fashion.

463.4.1 STATE LAW ON UNCLAIMED PERSONAL PROPERTY

When a homeless individual is removed pursuant to a city policy, any unclaimed personal property stored by this department shall be stored in an orderly fashion, keeping items that belong to an individual together to the extent that ownership can reasonably be determined. Items that have no apparent utility or are in an unsanitary condition may be immediately discarded upon removal of the homeless individual from the camp site (ORS 195.505).

Weapons, controlled substances, and items that appear to be either stolen or evidence of a crime shall be stored pursuant to department protocols and the Property and Evidence Policy.

463.5 MENTAL HEALTH ISSUES

When mental health issues are evident, officers should consider referring the person to the appropriate mental health agency or providing the person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health facility for voluntary evaluation if it is requested or offered and accepted by the person, and approved by a supervisor. Officers should consider detaining the person under civil commitment when facts and circumstances reasonably indicate such a detention is warranted (see the Civil Commitments Policy).

463.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can have an impact on the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or City departments when a significant impact to the environment has or is likely to occur. A significant impact to the environment may warrant a crime report, investigation, supporting photographs, and supervisor notification.

463.7 POLICY

It is the policy of the Tualatin Police Department to protect the rights, dignity, and private property of all members of the community, including people who are homeless. Abuse of authority to harass any member of the community will not be permitted. The Tualatin Police Department will address the needs of homeless persons in balance with the overall mission of this department.

Homelessness is not a crime and members will not use homelessness as the sole basis for detention or law enforcement action.

Tualatin Police Department

Tualatin PD Policy Manual

Homeless Persons

463.8 HOMELESS CAMPS ON PUBLIC PROPERTY

Prior to removing homeless individuals from an established campsite on public property, officers shall (ORS 195.505):

- (a) Post the area with required written notice of pending removal at all entrances reasonably identifiable. Notice should be in English and Spanish and include all required information under ORS 195.505 (e.g., location of unclaimed property, required contact information for questions regarding location of property storage).
 - 1. Notice shall be posted at least 72 hours prior to removal except in certain circumstances (e.g., camping at cemeteries).
- (b) Once notice is posted, notify the local agency that delivers social services to homeless individuals as to where the notice has been posted.

The 72-hour warning notice requirement is not necessary if officers reasonably believe that illegal activity unrelated to the camping is occurring at an established camping site or in the event of an exceptional emergency such as a possible site contamination by hazardous materials, a public health emergency, or other immediate danger to human life or safety (ORS 195.505).

Public Recording of Law Enforcement Activity

465.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

465.2 POLICY

The Tualatin Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

465.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (ORS 165.540).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

465.4 OFFICER/DEPUTY RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

Tualatin Police Department

Tualatin PD Policy Manual

Public Recording of Law Enforcement Activity

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

465.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

465.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless ("First Amendment Privacy Protection, Unlawful Acts", 42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the

Tualatin Police Department

Tualatin PD Policy Manual

Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

First Amendment Assemblies

466.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

466.2 POLICY

The Tualatin Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

466.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

Tualatin Police Department

Tualatin PD Policy Manual

First Amendment Assemblies

466.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

466.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

466.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

466.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Tualatin Police Department

Tualatin PD Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

466.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles, and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
 1. The plan shall include officer identifiers affixed to the uniform and helmet that comply with ORS 181A.702.
 - (a) An officer shall not intentionally obscure any part of a uniform or helmet identifier.
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief, and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.

Tualatin Police Department

First Amendment Assemblies

- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

466.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

466.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

466.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should

Tualatin Police Department

Tualatin PD Policy Manual

First Amendment Assemblies

be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Force or control devices, including oleoresin capsicum (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

466.8 ARRESTS

The Tualatin Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

466.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

466.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should

Tualatin Police Department

Tualatin PD Policy Manual

First Amendment Assemblies

promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

466.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

466.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

466.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

466.13 PUBLIC REQUEST OF OFFICER IDENTIFICATION

Officers shall provide their name, identification number, or unique identifier assigned by the Department to a person when requested if it is practical, safe, and tactically sound to do so at the time of request (ORS 181A.704).

The request may be satisfied by providing a department-issued business card.

466.13.1 INVESTIGATION OF OFFICER IDENTIFICATION

Upon request by a member of the public, the Department shall conduct an investigation to identify an officer as follows (ORS 181A.704):

Tualatin Police Department

Tualatin PD Policy Manual

First Amendment Assemblies

The member of the public has provided the following:

- The member of the public has provided the following:
 - A partial name
 - A full or partial badge number, or other identifying number
 - A photo of the officer
 - A full or partial license plate, or other identifying number from a police vehicle
 - A physical description
 - The location, date, and time when the officer was present

Within seven days of receiving the request, the department shall confirm to the requester receipt of the request.

- Within 14 days after receiving the request, the department shall provide the requester:
 - The name and the number assigned to the officer by the Department of Public Safety Standards and Training; or
 - An explanation of why the identification could not be performed.
- If the requester provided a full badge number, the department shall provide the name of the officer within 14 days after receiving the request.

Identification shall not be provided if the officer is participating in an undercover law enforcement operation (ORS 181A.704).

Medical Aid and Response

467.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

467.2 POLICY

It is the policy of the Tualatin Police Department that all officers and other designated members be trained in the administration of Naloxone when necessary to facilitate an emergency medical response to a suspected opioid overdose.

467.3 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocols specified by the physician who prescribed the overdose medication for use by the member.

467.3.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Patrol Captain for replacement.

Any member who administers an opioid overdose medication should notify responding medical personnel as soon as possible of the use.

467.3.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Division Commander will ensure that the report contains enough information to meet applicable state reporting requirements.

467.3.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Coordinator should ensure training is provided to members authorized to administer opioid overdose medication.

467.4 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Tualatin Police Department

Tualatin PD Policy Manual

Medical Aid and Response

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

467.5 FIRST AID TRAINING

Subject to available resources, the Training Coordinator should ensure officers receive periodic first aid training appropriate for their position.

467.6 MEDICAL ATTENTION FOR RESTRAINED PERSONS

When an officer encounters a restrained person suffering a respiratory or cardiac compromise, the officer shall request EMS services immediately if (ORS 133.518):

- (a) It is tactically feasible to make the request.
- (b) The officer has access to communications.

Suspicious Activity Reporting

468.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

468.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

468.2 POLICY

The Tualatin Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

468.3 RESPONSIBILITIES

The Investigation Division Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigation Division Commander include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

Tualatin Police Department

Tualatin PD Policy Manual

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

468.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

468.5 HANDLING INFORMATION

The Records Unit will forward copies of SARs, in a timely manner, to the following:

- Detective Unit supervisor
- Crime Analysis Unit
- Other authorized designees

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Tualatin Police Department. Information provided by the Department of Motor Vehicles and Oregon Department of Transportation is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating an officer's overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Officers attempting to enforce traffic laws shall be in Tualatin Police Department uniform or shall conspicuously display an official identification card showing the officer's lawful authority (ORS 810.400). Several methods are effective in the reduction of collisions:

Tualatin Police Department

Tualatin PD Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

Officers at the scene of a traffic accident and, based upon the officer's personal investigation, having reasonable grounds to believe that a person involved in the accident has committed a traffic offense in connection with the accident, may issue the person a citation for that offense (ORS 810.410(4)).

500.3.3 PHYSICAL ARREST

Officer may arrest or issue a citation to a person for a traffic crime at any place within the state. Generally, physical arrests are limited to major traffic offenses such as:

- (a) Driving Under the Influence of Intoxicants.
- (b) Hit-and-Run.
- (c) Attempting to Elude.
- (d) Reckless Driving with extenuating circumstances.
- (e) Situations where a violator refuses or cannot satisfactorily identify him/herself and therefore cannot be issued a citation.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to ORS 810.410.

Officers should attempt to interview the violator to obtain evidence that the violator knew their license was suspended. Ask if the violator is still living at the address on file with DMV and if not, how long since they moved and why they haven't notified DMV of their new address.

If a computer check of a traffic violator's license status reveals a suspended or revoked drivers license and the traffic violator still has his or her license in possession, the license shall be seized by the officer and the violator may also be cited for Failure to Return a Suspended License if evidence shows they knew they were suspended (ORS 809.500).

Tualatin Police Department

Tualatin PD Policy Manual

Traffic Function and Responsibility

500.5 HIGH-VISIBILITY VESTS

The Tualatin Police Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; OAR 437-002-0134).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

Each officer shall be issued a high-visibility vest and is responsible for its proper care and storage.

Traffic Collision Reporting

502.1 PURPOSE AND SCOPE

The Tualatin Police Department prepares traffic collision reports in compliance with Oregon Revised Statutes 810.460 relating to reports of traffic accidents to the Oregon Department of Transportation and, as a public service makes traffic collision reports available to the community with some exceptions.

502.2 RESPONSIBILITY

All officers and supervisors will be responsible for proper investigation and reporting of motor vehicle collisions. Traffic collisions will be documented using the Oregon Police Traffic Crash Report or the Tualatin Police Department Driver Information Exchange Form. The Traffic Lieutenant will receive all changes in the state manual and ensure conformity with this policy.

502.3 TRAFFIC COLLISION REPORTING

All traffic collision reports taken by members of this department shall be forwarded to the Records Management System. The Records Section will be responsible for monthly reports on traffic collision statistics to be forwarded to the Patrol Division Commander and the Oregon Traffic Safety Commission.

502.4 REPORTING SITUATIONS

502.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Traffic crash investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed by the involved employee's supervisor, per City policy.

Photographs of the collision scene and vehicle damage shall be taken. The on-duty Sergeant or OIC shall notify the Patrol Division Commander.

At the discretion of the Sergeant or OIC, these investigations may be referred to an outside law enforcement agency for investigation.

502.4.2 TRAFFIC COLLISIONS INVOLVING DEPARTMENT EMPLOYEES

When an employee of this department, either on-duty or off-duty, is involved in any traffic collision within the City limits of Tualatin the Shift Supervisor or OIC shall notify the Oregon State Police or another outside law enforcement agency to investigate the collision.

When an on-duty employee of this department is involved in any traffic collision outside the City limits of Tualatin, they shall promptly notify the on duty Sergeant or OIC and the law enforcement agency with jurisdiction for the scene for purposes of investigating the collision.

Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed by the Sergeant and forwarded to the appropriate Division Commander.

Tualatin Police Department

Tualatin PD Policy Manual

Traffic Collision Reporting

502.4.3 TRAFFIC COLLISIONS INVOLVING OTHER CITY EMPLOYEES OR OFFICIALS

The Shift Supervisor or OIC may request assistance from the Oregon State Police or other outside law enforcement agency for the investigation of any traffic collision involving any Tualatin official or employee.

502.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Traffic collision reports shall not be taken for collisions occurring on private property unless there is a death or injury to any person involved, a hit and run violation, or an officer issues a citation for a Vehicle Code violation. A Miscellaneous Services Report may be taken at the discretion of any supervisor. Refer to the Tualatin Police Department Report Writing Manual.

502.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when collisions occur on a roadway or highway or premises open to the public within Tualatin when:

- (a) there is a death, or injury to any person involved in the collision
- (b) A crime is involved (DUI, Hit and Run, Attempt to Elude, etc.)
- (c) the accident is initially reported by a garage operator who has received a vehicle involved in a serious accident or exhibiting evidence of having been struck by a bullet (Oregon Revised Statutes 822.600)
- (d) the collision meets the criteria for operators to submit a State Accident Report to the Department of Motor Vehicles
- (e) Other collisions will be reported on Tualatin Police Department Driver Information Exchange Forms pursuant to the protocols of the Tualatin Police Department Report Writing Manual.
- (f) If on a highway or roadway, all hit and run violations as defined by Oregon Revised Statutes 811.700 and 811.705.

502.4.6 TOWING VEHICLES INVOLVED IN TRAFFIC COLLISIONS

A report will be required if a vehicle is damaged in a collision and a tow truck is necessary. Towing of a vehicle from a collision scene at the request of the driver when the vehicle would not otherwise be in need of towing, does not require a traffic collision report under this policy unless the incident meets the criteria in Policy Manual § 502.45, a,b or c.

502.5 NOTIFICATION OF TRAFFIC DIVISION SUPERVISION

In the event of a serious injury or fatal traffic collision, with circumstances of alcohol or drug impairment or other criminal involvement, the Shift Supervisor or OIC shall notify the Washington County Crash Analysis Reconstruction Team Sergeant and request a CART investigation the traffic collision. The OSP Crime Lab may also be requested to assist with a fatal accident.

The Sergeant or OIC will also notify the Patrol Division Commander and the Chief of Police in the event of any serious injury or fatal traffic collision.

Vehicle Towing

510.1 PURPOSE AND SCOPE

This policy provides guidance related to vehicle towing. Nothing in this policy shall require a member of this department to tow a vehicle.

510.2 NO PREFERENCE TOW SERVICES

Upon proper application, the Washington County Sheriff's Office may approve qualified towing services to be called when a citizen needs towing but has no preference as to which service to call.

Any complaint alleging a violation of the agreement or other misconduct by a no preference operator shall be referred to the Washington County Sheriff's Office, Office of Towing Coordination, for investigation. The department may periodically review the performance of each authorized no preference operator.

The Department will assist citizens by calling any towing company desired. If the citizen has no preference and requests towing service, one of the authorized firms shall be called in rotation.

All officers are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

510.3 SECTION TITLE

510.4 POLICY

The Tualatin Police Department will tow vehicles when appropriate and in accordance with the law.

510.5 NOTICE PRIOR TO TOW

When circumstances permit, (e.g., when towing a vehicle for parking or registration violations and the vehicle does not constitute a hazard), the department member should make a good-faith effort to provide notice that is reasonably calculated to apprise the owner of the vehicle that it is subject to towing and impoundment.

510.6 REMOVAL OF VEHICLES DUE TO HAZARD

When a vehicle should be towed because it presents a hazard, the owner or operator should arrange for the towing. Department members may assist by communicating requests through Dispatch to expedite the process.

If the owner or operator is unable to arrange for towing and the vehicle presents a hazard, the vehicle may be towed at the direction of the department member when the vehicle is (ORS 819.120):

- (a) Parked so that any part of the vehicle extends into the paved portion of the travel lane.
- (b) Parked so that any part of the vehicle extends into the highway shoulder or bicycle lane of any freeway.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Towing

Vehicles that are not the property of the City should not be driven by department members unless it is necessary to move the vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant, or comply with posted signs.

510.7 ARREST SCENES

Whenever the owner or operator of a vehicle is arrested, the arresting officer should provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or, when appropriate, by having the vehicle towed, such as when the vehicle presents a traffic hazard or the vehicle would be in jeopardy of theft or damage if left at the scene.

Officers are not required to investigate whether alternatives to towing a vehicle exist after an arrest. However, a vehicle should not be towed if reasonable alternatives exist. When considering whether to leave a vehicle at the scene, officers should take into consideration public safety as well as the reasonable safety of the vehicle and its contents.

The following are examples of situations where a vehicle should not be towed (ORS 809.720):

- The vehicle can be legally parked, left in a reasonably secure and safe location, and is not needed as evidence.
- The vehicle is parked on private property, on which the arrestee or owner is legally residing, or the property owner does not object to the vehicle being parked at that location.
- The arrestee or owner of the vehicle requests that it be released to a person who is present, willing, and able to legally take control of the vehicle.
- The vehicle is legally parked and the arrestee or owner requests that it be left at the scene. In such cases the requester should be informed that the Department will not be responsible for theft or damages.

510.8 VEHICLES RELATED TO CRIMINAL INVESTIGATIONS

Officers should tow vehicles that are needed for the furtherance of an investigation or prosecution of a case, or that are otherwise appropriate for seizure as evidence (ORS 133.535).

Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than have it towed, as long as the vehicle is not needed for evidence.

510.8.1 STATE REQUIREMENTS

The impounding officer should take reasonable steps to protect against loss or damage to impounded vehicles and any contents that may have been taken as evidence (ORS 133.537).

If a recovered stolen vehicle is towed, the officer shall share the owner's contact information, including the person's home address and telephone number, with the towing service that assumes control of the vehicle (ORS 98.857).

510.9 RECORDS

Records Unit members shall ensure that pertinent data regarding a towed vehicle is promptly entered into the appropriate database.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Towing

510.9.1 VEHICLE STORAGE REPORT

Department members towing a vehicle shall complete a vehicle tow report. The report should be submitted to the [recordsBureau] as soon as practicable after the vehicle is towed.

510.9.2 NOTICE AFTER TOW

Within 48 hours, excluding weekends and holidays, of a vehicle being towed, it shall be the responsibility of the [recordsBureau] to send a notice of tow to all registered owners and others having a recorded interest in the vehicle. Notice shall be sent to all such individuals by certified mail. The notice shall include (ORS 819.180):

- (a) That the vehicle has been taken into custody and towed; the identity of the appropriate towing authority; and the statute, ordinance, or rule under which the vehicle has been taken into custody and towed.
- (b) The location of the vehicle, or the telephone number and address of the authority that will provide that information.
- (c) That the vehicle is subject to towing and storage charges, the amount of charges that have accrued to the date of the notice, and the daily storage charges.
- (d) That the vehicle and its contents are subject to a lien for payment of the towing and storage charges, and that the vehicle and its contents will be sold to cover the charges if the charges are not paid by a date specified by the appropriate authority.
- (e) That the owner, possessor, or person having an interest in the vehicle and its contents is entitled to a prompt hearing to contest the validity of taking the vehicle into custody and towing it, and to contest the reasonableness of the charges for towing and storage if a hearing is requested in a timely manner.
- (f) The time within which a hearing must be requested and the method for requesting a hearing.
- (g) That the vehicle and its contents may be immediately reclaimed by presentation to the appropriate authority of satisfactory proof of ownership or right to possession, and either payment of the towing and storage charges or the deposit of cash security or a bond equal to the charges with the appropriate authority.

510.10 TOWING SERVICES

Members shall not show preference among towing services that have been authorized for use by the Department. A rotation or other system established by the Department for tow services should be followed.

510.11 VEHICLE INVENTORIES

The contents of all vehicles towed at the request of department members shall be inventoried. When reasonably practicable, photographs may be taken to assist in the inventory.

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle, including but not limited to the glove box, other accessible areas under or within the

dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats, and under the seats.

- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in any other type of unlocked compartments that are a part of the vehicle, including but not limited to unlocked glove compartments, unlocked vehicle trunks, and unlocked car-top containers.
- (c) Any locked compartments, including but not limited to locked glove compartments, locked vehicle trunks, locked hatchbacks, and locked car-top containers, should be inventoried, provided the keys are available and are to be released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
- (d) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following: wallets, purses, coin purses, fanny packs, personal organizers, briefcases, or other closed containers designed for carrying money, small valuables, or hazardous materials.

Members should ask the occupants whether the vehicle contains any valuables or hazardous materials. Responses should be noted in the report. If the occupant acknowledges that any closed container contains valuables or a hazardous material, the container shall be opened and inventoried. When practicable and appropriate, such items should be removed from the vehicle and given to the owner or booked into property for safekeeping.

Any cash, jewelry, or other small valuables located during the inventory process will be held for safekeeping, in accordance with the Property and Evidence Policy. A copy of the property receipt should be given to the person in control of the vehicle or, if that person is not present, left in the vehicle.

These inventory procedures are for the purpose of protecting the vehicle owner's property, providing for the safety of department members, and protecting the Department against fraudulent claims of lost, stolen, or damaged property.

Towing a vehicle in order to perform an inventory should not be used as a pretext for an evidence search. Nothing in this policy prevents the towing of a vehicle that would occur for reasons independent of any suspicion that the vehicle may contain evidence if it is otherwise justified by law or this policy.

510.11.1 OPPORTUNITY TO REMOVE PROPERTY

In the event that the owner, operator, or occupant of a vehicle to be impounded is present at the scene and not subject to arrest, the officer shall provide notice and opportunity to that person to take readily retrievable personal belongings (e.g., purse, backpack, cigarette pack) from the vehicle that are not considered evidence or contraband.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Towing

510.12 SECURITY OF VEHICLES AND RETRIEVAL OF PROPERTY

If the search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, the department member conducting the search shall take such steps as are reasonably necessary to secure or protect the vehicle or property from such hazards.

Unless it would cause an unreasonable delay in towing the vehicle or create an issue of officer safety, reasonable accommodations should be made to permit the owner, operator, or occupant to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

Members who become aware that a vehicle may have been towed by the Department in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the owner or the owner's agent to request a hearing to contest the tow.

Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings.

512.2 IMPOUND HEARING

When a vehicle is impounded by any member of the Tualatin Police Department, a hearing to contest the validity of the impound will be conducted upon the request of the registered or legal owner of the vehicle or their agent.

512.2.1 HEARING PROCEDURES

When requested, a hearing to contest the validity of the impoundment and the reasonableness of the tow will be held as follows (ORS 819.190).

Requests for a hearing on an impounded vehicle shall be submitted in writing to the person designated by the Tualatin Police Department to receive such requests, within five days of the postmarked date on the notice of impound. The request shall state the grounds upon which the person requesting the hearing believes that the custody and towing of the vehicle was not justified.

An impound hearings officer, the Tualatin Municipal Court Judge, will set a time for the hearing within 72 hours of the receipt of the request, excluding Saturdays, Sundays and holidays. The hearings officer will provide notice of the hearing to the person requesting the hearing, to the impounding officer and to any owner, lessor or security interest holder shown in the Oregon Department of Transportation (ODOT) records.

An impound hearings officer, the Tualatin Municipal Court Judge, shall consider all information provided and shall determine the validity of the impound based on substantial evidence on the record, according to applicable law and department policy. The hearings officer shall then render a decision. The officer who caused the removal of the vehicle may submit an affidavit to the hearings officer in lieu of a personal appearance.

If the hearings officer decides that the impound was valid, he/she shall order the vehicle held in custody until the cost of the hearing and all reasonable towing and storage costs are paid by the party claiming the vehicle.

If the hearings officer decides that the impound was invalid, he/she shall order the immediate release of the vehicle to the owner or person with right of possession. Such person is not liable for towing or storage charges and shall be reimbursed for such charges if they have already been paid. New storage costs will not start to accrue until more than 24 hours after the time the vehicle is officially released (ORS 819.190).

If a decision is made that the impound was invalid and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded to the appropriate Division Commander for reimbursement by this department to the appropriate party.

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence of intoxicants (DUII).

514.1.1 DEFINITIONS

Definitions related to this policy include:

Intoxicants - Intoxicating liquor, controlled substances, inhalants, cannabis, psilocybin, and any drug as defined in ORS 475.005 that, when used alone or in combination with any other intoxicant, adversely affects an individual's mental or physical faculties to a noticeable or perceptible degree (2023 Oregon Laws, c. 498, § 2).

514.2 POLICY

The Tualatin Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Oregon's impaired driving laws.

514.3 INVESTIGATIONS

Officers should not enforce DUII laws to the exclusion of their other duties unless specifically assigned to DUII enforcement. All officers are expected to enforce these laws with due diligence.

The Traffic Supervisor will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUII investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Oregon or another jurisdiction.

514.4 FIELD TESTS

The Traffic Supervisor should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUII laws.

Tualatin Police Department

Tualatin PD Policy Manual

Impaired Driving

514.5 CHEMICAL TESTS

A person implies consent under Oregon law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (ORS 813.100):

- (a) The arresting officer has reasonable grounds to believe that the person was DUII.
- (b) The person is arrested for DUII and takes a breath test that discloses a blood alcohol content of less than 0.08 percent (ORS 813.131).
- (c) The person is arrested for DUII and was involved in an accident resulting in injury or property damage (ORS 813.131).
- (d) The person is receiving medical care at a health care facility immediately after a motor vehicle accident and the arresting officer has reasonable grounds to believe that the person was DUII.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.5.1 BREATH SAMPLES

The Department should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Patrol Captain.

514.5.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (ORS 813.160). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

514.5.3 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Tualatin Police Department

Tualatin PD Policy Manual

Impaired Driving

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

514.5.4 STATUTORY NOTIFICATIONS

Prior to administering any tests, the person shall be informed of the rights and consequences for DUII and refusals of testing (ORS 813.100; ORS 813.130; ORS 813.135).

514.5.5 ADDITIONAL REQUIREMENTS FOR URINE SAMPLES

An officer may not request that a person submit to a urine test unless the officer is certified by the Department of Public Safety Standards and Training as having completed the required training in the recognition of drug impaired driving. The person providing the urine sample shall be given privacy and may not be observed by the officer when providing the sample (ORS 813.131).

514.5.6 ADDITIONAL TESTING

An officer requesting that a person submit to a chemical test shall also provide the person, upon request, with a reasonable opportunity to have a qualified medical professional of their choosing administer an additional chemical test. The test may be of the person's breath or blood if alcohol concentration is an issue or of the person's blood or urine if the presence of cannabis, psilocybin, a controlled substance, or an inhalant in the person's body is an issue (ORS 813.150).

514.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (ORS 813.100; ORS 813.130; ORS 813.131; ORS 813.135).
- (b) Audio- and/or video-record the admonishment and the response when it is legal and practicable.
- (c) Document the refusal in the appropriate report.

514.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the written notice of intent to suspend upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (ORS 813.100).

514.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (ORS 813.100).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in

Tualatin Police Department

Tualatin PD Policy Manual

obtaining a blood sample due to an accident investigation or medical treatment of the person.

514.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video when legal and practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force that reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.7 ARREST AND INVESTIGATION

514.7.1 OFFICER RESPONSIBILITIES

If a person refuses to submit to a chemical test or if a test discloses that the person had a prohibited alcohol concentration in their blood, the investigating officer shall cause the following items to be

Tualatin Police Department

Tualatin PD Policy Manual

Impaired Driving

forwarded to the Driver and Motor Vehicle Services Division of the Department of Transportation (DMV) within 10 days of the arrest (ORS 813.100; OAR 735-090-0040):

- The completed Implied Consent Form
- Any confiscated license or permit belonging to the person
- A copy of the written report that complies with ORS 813.120

An officer confiscating a person's license pursuant to state DUI laws shall provide the person with a temporary driving permit unless (ORS 813.100; ORS 813.110):

- The driving privileges of the person were suspended, revoked, or canceled at the time the person was arrested.
- The person whose license was confiscated was operating on an invalid license.
- The person was not entitled to driving privileges at the time of the arrest for any other reason.
- The person holds a license or permit granting driving privileges that was issued by another state or jurisdiction and that is not confiscated.

514.7.2 OFFENSE FOR REFUSAL

If a person refuses to submit to a breath or urine test, the arresting officer may charge the person with a separate offense (ORS 813.095).

514.8 RECORDS UNIT RESPONSIBILITIES

The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

514.9 ADMINISTRATIVE HEARINGS

The Records Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DMV.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

514.10 TRAINING

The Training Coordinator should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques, and rules of evidence pertaining to DUI investigations. The Training Coordinator should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 RESPONSIBILITIES

The Patrol Commander shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

516.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the court of jurisdiction of the citation.

Should an officer determine prior to or during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required.

516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Records Section.

516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Records Section. The Records Section shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.

516.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Division.

Upon separation from employment with the department, all employees issued traffic citation books shall return any unused citations to the Patrol Commander.

516.7 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Tualatin Police Department

Tualatin PD Policy Manual

Traffic Citations

Juveniles 16 or 17 years of age should be cited in the same manner as adults and into the same courts.

- (a) Juveniles 15 and younger may be cited, but with the following differences:
 - 1. "Appear in Court": enter "To Be Notified"
 - 2. "Scheduled Bail": enter "Juv"
 - 3. "Located at": enter "To Be Notified"

- (b) If a juvenile 17 years of age or younger is to be charged with a traffic crime under the Oregon revised Statutes, the arresting officer should:
 - 1. Issue a citation for the charge as mentioned previously in this section
 - 2. Complete all reports as for an adult, pursuant to the Tualatin Police Department Report Writing Manual.
 - 3. Either release the juvenile to a parent or guardian or lodge the juvenile, pursuant to the appropriate county juvenile department recommendation.

Disabled Vehicles

520.1 PURPOSE AND SCOPE

Public safety, and the Tualatin Police Department's commitment to service, requires that officers place a high priority on assisting disabled motorists. This policy provides guidelines for achieving that objective.

520.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

Abandoned Vehicle And Storage On City Streets Procedures

524.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and removal of abandoned vehicles under the authority of Oregon Revised Statutes 819.100, 819.110, 819.120, and City of Tualatin Codes, Chapter 8-1.

524.2 MARKING VEHICLES

Vehicles suspected of being abandoned in violation of ORS 819.100, and in violation of Tualatin City Ordinance 8-1-260, shall be marked and noted on a CAD call. No case number is required at this time.

- (a) (a) A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the CAD call. An abandoned Tow "Red Sticker" shall be prominently attached to a window in a manner that does not block a driver's visibility.
- (b) Officers should insert remarks in their CAD call to indicate the milage of the vehicle, if visible, and it's condition at the time it was tagged.

The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

524.2.1 MARKED VEHICLE FILE

The Records Division shall be responsible for maintaining a file for all tagged abandoned vehicles.

Officers shall be responsible for the follow up investigations of all tagged as abandoned vehicle records and City Ordinance violations of vehicles stored on city streets in excess of 72 hours.

524.2.2 VEHICLE IMPOUND

Any vehicle in violation shall be impounded by the authorized towing service and an Impounded Vehicle Report shall be completed by the officer.

The Impounded Vehicle Report form shall be submitted to the Records Division immediately following the towing of the vehicle. It shall be the responsibility of the Records Division to enter the vehicle into LEDS.

Tualatin Municipal Ordinance 8-1-260 considers vehicles parked on a city street in excess of 72 hours as Storage On City Streets.

Storage on a city street in excess of 72 hours is a civil infraction and is subject to tow, following specific guidelines as set forth in Tualatin City Ordinance, Chapter 8-1. Officers should make every effort to gain compliance prior to the issuance of a Civil Infraction Citation and towing of the vehicle.

Tualatin Police Department

Tualatin PD Policy Manual

Abandoned Vehicle And Storage On City Streets Procedures

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Division to determine the names and addresses of any individuals having an interest in the vehicle through DMV. Records personnel shall mail a copy of the approved Vehicle Impound Report form along with information describing the location of the vehicle, the procedures for its release, and the owner's right to a hearing, to the legal and registered owners of the stored vehicle within 48 hours after it has been impounded, unless the vehicle has been previously released (Oregon Revised Statutes 819.180(1)).

Vehicles Impounded under this section may be subject to hearing procedures outlined in Policy Manual § 512.

524.3 IMPOUND HEARING

When a vehicle is stored under this section by any member of the Tualatin Police Department, a hearing will be conducted upon the timely request of any person who reasonably appears to have an interest in the vehicle.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 POLICY

It is the policy of the Tualatin Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.2 INITIAL INVESTIGATION

600.2.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Patrol Sergeant.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.2.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.3 COLLECTION OR MAINTENANCE OF SPECIFIC INFORMATION

The collection or maintenance of information about the political, religious or social views, associations or activities of any individual, group, association, organization, corporation, business

Tualatin Police Department

Tualatin PD Policy Manual

Investigation and Prosecution

or partnership shall occur only when the information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct (ORS 181A.250).

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies.

600.4.1 AUDIO/VIDEO RECORDINGS

Generally, except where circumstances make it impracticable, custodial interviews regarding felony offenses should be electronically recorded. When such custodial interviews are conducted in a law enforcement facility, electronic recording of the interview is mandatory absent good cause not to record if the interview is conducted in connection with an investigation into aggravated murder, as defined in ORS 163.095, or a crime listed in ORS 137.700 or ORS 137.707 (ORS 133.400).

A custodial interview of a person 17 years of age or under involving an investigation into a misdemeanor or a felony or an allegation that the juvenile being interviewed committed an act that would be a misdemeanor or a felony if committed by an adult shall be recorded, absent good cause not to record the interview, if (ORS 133.402):

- (a) The interview is conducted at a courthouse or at any law enforcement agency authorized to detain juvenile offenders; or
- (b) The interview is conducted anywhere else and the officer is wearing a body-worn camera.

If an interviewee expresses an unwillingness to have the custodial interview electronically recorded but agrees to speak to investigators without such recording, the interviewing officer or detective should document the refusal in his/her report and request that the interviewee sign a written statement or provide a recorded statement of his/her refusal to have the interview recorded.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law (ORS 165.540).

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Unit supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate, and complete and are made only for authorized and legitimate law enforcement purposes. Electronic recording of a custodial interview shall be preserved until the conclusion of the criminal proceeding or youth adjudication proceeding, including post-conviction relief and habeas corpus appeals are exhausted, or until the prosecution of the offense is barred by law (ORS 133.400).

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

Tualatin Police Department

Tualatin PD Policy Manual

Investigation and Prosecution

600.5 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while

Tualatin Police Department

Investigation and Prosecution

on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.9 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

606.3 ASSET SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

Tualatin Police Department

Tualatin PD Policy Manual

Asset Forfeiture

1. Property that is subject to a court order (ORS 131A.060).
 2. Property that is not subject to a court order if (ORS 131A.065):
 - (a) There is probable cause to believe that the property is subject to forfeiture and the property may constitutionally be seized without a warrant.
 - (b) The seizure is in the course of a constitutionally valid criminal investigative stop, arrest or search, and there is probable cause to believe that the property is subject to civil forfeiture.
 - (c) The property is directly or indirectly dangerous to the health or safety of any person.
 - (d) An owner consents to the seizure.
- (b) Criminal forfeiture
- (a) Property that is subject to a court order (ORS 131.561).
 - (b) Property that is not subject to a court order when (ORS 133.535; ORS 131.561):
 - (a) The property subject to criminal forfeiture is also evidence of a crime or is illegal to possess.
 - (b) There is probable cause to believe that the property is subject to criminal forfeiture.

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

606.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds
- (b) A conveyance owned by a common carrier or person who did not consent to the offense in question or had no knowledge of the offense (i.e., an "innocent owner") (ORS 131.558)

606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized.

Tualatin Police Department

Tualatin PD Policy Manual

Asset Forfeiture

When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

606.5 MAINTAINING SEIZED PROPERTY

The Property and Evidence Section supervisor is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- (b) All property received for forfeiture is checked to determine if the property has been stolen.
- (c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
- (d) Property received for forfeiture is not used unless the forfeiture action has been completed.

606.6 FORFEITURE REVIEWER

The Chief of Police will appoint a forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a course approved by the Department on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

- (a) Remaining familiar with forfeiture laws, particularly ORS 131.550 et seq., ORS 131A.010 et seq., and Or Const, Art XV, § 10 and the forfeiture policies of the forfeiture counsel.

Tualatin Police Department

Tualatin PD Policy Manual

- (e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.
- (f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form, and a checklist that provides relevant guidance to officers. A consensual search of a motor vehicle form should be available for field use as well (ORS 131A.025). The forms should be available in languages appropriate for the region and should contain spaces for:
 - 1. Names and contact information for all relevant persons and law enforcement officers involved.
 - 2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
 - 3. A space for the signature of the person from whom cash or property is being seized.
 - 4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure, and a detailed description of the items seized (ORS 131.561; ORS 131A.055).
- (g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Departmental Directive. The training should cover this policy and address any relevant statutory changes and court decisions.
- (h) Reviewing each asset forfeiture case to ensure that:
 - 1. Written documentation of the seizure and the items seized is in the case file.
 - 2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
 - 3. Notice of intent to seek forfeiture has been given in a timely manner to those who hold an interest in the seized property (ORS 131.570; ORS 131A.150). Information on filing notice of intent to forfeit real property with the county can be found in ORS 131.567.
 - 4. Property is promptly released to those entitled to its return.

Tualatin Police Department

Asset Forfeiture

5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
 6. Any cash received is deposited with the fiscal agent.
 7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
 8. Current minimum forfeiture thresholds are communicated appropriately to officers.
 9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
- (i) Ensuring that a written plan is available that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.
 - (j) Ensuring that the Department disposes of property as provided by law following any forfeiture.
 - (k) Disabling hidden compartments in vehicles when appropriate (ORS 131.566; ORS 131A.030).
 - (l) Ensuring that forfeiture proceeds are maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures,
 - (m) Ensuring that forfeiture reporting and expenditures are completed in the manner prescribed by the law and City financial directives.

Informants

608.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Tualatin Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Tualatin Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 POLICY

The Tualatin Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

608.3 USE OF INFORMANTS

608.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility. All informants shall be deconflicted through WIN prior to approval.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable
- (d) The Chief of Police or the authorized designee

Tualatin Police Department

Tualatin PD Policy Manual

Informants

608.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

608.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, WIN supervisor, if applicable, or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Tualatin Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.
 - (a) Members shall not become intimately involved with an informant.
 - (b) Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the investigations supervisor.
 - (c) Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the investigations supervisor.
 - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

608.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member.

Tualatin Police Department

Tualatin PD Policy Manual

Informants

The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the WIN, if applicable, and/or the Investigations Unit. The WIN supervisor, the investigations supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, investigations supervisor, WIN supervisor or their authorized designees.

The Investigation Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the WIN supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

Tualatin Police Department

Tualatin PD Policy Manual

- (j) Name of the officer initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

608.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The investigations supervisor will discuss the above factors with the Patrol Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

608.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

Tualatin Police Department

Tualatin PD Policy Manual

608.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

608.6.3 AUDIT OF PAYMENTS

The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

The Tualatin Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Detective Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Tualatin Police Department

Tualatin PD Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the suspect's photograph may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Tualatin Police Department

Tualatin PD Policy Manual

Eyewitness Identification

610.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

Tualatin Police Department

Tualatin PD Policy Manual

Eyewitness Identification

- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) A person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Unmanned Aerial System

613.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

613.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned Aerial System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording, or any other means.

613.2 POLICY

A UAS may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

613.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

613.4 PROGRAM COORDINATOR

The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current (OAR 738-080-0045), and/or coordinating compliance with FAA Part 107 Remote Pilot Certificate, as appropriate for department operations.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- Developing uniform protocols for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents.

Tualatin Police Department

Tualatin PD Policy Manual

Unmanned Aerial System

Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.

- Coordinating the completion of the FAA Emergency Operation Request Form in emergency situations, as applicable (e.g., natural disasters, search and rescue, emergency situations to safeguard human life).
- Developing protocols for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing operational protocols governing the deployment and operation of a UAS including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence is accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.
- Ensuring that the UAS is registered with the Oregon Department of Aviation (ORS 837.360).
- Developing protocols for storage, security, and access to data collected by the UAS (ORS 837.362).
- Developing protocols if a third party is used for the storage of data, including handling, security, and access to the data by the third party (ORS 837.362).
- Developing protocols for disclosing data collected by the UAS through intergovernmental agreements (ORS 837.362).
- Publishing the department policies and procedures regarding the use, storage (including third party storage), accessing, sharing, and retention of data collected by the UAS, including the text of ORS 192.345 on the department website or other publicly accessible system (ORS 837.362).

Tualatin Police Department

Unmanned Aerial System

- Maintaining familiarity with FAA regulatory standards, state laws and regulations, and local ordinances regarding the operations of a UAS.

613.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted consistent with FAA regulations.

The UAS shall only be operated by the Department (ORS 837.320; ORS 837.330; ORS 837.335):

- (a) Pursuant to a valid warrant authorizing its use.
- (b) When there is probable cause to believe that a person has committed a crime, is committing a crime, or about to commit a crime, and exigent circumstances exist that make it unreasonable to obtain a warrant authorizing the use.
- (c) With written consent of an individual for the purpose of acquiring information about the individual or the individual's property.
- (d) As part of search and rescue activities, as defined in ORS 404.200.
- (e) When assisting an individual in an emergency if there is a reasonable belief that there is an imminent threat to the life and safety of the individual.
 1. A report shall be prepared documenting the factual basis for the belief.
 2. Within 48 hours of the emergency, a sworn statement shall be filed with the circuit court describing the nature of the emergency and the need for the use of the UAS.
- (f) During a state of emergency declared by the Governor, if:
 1. The UAS is used for preserving public safety, protecting property, or conducting surveillance that will be used to assess and evaluate environmental or weather-related damage, erosion, or contamination.
 2. The UAS is operated only in the geographical area specified in the Governor's proclamation.
- (g) For the purpose of reconstructing a crime scene or accident scene, or a similar physical assessment that is related to a specific investigation, as provided by ORS 837.340.
- (h) For the purpose of training in the use and acquisition of information, as provided in ORS 837.345.

613.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.

Tualatin Police Department

Tualatin PD Policy Manual

- To target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.
- To harass, intimidate, or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized (ORS 837.365).

The UAS shall not be used in any way that causes interference with an aircraft that is in the air, taking off, or landing (ORS 837.374).

613.7 RETENTION OF UAS DATA

Data collected by the UAS shall be retained as provided in the established records retention schedule (ORS 837.362).

613.8 REPORTING

The UAS program coordinator shall ensure that an annual report is provided to the Oregon Department of Aviation that summarizes the frequency of UAS use and the purpose for the use, and indicates how the public can access the department's policies and procedures regarding the use of data resulting from the use of UAS as required by ORS 837.360.

Warrant Service

614.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

614.2 POLICY

It is the policy of the Tualatin Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

614.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

614.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

614.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

Tualatin Police Department

Tualatin PD Policy Manual

Warrant Service

614.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
 - 1. Officers shall not seek a no-knock warrant (ORS 133.575).
- (b) A clear explanation of the affiant's training, experience, and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

614.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is video-recorded when practicable and reasonable to do so. The warrant service may be audio-recorded with notice to all parties to a conversation that a recording is being made unless otherwise permitted in the warrant or ORS 133.726 (ORS 165.540).
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the

Tualatin Police Department

Tualatin PD Policy Manual

Warrant Service

designated members to the presence of potential evidence and not touch or disturb the items.

- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

614.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

614.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

614.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment

Tualatin Police Department

Tualatin PD Policy Manual

Warrant Service

- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Tualatin Police Department are utilized appropriately. Any concerns regarding the requested use of Tualatin Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Patrol Sergeant should assume this role.

If officers intend to serve a warrant outside Tualatin Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Tualatin Police Department when assisting outside agencies or serving a warrant outside Tualatin Police Department jurisdiction.

614.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police or his/her designee. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

614.12 DOCUMENTATION

Documentation related to the service of a warrant shall be maintained in accordance with the established records retention schedule.

614.13 TRAINING

The Training Coordinator should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

614.14 NO-KNOCK ENTRIES

No-knock entries are only authorized if exigent circumstances arise at the scene such that knocking and announcing the officer's presence would create an imminent threat of physical violence to the officer or another person.

Operations Planning and Deconfliction

615.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

615.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

615.2 POLICY

It is the policy of the Tualatin Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

615.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

615.4 RISK ASSESSMENT

615.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Tualatin Police Department

Tualatin PD Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

615.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

615.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. Crisis Negotiation Unit (CNU)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation
 - 7. Additional surveillance

Tualatin Police Department

Operations Planning and Deconfliction

8. Canines
 9. Property and Evidence Section or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

615.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

615.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

Tualatin Police Department

Tualatin PD Policy Manual

- availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

615.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

615.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

Tualatin Police Department

Tualatin PD Policy Manual

Operations Planning and Deconfliction

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

615.8 CNU PARTICIPATION

If the operations director determines that CNU participation is appropriate, the director and the CNU supervisor shall work together to develop a written plan. The CNU supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the CNU supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

615.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police or his/her designee. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

615.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any CNU debriefing.

615.11 TRAINING

The Training Coordinator should ensure officers and CNU team members who participate in operations subject to this policy should receive periodic training including, but not limited to,

Tualatin Police Department

Tualatin PD Policy Manual

Operations Planning and Deconfliction

topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Sexual Assault Investigations

616.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

616.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in ORS 163.305 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally composed of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

616.2 POLICY

It is the policy of the Tualatin Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

616.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable (ORS 147.401).

Tualatin Police Department

Tualatin PD Policy Manual

Sexual Assault Investigations

616.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

616.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

616.6 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 1. Initial response to sexual assaults.
 2. Legal issues.
 3. Victim advocacy.
 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 1. Interviewing sexual assault victims.
 2. SART.
 3. Medical and legal aspects of sexual assault investigations.
 4. Serial crimes investigations.
 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 6. Techniques for communicating with victims to minimize trauma.

616.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the

Tualatin Police Department

Tualatin PD Policy Manual

Sexual Assault Investigations

circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

616.7.1 POLYGRAPH EXAMINATION OF VICTIMS

Victims and any complaining witness in a case involving the use of force, violence, duress, menace or threat of physical injury in the commission of any sex crime under ORS 163.305 through ORS 163.575, shall not be required to submit to a polygraph examination as a prerequisite to filing criminal charges (34 USC § 10451; ORS 163.705).

616.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim. When a victim agrees to participate in a medical assessment, the officer shall contact a victim advocate and make reasonable efforts to ensure that the advocate is present and available at the medical facility if such notification has not already been made by medical personnel (ORS 147.404).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Unless the victim has chosen to remain anonymous, sexual assault kits or biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, shall be submitted for biological testing (ORS 181A.325).

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

616.8.1 COLLECTION AND TESTING REQUIREMENTS

A sexual assault forensic evidence kit shall be obtained from a medical facility within seven days after the medical facility notifies the Department that the kit has been collected. The sexual assault forensic evidence kit shall be submitted to the Oregon State Police (OSP) for testing within 14 days after the Department receives the kit from the medical facility and accompanied with information sufficient to allow OSP to prioritize testing. Sexual assault kits shall not be submitted in cases where the victim has chosen to remain anonymous (ORS 181A.325).

If a victim chooses to file a sexual assault report at a later time, the sexual assault kit associated with the report shall be reclassified as a non-anonymous kit and submitted for testing to the OSP within 14 days of the reclassification (ORS 181A.325).

Tualatin PD Policy Manual

Sexual Assault Investigations

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

616.8.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable. Investigating members should work with the crime victim liaison as provided in the Victim and Witness Assistance Policy.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

616.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Unit supervisor.

Classification of a sexual assault case as unfounded requires the Detective Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

616.10 CASE REVIEW

The Detective Unit supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

Forensic Genetic Genealogy

617.1 PURPOSE AND SCOPE

This policy provides guidance for the use of forensic genetic genealogy (FGG) to generate investigative leads.

617.1.1 DEFINITIONS

Definitions related to this policy include:

Combined DNA Index System (CODIS) - An FBI computer software program that operates deoxyribonucleic acid (DNA) profile databases for law enforcement use.

DNA typing laboratory - A laboratory that analyzes biological samples, including extracted DNA, in order to provide various DNA profile types. State or local crime labs are generally not equipped to provide single nucleotide polymorphism (SNP) DNA profiles; therefore, the use of private DNA typing laboratories is often necessary for FGG.

Extracted DNA - The DNA isolated from a biological sample remaining after previous DNA testing has been completed.

Forensic genetic genealogy (FGG) - The process of obtaining a SNP DNA profile from a biological sample collected during an investigation; uploading the profile to a genetic genealogy site for comparison to the consumer profiles in the site's database to identify genetic relatives; and using the identified genetic relationships, as well as traditional genealogy research, to generate investigative leads.

Genetic genealogist - A genealogist who uses DNA testing with traditional genealogical research methods to assist law enforcement or private clients in identifying biological relatives of an individual.

Genetic genealogy site - A database of DNA profiles voluntarily submitted by public consumers for the purpose of identifying genetic relatives. The availability of genetic genealogy sites for law enforcement use varies depending on their terms of service.

Short tandem repeat (STR) DNA profile - The results of DNA typing in a format that can be processed through CODIS and state DNA databases. This is the type of DNA used in conventional non-FGG law enforcement investigations.

Single nucleotide polymorphism (SNP) DNA profile - The results of DNA typing in a format that enables an unknown DNA sample to be compared to the DNA profiles maintained by a genetic genealogy site. This is the DNA type used in FGG.

617.2 POLICY

The Tualatin Police Department's use of FGG will be in coordination with prosecutors, the Medical Examiner, and other appropriate resources only in qualifying cases after reasonable conventional investigative methods have been pursued. Members will take reasonable steps to maintain the

Tualatin Police Department

Tualatin PD Policy Manual

Forensic Genetic Genealogy

integrity of the FGG process and safeguard the privacy rights of individuals whose DNA profiles are analyzed.

617.3 CRITERIA FOR FGG USE

Before using FGG, the lead investigator should coordinate with the supervisor to determine whether the case meets the following requirements:

- (a) Biological evidence collected as part of the underlying investigation (or extracted DNA from the biological evidence) is available for additional testing and is reasonably believed to be attributable to:
 - 1. The perpetrator of an unsolved violent felony.
 - 2. The unidentified human remains of a suspected homicide victim.
- (b) All reasonable conventional investigative methods have been utilized and all reasonable investigative leads have been pursued (e.g., relevant case information entered in the National Missing and Unidentified Persons System (NamUs) and the Violent Criminal Apprehension Program (ViCAP) national database).
- (c) An STR DNA profile has been developed from the biological evidence collected in the case and, absent unusual circumstances, has been uploaded to CODIS and any applicable state DNA database for comparison with negative results.

617.4 COORDINATION

Once a preliminary determination has been made that a case may qualify for the use of FGG, the lead investigating member should consult with the appropriate prosecutor to address current and prospective legal issues and determine if a search warrant is required.

In the case of unidentified human remains, the lead investigator should also consult with the Medical Examiner.

617.5 SUBMISSION OF SAMPLE

The biological evidence or extracted DNA should be submitted to a DNA typing laboratory approved by the Department in order to obtain a SNP DNA profile.

Once a SNP DNA profile has been obtained from the biological evidence or extracted DNA, the lead investigating member should arrange for it to be compared to the SNP DNA profiles contained in one or more genetic genealogy sites to identify possible genetic relatives. The lead investigator should work with a qualified genetic genealogist as needed during this process.

When submitting a SNP DNA profile for comparison, the lead investigator or the authorized designee (e.g., assigned genetic genealogist) shall notify the genetic genealogy site that the request for comparison is from a law enforcement agency and confirm that the site's terms of service permit FGG for the type of case being investigated. The use of the SNP DNA profile and any subsequent comparison shall be limited to the original underlying investigation.

If at any time during the FGG process the case no longer meets the criteria for FGG use, the lead investigator should promptly notify the DNA typing laboratory, genetic genealogy site, and/or

Tualatin Police Department

Tualatin PD Policy Manual

Forensic Genetic Genealogy

genetic genealogist to cease any further analysis and to return all evidence, data, and materials to the Department.

617.6 ANALYSIS OF FGG DATA

Once results of a comparison are received from a genetic genealogy site, the information should be evaluated by a genetic genealogist, who will assist the lead investigator in identifying potential investigative leads.

The lead investigator should promptly and diligently pursue each viable lead identified through the FGG process using traditional investigative methods, as appropriate, to:

- (a) Eliminate an individual as a potential suspect in the case.
- (b) Link an individual to the case as a potential suspect.
- (c) Identify human remains.

617.7 COLLECTION OF THIRD-PARTY DNA SAMPLE

If it is determined that a third-party DNA sample (i.e., from a person not likely to be a suspect in the investigation) should be collected and analyzed for FGG, consent from the third party should be obtained prior to collection.

If there is a reasonable belief that the integrity of the investigation would be compromised by seeking consent from the third party prior to collection, the lead investigator should consult with the prosecutor regarding applicable laws and procedures in both the jurisdiction of the investigation and the jurisdiction where the collection will occur, if different.

The use of a third-party DNA sample shall be limited to the original underlying investigation.

617.8 POST-IDENTIFICATION

Members shall not rely solely on FGG identification of a potential suspect for probable cause to make an arrest or obtain an arrest warrant. Unless there is sufficient evidence independent of the FGG data to support an arrest, a potential suspect identified through FGG should not be arrested until the suspect's identity is confirmed.

Members shall not rely solely on FGG to identify human remains unless there is sufficient evidence independent of the FGG data to declare the identification or confirmation testing has been completed.

Confirmatory DNA testing should be conducted by collecting a known DNA sample from the potential suspect or, in the case of unidentified human remains, from a close biological relative. This known DNA sample should be submitted for comparison to the original unknown STR DNA profile through conventional methods (e.g., in CODIS).

The lead investigator should consult with the prosecutor to determine the appropriate method of obtaining a known DNA sample.

Once the identity of a suspect or the identity of unidentified human remains has been confirmed through conventional DNA testing, the lead investigator should:

Tualatin Police Department

Tualatin PD Policy Manual

Forensic Genetic Genealogy

- (a) Consult with the prosecutor to evaluate the entire investigative file for consideration of criminal charges or further investigation.
- (b) If applicable, consult with the Medical Examiner for an amendment to a certificate of death.

617.9 PRIVACY CONSIDERATIONS

Members should make reasonable efforts to respect and protect the privacy of non-suspect genetic relatives identified through the FGG process. The names and identifying information of any non-suspect genetic relatives should not be included in official reports, probable cause declarations, or affidavits for search warrants and should not be disclosed unless otherwise required by law or court order.

The lead investigator should formally request that the SNP DNA profile be removed from all genetic genealogy sites upon identity confirmation and should retain a copy of the request for department records. The lead investigator should request that all case-related records and data provided to, or generated by, a genetic genealogist during the FGG process be returned to the Department.

617.10 RETENTION OF DNA SAMPLES AND RELATED RECORDS

Genetic information, including any derivative profiles and genetic genealogy site user information, should be retained in accordance with the established records retention schedule. The lead investigator should coordinate with the property and evidence technician and provide adequate notice to the appropriate prosecutor's office before destroying any profiles or data obtained from the FGG process.

See the Property and Evidence Policy for guidelines regarding biological evidence, including DNA samples.

Department-Owned and Personal Property

700.3 DAMAGE TO PROPERTY OF ANOTHER PERSON

Anyone who intentionally or unintentionally damages or causes to be damaged the real or personal property of another while performing any law enforcement function shall promptly report the damage through his/her chain of command.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

A review of the incident by command staff to determine whether misconduct or negligence was involved should be completed.

700.3.1 DAMAGE BY PERSONNEL OF ANOTHER AGENCY

Personnel from another agency may intentionally or unintentionally cause damage to the real or personal property of the City of Tualatin or of another person while performing their duties within the jurisdiction of this department. It shall be the responsibility of the department member present or the member responsible for the property to report the damage as follows:

- (a) A verbal report shall be made to the member's immediate supervisor as soon as circumstances permit.
- (b) A written report shall be submitted before the member goes off-duty or as otherwise directed by the supervisor.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.

700.4 OPTIONAL EQUIPMENT

Members may wear/use optional equipment in accordance to § 1046.

700.5 POLICY

Members' personal property that becomes damaged during the performance of assigned duties will be reimbursed in accordance with this policy.

700.6 PERSONAL PROPERTY

Carrying and/or using personal property or equipment on-duty requires prior written approval by the Chief of Police or the appropriate Division Commander. The member should submit a request that includes the description of the property, and the reason and length of time it will be used. Personal property of the type routinely carried by persons not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

The Department will not replace or repair costly items (e.g., jewelry, expensive watches, exotic equipment) that are not reasonably required as a part of work.

Tualatin Police Department

Tualatin PD Policy Manual

Department-Owned and Personal Property

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless-capable tablets, and similar wireless two-way communications and/or portable internet access devices. PCD use includes but is not limited to placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games, and accessing sites or services on the internet.

702.1.1 PRIVACY POLICY

Any employee utilizing any computer, internet service, phone service or other wireless service provided by or funded by the Department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy the employee, sender and recipient of any communication utilizing such service might otherwise have, including as to the content of any such communication. The Department also expressly reserves the right to access and audit any and all communications, including content sent, received and/or stored through the use of such service.

702.2 POLICY

The Tualatin Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on- or off-duty for business-related purposes, or reasonably associated with work-related misconduct, will be subject to monitoring and inspection consistent with applicable law and this policy.

Additionally, the use of a PCD either on-duty or after duty hours for business-related purposes, or reasonably associated with work-related misconduct, may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

702.2.1 INDIVIDUALLY OWNED PCD

Employees may carry their own individually owned PCD while on duty subject to the following conditions:

- (a) Carrying an individually owned personal communication device is optional.
- (b) The device shall be purchased, used and maintained at the employee's expense.

Tualatin Police Department

Tualatin PD Policy Manual

Personal Communication Devices

702.2.2 USE OF PERSONAL COMMUNICATION DEVICES

PCDs, whether provided by the Department or personally owned, should only be used by on-duty employees for legitimate department business except as provided for below. Employees may use a PCD to communicate with other personnel in those situations where the use of the radio is either impractical or not feasible. PCDs however, should not be used to replace regular radio communications.

- (a) PCDs shall not be carried in a manner that allows them to be generally visible while in uniform.
- (b) PCDs may not be used to conduct personal business while on duty except when brief personal communications may be warranted by the circumstances (e.g., inform family of extended hours). While employees may use personally owned PCDs for personal business during authorized breaks, such usage should be limited as much as practical to areas where the communication will not be seen or heard by members of the general public.
- (c) Extended or frequent use of departmentally issued PCDs or personally owned PCDs while on duty for personal use is prohibited and may be subject to discipline. Employees may be responsible for reimbursing the Department for any charges incurred as a result of personal use.

702.2.3 USE WHILE DRIVING

The use of a PCD while driving can cause unnecessary distractions and presents a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices while driving to matters of an urgent nature and should, where practical, stop the vehicle at an appropriate location to complete their communication (ORS 811.507).

Except in the case of an emergency, employees who are operating non-emergency vehicles shall not use cellular phones or other personal communication devices while driving unless the telephone is specifically designed and configured to allow hands-free listening and talking. Such use should be restricted to business related calls or calls of an urgent nature.

Vehicle Maintenance

704.1 PURPOSE AND SCOPE

Employees are responsible for assisting in maintaining Department vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.

704.2 DEFECTIVE VEHICLES

When a department vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, including, but not limited to, the lack of a working siren, emergency lights and/or radio communications, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who first becomes aware of the defective condition, describing the correction needed. The paperwork shall be promptly forwarded to vehicle maintenance for repair.

704.2.1 DAMAGE OR POOR PERFORMANCE

Vehicles that may have been damaged, or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

704.2.2 SEVERE USE

Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer's parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

704.2.3 REMOVAL OF WEAPONS

All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair.

704.3 VEHICLE EQUIPMENT

Certain items shall be maintained in all department vehicles for emergency purposes and to perform routine duties.

704.3.1 VEHICLE INSPECTION RECORDS

Officers will be supplied with a daily patrol vehicle inspection form. Officers will use this form to facilitate the daily inspection of the patrol vehicle and its contents to assure that all required equipment and supplies are in the vehicle at or near the start of the shift. Patrol vehicles will be supplied a laminated placard listing the required equipment for the vehicle.

The interiors should be examined to confirm no property or contraband is present. The interior inspection should be repeated at the conclusion of any prisoner transport.

Following the daily inspection, Officers will turn the completed form in to their Sergeant or the O.I.C. If there are items of equipment or supplies that need to be repaired or replaced, the Sergeant or O.I.C. will help facilitate and document that process.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Maintenance

Collected daily inspection forms will be maintained in a file designed for that purpose and will be maintained at 30-day intervals to help track potential equipment deficiencies. Failure to submit a daily inspection form could result in progressive disciplinary action.

704.4 VEHICLE REFUELING

Absent emergency conditions or supervisor approval, officers driving patrol vehicles shall not place a vehicle in service that has less than one-quarter tank of fuel. Vehicles shall only be refueled at the authorized location. Vehicles should be fueled at the end of each shift.

704.5 WASHING OF VEHICLES

All units shall be kept clean at all times and weather conditions permitting, shall be washed as necessary to enhance their appearance.

Employees using a vehicle shall remove any trash or debris at the end of their shift. Confidential material should be placed in a designated receptacle provided for the shredding of this matter.

704.6 NON-SWORN EMPLOYEE USE

Non-sworn employees using marked vehicles shall ensure all weapons are removed from vehicles before going into service. Non-sworn employees shall also prominently display the "out of service" placards at all times. Non-sworn employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

Marked vehicles released to non-members for service or any other reason shall have all weapons removed and "out of service" placards or lightbar covers in place.

704.7 VEHICLE INSPECTION

Unless delayed by an emergency call, employees shall inspect department vehicles at the beginning of each shift for any damage, and to ensure that all systems, lights and emergency equipment are in good working order. The interiors should be examined to confirm no property or contraband is present. The interior inspection should be repeated at the conclusion of any prisoner transport.

705.6 GENERAL OPERATION

At all times, except during emergency responses and pursuit driving by officers, department vehicles shall be operated in conformance with defensive driving tactics and with the provisions of the law relating to the operation of any motor vehicle. Department members are required to obey the law to the same extent and manner as required of any other person driving a motor vehicle. Department members must set an example for others in their driving habits and not subject themselves or the department to public criticism for violating the very laws that the department enforces upon the driving public. Members should always remember that the public expects a higher level of professionalism from the department members, even in driving habits.

Seatbelts should be worn by all occupants in all department vehicles at all times, unless tactical circumstances dictate otherwise.

Vehicle Use

706.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Tualatin to provide assigned take-home vehicles.

706.2 POLICY

The Tualatin Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

706.2.1 SHIFT ASSIGNED VEHICLES

Personnel assigned to routine scheduled field duties shall log onto the Mobile Data Terminal indicating their respective vehicle number when going on duty. If the vehicle is not equipped with a working in-car computer, they shall notify Dispatch for entry of the vehicle number on the shift roster. If the employee exchanges vehicles during the shift, the new vehicle number shall be entered.

Assigned employees shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their assignment to that vehicle. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor.

All vehicles used in patrol operations are equipped with a police radio and emergency equipment as defined by Oregon Revised Statutes 816.250 and Oregon Administrative Rules 735-110-0010 through 735-110-0050. Vehicles with defective emergency equipment should be promptly reported to a supervisor and not used for patrol duties.

706.2.2 UNSCHEDULED USE OF VEHICLES

Personnel utilizing a vehicle for any purpose other than scheduled field duties shall first notify the Shift Supervisor of the reasons for use and a notation will be made on the shift roster indicating the operator's name and vehicle number. This section does not apply to personnel permanently assigned an individual vehicle (e.g., Command Staff, Detectives), or to Property personnel assigned transportation duties to and from other facilities.

706.2.3 UNDERCOVER VEHICLES

Undercover units shall not be used without first obtaining approval from the respective unit supervisor.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Use

706.2.4 AUTHORIZED PASSENGERS

Personnel operating City owned vehicles shall not permit persons other than City employees, persons required to be conveyed in the performance of duty, or as otherwise authorized to ride as a passenger in their vehicle.

706.2.5 PARKING

City owned vehicles should be parked in their assigned stalls. Employees shall not park privately owned vehicles in any stall assigned to a City owned vehicle or in other areas of the parking lot not designated as a parking space unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

706.2.6 INSPECTIONS

The interior of any vehicle that has been used to transport any person other than an employee should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized items have not been left in the vehicle.

706.3 USE OF VEHICLES

706.3.1 SHIFT ASSIGNED VEHICLES

The Patrol Sergeant shall ensure a copy of the shift assignment roster, indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

706.3.2 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

706.3.3 ACCESSORIES AND/OR MODIFICATIONS

There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

706.3.4 NON-SWORN MEMBER USE

Non-sworn members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Non-sworn members shall prominently display the "out of service" placards or light bar covers at all times. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

706.4.1 KEYS

Personnel assigned a permanent vehicle shall be issued keys for their respective vehicle. The loss of any assigned key shall be promptly reported in writing through the employee's chain of command.

706.4.3 UNSCHEDULED TAKE-HOME USE

Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:

- (a) The circumstances are unplanned and were created by the needs of the Department.
- (b) Other reasonable transportation options are not available.

706.4.4 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence; the nature of the member's duties, job description and essential functions; and the member's employment or appointment status. Residence in the City of Tualatin is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Tualatin may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Tualatin Police Department

Tualatin PD Policy Manual

Vehicle Use

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Division Commander gives authorization.
- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.
- (c) Vehicles will not be used when off-duty except:
 - 1. In circumstances when a member has been placed on call by the Chief of Police or Division Commanders and there is a high probability that the member will be called back to duty.

 - 3. When the member has received permission from the Chief of Police or Division Commanders.
 - 4. When the vehicle is being used by the Chief of Police, Division Commanders or members who are in on-call administrative positions.
 - 5. When the vehicle is being used by on-call investigators.
- (d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.
- (e) The two-way communications radio, MDT and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.
- (f) Unattended vehicles are to be locked and secured at all times.
 - 1. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).
 - 2. All weapons shall be secured while the vehicle is unattended.
 - 3. All department identification, portable radios and equipment should be secured.
- (g) Vehicles are to be parked off-street at the member's residence unless prior arrangements have been made with the Chief of Police or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

706.4.6 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
- (c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.
- (d) The Department shall be notified of problems with the vehicle and approve any major repairs before they are performed.
- (e) When leaving the vehicle at the maintenance facility, the member will complete a vehicle repair card explaining the service or repair, and leave it on the seat or dash.
- (f) All weapons shall be removed from any vehicle left for maintenance.
- (g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

Vehicle Use

706.5 UNMARKED VEHICLES

Unmarked vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the division for that purpose. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall also be recorded with the Patrol Sergeant on the shift assignment roster.

706.6 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Patrol Sergeant. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

706.6.1 ACCESSORIES AND/OR MODIFICATIONS

No modifications, additions or deletions of any equipment or accessories shall be made to the vehicle without written permission from the Patrol Division Commander.

706.7 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

Cash Handling, Security and Management

707.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence and Informants policies.

707.2 POLICY

It is the policy of the Tualatin Police Department to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust.

707.3 PETTY CASH FUNDS

The Chief of Police shall designate a person as the fund manager responsible for maintaining and managing the petty cash fund.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

707.4 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

707.5 PETTY CASH AUDITS

The fund manager shall perform an audit no less than once every six months. This audit requires that the fund manager and at least one command staff member, selected by the Chief of Police, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Chief of Police.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the Chief of Police or the City.

Cash Handling, Security and Management

707.6 ROUTINE CASH HANDLING

Those who handle cash as part of their property or WIN supervisor duties shall discharge those duties in accordance with the Property and Evidence and Informants policies.

Members who routinely accept payment for department services shall discharge those duties in accordance with the procedures established for those tasks.

707.7 OTHER CASH HANDLING

Members of the Department who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Property and Evidence Policy.

Cash in excess of \$1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.

Personal Protective Equipment

708.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

708.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

708.2 POLICY

The Tualatin Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

708.3 OFFICER RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

708.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 29 CFR 1910.95 and OAR 437-002-0080.

Padded body protection consisting of chest, arm, leg and groin protection should be provided as required by any collective bargaining agreement.

708.7 RESPIRATORY PROTECTION

The Support Division Commander is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (29 CFR 1910.134; OAR 437-002-0120):

- (a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
- (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.

- (h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

708.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134; OAR 437-002-0120):

Tualatin Police Department

Tualatin PD Policy Manual

Personal Protective Equipment

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.

708.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (29 CFR 1910.134; OAR 437-002-0120):

- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

708.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; OAR 437-002-0120).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.
- (b) They experience difficulty breathing due to filter loading.
- (c) The cartridges or filters become wet.

708.7.4 SELF-CONTAINED BREATHING APPARATUS

Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
- (c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

708.7.5 RESPIRATOR FIT TESTING

No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (29 CFR 1910.134; OAR 437-002-0120).

After initial testing, fit testing for respiratory PPE shall be repeated (29 CFR 1910.134; OAR 437-002-0120):

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

708.7.6 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE

708.9 TRAINING

Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members shall be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (29 CFR 1910.132; OAR 437-002-0120).

Members issued respiratory PPE shall attend annual training on the proper use of respiratory protection devices (29 CFR 1910.134; OAR 437-002-0120).

Chapter 8 - Support Services

Property and Evidence

800.1 PURPOSE AND SCOPE

This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

In the absence of specific written policy, the Tualatin Police Department follows best practices per the International Association of Property and Evidence (IAPE).

800.2 DEFINITIONS

Property - Includes all items of evidence, items taken for safekeeping and found property.

Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Safekeeping - Includes the following types of property:

- Property obtained by the Department for safekeeping such as a firearm
- Personal property of an arrestee not taken as evidence
- Property taken for safekeeping under authority of a law

Found Property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

800.3 PROPERTY HANDLING

Any employee who first comes possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with completing the property form. Care shall be taken to maintain the chain of custody for all evidence. When not specifically addressed by this manual, collection and handling of all evidence and property should follow the guidelines established by the State of Oregon Physical Evidence Manual.

Employees will provide a receipt for all items of property or evidence that are received or taken from any person. If no person is present, and the property or evidence is removed from private property or a vehicle, the employee will leave a receipt prominently placed on the private property or the vehicle.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item(s).

800.3.1 PROPERTY BOOKING PROCEDURE

All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

Tualatin Police Department

Tualatin PD Policy Manual

Property and Evidence

- (a) Complete the property report describing each item of property separately, listing all serial numbers, owner's name, finder's name, and other identifying information or markings.
- (b) Mark each item of evidence with the booking employee's initials and the date booked using the appropriate method so as not to deface or damage the value of the property.
- (c) Complete an evidence/property tag and attach it to each package or envelope in which the property is stored.
- (d) Place the case number in the upper right hand corner of the bag and initial and date all seals.
- (e) The original property form shall be submitted with the case report. A copy shall be placed with the property in the temporary property locker or with the property if property is stored somewhere other than a property locker.
- (f) When the property is too large to be placed in a locker, the item may be retained in the supply room. Submit the completed property record into a numbered locker indicating the location of the property.

800.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs (Including paraphernalia as defined by Oregon Revised Statutes 475.525(2)) shall be booked using the form as described in the Property/Evidence Manual.

The officer seizing the narcotics and dangerous drugs shall place them in the designated locker accompanied by a copy of the form.

800.3.3 EXPLOSIVES/HAZARDOUS SUBSTANCES

Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Patrol Sergeant. Any explosive disposal will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling, and disposal of all suspected explosives. In the event of military ordinance, the closest military unit shall be notified and will be responsible for removal of the device.

Explosives will not be retained in the police facility. Fireworks will be processed on a property evidence receipt that is part of an Offense report and placed in a marked cardboard box. Property and evidence technician will contact an Explosive Disposal Unit and arrange for release of fireworks and fixed ammunition. At no time should fireworks be placed in water for disposal.

800.3.4 EXCEPTIONAL HANDLING

- (a) Bodily fluids such as blood or semen stains shall be air dried prior to booking and packages should be labeled with a biohazard sticker

container for return to the Department of Motor Vehicles. No formal property booking process is required

- (c) All bicycles and bicycle frames require a property record. Property tags will be securely attached to each bicycle or bicycle frame. The property may be released directly to the property and evidence technician, or placed in the bicycle storage area until a property and evidence technician can log the property
- (d) All cash shall be counted in the presence of a another officer and the envelope initialed by the booking officer and the other officer. A Patrol Sergeant shall be contacted for cash in excess of \$1,000 for special handling procedures

City property, unless connected to a known criminal case, should be released directly to the appropriate City department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

800.3.5 COLLECTION AND PRESERVATION OF DNA EVIDENCE

Because DNA evidence can play a key role in establishing guilt or innocence it is important that such evidence be collected, handled and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, officers should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 163A.005. The property and evidence technician will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

Collection and preservation should follow established protocols as outlined in the Oregon Physical Evidence Manual.

800.3.6 SEXUAL ASSAULT EVIDENCE

Officers who are investigating a sexual assault shall obtain the Sexual Assault Forensic Evidence, or S.A.F.E Kit from the attending physician or attending nurse and follow all procedures outlined in [Policy § 615](#). Oregon House Bill 2154, relating to ORS 789, allows for the completion of a sexual assault exam without the authorization of law enforcement and/or the prior filing of a police report.

In accordance with this law, officers shall accept S.A.F.E Kits obtained by any medical facility within their jurisdiction, absent a police report being filed. In these circumstances, the officer shall obtain a case number and document the evidence in a special report, referring to the S.A.F.E Kit number and listing "Anonymous" as the victim.

The evidence shall be secured in accordance to procedures outlined in [Policy § 615](#) and retained in evidence for no less than 60 years after collection, in accordance with state law.

800.3.7 COLLECTION AND PRESERVATION OF SAFE KITS

Under current law, victims of sexual assault may seek medical assessment and choose not to make a report to law enforcement, yet still have evidence collected and preserved. The Tualatin Police Department will collect and maintain the chain of evidence for all Oregon State Police Sexual Assault Forensic Evidence Kits (SAFE Kits) and any associated evidence collected by

Tualatin Police Department

Tualatin PD Policy Manual

medical facilities in this jurisdiction for victims of sexual assault, regardless of where the assault may have occurred. Victims who choose to remain anonymous and not make a report shall not be required to do so (ORS 147.397).

The collection and preservation of SAFE kits from anonymous victims shall be handled by the Patrol Division, which shall assign an officer to ensure proper collection and preservation of the kits. When a medical facility notifies this department that evidence of a sexual assault has been collected and a SAFE kit is available, the officer shall be responsible for the following: Investigation Division department

- (a) Respond promptly to the medical facility to retrieve the evidence.
- (b) Provide a unique case number to a responsible representative of the medical facility, which will be provided to the victim. The case number will be used to identify all associated evidence so that a chain of evidence can be maintained in the event the victim later decides to report the assault.
- (c) Ensure that no identifying information regarding the victim, other than the case number, is visible on the evidence packaging.
- (d) Prepare and submit an evidence report and book the evidence in accordance with current evidence procedures.

- (b) Firearms (ensure they are unloaded and booked separately from ammunition). A flex cuff or similar device should be inserted through the chamber, barrel, or cylinder whenever possible.

Tualatin Police Department

Tualatin PD Policy Manual

Property and Evidence

Needles or syringes will normally be disposed of in a sharps container and will not be submitted to the Property Room, however when required for evidence in a serious crime or in a major investigation, a syringe tube should be used for packaging.

A property tag shall be securely attached to the outside of the package of all items or group of items packaged together or to the inside of a clear plastic container if visible from the outside of the container.

800.4.2 PACKAGING NARCOTICS

The officer seizing narcotics and dangerous drugs shall retain such property in their possession until it is properly weighed, packaged, tagged, and placed in a secure evidence locker. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer's report.

Narcotics and dangerous drugs shall be packaged in clear plastic bags and then can be placed inside an envelope of appropriate size available in the property processing room. The processing officer shall initial the heat seal or evidence tape. Narcotics and dangerous drugs shall not be packaged with other property.

A completed property label shall be attached to the outside of the container. The chain of evidence is recorded electronically in the Custodial Property Summary. The property and evidence technician receiving custody of the evidence or property shall electronically record the date, time and storage location where the property is stored.

800.5 RECORDING OF PROPERTY

The property and evidence technician receiving custody of evidence or property shall record his/her initials or signature, the date and time the property was received and where the property will be stored on the property control form.

Any changes in the location property held by the Tualatin Police Department shall be noted on the property control form.

800.6 PROPERTY ROOM SECURITY

Access to the Property Room is limited to property and evidence technicians unless visitors are logged in and out, including the time, date and purpose of entry. All personnel entering the Property Room must be accompanied at all times by a property and evidence technician.

Annual independent audits will be completed of the Property Room function with an audit report to the Chief of Police.

800.6.1 RESPONSIBILITY OF OTHER PERSONNEL

Every time property is released or received, an appropriate entry on the evidence control form shall be completed to maintain the chain of possession.

Written requests for analysis made by the District Attorney's office will be completed on the appropriate forms by the property and evidence technician with the written request attached.

Restoration of Firearm Serial Numbers

804.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines.

804.2 PROCEDURE

Any firearm coming into the possession of the Tualatin Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

804.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tabular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document/photograph the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder, chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document/photograph important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

804.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

804.2.5 FIREARM TRACE

After the serial number has been restored or partially restored by the criminalistics laboratory, the property and evidence technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or the data may be entered into the ATF [eTrace](#) system.

804.3 BULLET AND CASING IDENTIFICATION

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to digitize and compare unique markings made by a firearm on bullets and cartridge casings recovered from crime scenes.

The following records are exempt from disclosure under ORS 192.496:

- (a) Records that contain information about the physical or mental health, or treatment thereof, of a living individual; if the public disclosure thereof would constitute an unreasonable invasion of privacy. The party seeking disclosure shall have the burden of showing by clear and convincing evidence that the public interest requires disclosure in the particular instance and that public disclosure would not constitute an unreasonable invasion of privacy.
- (b) Records less than 75 years old that were sealed in compliance with statute or by court order. Such records may only be disclosed in response to a court order.
- (c) Records of a person who is or has been in the custody or under the lawful supervision of a state agency, a court or a unit of local government, are exempt from disclosure for a period of 25 years after termination of such custody or supervision to the extent that disclosure thereof would interfere with the rehabilitation of the person if the public interest in confidentiality clearly outweighs the public interest in disclosure. Nothing in this subsection, however, shall be construed as prohibiting disclosure of the fact that a person is in custody.

806.5.2 CONDITIONALLY EXEMPT PUBLIC RECORDS

The following public records will not be released unless the public interest requires disclosure (Oregon Revised Statutes 192.501):

- (a) Records pertaining to any litigation to which the Department is, or is likely to be a party except where litigation has been concluded.
- (b) Any record pertaining to department operations or the use and deployment of personnel and equipment, if disclosure would endanger public safety or jeopardize a law enforcement activity.
- (c) Records or information that would disclose or jeopardize security measures taken by the Department to protect department members, property, or operations.

806.5.3 OTHER PUBLIC RECORDS EXEMPT FROM DISCLOSURE

The following public records are generally exempt from disclosure and absent a court order or other legal process shall not be released except with the expressed authorization of the Chief of Police or his/her designee (ORS 192.502 et seq.):

- (d) Any public record or information the disclosure of which is prohibited or restricted or otherwise made confidential or privileged under Oregon or Federal law.

806.5.4 PERSONNEL RECORDS

Certain information contained in personnel records is confidential and is also exempt from public disclosure. The following information shall not be released unless the public interest requires disclosure in the particular instance as determined by a court or other legal process (ORS 181.854; ORS 192.501(12); ORS 192.502(2)):

- (a) Medical information contained in medical records and similar uniquely personal information which, if released, would constitute an unreasonable invasion of privacy.

- (c) Photographs that identify an employee, unless the employee consents in writing.
- (d) Audio or video records of internal investigation interviews (Ch. 485 Oregon Laws 2011).

Any release of such information must be reviewed by department legal counsel and approved by the Chief of Police. Although exempt from public disclosure, such records and information may be subject to discovery in civil or criminal proceedings or as detailed Ch. 485 Oregon Laws 2011. In such a situation, the Tualatin Police Department will oppose disclosure unless the court specifically orders the release.

806.5.5 CONCEALED HANDGUN LICENSE

Information contained in Concealed Handgun License applications or other files that contain personal, medical, or similar information, if public disclosure would constitute an unreasonable invasion of privacy, shall not be made public (ORS 192.502).

806.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

806.6.1 PERSONAL IDENTIFYING INFORMATION

Employees shall not access, use or disclose personal identifying information, including an individual's photograph, Social Security number, driver identification number, name, address, telephone number and the individual's medical or disability information, which is contained in any driver license record, motor vehicle record or any department record except as authorized by the Department and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (ORS 802.181 and 18 USC § 2721).

806.7 EXPUNGEMENT

Expungement orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once a record is sealed, members shall respond to any inquiry as though the record did not exist (ORS 137.225; ORS 419A.269).

Protected Information

808.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Tualatin Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

808.1.1 DEFINITIONS

Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Tualatin Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

808.2 POLICY

Members of the Tualatin Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

808.3 RESPONSIBILITIES

The Chief of Police shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include but are not limited to:

- (a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records, and Law Enforcement Data System (LEDS).
- (b) Developing, disseminating, and maintaining procedures that adopt or comply with the U.S. Department of Justice's current Criminal Justice Information Services (CJIS) Security Policy.
- (c) Developing, disseminating, and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release, and security of protected information.
- (d) Developing procedures to ensure training and certification requirements are met.
- (e) Resolving specific questions that arise regarding authorized recipients of protected information.
- (f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.

Protected Information

808.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Tualatin Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

808.4.1 ACCESS TO OREGON STATE POLICE OFFENDER INFORMATION

Access to Oregon State Police (OSP) criminal offender information may be granted when the information is to be used for the administration of criminal justice, employment, or the information is required to implement a federal or state statute, local ordinance, Executive Order, or administrative rule that expressly refers to criminal conduct and contains requirements or exclusions expressly based on such conduct, or other demonstrated and legitimate needs (OAR 257-010-0025).

808.4.2 BACKGROUND INVESTIGATIONS

To promote a safe environment for citizens and co-workers, the Tualatin Police may assist the Human Resource Director in conducting thorough background checks for individuals who seek employment with the City of Tualatin as a volunteer or in a paid position.

Applicants may be checked through the Oregon Law Enforcement Data System (LEDS) for criminal history. Information in this background check will not be shared with Human Resources. The background investigator will only recommend approval or denial, based upon the criminal records check and other elements of the background investigation.

Depending on the circumstances, the Tualatin Police may refer the Human Resource Director to the Oregon State Police Identification Services Sections, where the public criminal history record may be obtained for a fee.

The City of Tualatin requires CCH background checks to be performed on all businesses selling alcohol in the City upon initial application and annually upon renewal application.

Oregon State Police Law Enforcement Data System regulations allow agencies to make CCH inquiries using the purpose code L to make background checks for licensing purposes.

The Tualatin Police Records Unit will make CCH inquiries on all persons mentioned as associates to the business on liquor license applications. The Tualatin Police Department will make recommendations as to the suitability, based on the CCH responses, of the persons associated with the establishment requesting approval of a liquor license to the city manager.

808.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

Tualatin Police Department

Tualatin PD Policy Manual

Protected Information

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Unit to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk. In those instances, cell phones should be used if possible. The transmission should be limited to essential details only, with maximized use of law enforcement codes (10 or 12 code), concealing information identifying individuals and offenses as much as possible. Plain text transmission of an entire record (summary or full) is prohibited.

Nothing in this policy is intended to prohibit broadcasting warrant information.

808.5.1 REVIEW OF CRIMINAL OFFENDER RECORD

Individuals requesting to review their own Oregon criminal offender information shall be referred to OSP, Identification Services Section (OAR 257-010-0035).

An individual may review his/her local record on file with the Department under the provisions of ORS 192.345(3), and after complying with all legal requirements.

This department will not release information originated by any other agency (ORS 192.311 et seq). Individuals requesting this information shall be referred to the originating agency.

808.6 SECURITY OF PROTECTED INFORMATION

The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include but are not limited to:

- (a) Developing and maintaining security practices, procedures, and training.
- (b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.
- (c) Establishing procedures to provide for the preparation, prevention, detection, analysis, and containment of security incidents including computer attacks.
- (d) Tracking, documenting, and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

Tualatin Police Department

Protected Information

808.6.1 MEMBER RESPONSIBILITIES

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

808.7 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

808.7.1 LEDS TRAINING

All members who operate a terminal to access the LEDS network shall complete a LEDS System Training Guide at a level consistent with the member's duties. Each member who operates a terminal to access LEDS must be re-certified by the Department every two years (OAR 257-015-0050).

Computers and Digital Evidence

810.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

810.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box (For laptops, disconnect any power cable from the case and remove the battery).
- (e) Label each item with case number, evidence sheet number and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Property and Evidence Section. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
 1. Where the computer was located and whether or not it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.

Tualatin Police Department

Tualatin PD Policy Manual

Computers and Digital Evidence

- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture or if there is a possibility of necessary physical evidence on such accessories.

810.2.1 BUSINESS OR NETWORK COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence. Cases involving networks require specialized training which is available through the Northwest Regional Computer Forensic Lab, the Oregon State Police or another agency having certified examiners.

810.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to the Computer Forensic Examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

810.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media, to include hard discs, floppy discs, CDs, DVDs, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request Property Control to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.

Tualatin Police Department

Tualatin PD Policy Manual

Computers and Digital Evidence

- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

810.4 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

810.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting evidence recorded by officers and stored digitally using digital cameras, audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

810.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

810.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be downloaded and saved to a compact disc (CDR+/-) as soon as possible for submission into evidence. The officer is responsible for verifying that the images are properly transferred to the compact disc.
- (b) Officers are not authorized to make copies for personal use. All photos and copies of files must be for investigative purposes only.

Tualatin Police Department

Tualatin PD Policy Manual

Computers and Digital Evidence

- (c) Officers shall write their name and the related case number on the compact disc and the outside of the compact disc envelope before placing in the evidence locker along with the evidence form.
- (d) Officers requiring a copy of the digital files after submission into evidence must make a written request.

810.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

810.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Animal Control

816.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

816.2 THE ANIMAL SHELTER RESPONSIBILITIES

Animal control services are generally the primary responsibility of the Animal Shelter and include the following:

- (a) Animal-related matters during periods when the Animal Shelter is available.
- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that the Animal Shelter is available for investigation and resolution.
- (c) Follow-up on animal-related calls, such as locating owners of injured animals.

816.3 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation and determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding personnel generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
 2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
 3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

816.3.1 IMPOUNDMENT OF ANIMALS DURING BUSINESS HOURS

CLACKAMAS COUNTY: In the event of an impoundment of a dog (no cats accepted) in Clackamas County during the normal operating hours of the Clackamas County Dog Shelter, Monday - Sunday non-holidays 9:30 am - 5:00 pm, and on County recognized holidays from 10:30 am - 3:30 pm, officers should transport the animal to the shelter and follow the direction of the on-duty shelter staff. The address of the Clackamas County Dog Shelter is 2104 Kaen Rd., Oregon City, OR 97045 and the contact phone number is (503) 655-8628.

WASHINGTON COUNTY: In the event of an impoundment of a dog or cat in Washington County during the normal operating hours of the Washington County Bonnie L. Hays Animal Shelter, Monday - Friday non-holidays 7:00 am - 6:00 pm and on Saturdays from 7:00 am - 5:00 pm, officers should transport the animal to the shelter and follow the direction of the on-duty shelter staff. The address of the Washington County Bonnie L. Hays Animal Shelter is 1901 SE 24th Ave., Hillsboro, OR 97123 and the main contact phone number is (503) 846-7041. The back line to reach a staff member in the event that the shelter doors are locked, but it is during operating hours is (503) 846-7043.

816.3.2 IMPOUNDMENT OF ANIMALS AFTER HOURS

- (a) When conducting an after hours impoundment of a dog (no cats accepted) at the **Clackamas County Dog Shelter**, officers should adhere to the following procedures:
1. All dogs brought to the Clackamas County Dog Shelter after hours by an officer must be placed in an overnight holding run inside the building, if there is space available. There are typically at least three available overnight runs. When leaving the dog, the officer is to fully complete the impound information sheet and leave it clipped to the gate of the run in which the dog was placed, so that the shelter staff will be informed about the dog's condition
 2. If there are already one or more dogs in all the overnight runs, the officer will not be able to leave the dog at the shelter at that time, but can bring the dog to the shelter for impounding during regular operating hours, when shelter staff are present, from Monday - Sunday non-holidays 9:30 am - 5:00 pm, and on County recognized holidays from 10:30 am - 3:30 pm.
 3. Before impounding a dog with any visible injury (with or without bleeding), excessive panting, slobbering, appearing to be agitated, overly heated, vomiting, bleeding and/or diarrhea, the officer must take the dog for a veterinary assessment. The officer may transport the dog to an emergency veterinarian clinic within the metropolitan area for the assessment. If the veterinarian determines the dog is sufficiently stable to be held in an unattended shelter, the officer may transport the dog to the shelter and impound. (A copy of the veterinarian report must be attached to the impounding record.)

Tualatin Police Department

Tualatin PD Policy Manual

Animal Control

- (b) When conducting an after hours impoundment of a dog or cat at the **Washington County Bonnie L. Hays Animal Shelter**, officers should adhere to the following procedures:
1. All injured animals must be transported to Dove Lewis Emergency Clinic in downtown Portland or to Rock Creek Veterinarian Clinic on SW 185th in Beaverton. Critter Gitter will transport injured animals if needed. **DO NOT LEAVE INJURED ANIMALS AT THE SHELTER.**
 2. Normal operating hours of the Washington County Animal Shelter are Monday - Friday non-holidays 7:00 am - 6:00 pm and Saturdays from 7:00 am - 5:00 pm. All dogs brought into the Washington County Animal Shelter after hours by an officer come in through the backyard gate at the rear of the building. The gate is electronic. Dispatch can furnish the officers the code for the gate upon request. There are three dog runs on the North side of the lot. Inside of the dog runs are forms hanging on the chain link fence in a plastic document holder. The form needs to be filled out by the officer as fully as possible and hung back on the kennel for the kennel attendant to read in the morning. The dogs may be left in any of the three kennels. Do not mix dogs that have not come in from the same source. Do not leave large dogs kenneled with small dogs even if they are from the same source. Please close all three latches on the kennels to prevent dogs from escaping. Do not place dogs into the large play yard behind the dog runs, as it is not secure. If all three kennels are full when you arrive please call (503) 209-3544 and a shelter tech will give you further instructions.
 3. Please put cats into a plastic cat carrier before placing them into the dog kennel area. There are cat carriers stored on the West side of the parking lot. Pick one that is in good repair and has all of its screws tightened down (if applicable). It is advisable to load the cat into the carrier back end first. Cats are less likely to be frightened by that process. Cats are readily able to escape from the dog kennels if they are not inside a cat carrier.

If the animal that you are impounding has bitten a human please note that on the impound slip. Victim information is very important for health department requirements, please include that information if at all possible along with the date of the bite and any owner information if known.

816.4 DECEASED ANIMALS

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

Tualatin Police Department

Tualatin PD Policy Manual

Animal Control

816.5 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts shall be made to contact the owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

816.5.1 INJURED WILDLIFE

Injured wildlife should be referred to the Oregon Department of Fish and Wildlife or Oregon State Police, Fish and Wildlife Division.

816.6 POLICY

It is the policy of the Tualatin Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

816.7 ANIMAL CRUELTY COMPLAINTS

Laws relating to the cruelty to animals should be enforced, including but not limited to those cited in ORS 133.379 (animal abuse, animal neglect).

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.
- (c) Members who lawfully seize an animal shall comply with the notice requirements of ORS 167.345.

816.8 ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

816.9 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

816.10 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Patrol Sergeant will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

Tualatin Police Department

Tualatin PD Policy Manual

Animal Control

816.11 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Members should diligently address calls related to nuisance animals (e.g., barking dogs), because such calls may involve significant quality-of-life issues.

816.12 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor or OIC.

816.13 RESCUE OF ANIMALS IN VEHICLES

A member who has a good-faith belief that entry into a motor vehicle is necessary because a domestic animal inside the vehicle is in imminent danger of suffering harm may enter the vehicle to remove the animal (ORS 30.813). Members should:

- (a) Determine that the motor vehicle is locked or there is no other reasonable method for the animal to exit the vehicle.
- (b) Make a reasonable effort to locate the owner before entering the vehicle.
- (c) Take steps to minimize damage to the vehicle, using no more force than necessary to enter the vehicle and remove the animal.
- (d) Refrain from searching the vehicle or seizing items except as otherwise permitted by law.
- (e) Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and Department of the member involved in the rescue.
- (f) Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.

Chapter 9 - Custody

Temporary Custody of Adults

902.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Tualatin Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

902.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

902.3 FIELD AND TRANSPORTATION SEARCHES

An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.

902.4 SEARCHES AT POLICE FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Tualatin Police Department facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

902.5 STRIP SEARCHES

No individual in temporary custody at any Tualatin Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:

- (e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual's genital status. If the individual's genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

902.6 PHYSICAL BODY CAVITY SEARCH

Physical body cavity searches shall be subject to the following:

- (a) No individual shall be subjected to a physical body cavity search without written approval of the Patrol Sergeant and only upon a search warrant or approval of legal counsel. The first officer to respond to a report of sexual abuse or sexual assault shall (28 CFR 115.164):

Investigators shall (28 CFR 115.171):

- (a) Gather and preserve direct and circumstantial evidence, including any available physical and biological evidence and any available electronic monitoring data.
- (b) Interview alleged victims, suspects and witnesses.

- (d) Conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.

- (f) Document in written reports a description of physical, testimonial, documentary and other evidence, the reasoning behind any credibility assessments, and investigative facts and findings.
- (g) Refer allegations of conduct that may be criminal to the District Attorney for possible prosecution, including any time there is probable cause to believe a prisoner sexually abused another prisoner in the Temporary Holding Facility (28 CFR 115.178).

904.5.4 SEXUAL ASSAULT AND SEXUAL ABUSE VICTIMS

No prisoner who alleges sexual abuse shall be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation (28 CFR 115.171(e)).

Tualatin Police Department

Tualatin PD Policy Manual

Prison Rape Elimination

Prisoner victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment. Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.182).

904.5.5 CONCLUSIONS AND FINDINGS

All completed investigations shall be forwarded to the Chief of Police, or if the allegations may reasonably involve the Chief of Police, to the City Manager. The Chief of Police or City Manager shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All personnel shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for department members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with prisoners and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with prisoners by a contractor or volunteer.

904.6 RETALIATION PROHIBITED

All prisoners and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Patrol Sergeant or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for prisoner victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for prisoners or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Patrol Sergeant or the authorized designee shall identify a staff member to monitor the conduct and treatment of prisoners or members who have reported sexual abuse and of prisoners who were reported to have suffered sexual abuse. The staff member shall act promptly to remedy any such retaliation. In the case of prisoners, such monitoring shall also include periodic status checks.

Tualatin PD Policy Manual

Prison Rape Elimination

904.7.1 INCIDENT REVIEWS

An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include upper-level management officials and seek input from line supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

- (a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.

- (d) Assess the adequacy of staffing levels in that area during different shifts.
- (e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The report shall be submitted to the Chief of Police and the PREA Coordinator. The Chief of Police or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

904.7.2 DATA REVIEWS

The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

- (a) Identification of any potential problem areas.
- (b) Identification of any corrective actions taken.

Material may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the Temporary Holding Facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Tualatin Police Department facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the department website or, if it does not have one, through other means. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

904.8 RECORDS

All other data collected pursuant to this policy shall be securely retained for at least 10 years after the date of the initial collection unless federal, state or local law requires otherwise (28 CFR 115.189).

904.9 TRAINING

All employees, volunteers and contractors who may have contact with prisoners shall receive department-approved training on the prevention and detection of sexual abuse and sexual harassment within this facility. The Training Coordinator shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

All current employees and volunteers who may have contact with prisoners shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher information to all such employees and volunteers to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.

Evaluation of Employees

1002.1 PURPOSE AND SCOPE

The objective of the evaluation system is to record work performance for both the Department and the employee giving recognition for good work and providing a guide for improvement where needed. The employee performance evaluation report is a gauge in measuring performance and is used for making personnel decisions relating to merit increase, promotion, reassignment, discipline, demotion and termination. The report also provides a guide for mutual work planning and review and an opportunity to convert general impressions into a more objective history of work performance based on job standards.

1002.2 POLICY

Employee performance evaluations will be written based on job related factors specific to the position occupied by the employee without regard to sex, race, color, or creed. Each evaluation will cover a specific period and should be based on performance during that period. The employee's immediate supervisor will complete each evaluation. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall be sent to a supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment. Supervisory courses for sworn members must be approved by DPSST.

Each supervisor should discuss the tasks of the position, standards of performance expected, and the evaluation rating criteria with each employee at the beginning of the rating period. When a non-probationary employee's job performance falls below the established standards of the job, the supervisor should, as soon as practical, but at least 90 days prior to the end of the annual evaluation period, advise the employee in writing in order to provide an opportunity for the employee to improve performance. The involved employee will be provided the opportunity to initial any such writing and respond in writing within 30 days, if desired. Failure to meet established performance standards is justification for an unsatisfactory rating. Rating factors that are not observed are assumed to be performed at a standard level.

1002.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Tualatin Police Department

Tualatin PD Policy Manual

Evaluation of Employees

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

1002.3.1 CIVILIAN/PROFESSIONAL STAFF EVALUATIONS

Civilian/Professional staff employees will be evaluated as outlined in the City of Tualatin Personnel Policy No. 8-86 and Tualatin Personnel Policy No. 1-86. 1002.3.2 SWORN PERSONNEL EVALUATIONS

All sworn personnel will be evaluated as outlined in the City of Tualatin Personnel Policy No. 8-86 and Tualatin Personnel Policy No. 1-86. Evaluations will also comply with the Collective Bargaining Agreement between the City of Tualatin and the Tualatin Police Officers Association (TPOA) Article 12.

1002.4 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent employees may also write comments in the employee comments section of the performance evaluation report.

1002.5 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Division Commander). The Division Commander shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Commander shall evaluate the supervisor on the quality of ratings given.

This department's philosophy is to promote a free verbal communication between employees and supervisors.

1006.1.1 GRIEVANCE DEFINED

For the purposes of this procedure a grievance is any difference of opinion concerning terms or conditions of employment, or a dispute involving the interpretation, or application of any department policies or City rules and regulations covering personnel practices or working conditions, by the affected persons.

Grievances may be brought by an individually affected employee or by a group representative.

Specifically outside the category of grievances are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy federal, state, or local law, as set forth in the Personnel Complaints Policy.

1006.1.2 DUPLICATE PROCEDURES

The grievance procedures set forth in this policy shall not be used in addition to other grievance procedures as may be in effect through the governing jurisdiction or the eligible employee's collective bargaining agreement.

Under no circumstances shall more than one administrative process be used to redress the same grievance, although use of this or other procedures does not preclude employees from seeking legal remedies as appropriate.

1006.2 PROCEDURE

If an employee believes that he or she has a grievance as defined above, then that employee shall observe the following procedure:

- (a) Attempt to resolve the issue through informal discussion with immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the Division Commander of the affected division or division.

The Chief of Police and the City Manager will review and analyze the facts or allegations and respond to the employee within 14 calendar days. The response will be in writing, and will affirm or deny the allegations. The response shall include any remedies if appropriate. The decision of the City Manager is considered final.

1006.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

1006.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Support for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the City Manager's office to monitor the grievance process.

1006.5 ANNUAL REPORT OF GRIEVANCES

A Division Commander will create a report to the Chief of Police no later than January 15 of every year that lists the grievances filed within the calendar year. The report will include the basis of the grievances, the findings of the grievances, and an analysis to determine trends or patterns of issues that could be remedied through training, policy modification, or correction of personnel performance.

The report should not contain any identifying information from any individual grievance. The Division Commanders should promptly notify the Chief of Police if the report identifies any policy manual content that may warrant a critical revision.

Anti-Retaliation

1008.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1008.2 POLICY

The Tualatin Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.

Anti-Retaliation

1008.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Human Resource Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Tualatin Police Department

Tualatin PD Policy Manual

Anti-Retaliation

1008.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

- (a) A violation of federal, state, or local law, rule, or regulation.
- (b) Mismanagement, gross waste of funds, abuse of authority, or substantial and specific danger to public health and safety.
- (c) A person who is receiving public assistance is subject to a felony or misdemeanor warrant.

Employees are encouraged to report such violations or disclosures of information through the chain of command (ORS 659A.221; ORS 654.062).

1008.8 RECORDS RETENTION AND RELEASE

The Records Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1008.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Arrests, Convictions, and Court Orders

1010.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the Tualatin Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm.

1010.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Oregon and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; ORS 107.095(5); ORS 166.255; ORS 166.270; ORS 166.527).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

OAR 259-008-0300 prohibits any person convicted of a felony and certain other crimes from being a peace officer in the State of Oregon. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1010.4 REPORTING

All members and all retired officers with identification cards issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending, or is on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with identification cards issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if they become the subject of a domestic violence restraining order or any court order

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing his/her duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

The Tualatin Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1012.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Patrol Sergeant or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1012.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

1012.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action.

1012.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Tualatin Police Department

Tualatin PD Policy Manual

Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 SCREENING TESTS

A supervisor may request an employee to submit to a screening test under the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.
- (d) During the performance of the employee's duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

1012.7.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.

Tualatin Police Department

Tualatin PD Policy Manual

Drug- and Alcohol-Free Workplace

- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1012.7.2 DISCIPLINE

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that the employee took the controlled substance as directed, pursuant to a current and lawful prescription issued in the employee's name.

1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1012.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Sick Leave

1014.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement (ORS 653.606; ORS 653.611).

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) and the Oregon Family Leave Act, or leave related to protections because of domestic violence, harassment, sexual assault, bias crimes, or stalking (29 USC § 2601 et seq.; ORS 659A.150 et seq.; ORS 659A.270 et seq.).

1014.2 POLICY

It is the policy of the Tualatin Police Department to provide eligible employees with a sick leave benefit.

1014.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences (ORS 653.616; OAR 839-007-0020).

Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

1014.3.1 NOTIFICATION

All members should notify the Patrol Sergeant or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts or as soon as practicable when there are extenuating circumstances. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (ORS 653.621; OAR 839-007-0040).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 10 days' notice of the impending absence. The member shall make a reasonable attempt to schedule the use of sick time so that it does not disrupt the operations of the Department (ORS 653.621; OAR 839-007-0040).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1014.4 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

Tualatin Police Department

Tualatin PD Policy Manual

Sick Leave

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Human Resource Director as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

1014.5 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work (ORS 653.626; OAR 839-007-0045).

Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days (ORS 653.626; OAR 839-007-0045).

When a verification from a health care provider is required, the Department shall pay reasonable costs, including lost wages, associated with obtaining the verification that are not paid under the member's health benefit plan (ORS 653.626).

1014.6 REQUIRED NOTICES

The Human Resource Director shall ensure that each employee is provided written notice of the following (ORS 653.631; OAR 839-007-0050):

- (a) Accrued and unused sick time available at least quarterly.
- (b) The sick leave provisions of the Oregon sick leave law as provided in ORS 653.601 et seq.

Communicable Diseases

1016.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Tualatin Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 POLICY

The Tualatin Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1016.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Complying with the Oregon Safe Employment Act (ORS 654.001 et seq.).
 2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

Tualatin Police Department

Tualatin PD Policy Manual

Communicable Diseases

3. Exposure control mandates in 29 CFR 1910.1030 including bloodborne pathogen precautions (OAR 437-002-0360).

The ECO should also act as the liaison with the Oregon Occupational Safety and Health Division (OR-OSHA) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1016.4 EXPOSURE PREVENTION AND MITIGATION

1016.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1016.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; OAR 437-002-0360).

Tualatin Police Department

Tualatin PD Policy Manual

Communicable Diseases

Other preventive, no-cost immunizations shall be provided to members who are at risk of contracting a communicable disease if such preventive immunization is available and is medically appropriate. A member shall not be required to be immunized unless such immunization is otherwise required by federal or state law, rule or regulation (ORS 433.416).

1016.5 POST EXPOSURE

1016.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1016.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1016.5.3 MEDICAL CONSULTATION, EVALUATION, AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; OAR 437-002-0360).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

Tualatin Police Department

Tualatin PD Policy Manual

Communicable Diseases

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1016.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; OAR 437-002-0360).

1016.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Contacting the Oregon Health Authority to seek voluntary consent for source testing for HIV (ORS 433.065).
- (c) Petitioning for a court order to compel source testing for HIV or other communicable diseases as defined by ORS 431A.005, if a good faith effort to obtain voluntary consent is requested from the source person and not obtained (ORS 433.080; ORS 431A.570).
- (d) Working with the district attorney if the person is charged with a criminal offense that may involve exposure to a communicable disease (ORS 135.139).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1016.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; OAR 437-002-0360):

Tualatin Police Department

Tualatin PD Policy Manual

Communicable Diseases

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Automatic External Defibrillator (AED) Program

1017.3 POLICY

The Tualatin Police Department strives for excellence in customer service and is dedicated to the safety and well being of the community. The intent of this policy is to provide the resources and framework allowing Department personnel to respond to cardiac emergencies with potential life-saving intervention.

The scope of this policy will include AED deployment procedures, training requirements, product location, EMS notification, medical supervision, and all the necessary activities to conform to the following:

- Oregon Senate Bill 313, effective 6/04/99

The Department will provide training / re-certification courses annually for all employees. This training will also include a review of policy, procedural changes, and a review of AED deployments that have occurred over the past year.

1017.5 AED DEPLOYMENT

The Department will assign AEDs for employee use as available. Any Police Department Supervisor may reassign AEDs as deemed necessary. Anyone reassigning an AED needs to notify the AED Program Administrator as soon as possible.

When AEDs are assigned for use by the Patrol Division, all available units should be checked out and put "on the road" by on-duty Officers.

Tualatin Police Department

Tualatin PD Policy Manual

Automatic External Defibrillator (AED) Program

Officers carrying an AED shall perform a check of the AED at the beginning of their shift, as trained, and in accordance with manufacturers recommendations.

Tualatin Police Employees with current CPR/AED certification are capable of responding to any situation requiring resuscitation. Contact with such patients may occur within the course of ones regular duties, or as result of a dispatched call for medical aid. However, if such contact occurs, employees need to ensure that Advanced Life Support (ALS) Personnel are responding, and care for the conditions they find within the scope of their training. Once initiating care, employees will continue until they are relieved by ALS Personnel or the scene becomes unsafe.

Following deployment of an AED (pads applied to a patient), it needs to be removed from service and notification given to the AED Program Administrator.

1017.5.1 DOCUMENTATION OF AED DEPLOYMENT

When a Tualatin Police Employee deploys an AED they must complete a Report and an AED Use Report. The Report should document the details of the incident not appearing on the AED Use Report to include but not limited to: patient identity, witnesses, circumstances, actions taken, ALS unit patient care was transferred to, and name of the lead paramedic on that unit.

1017.6 AED PROGRAM ADMINISTRATION

In order to equip Employees with AEDs and offer this service to the community, the City of Tualatin Police Department has entered into an agreement with the Washington County Emergency Medical Services Office to provide medical oversight. In order to maintain this agreement, the Tualatin Police Department must fulfill certain requirements.

The Chief of Police shall appoint an AED Program Administrator. It is the responsibility of the AED Program Administrator to liaison with Washington County Emergency Medical Services Office and ensures that the Tualatin Police Department is in compliance with all agreements, regulations, and policies regarding Department use of AEDs.

1017.7 MEDICAL OVERSIGHT

This policy and any future procedural changes must be reviewed and approved by the Washington County Emergency Medical Services (EMS) Office Medical Director. Documentation of AED deployments must be forwarded immediately to the EMS Office for review. This documentation should include all reports completed by involved officer(s) and the event record as recorded by the AED. The EMS Office will review all events and provide support to the Police Department as needed.

1017.8 RECORD KEEPING

The Tualatin Police Department will maintain the following records:

- Employee CPR/AED certifications
- All training records

1017.9 EQUIPMENT

The Washington County Emergency Medical Services Office must approve any devices to be used under this policy. Only an approved medical device that is capable of recognizing the presence or absence of ventricular fibrillation, rapid ventricular tachycardia and is capable of determining without intervention by an operator whether defibrillation should be performed, and automatically charges and allows delivery of an electrical impulse will be utilized. Additional features/requirements must be approved by the medical advisor.

Department AEDs will be cataloged in inventory records and will be distributed at the beginning of each shift to those employees that are trained and certified in their use.

1018.3 SMOKING AND TOBACCO USE

This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1020.2 POLICY

The Tualatin Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1020.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1020.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Patrol Sergeant is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards Unit, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

- (e) Tort claims and lawsuits may generate a personnel complaint.

1020.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1020.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1020.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1020.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

Personnel Complaints

1020.5.1 COMPLAINTS ALLEGING PROFILING

Complaints related to profiling should be clearly marked to assist in reporting as required in the Bias-Based Policing Policy (ORS 131.920).

1020.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1020.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Patrol Sergeant of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.

- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Patrol Sergeant and Chief of Police are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Department of Human Resources and the Patrol Sergeant for direction regarding the supervisor's role in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

- (a) Interviews of an accused public safety officer shall be conducted during reasonable (normal waking) hours and preferably when the public safety officer is on-duty, unless the seriousness of the investigation requires otherwise. Tualatin PD Policy Manual

Personnel Complaints

1. A public safety officer should be given an order to answer questions in an administrative investigation that might incriminate the public safety officer in a criminal matter only after the public safety officer has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the public safety officer may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
2. No information or evidence administratively coerced from a public safety officer may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
 - (i) The interviewer should record the interview and the public safety officer may also record the interview. If the public safety officer has been previously interviewed, a copy of that recorded interview, and upon request any existing transcripts of the interview or reports describing the interview, shall be provided to the public safety officer prior to any subsequent interview.
 - (j) All public safety officers subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, to maintain the integrity of each individual's statement, involved public safety officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - (k) In a disciplinary or administrative investigation, the public safety officer's chosen representative cannot be required to disclose, or be subject to disciplinary action for refusing to disclose, statements made by the public safety officer to the representative for purposes of the representation.
 - (l) As soon as it is determined that the public safety officer may be charged with a criminal offense, the public safety officer shall be informed of the public safety officer's right to consult with criminal defense counsel with respect to the criminal charge.
 - (m) All public safety officers shall provide complete and truthful responses to questions posed during interviews.
 - (n) No public safety officer may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

1020.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Tualatin Police Department

Tualatin PD Policy Manual

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1020.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.6.5 COMPLETION OF INVESTIGATIONS

The Support Supervisor shall ensure that investigations are completed and public safety officers are provided notification of intended discipline no later than six months from the date of the first interview. The Chief of Police or the Support Supervisor may extend the investigation to a maximum of 12 months from the date of the first interview, provided that, before the extended period begins, the Department gives written notice explaining the reason for the extension to the public safety officer and the public safety officer's chosen representative and union representative, if any (ORS 236.360(6)(a)).

The above time limits do not apply when (ORS 236.360(6)(b)):

- (a) The investigation involves a public safety officer who is incapacitated or unavailable.
- (b) The investigation involves an allegation of workers' compensation or disability fraud by the public safety officer.
- (c) The public safety officer, in writing, waives the limit.

Tualatin Police Department

- (e) The investigation involves more than one public safety officer and requires a reasonable extension of time.
- (f) The alleged misconduct is also the subject of a criminal investigation or criminal prosecution. Time does not run for the period during which the criminal investigation or criminal prosecution is pending.

- (h) The investigation is the result of a complaint by a person charged with a crime. Time does not run for the period during which the criminal matter is pending.

1020.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1020.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1020.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1020.8.1 ANNUAL REVIEW OF COMPLAINTS

An annual review will be conducted on all personnel complaints.

Tualatin Police Department

Tualatin PD Policy Manual

Personnel Complaints

1020.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Tualatin Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1020.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action. Forms of discipline include, but are not limited to, training, counseling and punitive action.

1020.10.1 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1020.10.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any that should be imposed. In the

Tualatin Police Department

Tualatin PD Policy Manual

Personnel Complaints

event disciplinary action is proposed, the Chief of Police shall provide the member with a written notice and the following:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1020.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint and may provide a written summary of the information obtained in the investigation as the Chief of Police finds necessary to explain the action taken (ORS 181A.674).

If the complaint is related to profiling, the complainant shall be notified in writing with a statement of the final disposition within a reasonable time after the conclusion of the investigation (ORS 131.920).

1020.10.4 PRESUMPTIVE DISCIPLINARY SANCTIONS

For officers, the Chief of Police shall impose the presumptive sanction for the types of misconduct described in OAR 265-010-0001 et seq. but may depart from the presumptive sanction through application of the prescribed aggravating or mitigating factors (OAR 265-005-0030; OAR 265-010-0035). The Chief of Police shall document the decision to impose a sanction other than the presumptive sanction, including the reasoning and any aggravating or mitigating factors (OAR 265-005-0030).

1020.11 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.

Tualatin Police Department

Tualatin PD Policy Manual

Personnel Complaints

- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to conduct further investigation, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1020.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1020.13 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement and/or personnel rules.

1020.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1020.15 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

1020.16 DEPARTMENT OF PUBLIC SAFETY STANDARDS AND TRAINING COMPLAINTS

Complaints received from the Department of Public Safety Standards and Training (DPSST) that involve officers or dispatchers will be investigated as outlined in this policy. The Chief of Police or the authorized designee is responsible for notifying DPSST of the disposition of the complaint (OAR 259-008-0400).

Tualatin Police Department

Tualatin PD Policy Manual

Personnel Complaints

1020.17 NOTIFICATION TO THE DEPARTMENT OF PUBLIC SAFETY STANDARDS AND TRAINING

The Chief of Police or the authorized designee should ensure DPSST is notified as follows:

- (a) When an investigation of misconduct under ORS 181A.681 results in a sustained finding (ORS 181A.683).
- (b) Within 10 days of a final discipline that includes an economic sanction with the following information (ORS 181A.686):
 - 1. The name and rank of the officer disciplined.
 - 2. The name of the Tualatin Police Department.
 - 3. A copy of any final decision including the underlying facts and the imposed discipline.

Safety Belts

1022.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of safety belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1022.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1022.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained (ORS 811.210).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a safety belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1022.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by safety belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints. In unusual circumstances where it is unsafe or impractical to do so, prisoners may be transported without the use of safety belts (ORS 811.215(6)).

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1022.4 INOPERABLE SAFETY BELTS

Department vehicles shall not be operated when the safety belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the safety belt is inoperable.

Department vehicle safety belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Tualatin Police Department

Tualatin PD Policy Manual

Safety Belts

1022.5 POLICY

It is the policy of the Tualatin Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1022.6 TRANSPORTING CHILDREN

A child restraint system should be used for all children of an age, height or weight for which such restraints are required by law (ORS 811.210).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of safety belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1022.7 VEHICLES MANUFACTURED WITHOUT SAFETY BELTS

Vehicles manufactured and certified for use without safety belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1022.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy.

Body Armor

1024.1 PURPOSE AND SCOPE

Practical safety measures should be used to reduce the risks and hazards associated with police work. The Department provides soft body armor for personnel in an effort to improve safety.

1024.2 POLICY

Soft body armor vests are issued to all sworn personnel because they have been shown to be effective in reducing deaths and serious injuries.

Soft body armor vests will be of an appropriate make, manufacture and NIJ Certification to contain or defeat the ammunition that officers of the Department carry in their duty handguns.

1024.2.1 USE OF SOFT BODY ARMOR

The Department encourages all on-duty officers to wear soft body armor. All uniformed officers are required to wear their soft body armor while on duty. It is encouraged for officers to wear body armor with Class A uniforms. However, it is optional for officers to wear body armor with Class A uniforms under the following conditions:

- (a) When attending a memorial service
- (b) When attending a graduation ceremony
- (c) Participating in a swearing-in ceremony
- (d) Council meetings
- (e) As approved by the Chief of Police

Soft body armor use is required in some other instances. When officers are assigned to a high risk operation, stakeout, service of felony arrest warrant(s), or, are serving a search warrant at a location where there is reason to believe a felony suspect may be present, the wearing of body armor is mandatory.

Body armor must be either department-issued or department-approved.

A stakeout, for purposes of this section, is a preplanned event where time and practicality allow officers to put on body armor in anticipation of encountering armed or dangerous suspects or circumstances.

Non-uniformed officers, such as detectives, CRU officers, and administrative staff should carry soft body armor in their department issued vehicle and wear such armor if responding to a potentially dangerous situation and time allows the officer to put on the body armor.

1024.2.2 CARE OF SOFT BODY ARMOR

Officers are responsible for regular care, cleaning, and inspection of their soft body armor to include regular washing of the exterior carrier. Any wear or defects should be promptly reported to a supervisor.

Tualatin Police Department

Tualatin PD Policy Manual

Body Armor

The department will replace soft body armor on a regular industry-standard cycle.

Such a refusal, however, shall not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file.
- (g) Commendations and awards.

1026.5 TRAINING FILE

An individual training file shall be maintained by the Training Coordinator for each member. - Not sustained

- (f) Drug testing records.

Medical records relating to hazard exposure shall be retained for 30 years after separation and in accordance with the department established records retention schedule (29 CFR 1910.1020(d)).

1026.8 SECURITY

Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure as provided in this policy, according to applicable discovery procedures, state law or with the member's written consent.

Nothing in this policy is intended to preclude review of personnel records by the City Manager, City Attorney or other attorneys or representatives of the City in connection with official business.

1026.8.1 REQUESTS FOR DISCLOSURE

Any member receiving a request for a personnel record shall promptly notify the Custodian of Records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (ORS 181A.830).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member's personnel records shall be logged in the corresponding file.

1026.8.2 RELEASE OF PERSONNEL INFORMATION

Personnel records of an officer who was employed at any time by the Department shall be released to a requesting law enforcement agency for the purposes of preemployment review (ORS 181A.667).

Except as provided by the Records Maintenance and Release Policy or pursuant to lawful process, no information about a personnel investigation of an officer that does not result in discipline contained in any personnel file shall be disclosed to any unauthorized member or other persons unless (ORS 181A.830(4)):

- (a) The officer consents to disclosure in writing.
- (b) The public interest requires disclosure of the information.

Tualatin Police Department

Tualatin PD Policy Manual

Personnel Records

- (c) Disclosure is necessary for an investigation by the public body, the Department of Public Safety Standards and Training, or a citizen review body designated by the public body.
- (d) Disclosure is required by ORS 181A.667.
- (e) The public body determines that nondisclosure of the information would adversely affect the confidence of the public in the Department.

Audio or video records of internal investigation interviews of an officer are confidential and shall not be released (ORS 192.385).

Photographs of an officer shall not be disclosed without the written consent of the officer (ORS 181A.830).

1026.9 BRADY MATERIAL IN PERSONNEL FILES

The purpose of this section is to establish a procedure for releasing potentially exculpatory information (so-called Brady material) contained within confidential peace officer personnel files.

1026.9.1 DEFINITIONS

Brady material - In the *Brady v. Maryland* decision (373 U.S. 83 (1963)) the United States Supreme Court held that the prosecution has an affirmative duty to disclose to the defendant evidence which is both favorable and material to the guilt and/or punishment of the defendant.

The prosecution - Refers to any prosecuting attorney and all investigative agencies involved in the criminal prosecution of a defendant, including this department.

ORS 135.815 - Oregon law also establishes a criminal defendant's right to access potentially exculpatory evidence.

1026.9.2 RELEASE OF PERSONNEL FILES IN LEGAL PROCEEDINGS

Personnel files are generally exempt from disclosure under ORS 192.501 to 192.505. When that exemption is invoked, the subject records will be examined by the court, in an in camera hearing, and the court will determine whether or not the exemption is valid. Therefore, in civil and/or criminal matters, an employee's confidential personnel records may be disclosed if a court determines that the disclosure exemptions do not apply.

If an employee is a material witness in a criminal case and that employee's personnel file potentially contains exculpatory evidence that may be discoverable under ORS 135.815, the court will examine the materials in camera, and decide whether or not the records must be revealed.

In making its decisions, the court will balance the public's interest in having the records revealed against the interests of the employee, and then decide whether or not the otherwise confidential records must be revealed.

1026.10 MEMBER ACCESS TO THEIR PERSONNEL RECORDS

A member or former member may request to review his/her personnel file. The request should be made to the Support Supervisor. The Support Supervisor should ensure that the member is

Tualatin Police Department

Tualatin PD Policy Manual

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues and work-related injuries.

1041.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An accidental injury or any disease or infection arising out of and in the course of employment that requires medical services or results in disability or death. The occupational disease (including a mental disorder) must be caused by substances or activities to which the member would not ordinarily be subjected or exposed except during employment with the Tualatin Police Department (ORS 656.005(7); ORS 656.802).

1041.2 POLICY

The Tualatin Police Department will address occupational diseases, mental health issues and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (ORS 656.001 et seq.).

1041.3 RESPONSIBILITIES

1041.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate. The member may choose a medical service provider, attending physician or authorized nurse practitioner for medical care (OAR 436-060-0010).

1041.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate. The supervisor shall provide every injured member with a Report of Job Injury or Illness form (Form 801) immediately upon the request of the member or his/her attorney, or upon receiving notice or knowledge of an accident that may involve a compensable injury (ORS 656.265; OAR 436-060-0010).

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1041.3.3 DIVISION COMMANDER RESPONSIBILITIES

The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City's risk management entity and the Support Division Commander to ensure any required Oregon Occupational Safety and Health

Tualatin Police Department

Tualatin PD Policy Manual

Occupational Disease and Work-Related Injury Reporting

Administration (OR-OSHA) reporting is made as required in the injury and illness prevention plan identified in the Illness and Injury Prevention Policy.

Claims shall be reported to the department's insurer no later than five days after notice or knowledge of any claim or accident that may result in a compensable injury (OAR 436-060-0010).

A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Support Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1041.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1041.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Extensions require approval of the Division Commander.
- (d) When it is determined that an employee on modified duty will return to regular duty, the supervisor shall notify the Division Commander and complete and process a change of shift/assignment form. All training and certification necessary for return to duty shall be reviewed and updated as necessary.

1055.4.3 MEDICAL EXAMINATIONS

The Department reserves the right to require, prior to returning to full-duty status, a fitness-for-duty examination of any employee assigned to a modified-duty assignment or of any employee having been on such assignment. Such examinations shall be at the expense of the Department.

Tualatin Police Department

Tualatin PD Policy Manual

Modified Duty Assignments

Prior to returning to full-duty status, employees shall be required to provide a statement signed by their health care provider indicating that they are medically cleared to perform the basic and essential job functions of their assignment without restriction or limitation.

1055.5 ACCOUNTABILITY

It is the policy of the Department to reassign employees who are pregnant upon request by the employee or when deemed necessary by the Department to temporary assignments that will not routinely expose the employee to potentially hazardous environments or activities.

1055.5.1 EMPLOYEE RESPONSIBILITIES

If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted consistent with the City's Personnel Rules and Regulations regarding Family and Medical Care Leave.

1055.6 MEDICAL EXAMINATIONS

1055.7 PREGNANCY

Employees assigned to modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided the certification, training or qualifications are not in conflict with any limitations or restrictions. Employees who are assigned to modified duty shall inform their supervisor of any inability to maintain any certification, training or qualifications.

Employee Speech, Expression and Social Networking

1059.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department (ORS 181A.689).

Nothing in this policy is intended to prohibit or infringe upon any communication, speech, or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1059.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the world wide web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

1059.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Tualatin Police Department will carefully balance the individual employee's rights against the department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1059.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Tualatin Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family, or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Tualatin Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Tualatin Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Tualatin Police Department or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Criminal Justice Code of Ethics as adopted by the Tualatin Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee (or any other act that would constitute a misuse of public information in violation of ORS 162.425).

- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Tualatin Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

 2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1059.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Tualatin Police Department or identify themselves in any way that could be reasonably perceived as representing the Tualatin Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose, or contradict any appointment, nomination, or election of a person to public office (ORS 260.432).

- (e) Appear in any commercial, social, or nonprofit publication or any motion picture, film, video, public broadcast, or on any website.

Additionally, when it can reasonably be construed that an employee, acting in an individual capacity or through an outside group or organization (e.g., bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Tualatin Police Department.

A notice of restrictions on political activities by employees will be posted and maintained by the Department in a place that is conspicuous to all employees as required by law (ORS 260.432).

Employee Speech, Expression and Social Networking

Employees retain their right to vote as they choose, to support candidates of their choice, and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command, or advise another employee to pay, lend, or contribute anything of value to a party, committee, organization, agency, or person for political purposes (5 USC § 1502).

1059.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook, Instagram, Twitter) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

1059.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.

- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1059.7 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

PROTOCOL STATEMENT

In order to best serve the children of Washington County and to comply with the requirements of law, this protocol was prepared to serve as a guideline for practice in child abuse cases. Child abuse cases include any cases that involve sexual abuse, physical abuse, neglect, child sex trafficking and Commercial Sexual Exploitation of Children (CSEC) of any person under 18 years of age, and any other conduct that falls within ORS 419B.005.

The purpose of the protocol is to clarify each agency's duties and responsibilities and to improve interagency coordination. The goals are to provide services that are trauma-informed and in the best interest of the child; to conduct child abuse investigations in an expedited and effective manner; to minimize the number of interviews; to prevent the abuse of other potential victims; and to provide information to all involved agencies in a coordinated and efficient manner. It is the intent of the Washington County Child Abuse Multidisciplinary Team (MDT) that all child abuse cases in Washington County will be adequately investigated and, where appropriate, prosecuted.

This protocol does not supersede individual or agency professional discretion. Each agency's participation shall be consistent with its commitment to the interests of children within the context of the agency's statutory obligations.

The protocol was developed by representatives from the District Attorney's Office (DA's Office), various law enforcement agencies (LEA), Department of Human Services (DHS), school districts, and other current members of the MDT. Administrators from the member agencies have reviewed these materials and agreed to follow these guidelines. MDT member agencies conclude that there is a critical need to continue to pursue and further develop guidelines for conducting child abuse investigations. The Child Abuse MDT Protocol will be reviewed, at a minimum, every two years and may be amended upon approval by the MDT.

This agreement is effective upon execution by each member agency.

MDT AGREEMENT

The MDT shall consist of representatives from public and private agencies in the following areas:

- District Attorney's Office (DA)
- Law Enforcement Agencies (LEA)

- CARES Northwest (CARES NW)
- Hospitals
- County Community Corrections Department
- Family Navigators and mental health providers from CARES NW
- Victim Advocates from the District Attorney's Office
- Other agencies and providers as the MDT deems appropriate

The District Attorney has appointed individuals from The District Attorney's Office to chair the MDT and to act as Child Abuse MDT Coordinator. The MDT Chair and MDT Coordinator work together to facilitate MDT meetings and to identify topics to be addressed at monthly meetings. The MDT Coordinator sends the meeting agenda and notification of cases to be staffed to MDT members via secure email prior to the scheduled meeting time and keeps monthly MDT meeting minutes. MDT members are encouraged to send suggested meeting agenda topics or cases to be staffed to the MDT Coordinator.

. The purpose of MDT meetings is to:

- Review sensitive cases

CHILD ABUSE INVESTIGATIONS

Response:

- Investigators shall be those persons designated by DHS and LEA as having jurisdiction.
- LEA shall respond 24 hours a day, as appropriate, and shall refer cases to trained child abuse investigators whenever possible.
- Investigation and assessment shall be completed concurrently or jointly, as necessary.
- Response priority is determined by the apparent or potential risk of psychological, physical, or sexual harm or neglect to the children. The response priority is determined on a case-by-case basis.
- The DHS worker must consult with a DHS supervisor and seek assistance from LEA if the referral indicates that:
 - there may be severe harm or threat of severe harm to the child;
 - there is reasonable cause to believe the child's health or safety is endangered by the conditions of the dwelling; or
 - the child is inadequately supervised and there is an immediate need to evaluate the child's health and safety.
- Whenever possible, the DHS worker must coordinate assessment activities with LEA in the following situations:
 - Presence of danger: When the DHS worker has information that indicates that the child is unsafe right now
 - Family cooperation: When the DHS worker has information that the family may not allow the DHS worker to observe the alleged victim or other children in the home
 - Protective custody: When the DHS worker has information that a child may need to be placed into protective custody
 - Child interview: When the DHS worker and the LEA officer must each interview a child, it is preferable to coordinate the interviews to reduce the number of interactions with the child
 - Worker safety: When the DHS worker has information that indicates the family behavior, circumstances, or situation could pose a danger to the DHS worker
 - Crime committed: When the DHS worker suspects or receives a report that a crime may have been committed

Conduct of Investigation:

- Investigations shall be approached as though they will ultimately result in criminal prosecution, bearing in mind the best interests and needs of the child.
- LEA shall contact DHS regarding removal of a child or about how to proceed in an investigation involving children when there are questions.
- A child abuse intake Deputy District Attorney (DDA) will be available for telephone consultation 24 hours a day **[See Case Consultation and/or Community Resources List appendices]**

Investigations continued

Conduct of Investigation continued

- Investigation strategy shall be determined by LEA or DHS considering the following:
 - the need to intervene for the child's immediate protection;
 - the need to preserve evidence;
 - logistics of victim, witness, and suspect interviews (e.g., time, place)
 - need to re-contact and interview the complainant.

Definitions: The following definitions apply to the Multidisciplinary Team Protocols.

Sexual Abuse: This includes any crime or attempted crime of a sexual nature involving a child victim, whether the identity of the victim is known or unknown. Specifically, it includes but is not limited to sexual crimes against children specified in ORS chapters 163 and 167. It also includes any Child Sex Trafficking and Commercial Sexual Exploitation of Children (CSEC) crimes, as defined below.

Child Sex Trafficking and Commercial Sexual Exploitation of Children (CSEC): These terms include, but are not limited to, crimes or attempted crimes specified in ORS chapters 163 and 167, when any party receives or offers anything of value (such as money, drugs, goods, or services) in exchange for any sexual conduct and facilitating, permitting, or aiding in any way the use of a child in any pornographic or sexually provocative material. They also include any acts that constitute the crime of prostitution, advertisement for escort services, and employment in any adult-oriented sexually explicit business or permitting a child to remain therein. The physical movement of a child is not required.

Physical Abuse: This includes any crime or attempted crime of a physical injury or neglect involving a child victim, whether the identity of the victim is known or unknown. Specifically, it includes but is not limited to physical abuse and neglect crimes against children specified in ORS chapter 163. It also includes any crimes that are within the scope of "Karly's Law" (ORS 419B.023) and any crime that causes or attempts to cause a physical injury or neglect or concerns of a physical injury or neglect to a child.

Sexual Abuse Cases: If the sexual abuse is reported within:

- 72 hours (3 days) for children under age 12
- 120 hours (5 days) for children age 12 and older

of the incident, CARES NW should be contacted immediately to determine whether or not the child needs an urgent medical evaluation. If the report is made after hours, the child should be taken to Randall Children's Hospital at Legacy Emanuel (RCH) emergency room. If that is not an option, the preferred alternative is Doernbecher Children's Hospital emergency room at Oregon Health and Science University (OHSU). If a forensic medical examination needs to occur, it is vital that the examination occur as soon as possible to improve the chances of collecting evidence. If the sexual abuse happened more than 72 hours (for children under age 12) or 120 hours (for children age 12 and older prior to the report, CARES NW should be contacted as soon as possible in order to schedule a non-urgent evaluation at CARES NW. **[See appendices for Case Consultation and CARES NW Sexual Abuse Guidelines for Referral].**

Investigations continued

Child Sex Trafficking and Commercial Sexual Exploitation of Children (CSEC) Cases:

The procedures outlined for sexual abuse cases apply to Child Sex Trafficking and CSEC cases. See above and see appendices for the MDT Human Trafficking Task Force Protocol and the CARES NW Sexual Abuse Guidelines for Referral. Given the complicated and diverse nature of these cases, however, there may be a need to deviate from the protocols when necessary on a case-by-case basis using your professional discretion and upon consultation where appropriate.

Physical Abuse Cases: If a person conducting an investigation under ORS 419B.020 observes a child who has suffered a suspicious physical injury and the person has a reasonable suspicion that the injury may be the result of abuse, Karly's Law (ORS 419B.022 and 419B.023) is triggered. At that point, the investigator shall immediately photograph or cause to have photographed the suspicious physical injury/injuries in accordance with ORS 419B.028 **and** the child must receive a medical evaluation within 48 hours. **[See appendices for Karly's Law, Child Physical Abuse Investigation Flow Chart, Child Abuse Investigative Checklist for Physical and Sexual Abuse Cases, Designated Medical Professional, CARES NW Physical Abuse Guidelines for Referral, Case Consultation, and Karly's Law Guide and Handout for Non-Designated Medical Professionals].**

Drug Endangered Children Cases: When there is reason to believe a child has been exposed to drugs or dangerous chemicals, the investigator shall make arrangements to have the child tested for drug and/or chemical exposure to harmful substances as soon as possible and not later than 24 hours after learning of the exposure. **[See DEC Protocol and appendix].**

Child Care Facility: If the alleged abuse occurred at a child care facility, DHS or LEA will notify, when appropriate, the parents or guardians of all children attending the facility to discuss the concerns and the ongoing investigation. DHS and LEA will also jointly notify the Office of Child Care of any investigations regarding either licensed or unlicensed (illegal) daycares or child care facilities.

Suspicious/Unexpected Child Death Cases: In the event of a suspicious or unexpected child death, LEA will contact the on-call Child Abuse Team DDA immediately. LEA shall notify DHS of all unexpected or suspicious child deaths **[See Case Consultation and/or Community Resources List appendices]**. LEA and/or DHS shall notify the Designated Medical Provider of any suspicious unexplained or unexpected child hospitalization or child deaths.

Victim Interview

- Whenever possible, children should be referred to a CARES NW (or another Child Abuse Assessment Center (CAC) for a forensic interview.
- Duplication of interviews should be avoided when possible.

Investigations continued

Victim Interview continued

- Age-appropriate interview techniques and tools should be used by the investigator to facilitate communication with the child consistent with legally accepted standards and the *Oregon Interviewing Guidelines*.
- Interviews should occur in a neutral, non-threatening environment.
- If a school or child care facility is the site of an interview, the investigator may make prior arrangements with school administration or a person in charge. Person(s) present during the interview shall be determined by the investigator.
- Investigators should obtain a release of medical records from a parent or guardian.

Suspect Interview

- The suspect should be interviewed by LEA as soon as possible and appropriate.
- The objective of the interview will be to further investigate the allegations.
- If the alleged offender admits any of the allegations, the investigator should conduct the interview in a manner that will be admissible in court.
- The suspect should be apprised of possible charges and that final charges will be the decision of the DDA and the Grand Jury.
- The suspect should be warned to have no contact with the victim (and potentially all minors; and potentially the victim's family) until the investigation is completed.
- DHS may make contact with the suspect as needed to establish a safety plan or to determine the need for protective custody.

Reports

- LEA will prepare and forward completed reports to the DA's Office, DHS, and, when appropriate, to the Juvenile Department.
- The report will address, to the extent known, all of the elements of the alleged crime
- LEA will consult with the DA's Office before issuing a press release, factoring in community safety, the likelihood of additional victims, and the privacy of the victim(s). Information that would identify the victim will be withheld.

BODY WORN CAMERAS

The use of body worn cameras (BWCs) in child abuse investigations requires special consideration and is subject to restrictions regarding heightened privacy laws. See ORS 419B.035 (confidentiality of records); ORS 135.873 (protective orders); ORS 418.794 (confidentiality of video recordings); ORS 192.440 (public records). Additional attention must be given in these cases to a variety of issues including but not limited to the following: protecting the privacy and confidentiality of victims; constitutional and statutory victim rights; informed consent of the person being recorded; avoidance of any impediment or inhibition to the disclosure or reporting of abuse; data retention laws and practices; ensuring the recording captures the entirety of the statement or event; conformity with all applicable laws and court orders; public records disclosure laws and exemptions. As a general rule, BWCs should not be used in child abuse investigations. Witness statements or events that need to be recorded may be recorded using traditional methods (e.g. audio or video recorder, interview room, etc.) at the discretion of the investigator and subject to the following protocols:

- **Interviews of child abuse victims**

BWC should generally not be used to conduct interviews of child abuse victims. If an investigator finds it necessary to record an interview of a child abuse victim due to an exceptional circumstance, this should be accomplished using traditional methods (e.g. audio or video recorder, interview room, etc.) pursuant to the protocols regarding “Victim Interview” discussed above and in conformance with the *Oregon Interviewing Guidelines*.

- **Disclosure and collateral witnesses**

BWC should generally not be used to conduct interviews of disclosure and collateral witnesses. If an investigator wishes to record such an interview, the recording should be accomplished using traditional methods (e.g. audio or video recorder, interview room, etc.).

- **Suspect interviews**

BWC may be used to conduct suspect interviews per the discretion of the investigator. However, the preferred method of recording a suspect interview is through a traditional method (e.g. audio or video recorder, interview room, etc.) in order to ensure the data is preserved and of sufficient quality for subsequent use.

In the event a BWC camera is used during a child abuse investigation, special consideration regarding data retention, privacy laws, public records laws, and victim rights issues must occur. For example, in certain cases, the investigating agency may be required to keep the recording for the lifetime of the suspect. In other cases, a court protective order or statute may prohibit the copying, dissemination or destruction of the recording. Consultation with the District Attorney and court records should occur prior to any copying or dissemination of recordings.

DHS

Critical Incident Response Team

DHS shall assign a Critical Incident Response Team (ORS 419B.024) within 24 hours after the department determines that a child fatality was likely the result of child abuse or neglect if:

- The child was in the custody of DHS at the time of death; or
- The child was the subject of a child protective services assessment by DHS within 12 months prior to the fatality.

During the course of its review of the case, the Critical Incident Response Team may include or consult with the District Attorney from the county in which the incident resulting in the fatality occurred.

DHS shall adopt rules necessary to carry out the provisions of this section. The rules adopted by DHS shall substantially conform with DHS protocol regarding Notification and Review of Critical Incidents.

High Risk Committee

- A high-risk tracking and review system is intended to identify and ensure close monitoring and tracking of the highest risk cases that DHS serves.
- Cases to be considered for High Risk Case Review designation are those cases in which, at a minimum:
 - critical injuries have occurred,
 - a permanent or serious impairment may have occurred,
 - there has been a death or critical injury to another child in the family, and
 - other cases as deemed appropriate by DHS.
- Cases will be considered for High Risk Case Review designation at regularly scheduled high risk screenings held by DHS.
- Screenings are provided as often as needed to ensure proper coverage and responsiveness.
- Persons having information pertinent to the decision being made on a high-risk case are to be invited by DHS Child Welfare staff to participate in the appropriate review. If they are unable to attend, they will be requested to provide input orally or through a written report which should include risk factors, permanency issues, and recommendations.
- Summaries are distributed to the caseworker and the supervisor.

Consent to Leave Home

- A parent, guardian or caregiver who consents to leave the family home during a child abuse investigation (ORS 418.800) may ask the district attorney responsible for the MDT for a review of the case by the MDT.
- No later than 90 days after receiving a request, the team shall review the case.
- Request for review will be forwarded to the MDT Coordinator.

DHS continued

Consent to Leave Home continued

- The MDT Coordinator shall schedule a case review at a regularly scheduled MDT meeting and will notify interested parties.
- The MDT coordinator will provide a written summary of the proposed timeline for completing the investigation to the person who requested the review.

CROSS-REPORTING

LEA Cross-Report to DHS

- When a report of child abuse, as defined in ORS 419B.005, is received by LEA, LEA must cross-report to the local office of DHS in the county where the report was made.
- LEA must cross-report to DHS immediately when LEA determines that a joint immediate response is necessary.
- All other reports of child abuse must be cross-reported to DHS no later than the end of the next business day after LEA receives the report. This level of cross-reporting must be done in one of the following ways: verbal report, electronic transmission, or hand-delivery.

Unexpected or Suspicious Death or Hospitalization

- The DA's Office shall be notified immediately by LEA of cases involving the suspicious or unexplained death or hospitalization of a child. A separate notification shall be sent via email to the MDT Coordinator for Child Fatality Review purposes.
- LEA shall immediately notify DHS of all unexpected or suspicious child deaths and hospitalizations.
- LEA and/or DHS shall notify the Designated Medical Provider of any suspicious unexplained or unexpected child hospitalization or child death.

Notification to Office of Child Care

- DHS and LEA shall immediately and jointly notify the Office of Child Care if the alleged child abuse occurred in a child care facility as defined by ORS 657A.250.
- DHS and LEA shall jointly determine the roles and responsibilities of both entities.
- DHS and LEA shall then jointly report the result of the investigation to the Office of Child Care.
- If the Office of Child Care is notified that an alleged incident of child abuse occurred in a child care facility, they shall immediately notify LEA and DHS.

DHS Cross-Report to LEA

- When a report of child abuse, as defined in ORS 419B.005, is received by DHS, they must cross-report to the appropriate law enforcement agency (LEA) in the county where the report was made.
- If the abuse occurred in a different county, the screener must cross-report a second time to the LEA in the county where the alleged abuse occurred.
- DHS must cross-report to LEA on the **same day** if the screener determines that a report of alleged child abuse requires an **immediate response** by DHS and/or immediate notification to LEA.

This includes, but is not limited to any reports of:

- moderate to severe physical abuse;
- visible injuries to a child;

Cross-Reporting continued

DHS Cross-Report to LEA continued

- sexual abuse; or
- suspicious or unexpected death of a child

The report must be made in one of the following ways: verbal cross-report (if DHS and LEA do not respond together, a completed screening report must be sent to LEA), electronic transmission, or hand-delivery. All other reports of child abuse, including reports assigned for DHS assessment and closed at screening, must be cross-reported within a timeframe that ensures the receipt of the cross-report by LEA no later than **10 days** after DHS receives the report. The report must be made one of the following ways: electronic transmission, hand-delivery or mail.

Supplemental Reports

DHS may receive information not previously cross-reported but apparently related to a report of child abuse involving the same victim and same alleged perpetrator that has been previously cross-reported.

If the information is related to the same incident of abuse, the screener must make a supplemental cross-report of the additional information to each LEA that received the prior cross-report. Supplemental information that is determined to be critical, given the information in the original report, must be cross-reported immediately. All other supplemental information must be cross-reported within a timeframe that ensures the receipt of the information by LEA no later than 10 days after the information was received by DHS.

Format

In order for LEA to quickly and easily prioritize reports and respond accordingly, all written cross-reports from DHS must have a cover sheet with the following:

- date and time of cross-report
- how the cross-report is made
- if additional cross-reports occurred
- to what agencies the cross-report was sent
- name and number of screener (or designee) making the cross-report
- whether the report was assigned or not assigned
- name and number of the assigned caseworker
- cross-reporting timeframe
- if the report is an original or follow-up cross-report
- date of the original cross-report if it is a follow-up cross-report

PROSECUTION OF CHILD ABUSE CASES

Investigation Stage

- Investigation of child abuse cases is done by members of the MDT.
- Collaboration between investigating parties is encouraged.
- Best efforts at compliance with these protocols are encouraged.
- The DA's Office has general authority to direct an investigation which may lead to criminal charges.
- LEA advises the DA's office as to the nature and status of the investigation.
- DHS/LEA may consult with the DA's office regarding any special problems that arise during the investigation.
- Investigations should, in general, be conducted in accordance with this protocol and with any applicable protocols of the investigating agency.
- DHS and LEA should cooperate in obtaining additional evidence, when appropriate, at the direction of the DDA, recognizing that the DA's Office has no investigative staff.
- The DDA will consider any information provided by DHS, LEA, and the child's family.
- DHS should cooperate fully with the DDA in providing records for discovery purposes in accordance with proper procedures.

Initiation of Legal Proceedings

- The DA's Office has sole discretionary responsibility for the initiation of legal proceedings.
- The DA's office agrees to collect all available information from DHS and LEA prior to deciding whether or not to prosecute. The decision will be based on all available information from those and/or other agencies and individuals.
- The DA's office may request additional investigation, including additional contact with the child and the child's family, as deemed necessary.
- The DA's office may suggest, when appropriate, other avenues of investigation prior to declining prosecution.
- It may be necessary for the DDA to meet with the child to assess competency.
- In determining whether or not charges will be filed, the DDA will consider the following, non-exclusive factors:
 - whether the facts and law support the charge(s)
 - nature of the conduct
 - the victim's ability to testify
 - the victim's statements
 - the defendant's statements
 - physical evidence regarding the allegations
 - witness statements
 - availability of expert testimony
 - legal issues
 - completeness of the investigation
 - suspect's criminal history

Prosecution continued

If prosecution is declined:

- The DA's Office agrees to provide to LEA a written statement of why prosecution was declined.
- If the DA's Office is aware of DHS involvement, notification of the decision to decline prosecution will be provided to DHS.
- The DA's office will reevaluate a case for prosecution if additional information comes to the attention of law enforcement that is of evidentiary or of legal significance.

If prosecution is accepted:

- The DA's Office has the sole responsibility for the determination of appropriate charges to file and/or submit to the Grand Jury for consideration.
- This responsibility is independent of whether or not the suspect was arrested and what, if any, charges were the basis of arrest.
- The act of filing charges is not a commitment to pursue the charges where new or additional charges preclude the likelihood of conviction or otherwise affect the achievement of a just result.
- Cases involving only misdemeanor charges will be charged by the prosecuting attorney.
- Cases involving felony charges will be presented either at Preliminary Hearing or to the Grand Jury, as governed by the DA's Office policy.
- Expert testimony should be used as necessary.

Grand Jury

- It is recognized that Grand Jury preparation is limited due to time constraints.
- Whenever appropriate the victim will testify.
- It is important that the victim and victim's family understand that the video recorded interview at CARES NW cannot be used in place of live testimony at Grand Jury or trial.
- No persons besides the DDA (and an interpreter if necessary) shall accompany a child victim or witness in the Grand Jury room while the child is testifying before the Grand Jury.
- If it were manifestly necessary for another person to be present during the Grand Jury proceeding and the DDA expressly consents to the presence of the witness, then a Court Order authorizing the presence of the other person will be sought by the DDA.
- No person accompanying a child victim or witness at the Grand Jury shall participate in any way during the proceeding.
- If DHS has physical custody of the child victim or witness:
 - The DDA will notify the DHS caseworker of the Grand Jury date and time;
 - The caseworker will need to facilitate attendance of the child and arrange transportation;
 - The caseworker should ensure the child is present at the DA's Office in a timely manner in order to facilitate pre-Grand Jury meeting with the prosecutor;

Prosecution continued

Grand Jury continued

- The caseworker may attend the meetings with the child;
- The caseworker should briefly explain the Grand Jury process to the child but the DDA and/or DA Victim Advocate will fully explain the process; and
- The caseworker should communicate to the DDA any reaction the child has to testifying at Grand Jury.
- When access to the child is hindered, the DDA should decide how to proceed after conferring with the caseworker and investigator.
 - If DHS is not involved, the DDA should coordinate attendance with help from the victim assistance staff.
 - The DDA shall personally accompany the child witnesses and victims to and from the Grand Jury room.
 - The DDA should advise the child, supportive family members, and concerned agency persons of the outcome of Grand Jury proceedings, as allowed by law.

Criminal Trials

- Presentation of the State's case is the responsibility of the DDA.
- Evidentiary considerations are the responsibility of the DDA.
- The DDA will determine the ability and competency of any child witness to testify at trial.
- All MDT members shall fully coordinate and cooperate with the trial proceedings.
- It will be assumed that, until the alleged offender pleads guilty, the child victim will probably be testifying in court.
- All witnesses are prepared for trial by and at the direction of the DDA. This includes DHS and LEA representatives.
- The DA's Office will contact DHS or parent(s) as appropriate to arrange for preparation of child witnesses and child victims.
- The DDA and DHS or victim assistance staff will help determine support persons available for the child, non-offending parent or guardian, and other witnesses, which may include the child's therapist.
- The DDA, victim assistance staff, and other support persons will work with the child victim to prepare the witness for testifying.
- The DA's Office should consult with DHS about the needs of DHS clients, including support, preparation for testimony, and transportation.
- DHS and victim assistance staff may help with meeting any special needs of the child victim (or non-offending parent/guardian and other testifying witnesses).

Procedures in Juvenile Cases

- The LEA report shall be sent to DHS immediately.
- All child abuse reports involving juvenile offenders shall be sent directly to the District Attorney's office via the administrative assistant for the DDAs assigned to the Juvenile Department, and a copy shall be sent to the Juvenile Department.
- If a juvenile age 12 or older is the suspect in non-Measure 11 case, a DDA assigned to juvenile unit of the DA's office shall decide whether a petition should be filed. This decision can be made after consultation with the Juvenile Department.
- In Measure 11 cases, it shall be the sole responsibility of the DA's Office to determine charges.

Prosecution continued

Procedures in Juvenile Cases continued

- If a juvenile, age 10 or 11, is the suspect in a report of sexualized behavior, the reports may be considered for juvenile prosecution or may be to the Problematic Sexual Behaviors Committee (via the MDT Coordinator). If the juvenile suspect is under 10 years of age, reports of sexualized behavior should be forwarded to the Problematic Sexual Behaviors Committee (via the MDT Coordinator).
- In determining whether or not charges will be filed for juveniles, aged 10 or 11, the DDA can consider the following, non-exclusive factors: whether the facts and law support the charge(s), nature of the conduct, the victim's ability to testify, the victim's statements, the youth's statements, physical evidence regarding the allegations, witness statements, availability of expert testimony, legal issues, completeness of the investigation, the youth's delinquency history, the youth's maturity, the youth's legal competency, and any other relevant factors.
- DHS and Juvenile Department policies should establish practice guidelines for representatives of those agencies regarding court hearings involving court jurisdiction and disposition in dependency and/or delinquency matters.

Dependency Cases (juvenile is a victim)

- DHS and the DDA (if requested) will review on a case-by-case basis.
- A Child Abuse DDA is available by phone 24/7 and may be called for consultation **[See Case Consultation appendix]**.
- The determination of specific allegations and wording of the petition shall be the responsibility of the party initiating the petition (including private party petitions).
- The DDA may later amend any petition in any case in which he/she is involved.
- It is recognized that, by law, any party may file a petition.

VICTIM ADVOCACY

Victim advocacy and response is fundamental to the MDT response. The Washington County District Attorney's Office Victim Assistance Program and the CARES Northwest Family Navigator Program both provide comprehensive trauma-informed victim advocacy services and support for child abuse victims and their families throughout the life of a child abuse case.

The CARES Northwest Family Navigator (FN) is a social worker with comprehensive knowledge of trauma treatment modalities, crisis intervention, and case management. The FN will use critical thinking and social work ethics to provide care coordination to children and families served by CARES Northwest. The FN will orient families to CARES Northwest, and to multidisciplinary team member roles and resources. The FN will assess and address child/family barriers to care, partner with families to address their concerns, issues and needs, and facilitate appropriate referrals. The FN will serve as the central point of contact to the child/family, facilitating collaboration among multidisciplinary team members and ensuring an individualized approach throughout the length of the child/family's needs. This includes clinical service directly after the initial intake call, during the forensic evaluation, and providing support and engagement with outside resources post-evaluation.

The Washington County Victim Assistance Program (VAP) exists within the Washington County District Attorney's Office and was established in 1983 to help victims of crime navigate the criminal justice system. Victim Advocates (VAs) within the DA's Office provide crisis intervention, crime support services, criminal court accompaniment, courtroom tours and orientation, community resource referrals, emotional support, referrals to trauma-informed services and counseling, safety planning, and assistance with obtaining restitution and applying for the Oregon Crime Victims' Compensation Program. Victim Advocates promote meaningful participation in the criminal justice system by educating victims about their rights and advocating for the enforcement of these rights as needed. Child abuse victims and their families will be assigned a Child Abuse Team (CAT) Victim Advocate to work with them during the duration of the criminal case.

The District Attorney's Office VAP works interactively with multiple agencies throughout Washington County, the tri-county region, and the State of Oregon to build and ensure practical application of a coordinated community response to crime. Victim Advocates participate in regular interagency communication and collaboration with multiple law enforcement agencies throughout Washington County as well as nonprofit and government organizations including the Family Justice Center, CARES Northwest, Washington County Community Corrections, the Domestic Violence Resource Center, and the Sexual Assault Resource Center.

To ensure all child abuse victims in cases reviewed by the MDT receive access to support and services necessary to address their needs, CARES NW Family Navigators and District Attorney's Office Child Abuse Team Victim Advocates will actively participate in MDT cases reviews.

COMMUNITY CORRECTIONS

Pre-sentence Reports

Washington County Community Corrections (WCCC) will conduct pre-sentence investigations (PSI) and prepare Pre-sentence Reports when such reports are requested by the Court.

- The mental health provider may be contacted to determine the offender's treatment status.
- The offender will be interviewed to include his/her version of the offense in the PSI.
- DHS or the non-offending parent/guardian may be contacted regarding the victim's treatment needs.
- If the victim is a minor, no direct contact with the victim will be made by the pre-sentence investigator without the prior permission of the parent/guardian.
- If permission is not granted, the report writer will interview the parent/guardian.
- Disclosures of new crimes reported in the PSI process will be promptly reported to the DDA handling the case.
- Sentencing recommendations will be made to the Court.

Postconviction Supervision and Treatment

WCCC will also supervise the offender's progress and participation in treatment.

- The treatment provider must be approved.
- The releasing authority (Court, prison, etc.) will be notified of violations, and appropriate sanctions will be recommended.
- Scheduling of plethysmograph and polygraph exams will be coordinated (unless covered in treatment program).
- The offender will be directed to pay treatment costs for themselves and victim(s).
- The post prison supervising officer/probation officer will act as casework
- Coordinator for the therapists of the victim and the offender, when appropriate and requested by the victim.
- Drawing of blood for DNA profiling and HIV testing, when appropriate, will be coordinated.
- The requirements and procedures of sex offender notice ORS 181.806 and 181.807 will be explained to sex offender clients.
- Community notification of qualified offenders as deemed appropriate under current laws and Community Corrections policy will be conducted.

MEDICAL EVALUATIONS

- Children from birth to age eighteen should be referred to CARES NW for a medical evaluation.
- This referral applies to all children suspected of having been victims of sexual abuse, physical abuse, emotional abuse, neglect, domestic or dating violence, exposure to domestic violence and drug endangered children. Sexually trafficked children may also be referred for medical evaluations as circumstances allow.
- CARES NW is open Monday-Friday, 8:00am-5:00pm; medical consultation by phone is available 24 hours a day, 7 days a week **[See Case Consultation and CARES NW Guidelines for Referrals appendices]**.
- If a child or adolescent needs urgent medical attention during the hours that CARES NW is closed (weekdays after 5:00 pm; weekends), the child should be taken to the Randall Children's Hospital (RCH) emergency room for evaluation. If that is not an option, the child can be taken to Doernbecher Children's Hospital emergency room at OHSU. For non-urgent medical evaluation, CARES NW should be contacted to help determine the appropriate time and place for the child to have a medical evaluation. If a child is initially seen at a primary care office or an emergency room other than RCH, this medical evaluation does not mean that the child has had an adequate medical evaluation for suspected child abuse and neglect. CARES NW should be contacted as soon as possible in order to determine the need for additional evaluation at CARES NW. **[See Case Consultation, Karly's Law, Karly's Law Guide and Handout for Non-Designated Medical Professionals, Child Physical Abuse Investigation Flow Chart, and Child Abuse Investigative Checklist for Physical and Sexual Abuse Cases appendices]**.

Sexual Abuse: In cases of child sexual abuse, assess if the child or adolescent has had contact with the alleged offender within the past 72 hours (for children under age 12) or 120 hours (for children age 12 and older). If so, the child or adolescent should be seen as soon as possible either at CARES NW or at an ED with specific training/expertise in the Sexual Assault Forensic Examination (SAFE) kit **[See CARES NW Guidelines for Referral, Case Consultation, and Community Resources List appendices]**.

Physical Abuse: When a child has a suspicious physical injury and the investigator has a reasonable suspicion that the injury may be the result of abuse, the injury must be immediately photographed. The photographs should be taken by either the investigator or the medical professional. Anogenital photographs should only be taken by the medical professional.

- The child or adolescent must have a medical assessment by the Washington County Designated Medical Professional (DMP), which is CARES NW, or
- the designee of CARES NW **[See Designated Medical Professional appendix]**.

Medical Evaluations continued

Physical Abuse continued

- If, for whatever reason, the child or adolescent is unable to be seen by the DMP or its designee, the child or adolescent still needs a medical assessment within 48 hours.
- If the child or adolescent is seen at an alternative medical facility, the medical records and photographs associated with that visit must be sent to CARES NW within 72 hours for consultation [**See Karly's Law Guide and Handout for Non- Designated Medical Providers, Karly's Law, Child Physical Abuse Investigation Flow Chart, Child Abuse Investigative Checklist for Physical and Sexual Abuse Cases, and Case Consultation appendices**].

CARES NW Interview: Most children 4 years of age and older participate in a video recorded interview at CARES NW as a part of the complete medical evaluation. Even if a child or adolescent has had a screening medical assessment elsewhere, a referral to CARES NW for follow-up medical care and a complete interview is beneficial to assess the overall health and safety of the child.

CASE TRACKING

CARES NW is an accredited member of the National Children's Alliance (NCA), a membership organization that works to ensure all NCA member agencies continue to operate high-quality child abuse intervention programs with a strong commitment to helping children and to meeting nationally recognized standards for child abuse intervention.

The NCA standard for case tracking requires centers to develop and implement a system for monitoring case progress and tracking case outcomes for all team components. NCA requires CARES NW to report case outcome data to the NCA in January and July of each year.

In order to meet this standard, CARES NW will work with the Department of Human Services (DHS) and the District Attorney's Office (DA) as follows:

- DHS: DHS will coordinate with CARES NW to provide disposition data available on an ongoing basis.
- Washington County DA: The DA's Office will coordinate with CARES NW to make prosecution outcome data on perpetrators within the jurisdiction of Washington County available.

Following the January and July submission of the data to the NCA, or upon request, CARES NW will present the outcome data to the MDT for review and discussion.

SENSITIVE CASE REVIEW

The following may be considered sensitive cases:

1. Cases involving public officials, public employees, or persons involved in child abuse/advocacy work;
2. Highly publicized cases;
3. Cases where a non-offending parent/guardian expresses concern regarding the handling of the case;
4. Cases where a member of the public expresses concern regarding the handling of the case.

Any case that has been reported to an MDT member may be subject to review.

The names of the victim(s) and suspect(s) will not be disclosed unless this information is common knowledge or is otherwise necessary for review purposes.

Cases involving public officials, public employees, or persons involved in child abuse/advocacy work or highly publicized cases shall be reviewed.

When a case is appropriate for review, it will be reviewed by members present at the MDT meeting.

If the non-offending parent or guardian of the child or a citizen has expressed concern regarding the handling of a case, they shall be notified of the review and will be allowed to present written comment to the MDT.

Findings from the review may be shared for the purpose of recommending improvements and corrections in services and procedures.

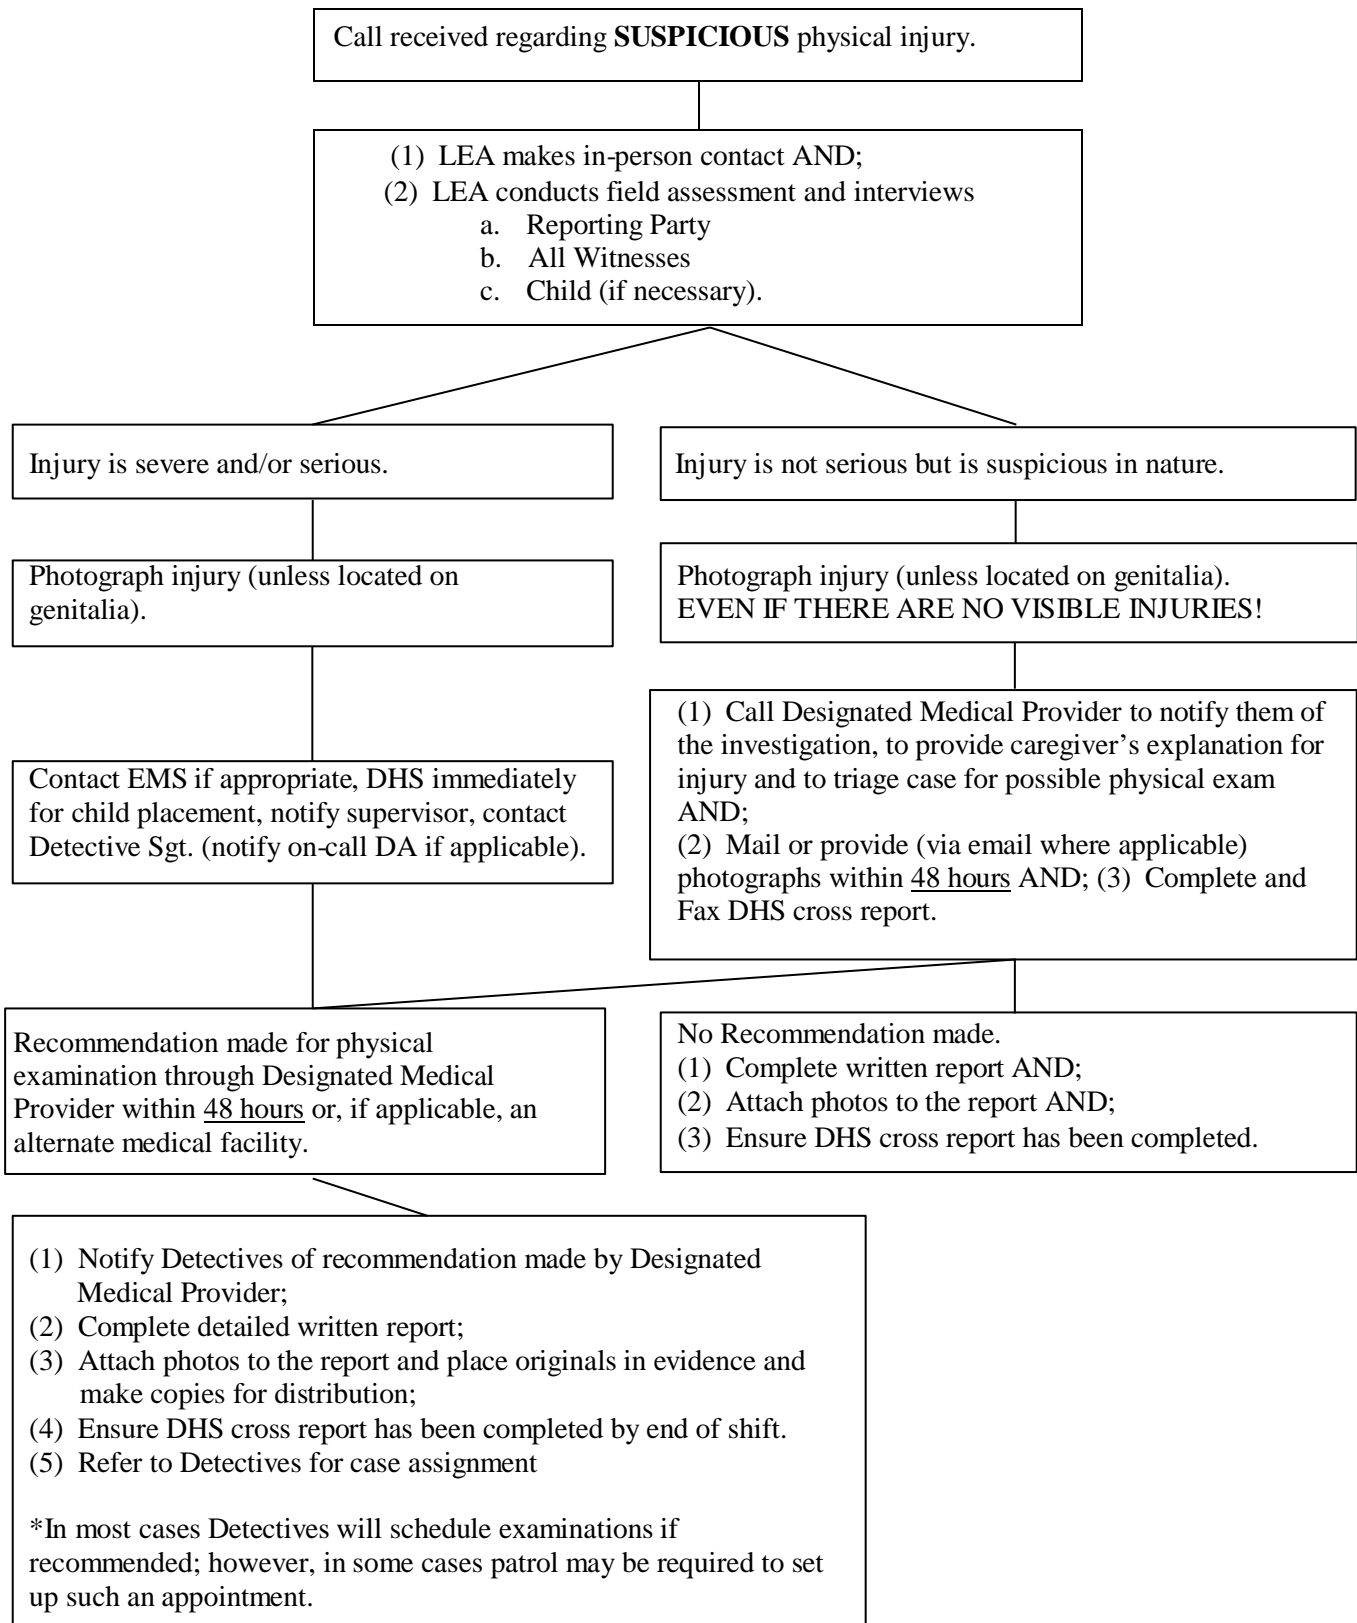

PROTOCOL COMPLIANCE AND CASE REVIEW

Evaluating and Reporting Compliance-ORS 418.747

- The MDT Coordinator will select cases to review for MDT Protocol and Karly's Law compliance on a monthly basis. Child Abuse MDT members should contact the MDT Coordinator if there are protocol compliance issues related to Karly's Law, cross-reporting requirements involving DHS or law enforcement, or children not being referred to CARES NW for assessment.
- MDT members may also contact the MDT Coordinator and request a case review for reasons beyond MDT protocol compliance. MDT members are encouraged to request an MDT staffing on challenging active cases that could benefit from group review. Closed or adjudicated cases may also be reviewed by the MDT. The MDT Coordinator may also reach out to individual MDT members or agencies to request cases for review.
- The MDT Coordinator will send a list of cases to be reviewed at the monthly MDT meeting to involved parties via secure email prior to the meeting. The MDT Coordinator, or other MDT members as designated, will follow-up on MDT case review recommendations. Recommendations will be noted by the MDT Coordinator in the monthly MDT minutes.
- The MDT Coordinator will note protocol compliance issues in records (monthly MDT minutes) and will make this information available to the CAMI program upon request.

- Photograph or cause to have photographed the suspicious physical injuries in accordance with ORS 419B.028.

The person taking the photographs or causing the photographs taken shall, **within 48 hours or by the end of the next regular business day (whichever occurs later)**:

- Provide hard copies of prints of the photographs and, if available, copies of the photographs in an electronic format to the designated medical professional (secure email address is careswintake@lhs.org) and
 - Place hard copies or prints of the photographs and, if available, copies of the photographs in an electronic format in any relevant files pertaining to the child maintained by LEA or DHS.
- Ensure that a designated medical professional conducts a medical assessment within 48 hours, or sooner if dictated by the child's medical needs **[See Designated Medical Professional appendix]**.

If a designated medical professional is not available, the child shall be evaluated by an available medical professional.

If the child is evaluated by other than the designated medical professional, the evaluating physician, physician's assistant, or nurse practitioner shall make photographs, clinical notes, diagnostic and testing results and any other relevant materials available to the designated medical professional for consultation **within 72 hours following the evaluation of the child [See Karly's Law Guide and Handout]**.

The person conducting the medical assessment may consult with and obtain records from the child's regular pediatrician or family physician under ORS 419B.050.

Nothing in this section prevents a person conducting a child abuse investigation from seeking immediate treatment from a hospital emergency room or other medical provider for a child who is physically injured or otherwise in need of immediate medical care.

Nothing in this section limits the rights provided to minors in ORS chapter 109 or the ability of a minor to refuse to consent to the medical assessment described in this section.

Karly's Law continued

The above requirement shall apply each time suspicious physical injury is observed by DHS or LEA during the investigation of a new allegation of abuse or if the injury was not previously observed by a person conducting an investigation under ORS 419B.020 and regardless of whether the child has previously been photographed or assessed during an investigation of an allegation of abuse.

The definition of suspicious physical injury includes the following:

- burns or scalds

[See Child Physical Abuse Investigation Flow Chart for use as an additional resource].

Karly's Law Guide and Handout for Non-Designated Medical Professionals

The statutes from House Bill 3328 have specific requirements regarding the handling of cases involving suspicious physical injury (as defined in Section 3 (1b) of the bill) that must be met by law enforcement, the Department of Human Services (DHS), and medical providers. Suspicious physical injury includes, but is not limited to:

PROBLEMATIC SEXUAL BEHAVIOR COMMITTEE PROTOCOL

PURPOSE

The following protocol outlines the response to referrals in which a child under the age of twelve is alleged to be acting-out in a sexually inappropriate manner. The objectives of this protocol are to establish a comprehensive and coordinated effort in the investigation, intervention, and prevention of further sexually acting-out behavior, and to establish a system-wide, consistent approach to these referrals.

PARTICIPATION

This protocol has been adopted by the Washington County Child Abuse Multidisciplinary Team (MDT), and applies to all participating members of the MDT. All agencies included in this protocol will encourage parents/guardians and/or complainants to report alleged incidents to police or the Department of Human Services (DHS).

REFERRAL PROCEDURE

Pursuant to ORS 419B.015, when a report is received by a police agency (LEA), they will notify DHS; and, when a report is received by DHS, they will notify the appropriate LEA. The DHS Intake Supervisor will screen all referrals. If the case does not meet the DHS Threat of Harm Screening Guidelines, the DHS Supervisor will refer the case to the Problematic Sexual Behavior Committee (PSBC) by notifying and forwarding reports to the MDT Coordinator. Those complaints involving children 10 years of age or older will be directed to a Deputy District Attorney (DDA) assigned to the Juvenile Court. A DDA assigned to the Juvenile Court will review referrals for prosecutorial merit. If declined, the DDA will refer reports to PSBC.

PSBC REVIEW

The Problematic Sexual Behavior Committee will meet monthly to review all referred cases. The PSBC meeting will be facilitated by the Child Abuse MDT Coordinator and comprised of representatives from the following agencies:

- Department of Human Services (DHS)
- Washington County Juvenile Department
- Washington County District Attorney's Office
- Washington County Law Enforcement Agencies
- Washington County Public Schools Representatives
- Washington County Mental Health
- CARES Northwest
- Washington County Juvenile Department

An attendance roster, including a confidentiality statement, will be maintained by the MDT Coordinator.

PSBC Protocol continued

The MDT Coordinator will screen each referral received and will complete a PSBC Screening Sheet. This will be attached to the reports received from DHS and/or LEA and will be provided to the committee members for review prior to the monthly PSBC meeting. PSBC members will review their records for information related to the case to share at the PSBC meeting.

The PSBC will determine the response, based on a review of, but not limited to, the following:

- Police and DHS reports,
- CARES NW or mental health evaluations
- The age of the children involved and the severity of the alleged conduct
- Any other relevant risk factors

The PSBC will determine the appropriate response from one or more of the following:

- Close the case (as it is already being appropriately handled)
- Table for further review or to collect more information
- Send a letter to and /or call the parent/guardian of the child/children to provide appropriate referrals to community resources (primarily specialized mental health counseling resources and the CARES NW Family Support Team)
- Refer the case to the Juvenile Department for follow-up
- Refer to other agency for follow-up

The MDT Coordinator is primarily responsible for family outreach (including an explanation of the PSBC process) and for family resource referrals (via letter and/or phone). Other PSBC members may do family outreach as appropriate. The MDT Coordinator may also refer cases to other agencies as needed and will maintain a record of each case reviewed, including PSBC recommendations and outcomes.

The MDT Coordinator is responsible for maintaining PSBC records and summarizing PSBC activity showing the number of cases reviewed, the nature of the allegations and the number of referrals. This report will be shared with the MDT.

This protocol will be reviewed as needed and may be amended by the PSBC upon approval of the MDT.

CHILD FATALITY REVIEW COMMITTEE PROTOCOL

Purpose

Pursuant to ORS 418.785, the Washington County Child Abuse MDT has established a formalized child fatality review process. The Child Fatality Review Team reviews all unexpected deaths of children under the age of 18 to determine if the death could have been prevented, to improve agency coordination, to identify local and state issues related to preventable child fatalities and to implement prevention initiatives at the local level.

Membership

District Attorney, Child Abuse MDT Coordinator, Medical Examiner, Law Enforcement, State Department of Human Services, Public Health, CARES Northwest, Mental Health, Juvenile Department, Community Corrections, Emergency Medical Services, School Districts and other participants by invitation. If a child death occurs in a child day care facility, a representative from the Office of Child Care will be invited to attend the fatality review.

Roles

District Attorney:

Provide legal definitions, explanations and training pertaining to legal issues; Answer questions about specific cases and the likelihood of involvement in the criminal justice system; Define legal terminology that may impact what is identified or described as suspicious versus abuse; interpretation/assessment of the threshold of the commission of a crime; Provide assistance/guidance for further investigation to participating agencies and determining if there is any pending criminal investigation; Serve as a liaison with the city attorney and county counsel as necessary.

Child Abuse MDT Coordinator:

Make a determination, according to the team's criteria, of the cases to be reviewed by the team; Facilitate team meeting, Serve as a liaison with agencies within the county, state (State Child Fatality Review Team) and nationally (National Center for Fatality Review and Prevention); Schedule and notify the team members of upcoming review meetings; Arrange to have the necessary information from investigative reports, medical records, autopsy reports or other items made available to members of the team; responsible for reviewing, entering and updating case data into the National Center for Fatality Review and Prevention (CFRP) Child Death Review (CDR) database; Distributes prevention information from the State Child Fatality Review Team and the National Center for Child Fatality Review and Prevention to the team; Follow-up on any CFR prevention recommendations or initiatives as identified by the CFR team and communicate prevention initiative updates to the state and national CFR Teams. Provide the team with witness information and witness statements, scene photographs, latent and physical evidence, measurements, and sketches; Provide suspect information, background information on involved parties and resources to conduct further inquiry desired by the team; Liaise to county law enforcement agencies and provide feedback to law enforcement regarding issues related to child deaths. Each year, law enforcement responds to many scenes involving the death of children. Of these, some will be identified quickly as homicides, child endangering and neglect. These types of incidents are handled appropriately by using established police procedures when dealing with death scenes. In situations where the cause of death is not obvious, the duties of the officer at the death scene are to interview, document and photograph the scene of death to assist the medical examiner in determining the cause, manner and mode of death.

Department of Human Services:

Member Replacement

When a seat is vacated by a member agency, it is the responsibility of that agency to select an employee of that agency to serve on the team. If the agency declines to submit a new member, the team will appoint a new member by invitation. When a seat is vacated by a representative of a discipline, the team will invite a person from that discipline to serve. New members will receive a packet containing the protocol, applicable forms, history, and legislation implementing the child fatality review.

Meeting

Meetings will be held quarterly or as needed, typically on the third Monday of January, April, July, and October. If the third Monday is a holiday, the meeting will be on the fourth Monday of the month.

Attendance

If a member is unable to attend a meeting, a substitute should be selected to attend in their place. If a substitute is unable to attend, prior to the meeting, all available information about each fatality to be reviewed should be forwarded to the MDT Coordinator. Also, the MDT Coordinator shall attempt to invite the law enforcement officers involved in the investigation of the fatality to attend the meeting.

Confidentiality

Because the purpose of the fatality review process is to conduct a full examination of each reported case, members must share confidential information about children and families. Therefore, confidentiality statements will be signed by members prior to each meeting of the Child Fatality Review Team, ensuring that information disclosed during the review will remain confidential and will not be used for purposes outside the purview of the fatality review process. Fatality reviews are exempt from public open meeting laws and subpoena.

Cases to be reviewed

- 1) Child fatalities in which child abuse or neglect may have occurred at any time prior to death or may have been a factor in the fatality
- 2) All child fatalities where the child is less than 18 years of age and there is an autopsy performed by the medical examiner
- 3) Any other child fatalities determined by the MDT to be appropriate for review

The medical examiner and/or law enforcement agencies will provide a list of deaths to be reviewed and the accompanying reports to the MDT Coordinator. A meeting agenda will be sent to team members at least two weeks prior to the review to enable them to check their records and bring pertinent information to the review.

Records

All unexpected deaths of children under the age of 18 will be entered in the District Attorney's case management system (PBK). If no criminal charges are filed or if no further investigation is needed, a charging decision will be sent to the law enforcement agency who responded to the incident. Additionally, all cases and related data are to be entered into the National Center for Fatality Review & Prevention database by the Child Abuse MDT Coordinator. The National Center for Fatality Review and Prevention (NCFRP), in collaboration with state fatality review programs, manages this web-based reporting system. Findings from the data entered into this database guides program, service and policy efforts to help keep infants and children safe, healthy and alive.

The MDT Coordinator will prepare an annual report summarizing Committee activity showing the number of child death cases reviewed, the nature of the deaths reviewed, and any prevention activities initiated by the CFR team. This report will be shared with the larger MDT.

Human Trafficking and Commercial Sexual Exploitation of Children (CSEC) Task Force Protocol

Purpose

The purpose of the Washington County Human Trafficking and Commercial Sexual Exploitation of Children Task Force is to work collaboratively with local law enforcement and community partners to proactively combat human trafficking in Washington County. Task Force members are committed to working together to ensure effective, consistent, comprehensive and collaborative response to human trafficking.

The Task Force is a subcommittee of the existing Washington County Child Abuse Multidisciplinary Team (MDT). This protocol has been adopted by the MDT and applies to all members. While this protocol is specific to sex trafficking, it is intended to serve as a supplement to the overall MDT protocol, which should be referred to as needed. Given the complicated and diverse nature of these cases, there may be a need to deviate from the protocols on a case-by-case basis using professional discretion and upon consultation when appropriate.

This protocol will be reviewed as needed and may be amended by the Task Force upon approval of the larger Child Abuse MDT.

Goals

The primary goals of the Task Force are to identify and provide services to victim/survivors, identify offenders, collaborate to ensure cases are investigated effectively and to promote community safety. The Task Force meets regularly to staff cases, share information, discuss issues and develop best practices to serve victim/survivors and hold offenders accountable. Members are dedicated to achieving these goals.

To accomplish these goals, the Task Force will focus on 1) identifying and supporting victims/survivors of commercial sexual exploitation, 2) identifying, investigating and prosecuting offenders who traffic and purchase sex with youth, and 3) identifying and obtaining funding to provide continued support for victims/survivors, and to equip law enforcement with support to investigate these crimes. The Task Force also recognizes the importance of proactive police investigation and will work together to detect offenders and identify victims/survivors.

The Task Force also understands the importance of public outreach on this issue and will work to develop and sustain an outreach and awareness plan for the community. The focus will be on delivering consistent and culturally-appropriate training and activities within the community. The Task Force recognizes January as Human Trafficking Awareness Month.

Multidisciplinary Approach

The Task Force is comprised of members from all disciplines that are necessary to fulfill its purpose and goals. Our response to victims/survivors and their needs will continue from the initial interaction, through a criminal investigation and prosecution if applicable, to continued support following a criminal case. Each agency will follow their best practices when interacting with victims/survivors and respect those of other agencies within the Task Force. We will continually work to identify any additional members that would help us meet our goals and identify any gaps within our response.

Age Component

We recognize that a large majority of these victims/survivors were subjected to commercial sexual solicitation as minors. Our Task Force will include both child and adult human trafficking victim/survivors up to age 25. Cases which involve victim/survivors between ages 18-25 will take place at the end of each meeting to maintain CAMI fund requirements.

Membership and Roles

The Task Force is comprised of representatives from the following agencies:

- Department of Human Services
- Washington County District Attorney's Office
- Safety Compass
- Washington County Juvenile Department
- Beaverton Police Department
- Hillsboro Police Department
- Washington County Sheriff's Office
- Tigard Police Department
- Tualatin Police Department
- Forest Grove Police Department
- Sherwood Police Department
- CARES Northwest
- Juvenile Justice
- Providence St. Vincent SANEs

Representatives from additional agencies may be added as necessary and will be determined by the Task Force.

Meetings

The Task Force meets bimonthly, on the second Monday of every odd month, following the regularly scheduled MDT meeting. Each meeting will consist of an agenda and case staffings. If a member is unable to attend, a substitute should be selected to attend

in their place. An attendance roster, including a confidentiality statement, will be maintained by the MDT Coordinator. Additional meetings and/or case staffings will be scheduled as needed.

Law enforcement only meetings are held monthly on the fourth Thursday of every month. These meetings are designed specifically for law enforcement members to staff cases and develop strategies to combat sex trafficking.

Confidentiality Policy

At each Task Force meeting, members in attendance will sign a confidentiality agreement to reflect a pledge to confidentiality. The purpose of this policy is to preserve confidential information while encouraging discussion regarding the investigation and prosecution of CSEC cases. To preserve confidential victim information, the participants agree that information revealed through the staffing of cases shall not be disclosed to any other person except as is required for the investigation or prosecution of a criminal case, or the advancement of best practices through training. This policy does not relieve any member of their individual professional, ethical obligations or legal responsibilities of confidentiality or privilege.

Law Enforcement

- Law enforcement receives reports from a variety of sources. It is the responsibility of each agency to evaluate the information and make case assignment determinations.
- When a report is made, law enforcement will notify the on-call Safety Compass advocate (971-235-0021) for assistance and any other necessary MDT members. After a case is assigned for follow-up investigation, the LEA will notify other MDT members as necessary throughout the investigation process.
- Investigators will work closely with the assigned DDA and conduct additional investigation as requested. Investigators will maintain an active role in the case until its legal conclusion.
- Law enforcement members will be aware of CSEC indicators and risk factors and will use those tools to identify CSEC youth and/or offenders.
- Law enforcement will use a trauma-informed, victim-centered approach with CSEC youth. Investigators will approach interactions with victims in a sensitive manner and refrain from using terms like prostitutes or criminals.
- Investigators should fully utilize resources that are working in direct support of the exploited child including but not limited to Safety Compass, DHS, the District Attorney's Office and the Juvenile Department.
- Law enforcement will attend task force meetings regularly and case staffings as requested.

Medical

- The victim/survivor should be referred to a medical professional when appropriate. A medical examination will be a priority.
- For children under 18 years of age, CARES NW should be contacted for a medical examination and/or forensic interview. If outside regular business hours, the child should be referred to Legacy Emanuel Medical Center.
- For adults and older minors in appropriate circumstances, the victim should be referred to Providence St. Vincent Medical Center for an examination by a SANE.
- Investigators should use their expertise and best judgment in determining whether the child should be interviewed by a forensic examiner (CARES NW or equivalent) or by law enforcement.
- Investigators will always prioritize the best interests of the child.

Advocacy

- The Task Force recognizes Safety Compass as a culturally-specific advocacy service for survivors of commercial sexual exploitation in Washington County and neighboring counties. Safety Compass should be contacted by all MDT members for victim response.
- All MDT members will work collaboratively with Safety Compass and respect any confidentiality limits that exist.
- A DA Victim Advocate will be assigned who is specialized and trained in child abuse investigations and sex trafficking.
- The DA Victim Advocate and Safety Compass will work collaboratively to support the victim/survivor.
- Advocates will accompany the victim to court proceedings and provide continued support as desired by the victim/survivor.
- Advocates will connect the victim/survivor with mental health services and other community resources as needed.
- The DA's Office Victim Advocate will ensure crime victim's rights are thoroughly explained to victims/survivors and will assist victims in invoking their rights related to the prosecution of the criminal case.
- The DA's Office Victim Advocate will assist victims/survivors in applying for the Crime Victims' Compensation Program and in applying for restitution as appropriate related to criminal cases.

Prosecution

- When a case is referred to the DA's Office for prosecution, the Chair or designee will review the case and handle the prosecution.
- The DDA will review all reports and evidence submitted by law enforcement as promptly as possible to determine if there is sufficient evidence to charge the suspect with a crime.
- If appropriate, the DDA will file a Sexual Assault Protective Order and protect the victim's identity in the charging document and whenever possible.
- The DDA will review the reports to confirm all appropriate MDT members have been contacted and/or notified.
- The DDA will conduct all interactions with victims/survivors using a trauma-informed and victim-centered approach.
- The DA's Office will work to educate all DDAs of possible CSEC indicators or risk factors that may identify victims or offenders.
- The DA's Office will review cases to identify potential CSEC victims and offenders and will refer cases to the subcommittee to be staffed as soon as practicable. The DA's Office will refer any identified suspected victims or offenders to the appropriate MDT members for follow-up.

SUBJECT: Services Summary: Program Description and Guidelines for Referral

CARES (Child Abuse Response and Evaluation Services) Northwest is a collaborative, community-based center for the medical assessment and treatment of children exposed to sexual abuse, physical abuse, neglect, and/or domestic violence. The four health care systems participating in the center are Kaiser Permanente, Randall Children's Hospital at Legacy Emanuel, OHSU-Doernbecher Children's Hospital, and Providence Children's Health.

SERVICE AREA: CARES Northwest provides services to children and families living in Multnomah and Washington Counties or to other families, if an alleged crime occurred in these counties. Cases not meeting these criteria are reviewed by staff and a decision is then made to see the child[ren] on a case-by-case basis.

AGE OF CHILDREN EVALUATED: CARES Northwest provides medical evaluations to children from birth through 17 years of age. Adults age 18 and older are seen if they are still enrolled in high school, have special needs such as developmental delay, language, or hearing problems, or need the specialized setting provided at CARES Northwest. Determination to see patients age 18 and older is made on a case-by-case basis by staff.

SERVICES PROVIDED: The staff of CARES Northwest provides neutral medical evaluations and forensic interviews for suspected victims of child abuse for the purpose of medical diagnosis and treatment. The comprehensive evaluation includes gathering a detailed medical and social history, assessing the child's exposure to a variety of risk factors, a medical exam, and a forensic interview. CARES Northwest offers appointments for emergency and/or urgent evaluations, which typically involve cases of acute sexual assault, physical assault, or urgent child safety issues.

SCHEDULING APPOINTMENTS: For questions regarding the appropriateness of a referral, contact the CARES Northwest Intake Department Monday through Friday between 8:00 am and 5:00 pm. The Intake Department will consult with the caller and help determine what services or follow-up would be most appropriate for a child. Faxed or email referrals should be followed up with a phone call.

SUBJECT: Referral Guidelines – Sexual Abuse

CARES Northwest has established the following referral guidelines for cases where there is a concern of sexual abuse.

Children may be evaluated at CARES Northwest if they meet any of the following criteria:

1. A child **with a physical injury** suggestive of sexual abuse (e.g., vaginal or anal bleeding, tearing, bruising, abrasion, or abnormal findings on the anogenital exam).
2. A child **making statements describing sexual contact** by someone three or more years older than the child. The statements may be of current or past activity.
3. A child **making statements describing sexual contact** by someone, which reflects forceful/power differential or is coercive regardless of age difference.
4. A child **who is not making disclosures of sexual abuse**, but:
 - An observer has witnessed abuse of the child
 - An alleged perpetrator has confessed to abusing the child
 - The child has been in an environment which is a very high risk (e.g. living with a convicted sexual offender)
 - The child's sexual behavior or knowledge is far beyond typical for his/her developmental level
 - The child tests positive for sexually transmitted infection
 - Other evidence of abuse of the child is available (e.g. pornography, internet solicitation, etc.)
 - Sibling of a child who has been sexually abused and who is exposed to the alleged offender

Children should be evaluated on an urgent basis if:

- Sexual contact has occurred within:
 - 72 hours (3 days) for children under age 12
 - 120 hours (5 days) for children age 12 and older
- There is disclosure of recent abuse
- The child has anogenital complaints (e.g. injury, pain, bleeding, discharge, or current symptoms indicating a possible sexually transmitted infection)
- There are any signs of physical trauma

SUBJECT: Referral Guidelines – Physical Abuse

CARES Northwest is available to offer phone consultation triage weekdays 8:00 AM – 5:00 PM at 503-276-9000, or after hours and weekends at 503-413-2200 by requesting the on-call CARES Northwest staff.

CARES Northwest has established the following referral guidelines for cases where there is a concern of physical abuse.

Children may be evaluated at CARES Northwest if they meet any of the following criteria:

1. A child **with a physical injury** where there is concern that the injury was caused by other than accidental means. Injuries would include bruises, burns, scarring, welts, lacerations and fractures.
2. A child who is **reported to have been physically abused in a manner that could be expected to cause an injury that might not be visible**. For example, an infant who has been shaken but has no external evidence of abuse, or a toddler who has been kicked in the abdomen and has no external evidence of abuse.
3. A child **making clear disclosures of current or past physical abuse**, even with no obvious old or new injuries.
4. A child whose **sibling suffered serious injury**, when there is concern that other children in the family may have been physically abused. In particular, a child too young to disclose abuse should be referred.

Additional Considerations

Physical abuse **cases involving acute injuries should be seen for a complete physical examination by CARES Northwest or by a qualified medical provider as soon as possible**.

In addition to clear, detailed photographs and documentation being taken immediately by a representative from law enforcement or child protective services, the child needs to be referred to a health care provider for evaluation within 48 hours. Assessing for additional injuries, fractures, or mimics of physical injury should only be accomplished by a health care provider.

CARES Northwest has established the following referral guidelines for cases where there is a concern of neglect.

Definitions of neglect:

OR Rev. Stat. §419B.005

Straus, 2005

CARES Northwest recognizes children can be neglected in the following ways:

Physical Neglect	<ul style="list-style-type: none"> • Nutrition • Clothing • Shelter (structural hazards, house-keeping/sanitation, environmental hazards) 	<ul style="list-style-type: none"> • Sleep environment • Personal hygiene • In utero/breast-feeding exposure to drugs • Direct and indirect exposure to drugs • Abandonment, expulsion, shuttling

SUBJECT: Referral Guidelines – Emotional Abuse/Psychological Maltreatment

CARES Northwest is available to offer phone consultation triage weekdays 8:00 AM – 5:00 PM at 503-276-9020, or after hours and weekends at 503-413-2200 by requesting the on-call CARES Northwest staff member.

CARES Northwest has established the following referral guidelines for cases where there is a concern of emotional abuse/psychological maltreatment.

Definition

Exposure to emotional abuse/psychological maltreatment is considered when acts of omission or commission inflict harm on the child's well-being, which may then be manifested as emotional distress or maladaptive behavior in the child.

--American Academy of Pediatrics. Clinical Report Psychological Maltreatment, 2012

CARES Northwest recognizes children can experience emotional abuse/psychological maltreatment in the following ways:

- **Spurning** – belittling, degrading, shaming or ridiculing a child; singling out a child to criticize or punish; humiliating a child in public
- **Terrorizing** – committing life-threatening acts; making a child feel unsafe; threatening or perpetrating violence against child's loved ones or objects
- **Exploiting or Corrupting** – encouraging child to develop inappropriate behaviors; abandonment of developmentally appropriate autonomy; restricting cognitive development
- **Denying Emotional Responsiveness (Ignoring)** – ignoring or failing to express affection
- **Rejecting** – avoiding or pushing away
- **Isolating** – confining; unreasonable limitation on freedom of movement and social interaction
- **Unreliable or Inconsistent Parenting** – contradictory and ambivalent demands
- **Witnessing Family Violence** – domestic violence; a death or serious assault occurs in the home; lethal weapons are used to threaten or intimate family members (see additional guidelines on Domestic Violence)
- **Mental health/medical/educational neglect**—limiting access to necessary health care because of reasons other than inadequate resources; refusing to provide for serious emotional/behavioral, physical health, or educational needs.

SUBJECT: Referral Guidelines – Emotional Abuse/Psychological Maltreatment

Children may be evaluated at CARES Northwest if a child is believed to have been harmed or put at risk of harm by:

- A **pattern** of any of the above behaviors which is suspected to have caused impairment of a child's emotional development or sense of self-worth
- An **isolated emotionally abusive episode** where a parent or caretaker demonstrated a single act of obviously emotionally abusive behavior or poor judgment
- **Multiple acts** of emotionally abusive behavior by a parent or caretaker, and the acts may be the result of factors beyond the parent's or caretaker's control (mental illness, extreme poverty, mental retardation, debilitating physical illness)

Information requested by CARES Northwest before an evaluation:

- Documentation of the acts of emotionally abusive behavior (DHS reports, police reports, mental health records, school reports, medical reports)
- Child assessments (psychological evaluations, developmental assessments, mental health assessments)

SUBJECT: Referral Guidelines – Domestic Violence

CARES Northwest is available to offer phone consultation triage weekdays 8:00 AM – 5:00 PM at 503-276-9000, or after hours and weekends at 503-413-2200 by requesting the on-call CARES Northwest staff.

CARES Northwest has established the following referral guidelines for cases where there is a concern of domestic violence.

Children may be evaluated at CARES Northwest if they meet any of the following criteria:

1. A child **with an acute physical injury** incurred accidentally or intentionally during domestic violence to which s/he was exposed.
2. A child **making specific and clear statements about past injuries** to him/her (either accidental or intentional) during domestic violence.
3. A child **making statements that s/he has been physically or sexually abused** in a setting where domestic violence has also occurred.
4. Children living in domestic violence households **who are exhibiting disturbed behavior or affect** that may be related to their exposure to domestic violence. These children might be seen even though they are making no specific statements about being directly abused if DHS, LEA, a health care provider, or mental health provider feel the evaluation process would be beneficial to establish a treatment and/or protection plan for the child. These cases would be triaged with CARES Northwest Intake staff.
5. Children from domestic violence households wherein **the threat of harm was extremely high**. Examples include:
 - Children whose parent or sibling was murdered as a result of domestic violence or who witnessed attempted murder such as choking or other serious assault.
 - Children who resided in a home with lethal weapons that were used to threaten or intimidate family members.
 - As in #4, these children might be seen at CARES Northwest even when they are making no statements about being abused themselves if DHS, LEA, a health care provider, or a mental health provider feel the evaluation process would be beneficial to establish a treatment and/or safety plan for the child. These cases would be triaged with CARES Northwest Intake staff.

- Re trainees: Observation should serve a career-related purpose/relevance.
- For Regional Service Provider trainees, notify regional coordinator in advance.
- Unless observer has been preapproved, approval must be obtained from the CARES Northwest evaluation team or their supervisor(s).
- If staff members have questions, they should consult with a supervisor or the Program Manager for a final decision.

SUBJECT: Questions Proposed by Law Enforcement or Child Welfare Personnel During the Evaluation

1. During the CARES Northwest evaluation, attending law enforcement (LEA) or child welfare personnel may ask questions or request clarifications from the team (medical provider and interviewer) during the patient's medical exam or interview.
2. In the course of an evaluation, LEA or child welfare personnel may propose questions for the team to ask the patient. The team will only ask the patient questions that they (the team) determine to be medically appropriate.
3. If either member of the team determines that a proposed question is not medically appropriate, neither member of the team will ask the proposed question.
4. Any issues raised by asking or not asking proposed questions may be discussed with LEA or child welfare personnel after the evaluation. It is recommended that this discussion occur before the debriefing with the parent/guardian.

SUBJECT: Guidelines for Interviewing Suspected Child Abuse Victims

CARES Northwest's goal is to provide an age-appropriate, child-centered, neutral evaluation. This evaluation is based on the individual child depending upon age, development, affect and demeanor. The evaluation should consider the culture and language of the child and family at the time of the assessment. Good clinical practice, the *Oregon Interviewing Guidelines* and current medical practice will dictate the specific steps taken during each interview and examination.

If the physical examination takes place first

The medical provider may explore concerns with the child by asking nonleading questions such as, "Why did you come to see me today?" If the child refuses to talk, at any stage, the medical provider should not push the child and should proceed with the examination.

If the child discloses sexual abuse, the medical provider should try to find out from the child who touched them and where. The medical provider can have the child point to the exact place(s) that was touched or hurt. Important details, such as "inside" and "outside," can be clarified by the medical provider touching areas on the child with a Q-tip or by pointing with a gloved finger. The medical provider may want to ask what the child was touched with, and how it felt.

If the remainder of the interview is to be conducted by the interviewer, the child should be advised that after the examination, the second part of the checkup will take place, in which the child will be talking to the interviewer. The interviewer will clarify more about the concerns, statements made during the exam and other safety topics.

If the interview takes place first

The interviewer should introduce the topic of concern in a nonleading manner and conduct the interview in accordance with the *Oregon Interviewing Guidelines*.

Video interview of child alone

When possible the goal is to interview the child alone. The transition should be part of the video record. In circumstances in which the child requests the medical provider's presence in the room, the medical provider may remain in the room to observe the interview. The medical provider may choose to ask a follow-up question at the end of the interview.

In general, the child should not be interviewed in the presence of a parent, relative, guardian, or caregiver. If the child is uncomfortable with protective services or law enforcement representatives behind the mirror, those individuals may be asked to leave the observation room.

SUBJECT: Guidelines for Interviewing Suspected Child Abuse Victims

Recording and/or documentation of the interview

The interview is video recorded and stored the *MetaInterview™* module of Microception, Inc.'s *Meta™* platform owned by CARES Northwest. Data is stored on servers located at Legacy Health System (storage is not web- or cloud-based). *MetaInterview™* is utilized for both in-person and tele-forensic interviews.

Notes and summaries relating to the interview are part of the complete evaluation report, which is reviewed and approved by the forensic interviewer and medical provider (if the provider participated in the evaluation). The report is stored in the child's chart in the electronic medical record.

Assignment of complex or sensitive cases

CARES Northwest interviewers receive extensive initial and ongoing training in order to prepare them to meet the needs of any child or teen and any presenting concern(s) of abuse. At times there may be sensitive or complex cases for which the needs may be best met by assigning a specific interviewer with a particular skill set, extensive training and/or experience. The following is a list (not exhaustive) of potential factors that may be considered when determining the need for case assignment to a specific interviewer.

1. Commercially Sexually Exploited Child (CSEC)
2. Need for presenting external evidence during interview
3. Child/teen with developmental disabilities
4. Child/teen with severe mental health issues
5. Problematic Sexual Behavior
6. High profile or otherwise sensitive case
7. Spanish-speaking child/teen or family (Whenever possible, Spanish-speaking children/teens or families will be assigned to a Spanish-speaking interviewer. Spanish-speaking children younger than age 8 are best served by a Spanish-speaking interviewer.)

Procedure:

1. CARES Northwest Intake staff will consult with their supervisor to determine if case assignment to a specific interviewer is warranted.
2. If warranted, the request will be forwarded to the Interviewer Supervisor for review and selection of appropriate interviewer.
3. The Interviewer Supervisor may request additional documentation, (i.e. mental health records) in order to select appropriate interviewer and plan for any additional case preparation.

SUBJECT: Age Criteria for Forensic Interviews

Members of the Multi-disciplinary Team should refer any child to CARES Northwest for evaluation of a concern of child abuse or neglect. Best practice outlined in the *Oregon Interviewing Guidelines* establishes that forensic interviews should be conducted in the child-friendly environment of a child advocacy center (CAC) such as CARES Northwest.

A CARES Northwest evaluation includes a forensic interview as appropriate, dependent upon a child's age and level of development, as well as other case- specific factors. Typically a child age 4 or older is considered to be potentially developmentally able to participate in a formal structured interview process. Recognizing that there are many factors involved in the process of referral to a CAC, the following grid provides a guideline to determine when referral to CARES Northwest is recommended and those cases for which a referral to CARES Northwest for forensic interview is required.

Concern	Age of Child		
	0-4 Years	5-14 Years	15-17 Years
Sexual Abuse	Refer to CARES NW	Forensic Interview Required	Refer to CARES NW

SUBJECT: Guidelines for Introduction of Evidence in the Forensic Interview

External evidence of abuse or neglect may be presented to a youth during an interview, as appropriate and necessary. Generally, during the interview, attempts should first be made to elicit a narrative without introducing evidence. If those attempts are not successful, the interviewer may choose to proceed using physical evidence to assist in eliciting disclosure. At times, community partners may request the introduction of evidence, even when a youth is making a disclosure, for investigative purposes.

The youth's best interest should always be the primary consideration in making decisions regarding presenting evidence.

Consideration must be given to photographs or recordings of a youth engaged in sexually abusive activity. In accordance with state and federal laws governing the possession and handling of child sexually abusive material, such material should be handled by law enforcement. Law enforcement officers may provide this material for use in an interview if they ensure that the material does not leave the interview location. All such material should be returned to law enforcement immediately following the interview.

Physical or digital evidence may not be altered. If it is not possible to mask the original without altering the image, a copy may be made for this purpose. Contact the law enforcement digital evidence expert. Copies of child sexually abusive material for this purpose may only be made by a certified computer forensic examiner.

External evidence may include, but are not limited to:

1. Photographs or video recordings:
 - a. Showing condition of the home (neglect cases)
 - b. Showing injuries (physical abuse cases)
 - c. Showing nudity or explicit content (sexual abuse cases)
2. Texts, social media posts, e-mails, chat logs, other messaging
3. Journals, notebooks, letters
4. Suspect confessions
5. Collateral reports

In keeping with the National Children's Advocacy Center Position Paper on the Introduction of Evidence in Forensic Interviews with Children (September 2013), careful consideration should be given to:

1. The purpose of the introduced evidence.
2. The expected outcome.

SUBJECT: Guidelines for Interviewing Suspected Child Abuse Victims

3. The potential negative impact on the youth.
4. The potential negative impact on the interview if the youth denies involvement.

It is never the purpose of the interview to get information at the expense of the youth's emotional and psychological well-being.

Additional factors to consider regarding the interviewer: the experience level of the interviewer, need for consultation, interviewer comfort, potential secondary traumatic stress for the interviewer.

Before the Interview:

1. The decision to use evidence should be made on a case-by-case basis.
2. Know what evidence there is before scheduling the interview. Preview evidence before interview and decide with law enforcement what will be presented. Not all evidence may need to, or should, be presented. Consider the following issues:
 - a. Charging needs
 - b. Identification of the youth, perpetrator(s), witness(es)
 - c. Corroborative purposes
3. If there are videos, capture and print still frames ~~captured~~. It is not recommended to show videos to youth, as videos are more difficult to control.
4. Consider using the least graphic images available. Decide whether or not to cover any parts of photographs or still frames.
5. Consider the need to tell parents/guardians that images may be presented i in the interview.

During the Interview:

1. Identify early in the interview that evidence may be presented.. During rapport building, consider saying: "I have some pictures I may want to show you and talk about today, but first I'd like to hear more about you and get to know you." This approach allows the interviewer the option of showing or not showing the evidence, based on how the interview proceeds.
2. Being up front early in the interview allows the interviewer to avoid confronting a youth with evidence if they deny abuse.
3. After rapport building, continue through the phases of the interview:
 - a. Ground Rules/Instructions
 - b. Practice Narrative
 - c. Transition to Topic of Concern. This does not mean presenting evidence at this time. If in this phase the youth does not provide information that could lead to disclosure, then evidence may be introduced.
4. When introducing evidence, consider saying: "Remember I told you earlier about some pictures. I have them here and I'd like to understand what you know about them."
5. Describe the image to the youth before showing it. This helps prepare the youth for what they are going to see. For example: "This picture is of a girl about the age of 10 and she is in a room with pink walls, a poster of a unicorn is on the wall, she has a blue top on, has brown hair and she has no pants on..." Use lots of words to calmly describe the picture.

SUBJECT: Guidelines for Interviewing Suspected Child Abuse Victims

6. Instruct the youth to tell you when they are ready to see the picture. Invite any questions they may have about the picture.
7. Show the picture and give an open prompt, "Tell me about this picture."
8. Follow up with questions for clarification and further detail. Avoid yes/no questions following standard interviewing guidelines.

SUBJECT: Interpreter Guidelines

CARES Northwest (CARES NW) is a clinic dedicated to providing the highest-quality child abuse evaluation services. Interpreters should be prepared to interpret intense, emotionally challenging material. Should an interpreter feel uncomfortable or unwilling to proceed, please notify Front Desk staff immediately.

Given the sensitive nature of the evaluations conducted at CARES NW, interpreters are requested to maintain the highest professional standards. This includes strict adherence to the Code of Ethics of the interpreting profession. In particular, CARES NW requests that interpreters:

1. Read and sign the Neutrality and Confidentiality Agreement upon signing in.
2. Interpret all material faithfully and accurately, without changing, adding or omitting anything. A carefully-timed, polite request for parties to talk more slowly, use shorter sentences, repeat what has been said, is appropriate, indeed recommended, should the need arise.
3. Refrain from side conversations with clients while assisting CARES NW staff.
4. Politely deflect any questions or concerns that the family might direct to the interpreter back to the evaluation team to be answered.
5. Inform the team if the interpreter has never worked at CARES NW before. If this is the case a member of the evaluation team, usually the interviewer, should orient the interpreter and ascertain if the interpreter is willing and able to proceed.
6. Maintain careful physical boundaries with the families and children seen at CARES NW.
7. Be qualified by the state of Oregon to interpret in a medical setting.

FORMS

1. The interpreter shall assist Front Desk staff with collecting client information, including: **legal** name and surname of child (**as it appears on birth certificate**), current address, phone, parental information, etc.
2. The interpreter should let parents/guardians know they are available to assist in completion of the Child Medical and Family History form (available in English and Spanish). There are some sensitive questions on this form, so it is recommended it be completed while the children are otherwise engaged.

SUBJECT: Interpreter Guidelines

3. The Oregon Crime Victims' Compensation (CVC) form is in English and Spanish. Some parts of this form can be emotionally challenging for the parents/guardians to fill out, so we recommend they do so while the child is being seen by the team. The interpreter shall offer assistance. Parents/guardians should be informed that:
 - a. The parent/guardian whose information is included on the CVC form **must** be the same parent/guardian who signs it.
 - b. Only the highlighted areas need be completed.
 - c. The CVC form must be signed and returned to the Front Desk staff before the family leaves the clinic.

PROCEDURE

The interpreter will interpret for the following: the family, CARES NW staff, law enforcement officers, child protective services workers, members of the Family Support Team and/or family navigator. The parents/guardians are usually seen first. The child then has an evaluation consisting of a physical examination and, for children who are able to participate, a video-recorded interview. A final debrief with the parents/guardians concludes the appointment.

Appointments at CARES NW can last up to four hours, and occasionally longer. Interpreters should be aware that their services are requested for at least four hours. Should this pose a conflict, the interpreter should let the Front Desk know immediately, so that necessary arrangements can be made.

INTERPRETER ETHICS AND RESPONSIBILITIES

(Adapted from the Code of Professional Responsibility for Interpreters in the Oregon Courts.)

1. **Accurate interpretation**, without embellishing, omitting or editing. This includes conserving the register, keeping the language level unaltered, so if the party is using slang, you should interpret it as such, if it is formal speech your interpreted version should reflect that.
2. An interpreter's emotions should also be kept in check; the only emotional reactions expressed should be those of the interpreted party.
3. Accurate representation of qualifications, education or certifications
4. **Conflicts of interest** can arise if the interpreter is related to or acquainted with the parties involved or has any interest in the outcome of a case. The interpreter should inform the team if they feel there is a perceived conflict of interest.
5. **Confidentiality** is always to be respected (see Neutrality and Confidentiality Agreement).
6. **Abstain from giving advice/voicing opinions.**
7. **Maintain professional relationships.** Communication is the primary objective of the interpretation process. This is most readily attained through detached, unobtrusive interpretations, avoiding displays of emotion, subjective involvement and social conversation.

SUBJECT: Therapeutic Interventions

Trauma Screening

All children evaluated at CARES Northwest should be screened for the need for mental health services and support. This should include the use of a trauma screening tool that examines a child's experiences of traumatic events as well as any symptoms. Children who display these symptoms need a more formal trauma assessment conducted by a mental health professional that has been trained specifically in treating trauma.

All children seen at CARES Northwest that meet the basic criteria for Evidence-Based/Evidence-Informed Trauma Therapy Services are referred to the treatment team by way of an in-house screening tool. A member of the treatment team then reviews the child's evaluation and consults with the Family Support Team and/or Family Navigator to determine the next best step re treatment. As appropriate, the child is enrolled in treatment at CARES Northwest, or referred to more appropriate or accessible services within the community.

Trauma-Informed Mental Health Assessment

All children who screen positive for traumatic symptoms or who have experienced serious trauma should be assessed by a mental health provider who has been trained specifically in treating trauma to determine if they are in need of trauma-focused therapeutic services. The assessment protocol should use multiple informants, including the following elements:

- A clinical interview of the child
- A clinical interview of parents and other caregivers
- A complete developmental, medical and family history
- A comprehensive trauma history
- Use of standardized assessment measures to explore problematic behaviors and trauma symptoms

Children who display post-traumatic symptoms should be referred for trauma-specific treatments such as Trauma-Focused Cognitive Behavioral Therapy.

Evidence-Based/Evidence-Informed Therapy Services

Children of all ages can benefit from evidence-based or evidence-informed therapy. Therapy services should promote healing and not be forensic in nature.

SUBJECT: Therapeutic Interventions

Children should receive the most effective therapy available to treat their specific symptoms. The therapist should be specifically trained in evidence-based or evidence-informed treatment for child abuse victims. These evidence-based/supported treatments include:

- Trauma-Focused Cognitive Behavioral Therapy
- Alternatives for Families-A Cognitive Behavioral Therapy
- Child-Parent Psychotherapy
- Problematic Sexual Behavior – Cognitive Behavioral Therapy
- Child and Family Traumatic Stress Intervention
- Other evidence-informed therapy such as EMDR (Eye Movement Desensitization and Reprocessing), Integrative Treatment of Complex Trauma for Children/Adolescents and Attachment, Self-Regulation, and Competency (ARC).

Support from parents and/or caregivers is the most important predictor of a child's ability to make a successful recovery from trauma. All the above evidence-supported therapies include parents/caregivers in the therapeutic process.

Supporting the Child Victim Through the Legal Process

The support a child victim receives through the legal process can have a positive impact on the child's recovery. Victim's assistance is provided through the District Attorney's Office. In addition, the CARES Northwest Trauma-Focused Therapy Program will provide the following to enrolled children and families:

- Psychoeducation to children and caregivers
- Desensitization to the courtroom
- Relaxation and other techniques for reducing anxiety in the courtroom
- Information regarding the rules of the courtroom and roles of courtroom personnel

SUBJECT: Guidelines for Verbal Sharing of Patient Information

Purpose: **Health Insurance Portability and Accountability Act (HIPAA)-compliant verbal communication of patient information with MDT partners**

1. CARES Northwest staff can verbally share patient information with law enforcement agencies and protective services agencies, including the Oregon Department of Human Services (DHS), during any part of a child abuse investigation. This investigative phase continues until the trial is complete.
2. CARES Northwest staff who attend multidisciplinary team (MDT) meetings can verbally share patient information during MDT meetings.
3. CARES Northwest staff can verbally share patient information with the district attorney (DA) during meetings in which the DA reports that they are acting as a member of the MDT. This would include hospital suspected child abuse and neglect (SCAN) meetings where LEA, DHS, DA and clinical staff meet to review recent child abuse cases.
4. CARES Northwest staff can verbally share patient information with the DA on a specific case if the case has not been indicted and the DA is acting as a member of the MDT. Once the case has been indicted, a **HIPAA**-compliant release of information (ROI) is required. For example, to talk with a DA about a specific case for which a staff member has been subpoenaed, the staff member would need a HIPAA-compliant ROI.
5. CARES Northwest staff who receive requests for information that do not fit the criteria listed above should consult with Medical Records, their supervisor or program manager.
6. Consult the Oregon Revised Statutes for the current laws regarding confidentiality of information and records.

SUBJECT: Confidentiality of CARES Northwest Records

According to legal counsel, CARES Northwest records are protected under the confidentiality provisions of the child abuse reporting statute, ORS 419B.035, which provides that records related to an evaluation of potential child abuse shall be kept confidential. Therefore, consider the following additional legal guidelines when addressing issues of confidentiality of CARES Northwest records.

- Patients and guardians have a right to the information contained in the medical records.
- A physician is not obligated to release or reveal office records to a patient, or to a minor patient's parents or guardian, if there is a therapeutic reason for denying access to the information. A clinical judgment determines what information to reveal.
- Evaluation teams will use clinical judgment to determine the amount of information to document in CARES Northwest reports. The decision should include weighing the risk for preventing or inducing further child abuse.
- Evaluations are completed after permission is obtained from the parent or guardian. This permission includes explicit limitation on the dissemination of information to the parent or guardian.
- CARES Northwest reports are released to the ongoing pediatrician who can review that information with the parent or guardian. This is done to ensure that evaluation results are disclosed in the context of overall patient care.
- In Oregon at age 14, the child has the right to consent to treatment of mental or emotional disorder or chemical dependency without parental consent [ORS 109.675]. Further, children age 15 or older can give consent for medical (including STI and HIV treatment) or dental treatment [ORS 109.610 and 109.640].
- The physician may disclose to the parent or guardian the occurrence of a child abuse evaluation, but the physician is not required to reveal such information. Parents cannot be financially responsible if they are not notified of the treatment.
- For older children, the amount of disclosure to the parent or guardian should be based on the child's knowledge and permission. Although the physician may disclose to the parent or guardian without incurring liability [ORS 109.680], there may be sound medical and psychological reasons not to, depending on the child and/or the possibility of further abuse.

SUBJECT: Confidentiality of CARES Northwest Records

As much as is legally and reasonably possible, CARES Northwest should strive to maintain the child's/patient's right to privacy and confidentiality. CARES Northwest must also adhere to the reporting guidelines set forth in ORS 419B.010, the Child Abuse Reporting Statute.

The following general guidelines should be followed, recognizing that no single set of protocols may meet the requirements of an individual case. Furthermore, it is understood that each jurisdiction will have unique needs regarding interpretations of confidentiality requirements.

1. When CARES Northwest receives a subpoena on a case involved in either a juvenile or criminal court procedure, a copy of each item requested in the subpoena should be sent to either the assigned judge or the clerk of the appropriate court. The pages should be numbered and certified by the Medical Records Custodian. The material should be mailed in a sealed envelope. The subpoena is attached to the outside of the envelope with a letter to the judge requesting an in-camera inspection of the material as well as consideration of the use of CARES Northwest's standard Stipulated Order to Produce and Protect. A letter is also sent to the attorney of record for the parents and/or defendant and to the deputy district attorney assigned to the case, notifying all parties that CARES Northwest's legally mandated response to the subpoena is being met by forwarding the material in the sealed envelope to the judge.
2. In civil cases, where no deputy district attorney is assigned and there may be no judge actively involved, the Standard Stipulated Order to Produce and Protect should be used. When a subpoena is received in such a case, a copy of the Protective Order shall be sent immediately to the requesting attorney explaining CARES Northwest's policies on release of information and requesting return of a signed Protective Order prior to release of information. When the signed Protective Order is received, the materials requested will be forwarded to the subpoenaing party.
3. Under ORS 107.154(3), a non-custodial parent has just as much right to receive the child's medical record as does the custodial parent. Therefore, a valid signed release of information by the non-custodial parent has the same legal effect as a similar document signed by the custodial parent. CARES Northwest's procedure, however, is that the evaluation report will be provided to the child's physician, rather than the parents. This procedure applies to both custodial and non-custodial parents. If a parent wishes further information about the report after an evaluation has been completed, the parent should be referred to the medical provider who evaluated the child. If the evaluation involved an interview only, the request should be referred to the interviewer. On some occasions the medical provider and/or interviewer may send the non-custodial parent a written summary of the information given to the custodial parent at the time of the evaluation. Often phone contact is sufficient, in which the medical provider/interviewer summarizes the information given to the custodial parent at the time of the evaluation. If the non-custodial parent requests a face-to-face appointment to review the results, an attempt to accommodate should be made.
4. If a non-custodial parent who is not the alleged offender requests written documentation of the evaluation to be provided to their representative, CARES Northwest will notify the custodial parent. If the custodial parent does not agree to CARES Northwest's release of the requested materials, they will have two weeks to obtain a court order to block the release.

SUBJECT: Trauma-Focused Therapy Records: Attorney Request

Trauma-Focused Therapy records are not considered a part of the CARES Northwest assessment.

If an outside party is requesting treatment information, the following protocol will be followed

1. Obtain a Release of Information (ROI) from the child's legal guardian.
2. Offer a verbal discussion regarding the child's therapy with the legal party requesting records. This is the first and preferred method of dissemination.
3. If a verbal disclosure is not considered adequate, a written Treatment Summary may be created if the requestor allows for sufficient time for the CARES Northwest therapist to review the chart. This summary will be released after the attorney issues a subpoena and obtains a protective order signed by a judge that specifically requests **only** the Treatment Summary.
4. If the requesting attorney will not accept a verbal discussion or written treatment summary, they must obtain a subpoena and protective order, signed by a judge, requesting any/all applicable treatment records, to be reviewed by the presiding judge at an in-camera review hearing.

If the requesting attorney refuses to obtain the proper subpoena and protective order, CARES Northwest will notify outside counsel and identify the risk to the child regarding the release of the records.

WASHINGTON COUNTY PROTOCOL FOR DRUG-ENDANGERED CHILDREN (DEC)

Introduction and Purpose

Innocent children are sometimes found in environments where methamphetamine and other illegal substances are produced, sold, or used. Nationally, Drug Endangered Children (DEC) programs have been developed to coordinate the efforts of law enforcement, medical services, and child welfare workers to ensure that children who live in or frequent these sites receive appropriate attention and care.

This protocol has been prepared through a collaboration of allied agencies in Washington County to address a multidisciplinary approach that provides intervention and assistance to drug endangered children. An alarming number of children reside in homes where parents are involved in methamphetamine, opioids, and/or other drug use, as well as criminal behavior, leaving the children extremely vulnerable to abuse, neglect and endangerment.

This protocol provides for a coordinated interagency response to children who are exposed to the manufacture, sale, or use of illicit drugs

Participants

Although each of the participants has different functions within the community, it is agreed that a coordinated, interagency response best advances the goal of child protection. Representatives from the following agencies have participated in the development and/or implementation of this protocol in Washington County.

Law Enforcement Agencies:

- Washington County Sheriff's Office
- Beaverton Police Department
- Forest Grove Police Department
- Hillsboro Police Department
- King City Police Department
- North Plains Police Department
- Sherwood Police Department
- Tigard Police Department
- Tualatin Police Department
- Oregon State Police
- Cornelius Police Department

Fire and Emergency Medical Service Providers:

- Hillsboro Fire Department
- Tualatin Valley Fire & Rescue
- Washington County EMS

Definition of Protocol Responses

Level I Response: Initiated when children are found at clandestine drug laboratories or other drug manufacturing operations. The highest priority of this response is to determine and address the acute health and safety concerns of children as a result of exposure to drugs, toxic chemicals, and physical or sexual abuse. Other major concerns include the future health and safety of the children and their follow up care, along with the investigation of drug and child abuse or endangerment charges involving the parent or caregiver.

Level II Response: Initiated when children are exposed to the sale, use, or possession of controlled substances or when they are found at butane honey oil or marijuana manufacturing sites. The same priorities and concerns exist in addressing the health and safety of children and determining the extent of drug exposure.

Summary of Level I Response

The following is an overview of key actions that are important to secure the health and safety of drug endangered children found at clandestine drug laboratories or other drug manufacturing operations. In many situations, response from both Law Enforcement and Department of Human Services (DHS) will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. For more comprehensive descriptions of the protocols for each participant, refer to subsequent sections.

IMMEDIATE RESPONSE

Law Enforcement officers or DHS personnel who encounter **children with obvious injury or illness** will contact Fire/EMS for medical treatment and/or immediate gross decontamination prior to transport for hospital emergency care. (Currently, Randall Children's Hospital Emergency Dept. is preferred due to their expertise and willingness to participate in the DEC protocol.)

If not previously notified, Law Enforcement will contact DHS as soon as possible via the Child Abuse Hotline at **1-855-503-SAFE (7233)** to initiate DHS 307 forms and summon on-scene response of a DHS worker. Likewise, DHS will contact Law Enforcement immediately if they are not already on-scene.

If not previously notified, the Westside Interagency Narcotics (WIN) Team will be contacted directly or through Washington County dispatch (503) 629-0111. The Law Enforcement Case Agent will also consult a trained child abuse investigator at the onset of the criminal

investigation. The Case Agent will also contact the on call Deputy District Attorney from the Child Abuse Team.

If children exhibit no acute medical symptoms—the WIN Team or the Clandestine Lab Enforcement Team (CLET) will coordinate on scene decontamination based on the child's exposure to chemicals. Minimally, this requires washing of exposed areas of the skin with water and soap and changing the child into clean clothes. DHS will provide assistance and a change of clothing.

DHS will provide non-emergency transport to Randall Children's Hospital Emergency Dept. (ED) for medical evaluation and urine drug testing. Urine should be collected within **two to four** hours if possible and tested to the lowest limits of detection. DHS shall attempt to notify the ED of transport as soon as possible by calling (503) 276-9191.

Randall Children's Hospital ED will address urgent medical issues, provide screening exam and order appropriate lab tests. Referrals to DHS Child Abuse Hotline and CARES NW will be made if concerns exist regarding physical abuse, sexual abuse, or neglect. Lab results will also be referred to CARES NW for assessment and follow-up.

FOLLOW-UP

DHS, CARES NW, and the primary care physician will coordinate medical, developmental, and mental health follow-up care for drug endangered children. The District Attorney and the Law Enforcement Case Agent will follow-up with evaluation of criminal prosecution of drug and child endangerment charges.

In the event that a child is not present at the location but appears to have been living at the scene, the Law Enforcement Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow up assessment of the child.

Summary of Level II Response

The following is an overview of key actions that are important to secure the health and safety of drug endangered children who are exposed to the sale, use, or possession of controlled substances or are found at butane honey oil or marijuana manufacturing sites. In many situations, response from both Law Enforcement and DHS will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. For more comprehensive descriptions of the protocols for each participant, refer to subsequent sections.

IMMEDIATE RESPONSE

Law Enforcement officers will evaluate the child's access to controlled substances, physical condition, and the level of care being provided. If child appears altered or exhibits illness or injury, law enforcement will call EMS. If living conditions reasonably appear to jeopardize child's welfare, DHS will be notified via the Child Abuse Hotline at **1-855-503-SAFE (7233)**.

If need exists to place children in protective custody, DHS will determine the need for an immediate medical screening examination (in the case of obvious injury or illness as per the Level I Response.)

If no urgent medical issues are apparent, DHS personnel shall ensure the child receives appropriate laboratory screening. If indicated, urine collection for methamphetamine or other

drug testing should occur within **two to four** hours if possible, and tested to the lowest limits of detection. DHS shall contact CARES NW on-call medical staff at (503) 276-9000 within 24 hours of removal for further medical triage decision-making.

Law Enforcement Case Agent shall conduct the criminal investigation and assemble the case materials for presentation to the District Attorney's Office.

FOLLOW-UP

DHS, CARES NW, and the primary care physician will coordinate medical, developmental, and mental health follow-up care for drug endangered children. The Deputy District Attorney and the Law Enforcement Case Agent will follow-up with evaluation of criminal prosecution of drug and child endangerment charges.

In the event that a child is not present at the location but appears to have been living at the scene, the Law Enforcement Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow-up assessment of the child.

LAW ENFORCEMENT & EMERGENCY SERVICES PROTOCOL

LAW ENFORCEMENT & EMERGENCY SERVICES LEVEL I RESPONSE:

Children Found at Clandestine Drug Laboratories or Other Drug Manufacturing Operations

Initial Law Enforcement Assessment:

Law Enforcement officers who respond to a location where clandestine drug manufacturing is suspected and children are present shall quickly assess whether **children have obvious injury or illness.**

- If indications of injury or illness exist, they will summon Fire/Emergency Medical Service (EMS) immediately for medical treatment and/or immediate gross decontamination prior to transport to an Emergency Department (ED) Currently, Randall Children's Hospital is the preferred Emergency Department.
- Immediate notification shall be made to the Westside Interagency Narcotics (WIN) Team, The WIN Team will determine whether activation of the Clandestine Drug Enforcement Team (CLET) is required. The lead investigating officer shall be referred to as the "Case Agent."
- Immediate notification shall be made to the Department of Human Services (DHS) via the Child Abuse Hotline at **1-855-503-SAFE (7233).**

Decontamination Assessment with Acute Medical Concerns: If children are in acute medical distress, emergency decontamination shall be performed by the responding Fire/EMS personnel to the extent necessary for EMS transport, with due regard to the physical and emotional effects such decontamination will have on the children. It is preferred that children be transported to the Randall Children's Hospital Emergency Department for continued care. (Randall Children's Hospital ED also has decontamination facilities available.)

Decontamination Assessment with NO Acute Medical Concerns: If children are NOT in acute medical distress, WIN/CLET personnel may determine the type of decontamination necessary, taking into consideration the medical needs of the children, and with due regard to the physical and emotional effects such decontamination will have on the children.

Two options for decontamination will be considered, either "wet" or "dry." "Wet decontamination" consists of clothing removal and a thorough cleansing of the skin and hair with water and soap or some type of cleansing agent. Wet decontamination shall be performed when the child has been grossly contaminated by chemicals involved in the drug manufacturing process. "Dry decontamination" consists of washing exposed areas of the child's skin with water and soap and changing the child into clean clothes.

In the event wet decontamination is required, WIN/CLET personnel will make all available attempts to provide a private environment in which a DHS worker or other suitable adult is present to assist and comfort the child. Children will be decontaminated prior to being transported to the ED unless medical instability requires immediate transportation. Clean clothing will then be provided for the child by the DHS worker on-scene.

DHS will notify Randall Children's Hospital Emergency Department at (503) 276-9191, as soon as possible regarding the number of drug-endangered children to be transported to the ED for medical evaluation and testing. DHS will arrange for the collection of urine for drug testing within **two to four hours** if possible.

Criminal Investigation: The investigation of the child endangerment case shall be conducted or coordinated by the law enforcement agency with jurisdiction. In many situations, response from both Law Enforcement and DHS will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. The Case Agent shall consult a trained child abuse investigator to ensure thorough documentation is made, including photographs of the child's access and exposure to the chemicals and other hazards associated with clandestine drug manufacturing. The Case Agent shall secure the child's clothing. Care shall be taken to be responsive to potential emotional trauma to the child. The Case Agent will make a determination whether the child will be interviewed by referring to their applicable department policy and the totality of the circumstances. DHS will be included whenever possible in the child interview process. The Case Agent shall also include with the case materials, the identity of the contaminated waste removal contractor, together with a copy of the contractor's manifest.

Suspected Sexual and/or Physical Abuse: In all cases in which sexual or physical abuse of a child is suspected, the Case Agent shall immediately notify the Child Abuse Hotline at **1-855-503-SAFE (7233)** and document the notification. The Child Abuse Hotline shall cross-report this information to the appropriate Law Enforcement Agency (LEA). The Case Agent shall notify a child abuse detective sergeant or on-duty patrol sergeant of the law enforcement agency that has jurisdiction. If it is decided that the Case Agent will complete the investigation, the investigating officer must have the experience and knowledge to complete a thorough child sex abuse investigation. Cases will be evaluated and managed on an individual basis. Please refer to the Child Abuse MDT Protocol for further information

Assembly of Criminal Case Materials: The Case Agent shall be responsible for assembling the investigative materials for presentation to the District Attorney's Office for prosecution of the child endangerment charges along with the underlying drug charges. These materials may include EMS reports, WIN/CLET reports, interviews, and, to the extent allowed by law, the DHS assessment and medical evaluation and urinalysis and other testing reports.

If not previously provided, the Case Agent shall forward a copy of his/her investigative reports to DHS when the reports are submitted to the District Attorney's Office for prosecution.

Advanced DHS Notification: Whenever police have advance notice that children may be present at a location where clandestine drug manufacturing is suspected and the police intend to execute a search warrant or conduct a knock-and-talk investigation, they shall contact the Child Abuse Hotline at **1-855-503-SAFE (7233)** to ensure that a DHS caseworker is available to assist the children, if necessary. An exact address is not required, but a general location and/or zip code should be provided. DHS shall provide to Law Enforcement, information from their database regarding prior child abuse or neglect referrals, vital records, and other government database information concerning the targets of the investigation when such information is to be used in furtherance of a joint Law Enforcement/DHS child endangerment investigation. This includes investigations into drug-related activities, which may pose dangers to children. If known, Law Enforcement will provide information regarding the ages and approximate clothing sizes of any children involved, to allow DHS to prepare for possible decontamination needs.

Child Placement: Temporary placement of a child is the responsibility of DHS-CW personnel. Law enforcement officers at the scene may assist DHS-CW in their evaluation of the best temporary placement by utilizing all available databases and other reasonable inquiries. If children are taken into protective custody, the Case Agent shall complete a custody report and fax the custody report to DHS by 9:00 a.m. the following day.

Follow up: In the event that a child is not present at the location but appears to have been living at the scene, the Police Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow-up assessment of the child.

LAW ENFORCEMENT & EMERGENCY SERVICES LEVEL II RESPONSE:

Children Exposed to the Sale, Use or Possession of Controlled Substances or Butane Honey Oil or Marijuana Manufacturing Sites.

Initial Law Enforcement Assessment: Officers who encounter children during the investigation of the sale, use, and/or possession of controlled substances or at marijuana manufacturing sites shall evaluate the children's access to the controlled substances, the physical condition of the children, and the level of care being provided to the children. If child appears altered or exhibits illness or injury, law enforcement will call EMS. If reasonable suspicion exists, DHS shall be notified through the Child Abuse Hotline at **1-855-503-SAFE (7233)**.

A child may be taken into **protective custody** when the child's living conditions or surroundings reasonably appear to jeopardize the child's welfare (ORS 419B.150). If a child is taken into protective custody, the police Case Agent will complete a custody report and provide to DHS-CW and Juvenile Court by 9:00 am the following business day.

If need exists to place children in protective custody, DHS will determine the need for an immediate medical screening examination (in the case of obvious injury or illness as per the Level I Response.) If no urgent medical issues are apparent, DHS personnel shall ensure the child receives appropriate laboratory screening. If indicated, urine collection for methamphetamine or other drug testing should occur within **two to four** hours if possible, and tested to the limits of detection. DHS shall contact CARES NW on-call medical staff at (503)276-9000 within 24 hours of removal for further medical triage decision-making.

Criminal Investigation: In many situations, response from both Law Enforcement and DHS-CW will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed.

- Case Agent shall document and photograph the scene. This should include:
 - the identity of the children found in or associated with the residence and their relationship to the responsible party;
 - the circumstances in which the children were found;
 - the physical condition and overall appearance of the children
 - the availability of essential food;
 - the sleeping arrangements of the children;
 - and the condition of the adults in whose care they were found.

- Photographs should capture all potential hazards to the children and document living conditions indicative of neglect or endangerment, including, but not limited to: drugs and drug paraphernalia (e.g., razor blades, syringes, pipes); booby traps (e.g., trip wires for explosives, pongee sticks, and chemical devices); exposed wiring; refrigerator (absence or presence of food and the age dates on food containers, chemicals stored adjacent to consumables); sleeping areas (dirty sheets/blankets, no bed linens, stained/soiled mattresses); bathroom facilities (inoperable toilet, filthy sink/bathtub, access to medicines, etc.); guns (note if loaded), knives and other weapons; pornographic materials (e.g., photographs, videos or sex toys); vicious animals;

accessibility of children to any other hazards (measure relationship of child's height to location of drugs, drug paraphernalia, chemicals, weapons, raw sewage, feces, broken windows and other unsafe conditions).

- Children are exposed to drugs through direct ingestion or environmental exposure. As such, the Case Agent shall seize evidence including but not limited to drug paraphernalia, carpet samples, swabs of areas for potential drug exposure (i.e. curtains, sheets, pillows or the curtains/sheets/pillows themselves), vacuum bags, children's toys and other possessions for testing by the crime lab

Suspected Sexual and/or Physical Abuse: In all cases in which sexual or physical abuse of a child is suspected, the Case Agent shall immediately notify the Child Abuse Hotline at **1-855-503-SAFE (7233)** and document the notification. The Child Abuse Hotline shall cross-report this information to the appropriate Law Enforcement Agency (LEA). The Case Agent shall notify a child abuse detective sergeant or on-duty patrol sergeant of the law enforcement agency that has jurisdiction. If it is decided that the Case Agent will complete the investigation, the investigating officer must have the experience and knowledge to complete a thorough child sex abuse investigation. Cases will be evaluated and managed on an individual basis. Please refer to the Child Abuse MDT protocol for additional information.

Assembly of Criminal Case Materials: The Law Enforcement Case Agent shall ensure that reports and photographs of drug-related child endangerment or neglect investigations are prepared and distributed as soon as practicable, and shall distribute a copy of the investigative reports to DHS-CW when they are submitted to the District Attorney's Office for prosecution.

Advanced DHS Notification: Whenever Law Enforcement Officers have advance notice that children may be present at a location which is the target of an investigation into the sale or possession of controlled substances, they shall contact the Child Abuse Hotline at **1-855-503-SAFE (7233)**. An exact address is not required, but a general location and/or zip code should be provided. DHS shall provide to Law Enforcement, database information regarding prior child abuse or neglect referrals, vital records, and other government database information concerning the targets of the police investigation when such information is to be used in furtherance of a joint police/DHS child endangerment investigation, including investigations into drug-related activities which may pose dangers to children.

Follow-up: In the event that a child is not present at the location but appears to have been living at the scene, the Law Enforcement Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow-up assessment of the child.

DEPARTMENT OF HUMAN SERVICES (DHS)
ADMINISTRATIVE RESPONSE

Applicability of Protocol: This DHS protocol is intended to cover the DHS workers' response to, and investigation of, drug endangered children.

Staffing: Washington County DHS currently has workers available for immediate joint response with Law Enforcement Agencies (LEA) from 8-5 Monday-Friday. The Child Abuse Hotline is available to LEA 24 hours a day, 7 days a week. The Hotline has access to Washington County DHS certified, on-call staff for both consultation and field response as appropriate.

Training: DHS and LEA will be trained regarding this protocol.

Screening: All child abuse/neglect (CA/N) reports covered by this protocol will be directed to a Hotline screener, who will initiate a DHS 307 form. The DHS 307 forms, which give DHS the legal basis to begin a DHS investigation, must be initiated for all DHS field assessments. The screener will conduct a DHS history search and do applicable criminal records checks, per DHS policy. Screening decisions about when DHS will respond (i.e., within 24 hours/immediate or 5 days/impending) will be made based on child safety, coordination/planning with LEA and other relevant factors. Impending response may be indicated if extensive response planning is necessary with LEA. The decided DHS response will be communicated to and coordinated with the responding police agency.

DHS On-site Safety Assessment of Drug-Endangered Children: DHS shall conduct a safety assessment in accordance with DHS procedures, and shall inform the investigating officers when immediate protective custody of a child is warranted. LEA also has the authority to take children into protective custody when the child's conditions or surroundings reasonably appear to jeopardize the child's welfare. (ORS 419B.150)

Police-Initiated Requests for Joint Response with Advance Notice: When police become aware of drug-endangered children during the course of a criminal investigation, the following steps will be taken.

LEA will call the Child Abuse Hotline at. **1-855-503-SAFE (7233)**. The Hotline screener will initiate the DHS-307 form.

Dependent upon the nature of the report, the screener will determine the nature of the response required, in conjunction with the Intake supervisor, and facilitate that DHS personnel are assigned for a field response.

Police-Initiated Requests for *Immediate* Joint Response with No Advance Notice: When police encounter drug-endangered children without forewarning, such as when a methamphetamine lab is unexpectedly discovered and children are present, the following steps will be taken.

LEA will call the Child Abuse Hotline for DHS assistance.

Hotline screener will initiate the DHS 307 form.

Subsequent to the screening process, Washington County DHS trained staff will coordinate/plan with LEA regarding the DHS response, which may include assigning a CPS worker for an immediate field response.

In the extraordinary event of a DHS field staff being contacted directly by LEA, the DHS worker will contact the appropriate Hotline to initiate the 307.

DHS-Initiated Requests for Immediate Joint Response Following Call to Child Abuse

Hotline: When the Hotline receives a report of children exposed to the sale, manufacture, or possession of illegal drugs, the screener shall attempt to obtain the following information to assist in the determination of whether an immediate joint response is necessary.

The detail of the report, including the description of the reported address, the number, identity and/or description(s) of the responsible adult(s); the number, identity and/or descriptions of the endangered children; the nature of the danger to the children; the living conditions of the children; the presence and frequency of chemical odors; chemicals observed at the location; specific observations of drug activity; information concerning the presence of weapons; and any other dangers observed by the reporting party.

When information, obtained from the caller, does not by itself require an immediate joint response, the screener shall attempt to obtain relevant information from the applicable police agency concerning the subjects of the complaints, and whether LEA is aware of the location and or circumstances reported to the Hotline screener.

When a Hotline caller reports circumstances indicating an immediate danger to children, the screener shall call 9-1-1 and report the information for an immediate emergency services response, and shall thereafter initiate a DHS 307 and notify appropriate DHS personnel, per routine branch or after hours protocols, for an immediate joint response.

DHS-Initiated Requests for Immediate Joint Response following DHS Employee

Observations: DHS personnel who encounter potential drug-endangered children during the course of a home visit or in other field situations shall follow statewide DHS safety protocol, and shall call 9-1-1 and/or the Child Abuse Hotline, as appropriate.

Whenever a Joint Response is required: In many situations, response from both Law Enforcement and DHS will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed.

DHS Facilitation of Medical Evaluation, Testing, and Follow-Up: Applies when DHS has protective custody or parents have given consent. While in protective custody, medical expenses for drug endangered children are covered under the Oregon Health Plan.

DHS LEVEL I RESPONSE:

DHS Coordination of Immediate Medical Evaluation and Testing: DHS shall ensure that children found at clandestine drug manufacturing sites are taken, subsequent to site decontamination protocols, to participating medical facilities for a comprehensive physical examination. Currently, Randall Children's Hospital Emergency Department (ED) is the one metro facility participating in the DEC protocol. Children shall receive a medical evaluation and testing **as soon as possible. If at all possible, the first urine sample should be collected within 2-4 hours of their removal from a clandestine drug manufacturing site.**

If the child has been exposed to clandestine drug manufacturing, but is not discovered at the time of the initial investigation, the child should still be brought to the ED if the child is located within 48 hours of the child's exposure. If exposure occurred prior to that time, information gathered by DHS regarding the exposure may be taken into consideration and the child may be referred to the ED or to other medical services for evaluation.

DHS shall notify Randall Children's Hospital ED at (503) 276-9191 as soon as possible regarding the number of drug-endangered children to be transported to the ED for medical evaluation and testing.

Obtaining Decontamination Information: If responsible for the transportation of the drug-endangered children for medical evaluation and testing, the DHS personnel shall determine from the Law Enforcement Case Agent, the type of decontamination performed on the scene and the need for any further decontamination at the ED.

Children are presented to the ED admittance desk. In the extraordinary event that a child has not had at least a "dry" decontamination, report to the ED via the ambulance bay.

Obtaining Medical History: DHS shall attempt to obtain information on the medical histories, allergies, current prescriptions, and other historical health information from the parents or other adult care-givers present at the location of the endangerment. In addition, DHS shall attempt to obtain signed legal consent/disclosure forms for securing medical history information and to allow medical evaluations and testing of the children from the parents or guardians of the drug-endangered children.

Forensic Interview Referral: If DHS and LEA determine a forensic interview of the child is warranted, the referral will be made to the appropriate program and according to standard Child Abuse MDT protocol.

DHS Long-Term Follow-Up: DHS personnel shall thereafter ensure that children taken into Protective Custody pursuant to this protocol are examined by medical and mental health professionals as needed and required by DHS policy. This follow-up is to include, at a minimum, within one month of the drug related exposure, the following:

- Abnormal lab tests repeated

- Complete referrals for developmental and mental health assessments

- HIV tests per DHS policy

- DHS Caseworker will provide to the foster parent, a copy of the letter *Information for Health Care Providers—Children Exposed to Methamphetamine Labs*. The foster parent will provide the child's current medical provider with a copy of this letter.

DHS LEVEL II RESPONSE:

DHS Coordination of Immediate Medical Evaluation and Testing: DHS shall ensure that children found in homes where use, possession or consumption of illegal substances is occurring that the child receives appropriate laboratory screening. If at all possible, this should occur within **two to four** hours from the time the children were removed from the location. If the child appears altered or exhibits illness or injury, DHS will call EMS. DHS shall contact CARES NW on-call medical staff at (503) 276-9000 within 24 hours of removal for further medical triage decision-making.

If the child is not discovered at the time of the initial investigation but the child is located within 48 hours, the child should be referred for a medical evaluation within 72 hours and labs within 12 hours, per DHS protocol, to medical providers who are able to collect the necessary lab information.

Obtaining Medical History: DHS shall attempt to obtain information on the medical histories, allergies, current prescriptions, and other historical health information from the parents or other adults present at the location of the endangerment. In addition, DHS shall attempt to obtain consent for medical evaluation and testing from the parents or guardians of the drug-endangered children.

Forensic Interview Referral: If DHS and LEA determine a forensic interview is warranted, the referral will be made to CARES NW per the Child Abuse MDT Protocol.

DHS Long-Term Follow-Up: DHS personnel shall thereafter ensure that children taken into protective custody pursuant to this protocol are examined by medical and mental health personnel as needed. This follow-up is to include, at a minimum, within one month of the drug-related exposure, the following:

- Abnormal lab tests repeated

- Complete referrals for developmental and mental health assessments

- HIV tests per DHS policy

- DHS Caseworker will provide to the foster parent, a copy of the letter *Information for Health Care Providers—Children Exposed to Methamphetamine Labs*. The foster parent will provide the child's current medical provider with a copy of this letter.

The manufacture of marijuana oil using pressurized butane leads to a risk for explosion, flash burns, exposure to concentrated tetrahydrocannabinol (THC) as well as risk for exposure to other forms of child abuse and neglect.
- b. **Recommendations:**
 - 1) Children found in homes where butane honey oil production is discovered, should have a complete evaluation, including a urine drug screen within 4 hours.

- 4. Contaminated children report to the ED ambulance bay. Otherwise, children are presented to the ED admittance desk.

C. EMERGENCY DEPARTMENT EVALUATION AND TESTING OF DRUG-ENDANGERED CHILDREN

1. **Emergency Department:** Upon DHS or police request for a drug-endangered child evaluation:
 - a. ED nurse shall immediately obtain a **urine sample** from the children, and send to lab per the hospital protocol.
 - b. ED Physician will perform a complete physical exam. Please note any unusual odors as well as skin/Hair findings. Drug endangered children are at risk for: injuries, lesions and foreign substances and stains, which should be collected and/or photographed.

2. **Laboratory Testing Ordered by ED:**
 - a. **Urine testing** to be ordered by the ED is:
 - 1) Complete urine drug screen: Drugs of abuse panel to the lowest level of detection with confirmation.

The ED will call the CAS (Child Abuse Specialist) in to provide social work support for the ED in these circumstances.
 - b. ED will refer all drug-endangered children for forensic evaluation at CARES NW per MDT Protocol.

D. CARES NORTHWEST ASSESSMENT AND FOLLOW-UP

1. **Notification of Potential Drug-Endangerment:** ED will notify the child’s medical provider, that child was seen in ED. CARES NW will determine if further intervention and/or follow up is needed.
2. **Medical Evaluation and Test Results:** CARES NW will work with DHS and LEA to determine further medical follow up.

WASHINGTON COUNTY DISTRICT ATTORNEY'S OFFICE PROTOCOL

The Senior Deputy District Attorney supervising child abuse prosecutions or their designee shall be the recipient of all completed DEC investigations and referrals by law enforcement agencies within Washington County. They will assign the case to a Deputy District Attorney (DDA) in the child abuse unit for review and prosecution. Although the assigned DDA is immediately responsible for handling of the case, the Supervising Senior Deputy is available to any member of law enforcement and DHS to answer questions or respond to any concern about the prosecution of a case.

Investigative Assistance to Police and DHS: Upon request by law enforcement or DHS personnel involved in a DEC investigation, a DDA in the Washington County DA Office's child abuse unit may assist in the review of search warrants and search warrant affidavits. The DDA may also assist in the investigation as necessary and appropriate. During regular business hours police officers and DHS may contact the on-call child abuse DDA assigned to intake for that day. If that DDA is not available law enforcement may contact the Senior DDA supervising child abuse prosecutions or any DDA in the child abuse unit. During other times, police and DHS may contact the on-call child abuse DDA via non-emergency dispatch.

Coordination with Juvenile DDAs: The assigned Child Abuse Unit DDA will communicate with the Deputy District Attorney assigned to the dependency case. Police reports forwarded to the supervising Senior DDA shall contemporaneously be forwarded to the Washington County DA's juvenile unit.

Prosecution of DEC Cases: The assigned Child Abuse Unit DDA or his/her designee is responsible for screening and evaluation of the drug and child neglect/endangerment case for prosecution in a timely fashion.

Assignment of Victim Advocate in DEC Cases: A Victim Advocate from The District Attorney's Office will be assigned if children may be required to testify in a prosecution resulting from a DEC investigation.

Sentencing Considerations: The assigned DDA may communicate with assigned DHS personnel assigned to any pending dependency or termination case before entering into a plea agreement with the defendant(s) to ensure that an appropriate sentence is recommended, and, where applicable, that appropriate conditions of probation are in place to address the parenting concerns.

Restitution: The assigned DDA shall include, as appropriate, in the pre-trial offer, a requirement that the offender pay restitution for costs incurred in the medical evaluation, testing, and treatment of any drug-endangered children which resulted from the offender's criminal activities. Other related restitution may be sought as well; including that associated with clean-up of the contaminated site and HazMat response expenses.

Communication with Other Interested Agencies: The assigned DDA may, as appropriate, make available the outcome of any drug prosecution involving child endangerment charges to interested DHS and dependency or termination deputy district attorneys.

WASHINGTON COUNTY COMMUNITY CORRECTIONS PROTOCOL

Specialized Caseloads and Cases Identified at Intake as DEC

Community Corrections will identify specific DEC Probation/Parole Officers to be the recipients of identified DEC cases.

Every defendant placed on formal probation by the Court will attend a Community Corrections Intake and Orientation Class. If the Intake Officer has prior knowledge that the defendant has been identified as being involved in a DEC case, the Intake Officer will assign the case to the appropriate DEC caseload. In the event a case has not been identified as a DEC case before initial assignment, the case will be considered for reassignment to a DEC caseload.

If a defendant is being paroled back into the community and was previously identified by the other community partners as a DEC case, the case will be assigned to a DEC caseload.

Community Corrections will support the officers assigned to DEC caseloads in their endeavors to attend joint partnership meetings involving their cases. This may include joint meetings with DHS, WIN or other partner agencies.

If a defendant convicted of DEC-related crimes becomes involved in new criminal activity, Community Corrections staff will work in tandem with the investigating agency to reach a resolution.

WASHINGTON COUNTY JUVENILE DEPARTMENT PROTOCOL

According to management and the medical staff at Donald E. Long Detention Facility (DEL), youth who are taken into custody from an active clandestine drug manufacturing site or environment where methamphetamine exposure has taken place, will need to be cleared medically before entering their facility.

Once cleared, DEL has medical staff on hand to treat any symptoms of withdrawal that youth may experience and provide treatment of any medical problems. DEL has isolation/observation rooms that can be used if necessary. Youth affected by methamphetamine are allowed to sleep as much as needed upon entry into the facility and are given fluids and adequate nutrition.

PROTOCOL STATEMENT

In order to better serve the children in Washington County and to comply with the requirements of law, this protocol was prepared to serve as a guideline for practice in child abuse cases. Child abuse cases are any cases that involve sexual abuse, physical abuse, neglect, child sex trafficking and Commercial Sexual Exploitation of Children (CSEC) of any person under 18 years of age.

The purpose of the protocol is to clarify each agency's duties and responsibilities and to improve inter-agency coordination. The goals are to provide services that are in the best interest of the child; to conduct child abuse investigations in an expedited and effective manner; to minimize the number of interviews; to prevent the abuse of other potential victims; and to provide information to all involved agencies in a coordinated and efficient manner. It is the intent of the MDT that all child abuse cases in Washington County will be adequately investigated and, where appropriate, prosecuted.

This protocol does not supersede individual or agency professional discretion. Each agency's participation shall be consistent with its commitment to the interests of children within the context of the agency's statutory obligations.

The protocol was developed by representatives from the District Attorney's Office (DA's Office), various law enforcement agencies (LEA), Department of Human Services (DHS), school districts, and other current members of the Washington County Child Abuse Multidisciplinary Team (MDT). Administrators from the member agencies have reviewed these materials and agreed to follow these guidelines.

The member agencies conclude that there is a critical need to continue to pursue and further develop guidelines for conducting child abuse investigations.

This agreement shall become effective on July 1, 2014.

MDT AGREEMENT

The MDT shall consist of representatives from public and private agencies in the following areas:

- District Attorney's Office (DA)
- Law Enforcement Agencies (LEA)
- Department of Human Services (DHS)
- School Districts
- County Health Department
- County Mental Health Department
- County Juvenile Department
- CARES Northwest
- Hospitals
- County Community Corrections Department
- Other agencies and providers as the MDT deems appropriate.

The District Attorney has appointed a person from his office to chair the MDT.

The MDT will meet on a regular basis. The purpose of these meetings is to:

- Review sensitive cases
- Staff difficult and/or high risk cases
- Evaluate and report on compliance with the protocol by member agencies
- Ensure compliance with these guidelines and with statutory mandates
- Evaluate guidelines in order to establish further guidelines as needed
- Set up training
- Review procedures and system gaps between agencies
- Identify needed legislation
- Identify and pursue resources
- Address other relevant matters relating to child abuse cases

The MDT shall have the responsibility and authority for setting up committees to conduct appropriate business and to review and make recommendations to the MDT.

CHILD ABUSE INVESTIGATION

Response:

- Investigators shall be those persons designated by DHS and LEA as having jurisdiction.
- LEA shall respond 24 hours a day, as appropriate, and shall refer cases to trained child abuse investigators whenever possible.
- The investigation and assessment shall be completed concurrently or jointly, as necessary.
- Response priority is determined by the apparent or potential risk of psychological, physical, or sexual harm or neglect to the children. The response priority is determined on a case-by-case basis.
- The DHS worker must consult with a DHS supervisor and seek assistance from LEA if the referral indicates that:
 - there may be severe harm or threat of severe harm to the child;
 - there is reasonable cause to believe the child's health or safety is endangered by the conditions of the dwelling; or
 - the child is inadequately supervised and there is an immediate need to evaluate the child's health and safety.
- Whenever possible, the DHS worker must coordinate assessment activities with LEA in the following situations:
 - Presence of danger: When the DHS worker has information that indicates that the child is unsafe right now
 - Family cooperation: When the DHS worker has information that the family may not allow the DHS worker to observe the alleged victim or other children in the home
 - Protective custody: When the DHS worker has information that a child may need to be placed into protective custody
 - Child interview: When the DHS worker and the LEA officer must each interview a child, it is preferable to coordinate the interviews to reduce the number of interactions with the child
 - Worker safety: When the DHS worker has information that indicates the family behavior, circumstances, or situation could pose a danger to the DHS worker
 - Crime committed: When the DHS worker suspects or receives a report that a crime may have been committed

Conduct of Investigation:

- Investigations shall be approached as though they will ultimately result in criminal prosecution, bearing in mind the best interests and needs of the child.
- LEA shall contact DHS regarding removal of a child or about how to proceed in an investigation involving children when there are questions.
- A child abuse intake Deputy District Attorney (DDA) will be available for telephone consultation 24 hours a day [**See Case Consultation and/or Community Resources List appendices**].

Investigations continued

Conduct of Investigation cont.

- Investigation strategy shall be determined by LEA or DHS considering the following:
 - need to intervene for the child's immediate protection;
 - need to preserve evidence;
 - logistics of victim, witness(es), and suspect interviews (e.g., time, place, and order); and
 - need to re-contact and interview the complainant.

Definitions: The following definitions apply to the Multidisciplinary Team Protocols

Sexual Abuse: This includes any crime or attempted crime of a sexual nature involving a child victim, whether the identity of the victim is known or unknown. Specifically, it includes but is not limited to sexual crimes against children specified in ORS chapters 163 and 167. It also includes any Child Sex Trafficking and Commercial Sexual Exploitation of Children (CSEC) crimes, as defined below.

Child Sex Trafficking and Commercial Sexual Exploitation of Children (CSEC): These terms include, but are not limited to, crimes or attempted crimes specified in ORS chapters 163 and 167, when any party receives or offers anything of value (such as money, drugs, goods, or services) in exchange for any sexual conduct and facilitating, permitting, or aiding in any way the use of a child in any pornographic or sexually provocative material. They also include any acts that constitute the crime of prostitution, advertisement for escort services, and employment in any adult oriented business or permitting a child to remain therein. The physical movement of a child is not required.

Physical Abuse: This includes any crime or attempted crime of a physical injury or neglect involving a child victim, whether the identity of the victim is known or unknown. Specifically, it includes but is not limited to physical abuse and neglect crimes against children specified in ORS chapter 163. It also includes any crimes that are within the scope of "Karyl's Law" (ORS 419B.023) and any crime that causes or attempts to cause a physical injury or neglect or concerns of a physical injury or neglect.

Sexual Abuse Cases: If the sexual abuse is reported within 84 hours of the incident, CARES NW should be contacted immediately to determine whether or not the child needs an urgent medical evaluation. If the report is made after hours, the child should be taken to Randall Children's Hospital at Legacy Emanuel (RCH) emergency room. If that is not an option, the preferred alternative is Doernbecher Children's Hospital emergency room at Oregon Health and Science University (OHSU). If a forensic medical examination needs to occur, it is vital that the examination occur as soon as possible to improve the chances of collecting evidence. If the sexual abuse happened more than 84 hours prior to the report, CARES Northwest should be contacted as soon as possible in order to schedule a non-urgent evaluation at CARES Northwest. **[See appendices for Case Consultation and CARES NW Sexual Abuse Guidelines for Referral].**

Investigations continued

Child Sex Trafficking and Commercial Sexual Exploitation of Children (CSEC) Cases:

The procedures outlined for sexual abuse cases apply to Child Sex Trafficking and CSEC cases. See above and see appendices for Case Consultation and CARES NW Sexual Abuse Guidelines for Referral. Given the complicated and diverse nature of these cases, however, there may be a need to deviate from the protocols when necessary on a case-by-case basis using your professional discretion and upon consultation where appropriate.

Physical Abuse Cases: If a person conducting an investigation under ORS 419B.020 observes a child who has suffered a suspicious physical injury and the person has a reasonable suspicion that the injury may be the result of abuse, Karly's Law (ORS 419B.022 and 419B.023) is triggered. At that point, the investigator shall immediately photograph or cause to have photographed the suspicious physical injury/injuries in accordance with ORS 419B.028 **and** the child must receive a medical evaluation within 48 hours. **[See appendices for Karly's Law, Child Physical Abuse Investigation Flow Chart, Child Abuse Investigative Checklist for Physical and Sexual Abuse Cases, Designated Medical Professional, CARES NW Physical Abuse Guidelines for Referral, Case Consultation, and Karly's Law Guide and Handout for Non-Designated Medical Professionals].**

Drug Endangered Children Cases: When there is reason to believe a child has been exposed to dangerous chemicals such as those found in a chemical drug lab, the investigator shall make arrangements to have the child tested for chemical exposure to harmful substances as soon as possible and not later than 24 hours after learning of the exposure. Refer to the Drug Endangered Children (DEC) Protocol if a child is found in an environment where methamphetamine and/or other illegal substances are produced, sold, or consumed **[See DEC Protocol and appendix for CARES NW Neglect Guidelines for Referral].**

Child Care Facility: If the alleged abuse occurred at a child care facility, DHS or LEA will notify, when appropriate, the parents or guardians of all children attending the facility to discuss the concerns and the ongoing investigation. DHS and LEA will also jointly notify the Child Care Division (CCD) if the facility is licensed through the state.

Suspicious/Unexpected Child Death Cases: In the event of a suspicious or unexpected child death, LEA will contact the on-call DDA immediately. LEA shall notify DHS of all unexpected or suspicious child deaths **[See Case Consultation and/or Community Resources List appendices].**

Victim Interview

- Duplication of interviews should be avoided when possible.
- Age-appropriate interview techniques and tools should be used by the investigator to facilitate communication with the child consistent with legally accepted standards and the *Oregon Interviewing Guidelines*.
- Interviews should occur in a neutral, non-threatening environment.

INVESTIGATIONS CONTINUED

Victim Interview continued:

- If a school or child care facility is the site of an interview, the investigator may make prior arrangements with school administration or a person in charge. Person(s) present during the interview shall be determined by the investigator.
- Investigators should obtain a release of medical records from a parent or guardian.

Suspect Interview

- The suspect should be interviewed by LEA as soon as possible and appropriate.
- The objective of the interview will be to further investigate the allegations.
- If the alleged offender admits any of the allegations, the investigator should conduct the interview in a manner that will be admissible in court.
- The suspect should be apprised of possible charges and that final charges will be the decision of the DDA.
- The suspect should be warned to have no contact with the victim (and potentially all minors) until the investigation is completed.
- DHS may make contact with the suspect as needed to establish a safety plan or to determine the need for protective custody.

Reports

- LEA will prepare and forward completed reports to the DA's Office, DHS, and, when appropriate, to the Juvenile Department.
- The reports should address, to the extent known, all of the elements of the crime(s) charged or alleged.
- LEA will consult with the DA's Office before issuing a press release, factoring in community safety, the likelihood of additional victims, and the privacy of the victim(s). Whenever possible, information that would identify the victim will be withheld.

DHS

Critical Incident Response Team

DHS shall assign a Critical Incident Response Team (ORS 419B.024) within 24 hours after the department determines that a child fatality was likely the result of child abuse or neglect if:

- the child was in the custody of DHS at the time of death; or
- the child was the subject of a child protective services assessment by DHS within 12 months prior to the fatality.

During the course of its review of the case, the Critical Incident Response Team may include or consult with the District Attorney from the county in which the incident resulting in the fatality occurred.

DHS shall adopt rules necessary to carry out the provisions of this section. The rules adopted by DHS shall substantially conform with DHS protocol regarding Notification and Review of Critical Incidents.

High Risk Committee

- A high risk tracking and review system is intended to identify and ensure close monitoring and tracking of the highest risk cases that DHS serves.
- Cases to be considered for High Risk Case Review designation are those cases in which, at a minimum:
 - critical injuries have occurred,
 - a permanent or serious impairment may have occurred,
 - there has been a death or critical injury to another child in the family, and
 - other cases as deemed appropriate by DHS.
- Cases will be considered for High Risk Case Review designation at regularly scheduled high risk screenings held by DHS.
- Screenings are provided as often as needed to ensure proper coverage and responsiveness.
- Persons having information pertinent to the decision being made on a high risk case are to be invited by DHS Child Welfare staff to participate in the appropriate review. If they are unable to attend, they will be requested to provide input orally or through a written report which should include risk factors, permanency issues, and recommendations.
- Summaries are distributed to the caseworker and the supervisor.

High risk cases may also be reviewed by the MDT.

Consent to Leave Home

- A parent, guardian or caregiver who consents to leave the family home during a child abuse investigation (ORS 418.800) may ask the district attorney responsible for the MDT for a review of the case by the team.
- No later than 90 days after receiving a request, the team shall review the case.

DHS continued

Consent to Leave Home continued

- The request for review will be forwarded to the MDT coordinator.
- The MDT coordinator shall schedule a case review at a regularly scheduled MDT meeting and will notify interested parties.
- The MDT coordinator will provide a written summary of the proposed timeline for completing the investigation to the person who requested the review.

CROSS-REPORTING

LEA Cross-Report to DHS

- When a report of child abuse, as defined in ORS 419B.005(1), is received by LEA, LEA must cross-report to the local office of DHS in the county where the report was made.
- LEA must cross-report to DHS immediately when LEA determines that a joint immediate response is necessary.
- All other reports of child abuse must be cross-reported to DHS no later than the end of the next business day after LEA receives the report.
 - This level of cross-reporting must be done in one of the following ways: verbal report, electronic transmission, or hand-delivery.

Suspicious/Unexpected Death or Hospitalization

- The DA's Office shall be notified immediately by LEA of cases involving the suspicious or unexplained death or hospitalization of a child.
- LEA shall notify DHS of all unexpected child deaths.

Notification to Child Care Division

- DHS and LEA shall immediately and jointly notify the Child Care Division (CCD) if the alleged child abuse occurred in a child care facility as defined by ORS 657A.250.
- DHS and LEA shall jointly determine the roles and responsibilities of both entities.
- DHS and LEA shall then jointly report the result of the investigation to CCD.
- If the CCD is notified that an alleged incident of child abuse occurred in a child care facility, they shall immediately notify LEA and DHS.

DHS Cross-Report to LEA

- When a report of child abuse, as defined in ORS 419B.005(1), is received by DHS, they must cross-report to the appropriate law enforcement agency (LEA) in the county where the report was made.
- If the abuse occurred in a different county, the screener must cross-report a second time to the LEA in the county where the alleged abuse occurred.
- DHS must cross-report to LEA on the **same day** if the screener determines that a report of alleged child abuse requires an **immediate response** by DHS and/or immediate notification to LEA.

This includes, but is not limited to any reports of:

- moderate to severe physical abuse;
- visible injuries to a child;
- sexual abuse; or
- suspicious or unexpected death of a child.

Cross-Reporting continued

DHS Cross-Report to LEA cont.

- The report must be made in one of the following ways: verbal cross-report (if DHS and LEA do not respond together, a completed screening report must be sent to LEA), electronic transmission, or hand-delivery.
- All other reports of child abuse, including reports assigned for DHS assessment and closed at screening, must be cross-reported within a timeframe that ensures the receipt of the cross-report by LEA no later than **10 days** after DHS receives the report.
- The report must be made one of the following ways: electronic transmission, hand-delivery, or mail.

Supplemental Reports

DHS may receive information not previously cross-reported but apparently related to a report of child abuse involving the same victim and same alleged perpetrator that has been previously cross-reported.

- If the information is related to the same incident of abuse, the screener must make a supplemental cross-report of the additional information to each LEA that received the prior cross-report.
- Supplemental information that is determined to be critical, given the information in the original report, must be cross-reported immediately.
- All other supplemental information must be cross-reported within a timeframe that ensures the receipt of the information by LEA no later than 10 days after the information was received by DHS.

Format

- In order for LEA to quickly and easily prioritize reports and respond accordingly, all written cross-reports from DHS must have a cover sheet with the following information:
 - date and time of cross-report
 - how the cross-report is made
 - if additional cross-reports occurred
 - to what agencies the cross-report was sent
 - name and number of screener (or designee) making the cross-report
 - whether the report was assigned or not assigned
 - name and number of the assigned caseworker
 - cross-reporting timeframe
 - if the report is an original or follow-up cross-report
 - date of the original cross-report if it is a follow-up cross-report

PROSECUTION OF CHILD ABUSE CASES

Pre-filing Investigation

- Investigation of child abuse cases is done by members of the MDT.
- Collaboration between investigating parties is encouraged.
- Best efforts at compliance with these protocols are encouraged.
- The DA's Office has general authority to direct an investigation which may lead to criminal charges.
- LEA advises the DA's office as to the nature and status of the investigation.
- DHS/LEA may consult with the DA's office regarding any special problems that arise during the investigation.
- Investigations should, in general, be conducted in accordance with this protocol and with any applicable protocols of the investigating agency.
- DHS and LEA should cooperate in obtaining additional evidence, when appropriate, at the direction of the DDA, recognizing that the DA's Office has a very limited investigative staff.
- The DDA will consider any information provided by DHS, LEA, and the child's family (if the family is supportive of the child).
- DHS should cooperate fully with the DDA in providing records for discovery purposes in accordance with proper procedures.

Initiation of Legal Proceedings

- The DA's Office has sole discretionary responsibility for the initiation of legal proceedings.
- The DA's office agrees to collect all available information from DHS and LEA prior to deciding whether or not to prosecute. The decision will be based on all available information from those and/or other agencies and individuals.
- The DA's office may request additional investigation, including additional contact with the child and the child's family, as deemed necessary.
- The DA's office may suggest, when appropriate, other avenues of investigation prior to declining prosecution.
- It may be necessary for the DDA to meet with the child to assess competency.
- In determining whether or not charges will be filed, the DDA will consider the following, non-exclusive factors:
 - whether the facts and law support the charge(s)
 - nature of the conduct
 - the victim's ability to testify
 - the victim's statements
 - the defendant's statements
 - physical evidence regarding the allegations
 - witness statements
 - availability of expert testimony
 - legal issues
 - completeness of the investigation
 - suspect's criminal history

Prosecution continued

If prosecution is declined:

- The DA's Office agrees to provide to LEA a written statement of why prosecution was declined.
- If the DA's Office is aware of DHS involvement, notification of the decision to decline prosecution will be provided to DHS.
- The DA's office will reevaluate a case for prosecution if additional information comes to the attention of law enforcement that is of evidentiary or of legal significance.

if prosecution is accepted:

- The DA's Office has the sole responsibility for the determination of appropriate charges to file and/or submit to the Grand Jury for consideration.
- This responsibility is independent of whether or not the suspect was arrested and what, if any, charges were the basis of arrest.
- The act of filing charges is not a commitment to pursue the charges where new or additional charges preclude the likelihood of conviction or otherwise affect the achievement of a just result.
- Cases involving only misdemeanor charges will be charged by the prosecuting attorney.
- Cases involving felony charges will be presented either at Preliminary Hearing or to the Grand Jury, as governed by the DA's Office policy.
- Expert testimony should be used as necessary.

Grand Jury

- It is recognized that Grand Jury preparation is limited due to time constraints.
- Whenever appropriate the victim will testify.
- It is important that the victim and victim's family understand that the video recorded interview at CARES Northwest cannot be used in place of live testimony at Grand Jury or trial.
- No persons besides the DDA (and an interpreter if necessary) shall accompany a child witness in the Grand Jury room while the child is testifying before the Grand Jury.
- If it were manifestly necessary for another person to be present during the Grand Jury proceeding and the DDA expressly consents to the presence of the witness, then a Court Order authorizing the presence of the other person will be sought by the DDA.
- No person accompanying a child witness at the Grand Jury shall participate in any way during the proceeding.
- If DHS has physical custody of the child witness:
 - The DDA will notify the DHS caseworker of the Grand Jury date and time;
 - The caseworker will need to facilitate attendance of the child and arrange transportation;
 - The caseworker should ensure the child is present at the DA's Office in a timely manner in order to facilitate pre-Grand Jury meeting with the prosecutor;

Prosecution continued

Grand Jury cont.

- The caseworker may attend the meetings with the child;
- The caseworker should briefly explain the Grand Jury process to the child but the DDA will fully explain the process; and
- The caseworker should communicate to the DDA any reaction the child has to testifying at Grand Jury.
- When access to the child is hindered, the DDA should decide how to proceed after conferring with the caseworker and investigator.
- If DHS is not involved, the DDA should coordinate attendance with help from the victim's assistance staff.
- The DDA shall personally accompany the child witnesses to and from the Grand Jury room.
- The DDA should advise the child, supportive family members, and concerned agency persons of the outcome of Grand Jury proceedings, as allowed by law.

Criminal Trials

- Presentation of the State's case is the responsibility of the DDA.
- Evidentiary considerations are the responsibility of the DDA.
- The DDA will determine the ability and competency of any child witness to testify at trial.
- All MDT members shall fully coordinate and cooperate with the trial proceedings.
- It will be assumed that, until the alleged offender pleads guilty, the child victim will probably be testifying in court.
- All witnesses are prepared for trial by and at the direction of the DDA. This includes DHS and LEA representatives.
- The DA's Office will contact DHS or parent(s) as appropriate to arrange for preparation of child witnesses and child victims.
- The DDA and DHS or victim's assistance staff will determine support persons available for the child, non-offending parent or guardian, and other witnesses, which may include the child's therapist.
- The DDA, victim's assistance staff, and other support persons will work with the child victim to prepare the witness for testifying.
- The DA's Office should consult with DHS about the needs of DHS clients, including support, preparation for testimony, and transportation.
- DHS and victim's assistance staff may help with meeting any special needs of the child (or non-offending parent/guardian and other testifying witnesses).

Procedures in Juvenile Cases

- The LEA report shall be sent to DHS immediately.
- All child abuse reports involving juvenile offenders shall be sent directly to administrative assistant for the DDAs assigned to juvenile cases, and a copy shall be sent to the Juvenile Department.

Prosecution continued

Procedures in Juvenile Cases cont.

- If a juvenile age 12 or older is the suspect in non-measure 11 case, a DDA assigned to juvenile unit of the DA's office shall decide whether a petition should be filed.
 - This decision should be made after consultation with the Juvenile Department.
- In measure 11 cases, it shall be the sole responsibility of the DA's Office to determine charges.
- If a juvenile, age 10 or 11, is the suspect in a report of sexualized behavior, the reports may be referred to the Sexually Acting Out Children Committee (SAOC) [**See Sexually Acting Out Children (SAOC) Protocol appendix**].
- If the juvenile suspect is under 10 years of age, reports of sexualized conduct will be forwarded to the SAOC.
- DHS and Juvenile Department policies should establish practice guidelines for representatives of those agencies regarding court hearings involving court jurisdiction and disposition in dependency and/or delinquency matters.

Dependency Cases (juvenile is a victim)

- DHS and the DDA (if requested) will review on a case-by-case basis.
- A Child Abuse DDA is available by phone 24/7 and may be called for consultation [**See Case Consultation appendix**].
- The determination of specific allegations and wording of the petition shall be the responsibility of the party initiating the petition (including private party petitions).
- The DDA may later amend any petition in any case in which he/she is involved.
- It is recognized that, by law, any party may file a petition.

COMMUNITY CORRECTIONS

Pre-Sentence Reports

Parole and probation will conduct pre-sentence investigations (PSI) and prepare Pre-sentence Reports when such reports are requested by the Court.

- The mental health provider may be contacted to determine the offender's treatment status.
- The offender will be interviewed to include his/her version of the offense in the PSI.
- DHS or the non-offending parent/guardian may be contacted regarding the victim's treatment needs.
- If the victim is a minor, no direct contact with the victim will be made by the pre-sentence investigator without the prior permission of the parent/guardian. If permission is not granted, the report writer will interview the parent/guardian.
- Disclosures of new crimes reported in the PSI process will be promptly reported to the DDA handling the case.
- Sentencing recommendations will be made to the Court.

Post-Conviction Supervision and Treatment

Parole and probation will also supervise the offender's progress and participation in treatment.

- The treatment provider must be approved.
- The releasing authority (Court, prison, etc.) will be notified of violations, and appropriate sanctions will be recommended.
- Scheduling of plethysmograph and polygraph exams will be coordinated (unless covered in treatment program).
- The offender will be directed to pay treatment costs for themselves and victim(s).
- The parole/probation officer will act as casework coordinator for the therapists of the victim and the offender, when appropriate and requested by the victim.
- Drawing of blood for DNA profiling and HIV testing, when appropriate, will be coordinated.
- The requirements and procedures of sex offender notice (ORS 181.806 and 181.807) will be explained to sex offender clients.
- Community notification of qualified offenders as deemed appropriate under current laws and Community Corrections policy will be conducted.

MEDICAL EVALUATIONS

- Children from birth through the age of 17 should be referred to CARES Northwest for a medical evaluation.
- This referral applies to all children suspected of having been victims of sexual abuse, physical abuse, emotional abuse, neglect, exposure to domestic violence and critical incidents, and drug endangered children.
- CARES Northwest is open Monday-Friday, 8:00am-5:00pm; medical consultation by phone is available 24 hours a day, 7 days a week [**See Case Consultation and CARES NW Guidelines for Referrals appendices**].
- If a child or adolescent needs urgent medical attention during the hours that CARES Northwest is closed (weekdays after 5:00 pm; weekends), the child should be taken to the Randall Children's Hospital (RCH) emergency room for evaluation. If that is not an option, the child can be taken to Doernbecher Children's Hospital emergency room at OHSU. For non-urgent medical evaluation, CARES Northwest should be contacted to help determine the appropriate time and place for the child to have a medical evaluation. If a child is initially seen at a primary care office or an emergency room other than RCH, this medical evaluation does not mean that the child has had an adequate medical evaluation for suspected child abuse and neglect. CARES Northwest should be contacted as soon as possible in order to determine the need for additional evaluation at CARES Northwest. [**See Case Consultation, Karly's Law, Karly's Law Guide and Handout for Non-Designated Medical Professionals, Child Physical Abuse Investigation Flow Chart, and Child Abuse Investigative Checklist for Physical and Sexual Abuse Cases appendices**].

Sexual Abuse: In cases of child sexual abuse, assess if the child or adolescent has had contact with the alleged offender within the past 84 hours. If so, the child or adolescent should be seen as soon as possible either at CARES Northwest or at an ED with specific training/expertise in the Sexual Assault Forensic Examination (SAFE) kit [**See CARES NW Guidelines for Referral, Case Consultation, and Community Resources List appendices**].

Physical Abuse: When a child has a suspicious physical injury and the investigator has a reasonable suspicion that the injury may be the result of abuse, the injury must be immediately photographed. The photographs should be taken by either the investigator or the medical professional. Anogenital photographs should only be taken by the medical professional.

- The child or adolescent must have a medical assessment by the Washington County Designated Medical Professional (DMP), which is CARES Northwest, or the designee of CARES Northwest [**See Designated Medical Professional appendix**].
- If, for whatever reason, the child or adolescent is unable to be seen by the DMP or its designee, the child or adolescent still needs a medical assessment within 48 hours.

MEDICAL EVALUATIONS CONTINUED

- If the child or adolescent is seen at an alternative medical facility, the medical records and photographs associated with that visit must be sent to CARES NW within 72 hours for consultation [**See Karly's Law Guide and Handout for Non-Designated Medical Providers, Karly's Law, Child Physical Abuse Investigation Flow Chart, Child Abuse Investigative Checklist for Physical and Sexual Abuse Cases, and Case Consultation appendices**].

CARES Northwest Interview: Most children 4 years of age and older participate in a video recorded interview at CARES Northwest as a part of the complete medical evaluation. Even if a child or adolescent has had a screening medical assessment elsewhere, a referral to CARES Northwest for follow-up medical care and a complete interview is beneficial to assess the overall health and safety of the child.

CASE TRACKING

CARES Northwest is an accredited member of the National Children's Alliance (NCA), a membership organization that works to ensure all NCA member agencies continue to operate high-quality programs with a strong commitment to helping children and to meeting nationally recognized standards for child abuse intervention.

The NCA standard for case tracking requires centers to develop and implement a system for monitoring case progress and tracking case outcomes for all team components. NCA requires CARES Northwest to report case outcome data to the NCA in January and July of each year.

In order to meet this standard, CARES Northwest will work with the Department of Human Services (DHS) and the District Attorney's Office (DA) as follows:

DHS:

- CARES Northwest will provide case/sequence numbers four times a year, on an Excel spreadsheet, sent via secured email, requesting end-of-quarter information (e.g., for patients seen Jan-March, case/sequence information will be provided in April).
- Designated staff from DHS will respond with the requested data within two weeks of receiving the information from CARES Northwest.

Washington County DA:

- CARES Northwest provides a list to the MDT Coordinator who then collects prosecution outcome data on perpetrators within the jurisdiction of Washington County.

Following the January and July submission of the data to the NCA, CARES Northwest will present the outcome data to the MDT for review and discussion.

Sensitive Case Review

The following may be considered sensitive cases:

1. Cases involving public officials, public employees, or persons involved in child abuse/advocacy work;
2. Highly publicized cases;
3. Cases where a non-offending parent/guardian expresses concern regarding the handling of the case;
4. Cases where a member of the public expresses concern regarding the handling of the case.

Any case that has been reported to an MDT member may be subject to review.

The names of the victim(s) and suspect(s) will not be disclosed unless this information is common knowledge or is otherwise necessary for review purposes.

Cases involving public officials, public employees, or persons involved in child abuse/advocacy work or highly publicized cases shall be reviewed.

When a case is appropriate for review, it will be reviewed by members present at the MDT meeting.

If the non-offending parent or guardian of the child or a citizen has expressed concern regarding the handling of a case, they shall be notified of the review and will be allowed to present either written or oral comment at the discretion of the MDT.

Findings from the review may be shared for the purpose of recommending improvements and corrections in services and procedures.

Protocol Compliance Review Checklist

Evaluating and Reporting Compliance-ORS 418.747

The MDT coordinator shall select cases at random for review of compliance with the protocol. The MDT coordinator will record the results to share with the MDT and this information will also be available to the CAMI program, if requested.

The coordinator will use the following table to record compliance:

Protocol Compliance Checklist

	yes	no	yes	no	yes	no	yes	no	Yes	no

The MDT members may contact the MDT coordinator if there are compliance issues that should be evaluated by the MDT.

Karly's Law

If a person conducting an investigation under ORS 419B.020 observes a child who has suffered a **suspicious physical injury** and the person has a **reasonable suspicion that the injury may be the result of abuse**, Karly's Law (ORS 419B.022 and 419B.023) is triggered and the person shall immediately:

- Photograph or cause to have photographed the suspicious physical injuries in accordance with ORS 419B.028.

The person taking the photographs or causing the photographs taken shall, **within 48 hours or by the end of the next regular business day (whichever occurs later)**:

- Provide hard copies of prints of the photographs and, if available, copies of the photographs in an electronic format to the designated medical professional (CARES NW's secure email address is caresnwintake@lhs.org) and
 - Place hard copies or prints of the photographs and, if available, copies of the photographs in an electronic format in any relevant files pertaining to the child maintained by LEA or DHS.
- Ensure that a designated medical professional conducts a medical assessment within 48 hours, or sooner if dictated by the child's medical needs **[See Designated Medical Professional appendix]**.

If a designated medical professional is not available, the child shall be evaluated by an available medical professional.

If the child is evaluated by other than the designated medical professional, the evaluating physician, physician's assistant, or nurse practitioner shall make photographs, clinical notes, diagnostic and testing results and any other relevant materials available to the designated medical professional for consultation **within 72 hours following the evaluation of the child [See Karly's Law Guide and Handout]**.

The person conducting the medical assessment may consult with and obtain records from the child's regular pediatrician or family physician under ORS 419B.050.

Nothing in this section prevents a person conducting a child abuse investigation from seeking immediate treatment from a hospital emergency room or other medical provider for a child who is physically injured or otherwise in need of immediate medical care.

Nothing in this section limits the rights provided to minors in ORS chapter 109 or the ability of a minor to refuse to consent to the medical assessment described in this section.

Karly's Law continued

The above requirement shall apply each time suspicious physical injury is observed by DHS or LEA during the investigation of a new allegation of abuse or if the injury was not previously observed by a person conducting an investigation under ORS 419B.020 and regardless of whether the child has previously been photographed or assessed during an investigation of an allegation of abuse.

The definition of suspicious physical injury includes the following:

- burns or scalds
- extensive bruising or abrasions on any part of the body
- bruising, swelling, or abrasions on the head, neck, or face
- fractures on any bone in a child under the age of three
- multiple fractures in a child of any age
- dislocations, soft tissue swelling, or moderate to severe cuts
- loss of the ability to walk or move normally according to the child's developmental ability
- unconsciousness or difficulty maintaining consciousness
- multiple injuries of different types
- injuries causing serious or protracted disfigurement or loss or impairment of the function of any bodily organ
- any other injury that threatens the physical well-being of the child

[See Child Physical Abuse Investigation Flow Chart for use as an additional resource].

Karly's Law Guide and Handout for Non-Designated Medical Professionals

The statutes from House Bill 3328 have specific requirements regarding the handling of cases involving suspicious physical injury (as defined in Section 3 (1)(b) of the bill) that must be met by law enforcement, the Department of Human Services (DHS), and medical providers. Suspicious physical injury includes, but is not limited to:

- Burns or scalds;
- Extensive bruising or abrasions on any part of the body;
- Bruising, swelling or abrasions on the head, neck or face;
- Fractures of any bone in a child under the age of three;
- Multiple fractures in a child of any age;
- Dislocations, soft tissue swelling or moderate to severe cuts;
- Loss of the ability to walk or move normally according to the child's developmental ability
- Unconsciousness or difficulty maintaining consciousness;
- Multiple injuries of different types;
- Injuries causing serious or protracted disfigurement or loss or impairment of the function of any bodily organ; or
- Any other injury that threatens the physical well-being of the child.

When a suspicious physical injury has been identified, the following procedures will take place:

Photographs:

Photographs must be taken each time suspicious physical injury is observed by DHS or law enforcement, regardless of whether the child has previously been photographed for a different injury (Section 3 (2)(a)).

- These photos shall be placed in relevant law enforcement, DHS, and medical files within 48 hours (Section 5 (2)(b)).
- These photos shall be provided to a designated medical professional within 48 hours (Section 5 (2)(a)).

Medical Assessment:

A Designated Medical Professional (DMP), or their designee, must conduct a medical assessment within 48 hours (Section 3 (2)(b)). However, if after a reasonable effort, law enforcement or Department of Human Services personnel are unable to get the child seen by the DMP or their designee, the child must be seen by any available physician (Section 3 (4)(a)).

Should the child see anyone **other** than the DMP or their designee, the following requirements and timelines will apply:

- The medical professional shall make photographs, clinical notes, diagnostic and testing results and any other relevant materials available to the designated medical professional within 72 hours following the evaluation of the child (Section 3 (4)(b)). *(This disclosure is authorized by HIPAA, which provides that covered entities may disclose protected health information about an individual whom the covered entity reasonably believes to be a victim of abuse or neglect to the extent the disclosure is required by law. 45 CFR 164.512(c)(1).)*
- The medical professional may consult with and obtain records from the child's regular pediatrician or family physician (ORS 419B.050).
- The medical professional may, within fourteen days, refer children under five years of age for a screening for early intervention services or early childhood special education. This referral may NOT indicate the child is subject to a child abuse investigation (Section 3 (6)).

Services Summary

Program Description and Guidelines for Referral

CARES (Child Abuse Response and Evaluation Services) Northwest is a collaborative, community-based center for the medical assessment and treatment of children exposed to sexual abuse, physical abuse, neglect, and /or domestic violence. The four health care systems participating in the center are: Kaiser Permanente, Randall Children's Hospital at Legacy Emanuel, OHSU-Doernbecher Children's Hospital, and Providence Health & Services.

The staff of CARES Northwest provides neutral medical evaluations and specialized interviewing for suspected victims of child abuse for the purpose of medical diagnosis and treatment. The comprehensive evaluation includes gathering a detailed medical and social history, assessing the child's exposure to a variety of risk factors, a medical exam, and a forensic interview.

SERVICES AREA: CARES Northwest provides services to children and families living in Multnomah and Washington Counties or to other families, if an alleged crime occurred in these counties. CARES Northwest also provides services to families in Clackamas County and in SW Washington who are covered by Kaiser Permanente medical insurance. Cases not meeting these criteria are reviewed by staff and a decision is then made to see the child[ren] on a case-by-case basis.

AGE OF CHILDREN EVALUATED: CARES Northwest provides medical evaluations to children from birth through 17 years of age. Children 18 years of age and older are seen if they have special needs such as developmental delay, language, or hearing problems or need the specialized setting provided at CARES Northwest. Determination to see older children is made on a case-by-case basis by staff.

TYPES OF APPOINTMENTS AVAILABLE: A medical diagnosis of child abuse is made based on the medical-social history, a physical exam, and the child's statements. All children seen at CARES Northwest have a physical exam as part of their evaluation regardless of the nature of the alleged abuse or how long ago it occurred, unless they have had a recent and thorough exam by their medical provider or in an emergency department. In certain situations, a child may require a second exam.

1. **EXAMINATION & CONSULTATION** (any one of these five criteria may apply):
 - a. Child is under four years of age and/or verbal skills are not developmentally adequate for videotaped interview.
 - b. Child (age 4 and older) has been fully interviewed by the Department of Human Services (DHS) and/or law enforcement. (Generally, we do not re-interview a child who has already made a complete disclosure to an investigating agency.)
 - c. Child has previously made a detailed, well-documented disclosure and is in counseling.
 - d. Child makes no disclosure but is at high risk for abuse and/or neglect.
 - e. Child has not had a complete physical exam.
2. **INTERVIEW & MEDICAL CONSULTATION** (All three criteria must be met):
 - a. Child four years of age or older with good verbal skills and making some disclosure.
 - b. Previous exam by child's medical provider or in an emergency department setting.
 - c. Request from medical provider and agreement of law enforcement and DHS that CARES Northwest interview the child.
3. **EXAMINATION & INTERVIEW:**
 - a. Child four years of age or older with good verbal skills, making some disclosure, who needs complete diagnostic assessment.
 - b. Child has not had a complete physical exam.
4. **EMERGENCY/URGENT EVALUATION (INTERVIEW OR CONSULTATION & EXAMINATION)**

CARES Northwest holds an appointment open each day for emergency and/or urgent assessments. Emergency assessments typically involve cases of acute sexual or physical assault. Urgent assessments may be scheduled when further evaluation is necessary for DHS, law enforcement, a health care provider, or a mental health professional to establish an immediate treatment and/or protection plan for the child.

GUIDELINES FOR CHILDREN BROUGHT BY LAW ENFORCEMENT FOR ACUTE SEXUAL ASSAULT

1. **TIME:** The alleged sexual contact must have occurred within 84 hours of the time of the physical exam.
2. **SYMPTOMS:** An emergency exam may be appropriate if there is a history of genital or anal bleeding or of ejaculation on the child within the last 84 hours. The child should not bathe before the exam. Bedding used during the assault, clothing worn at the time of the assault, and clothing worn (particularly undergarments) following the assault should be brought in with the child.
3. **AGE:** Children from birth through age 17 should be seen at Children's Emergency Department at Randall Children's Hospital at Legacy Emanuel (503-276-9100). Children 15 and older may be seen at Children's Emergency Department at Randall Children's Hospital or OHSU Emergency Department (503-494-7551). Special circumstances will be considered (e.g., developmental delay, language or hearing problem, or the need for the specialized setting provided at CARES Northwest).

Emergency department visits will be for exam, forensic evidence collection, and social work consultation only. The emergency department physician and/or social worker should ask the child a few questions (who, what, when, where) about the assault if the child is willing to give a history. Forensic interviews will be conducted by law enforcement, DHS, or scheduled at CARES Northwest.

Sexual Abuse Guidelines for Referral

CARES Northwest has established the following guidelines for decision making regarding which sexual abuse cases could be seen at CARES Northwest for evaluation. Children could be evaluated at CARES Northwest if they meet any of the following criteria:

1. A child **with a physical injury** suggestive of sexual abuse (e.g., vaginal or anal bleeding, tearing, bruising, abrasion, or abnormal findings on the anogenital exam).
2. A child **making statements describing sexual contact** by someone three or more years older than the child. The statements may be of current or past activity.
3. A child **making statements describing sexual contact** by someone, which reflects forceful/power differential or is coercive regardless of age difference.
4. A child **who is not making disclosures of sexual abuse**, but:
 - An observer has witnessed abuse of the child
 - A suspect has confessed to abusing the child
 - The child has been in an environment which is a very high risk (e.g. living with a convicted sexual offender)
 - The child's sexual behavior or knowledge is far beyond typical for his/her developmental level
 - The child tests positive for sexually transmitted infection
 - Other evidence of abuse of the child is available (e.g. pornography, internet solicitation, etc)
 - Sibling of a child who has been abused and who is exposed to the alleged offender

Children should be seen on an urgent basis if:

- Sexual contact has occurred within the last 84 hours
- There is disclosure of recent abuse and the child has anogenital complaints (e.g. injury, pain, bleeding, discharge, or current symptoms indicating a possible sexually transmitted disease)

CARES Northwest has established the guidelines for decision making regarding which sexual abuse cases could be seen at CARES Northwest for evaluation. Please call Intake staff to discuss specific referrals.

Physical Abuse Guidelines for Referral

CARES Northwest is available to offer phone consultation triage weekdays 8:00 AM – 5:00 PM @ 503-276-9000, or after hours and weekends @ 503-413-2200 by requesting the on-call CARES Northwest staff member.

CARES Northwest has established the following guidelines for decision making regarding which physical abuse cases could be seen at CARES Northwest for evaluation.

Children could be evaluated at CARES Northwest if they meet any of the following criteria:

1. A child **with an acute physical injury** caused by other than accidental means. Injuries would include bruises, burns, scarring, welts, lacerations and fractures.
2. A child who is **reported to have been physically abused in a manner that could be expected to cause an injury that might not be visible**. For example, an infant who has been shaken but has no external evidence of abuse, or a toddler who has been kicked in the abdomen and has no external evidence of abuse.
3. A child **making clear disclosures of past physical abuse**, even with no obvious old or new injuries.
4. A child whose **sibling suffered serious injury**, when there is concern that other children in the family may have been physically abused. In particular, a child too young to disclose abuse should be referred.

Additional Considerations

Physical abuse **cases involving acute injuries should be seen for a complete physical examination by CARES Northwest or by a qualified medical provider as soon as possible**. In addition to clear, detailed photographs and documentation being taken immediately by a representative from law enforcement or child protective services, the child needs to be referred to a health care provider for evaluation within 48 hours. Assessing for additional injuries, fractures, and blood disorders can only be accomplished by a health care provider.

CARES Northwest has established the guidelines for decision making regarding which physical abuse cases could be seen at CARES Northwest for evaluation. Please call Intake staff to discuss specific referrals.

Domestic Violence Guidelines for Referral

CARES Northwest is available to offer phone consultation triage weekdays 8:00 AM – 5:00 PM @ 503-276-9000, or after hours and weekends @ 503-413-2200 by requesting the on-call CARES Northwest staff member.

Children could be evaluated at CARES Northwest if they meet any of the following criteria:

1. A child **with an acute physical injury** incurred accidentally or intentionally during domestic violence to which s/he was exposed.
2. A child **making specific and clear statements about past injuries** to him/her (either accidental or intentional) during domestic violence, or who are exhibiting disturbed behavior or affect.
3. A child **making statements that s/he has been physically or sexually abused** in a setting where domestic violence has also occurred.
4. Children living in domestic violence households. These children might be seen even though they are making no specific statements about being abused if DHS, LEA, a health care provider, DV Advocate or mental health provider feel the evaluation process would be beneficial to establish a treatment and/or protection plan for the child. These cases would be triaged with CARES Northwest Intake staff.
5. Children from domestic violence households wherein **the threat of harm was extremely high**. Examples include:
 - Children whose parent or sibling was murdered as a result of domestic violence or who witnessed attempted murder such as choking or other serious assault.
 - Children who reside in a home with lethal weapons that were used to threaten or intimidate family members.
 - As in #4, these children might be seen at CARES Northwest even when they are making no statements about being abused themselves if DHS, LEA, a health care provider, or a mental health provider feel the evaluation process would be beneficial to establish a treatment and/or safety plan for the child. These cases would be triaged with CARES Northwest Intake staff.

SEXUALLY ACTING OUT CHILDREN (SAOC) PROTOCOL

PURPOSE

The following protocol outlines the response to referrals in which a child under the age of twelve is alleged to be acting-out in a sexually inappropriate manner. The objectives of this protocol are to establish a comprehensive and coordinated effort in the investigation, intervention, and prevention of further sexually acting-out behavior, and to establish a system-wide, consistent approach to these referrals.

PARTICIPATION

This protocol has been adopted by the Washington County Multi-Disciplinary Child Abuse Team (MDT), and applies to all participating members of the MDT. All agencies included in this protocol will encourage parents/guardians and/or complainants to report alleged incidents to police or the Department of Human Services (DHS).

REFERRAL PROCEDURE

Pursuant to ORS 419B.015, when a report is received by a police agency (LEA), they will notify DHS; and, when a report is received by DHS, they will notify the appropriate LEA. The DHS Intake Supervisor will screen all referrals. If the case does not meet the DHS Threat of Harm Screening Guidelines, the DHS Supervisor will refer the case to the Sexually Acting out Children Committee (SAOC) by notifying the MDT Coordinator. Those complaints involving children 10 years of age or older will be directed to a Deputy District Attorney (DDA) assigned to the Juvenile Court. A DDA assigned to the Juvenile Court will review referrals for prosecutorial merit. If declined, the DDA will refer reports to SAOC.

SAOC REVIEW

The SAOC Committee will be comprised of representatives of the following agencies:

- Department of Human Services
- Washington County Juvenile Department
- Washington County District Attorney's Office
- Washington County Law Enforcement Agencies
- Washington County Public Schools Representatives
- Washington County Multi-Disciplinary Child Abuse Team Coordinator
- CARES Northwest

An attendance roster, including a confidentiality statement, will be maintained by the MDT Coordinator.

SAOC Protocol continued

The MDT coordinator shall complete an SAOC Screening Face Sheet, attach it to reports, and send copies to the committee members to review prior to the meeting.

The SAOC will screen each referral received.

The SAOC will determine the response, based on a review of, but not limited to, the following:

- Police reports,
- DHS reports,
- CARES NW evaluations, and
- Other relevant information

The committee will determine the appropriate response from the following:

- Close the case
- Table for further review
- Send a letter to parent/guardian focusing on monitoring behavior and referral for treatment
- Refer to the Juvenile Department
- Refer to other agency for follow-up

The MDT Coordinator will maintain a record of each case reviewed by the SAOC, including SAOC recommendations and case outcomes.

The MDT Coordinator shall prepare quarterly reports summarizing SAOC Committee activity showing the number of cases reviewed, the nature of the allegations and the number of referrals. These reports will be submitted to the MDT.

This protocol will be reviewed, as needed, and may be amended by the SAOC Committee upon approval of the MDT.

Child Fatality Review Committee Protocol

Purpose

To improve coordination of agencies serving children and families, to review child deaths to determine if/how child deaths could have been prevented, and to identify issues related to preventable deaths.

Membership and Roles

Standing Member Agencies

District Attorney, MDT Coordinator, Medical Examiner, Law Enforcement, State Department of Human Services, Public Health, Child Abuse Intervention Center (CARES NW), Mental Health, Juvenile Department, Community Corrections, Emergency Medical Services and other participants, by invitation.

Roles

District Attorney (designee):

Chair the meeting of the team; Make a determination, according to the team's criteria, of the cases to be reviewed by the team; Serve as liaison with agencies within the county (city attorneys, county counsel), state (Interdisciplinary State Child Fatality Review Team) and nationwide; Provide legal definitions, explanations and training pertaining to legal issues; Answer questions about specific cases and the likelihood of involvement in the criminal justice system; Define legal terminology that may impact what is identified or described as suspicious versus abuse; Evaluate through the interpretation/assessment of the threshold of the commission of a crime; Obtain criminal history as appropriate to the case; Provide assistance/guidance for further investigation to participating agencies, initiating investigation and determining if there is any pending criminal investigation.

Medical Examiner:

Provide medical history of the decedent, including subpoenaed records, if necessary; Provide the cause and manner of death, the autopsy protocol and investigative information relative to the death injury; Provide expert information regarding environmental features at the scene of death; Interpret growth and development of the child, injuries as intentional vs. non-intentional, the number of events and time of events, and the mechanism of death; Differentiate natural

Child Fatality Review Committee Protocol continued

disease from abuse or neglect; Provide consultation about potential expert testimony for any legal action.

Law Enforcement:

Provide the team with witness information and witness statements, scene photographs, latent and physical evidence, measurements, and sketches; Provide suspect information, background information on involved parties and resources to conduct further inquiry desired by the team; Liaison to county law enforcement agencies and provide feedback to law enforcement regarding issues related to child deaths. Each year, law enforcement responds to many scenes involving the death of children. Of these, some will be identified quickly as homicides, child endangering and neglect. These types of incidents are handled appropriately by using established police procedures when dealing with death scenes. In situations where the cause of death is not obvious, the duties of the officer at the death scene are to interview, document and photograph the scene of death to assist the medical examiner in determining the cause, manner and mode of death.

Department of Human Services:

Meeting

Meetings will be held quarterly, the third Monday of January, April, July, and October. If the third Monday is a holiday, the meeting will be on the fourth Monday of the month.

Attendance

If a member is unable to attend a meeting, a substitute should be selected to attend in their place. If a substitute is unable to attend, prior to the meeting, all available information about each fatality to be reviewed should be forwarded to the MDT Coordinator. Also, the MDT Coordinator shall attempt to invite the law enforcement officers involved in the investigation of the fatality to attend the meeting.

Confidentiality

See statement (attached)

Cases to be reviewed

All deaths of minors, aged 0-18, who reside in Washington County and/or the critical incident causing death occurred in Washington County, and in which there was a medical examiner report will be reviewed by the team. The medical examiner will provide a list of deaths to be reviewed and the accompanying reports. The list of fatalities will be sent to team members two weeks prior to the review to enable them to bring pertinent information to the review.

If a child death occurs in a child day care facility, the Child Care Division will be invited to attend the fatality review.

Records

A child fatality report form (CFR) will be completed and sent to the State for each death that is reviewed.

Any unexpected death of a child under two years of age will be entered in the District Attorney's case management system (PbK). If no criminal charges are filed or if further investigation is needed, a charging decision will be sent to the law enforcement agency who responded to the incident.

**WASHINGTON COUNTY PROTOCOL
FOR DRUG-ENDANGERED CHILDREN (DEC)**

Introduction and Purpose

Innocent children are sometimes found in environments where methamphetamine and other illegal substances are produced, sold, or used. Nationally, Drug Endangered Children (DEC) programs have been developed to coordinate the efforts of law enforcement, medical services, and child welfare workers to ensure that children who live in or frequent these sites receive appropriate attention and care.

This protocol has been prepared through a collaboration of allied agencies in Washington County to address a multi-disciplinary approach that provides intervention and assistance to drug endangered children. Although our community continues to experience a decrease in the numbers of clandestine methamphetamine lab seizures, an alarming number of children reside in homes where parents are involved in methamphetamine and/or other drug use, as well as criminal behavior, leaving the children extremely vulnerable to abuse, neglect, and endangerment.

This protocol provides for a coordinated interagency response to children who are exposed to the manufacture, sale, or use of illicit drugs.

Participants

Although each of the participants has different functions within the community, it is agreed that a coordinated, interagency response best advances the goal of child protection. Representatives from the following agencies have participated in the development and/or implementation of this protocol in Washington County.

Law Enforcement Agencies:

- Washington County Sheriff's Office
- Beaverton Police Department
- Cornelius Police Department
- Forest Grove Police Department

Definition of Protocol Responses

Level I Response: Initiated when children are found at clandestine drug laboratories or other drug manufacturing operations. The highest priority of this response is to determine and address the acute health and safety concerns of children as a result of exposure to drugs, toxic chemicals, and physical or sexual abuse. Other major concerns include the future health and safety of the children and their follow up care, along with the investigation of drug and child abuse or endangerment charges involving the parent or caregiver.

Level II Response: Initiated when children are exposed to the sale, use, or possession of controlled substances or found at marijuana manufacturing sites. The same priorities and concerns exist although urgency may be diminished.

Summary of Level I Response

The following is an overview of key actions that are important to secure the health and safety of drug endangered children found at clandestine drug laboratories or other drug manufacturing operations. In many situations, response from both Law Enforcement and Department of Human Services (DHS) will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. For more comprehensive descriptions of the protocols for each participant, refer to subsequent sections.

IMMEDIATE RESPONSE

Law Enforcement officers or DHS personnel who encounter **children with obvious injury or illness** will contact Fire/EMS for medical treatment and/or immediate gross decontamination prior to transport for hospital emergency care. (Currently, Randall Children's Hospital Emergency Dept. is preferred due to their expertise and willingness to participate in the DEC protocol.)

If not previously notified, Law Enforcement will contact DHS as soon as possible via the Child Abuse Hotline at (503) 681-6917 to initiate DHS 307 forms and summon on-scene response of a DHS worker. Likewise, DHS will contact Law Enforcement immediately if they are not already on-scene.

If not previously notified, the Westside Interagency Narcotics (WIN) Team will be contacted directly or through Washington County dispatch (503) 629-0111. The Law Enforcement Case Agent will also consult a trained child abuse investigator at the onset of the criminal investigation.

If children exhibit no acute medical symptoms—the WIN Team or the Clandestine Lab Enforcement Team (CLET) will coordinate on scene decontamination based on the child's exposure to chemicals. Minimally, this requires washing of exposed areas of the skin with water and soap and changing the child into clean clothes. DHS will provide assistance and a change of clothing.

DHS will provide non-emergency transport to Randall Children's Hospital Emergency Dept. (ED) for medical evaluation and urine methamphetamine testing. Urine should be collected within **two to four** hours if possible and tested to the limits of detection. The Law Enforcement Case Agent should provide a completed "Child Chemical Exposure Checklist" to DHS for presentation to ED staff. DHS shall attempt to notify the ED of transport as soon as possible by calling (503) 276-9191.

Randall Children's Hospital ED will address urgent medical issues, provide screening exam and order appropriate lab tests. Referrals to DHS Child Abuse Hotline and CARES NW will be made if concerns exist regarding physical or sexual abuse. Lab results will also be referred to CARES NW for assessment and follow-up.

FOLLOW-UP

DHS, CARES NW, and the primary care physician will coordinate medical, developmental, and mental health follow-up care for drug endangered children. The District Attorney and the Law Enforcement Case Agent will follow-up with evaluation of criminal prosecution of drug and child endangerment charges.

In the event that a child is not present at the location but appears to have been living at the scene, the Law Enforcement Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow up assessment of the child.

Summary of Level II Response

The following is an overview of key actions that are important to secure the health and safety of drug endangered children who are exposed to the sale, use, or possession of controlled substances or are found at marijuana manufacturing sites. In many situations, response from both Law Enforcement and DHS will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. For more comprehensive descriptions of the protocols for each participant, refer to subsequent sections.

IMMEDIATE RESPONSE

Law Enforcement officers will evaluate the child's access to controlled substances, physical condition, and the level of care being provided. If living conditions reasonably appear to jeopardize child's welfare, DHS will be notified via the Child Abuse Hotline at (503) 681-6917.

If need exists to place children in protective custody, DHS will determine the need for an immediate medical screening examination (in the case of obvious injury or illness as per the Level I Response.)

If no urgent medical issues are apparent, DHS personnel shall ensure the child receives appropriate laboratory screening. If indicated, urine collection for methamphetamine or other drug testing should occur within **two to four** hours if possible, and tested to the limits of detection. DHS shall contact CARES NW on-call medical staff at (503) 276-9000 within 24 hours of removal for further medical triage decision-making.

Law Enforcement Case Agent shall conduct the criminal investigation and assemble the case materials for presentation to the District Attorney's Office.

FOLLOW-UP

DHS, CARES NW, and the primary care physician will coordinate medical, developmental, and mental health follow-up care for drug endangered children. The Deputy District Attorney and the Law Enforcement Case Agent will follow-up with evaluation of criminal prosecution of drug and child endangerment charges.

In the event that a child is not present at the location but appears to have been living at the scene, the Law Enforcement Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow-up assessment of the child.

**LAW ENFORCEMENT
&
EMERGENCY SERVICES
PROTOCOL**

LAW ENFORCEMENT & EMERGENCY SERVICES LEVEL I RESPONSE:

Children Found at Clandestine Drug Laboratories or Other Drug Manufacturing Operations

Initial Law Enforcement Assessment: Law Enforcement officers who respond to a location where clandestine drug manufacturing is suspected and children are present shall quickly assess whether **children have obvious injury or illness**. If indications of injury or illness exist, they will summon Fire/Emergency Medical Service (EMS) immediately for medical treatment and/or immediate gross decontamination prior to transport to an Emergency Department (ED). Currently, Randall Children's Hospital is the preferred Emergency Department.

Immediate notification shall also be made to the Westside Interagency Narcotics (WIN) Team, and the Department of Human Services (DHS) via the Child Abuse Hotline at (503) 681-6917. The WIN Team will determine whether activation of the Clandestine Drug Enforcement Team (CLET) is required. The lead investigating officer shall be referred to as the "Case Agent."

Decontamination Assessment with Acute Medical Concerns: If children are in acute medical distress, emergency decontamination shall be performed by the responding Fire/EMS personnel to the extent necessary for EMS transport, with due regard to the physical and emotional effects such decontamination will have on the children. It is preferred that children be transported to the Randall Children's Hospital Emergency Department for continued care. (Randall Children's Hospital ED also has decontamination facilities available.)

Decontamination Assessment with NO Acute Medical Concerns: If children are NOT in acute medical distress, WIN/CLET personnel may determine the type of decontamination necessary, taking into consideration the medical needs of the children, and with due regard to the physical and emotional effects such decontamination will have on the children.

Two options for decontamination will be considered, either "wet" or "dry." "Wet decontamination" consists of clothing removal and a thorough cleansing of the skin and hair with water and soap or some type of cleansing agent. Wet decontamination shall be performed when the child has been grossly contaminated by chemicals involved in the drug manufacturing process. "Dry decontamination" consists of washing exposed areas of the child's skin with water and soap and changing the child into clean clothes.

In the event wet decontamination is required, WIN/CLET personnel will make all available attempts to provide a private environment in which a DHS worker or other suitable adult is present to assist and comfort the child. Children will be decontaminated prior to being transported to the ED unless medical instability requires immediate transportation. Clean clothing will then be provided for the child by the DHS worker on-scene.

DHS will notify Randall Children's Hospital Emergency Department at (503) 276-9191, as soon as possible regarding the number of drug-endangered children to be transported to the ED for medical evaluation and testing. DHS will arrange for the collection of urine for drug testing within **two to four hours** if possible.

Child Chemical Exposure Checklist: In all cases in which children are transported to Randall Children's Hospital's Emergency Department (ED) for medical evaluation and testing, a "Child Chemical Exposure Checklist" shall be completed. The Law Enforcement Case Agent is responsible for completion of the checklist but may choose to assign this task to another on-

scene staff member. The checklist is to be used to document information regarding potential chemical exposure and the level and type of field decontamination performed on the child. The checklist shall then accompany the child to the ED, or shall be transmitted as soon as practicable to the hospital, to facilitate a complete medical evaluation and comprehensive laboratory testing. The information may be provided to ED staff by phone. The Child Chemical Exposure Checklist is included in this document in the "Attachment" section.

Criminal Investigation: The investigation of the child endangerment case shall be conducted or coordinated by the law enforcement agency with jurisdiction. In many situations, response from both Law Enforcement and DHS will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. The Case Agent shall consult a trained child abuse investigator to ensure thorough documentation is made, including photographs of the child's access and exposure to the chemicals and other hazards associated with clandestine drug manufacturing. The Case Agent shall secure the child's clothing. Care shall be taken to be responsive to potential emotional trauma to the child. The Case Agent will make a determination whether the child will be interviewed by referring to their applicable department policy and the totality of the circumstances. DHS will be included whenever possible in the child interview process. The Case Agent shall also include with the case materials, the identity of the contaminated waste removal contractor, together with a copy of the contractor's manifest.

Suspected Physical Abuse: In all cases in which the physical abuse of a child is suspected, the Case Agent shall immediately notify the Child Abuse Hotline at (503) 681-6917, and document the notification. The Child Abuse Hotline shall cross-report this information to the appropriate Law Enforcement Agency (LEA). The Case Agent shall notify the law enforcement agency that has jurisdiction. The Case Agent and representative of the department with jurisdiction shall decide who will investigate the child abuse portion of the incident. If it is decided that the Case Agent will complete the investigation, the investigating officer must have the experience and knowledge to complete a thorough child abuse investigation. Cases will be evaluated and managed on an individual basis. Please refer to the Child Abuse MDT Protocol for further information.

Suspected Sexual Abuse: In all cases in which sexual abuse of a child is suspected, the Case Agent shall immediately notify the Child Abuse Hotline at (503) 681-6917, and document the notification. The Child Abuse Hotline shall cross-report this information to the appropriate Law Enforcement Agency (LEA). The Case Agent shall notify a child abuse detective sergeant or on-duty patrol sergeant of the law enforcement agency that has jurisdiction. If it is decided that the Case Agent will complete the investigation, the investigating officer must have the experience and knowledge to complete a thorough child sex abuse investigation. Cases will be evaluated and managed on an individual basis. Please refer to the Child Abuse MDT Protocol for further information.

Assembly of Criminal Case Materials: The Case Agent shall be responsible for assembling the investigative materials for presentation to the District Attorney's Office for prosecution of the child endangerment charges along with the underlying drug charges. These materials may include EMS reports, WIN/CLET reports, interviews, and, to the extent allowed by law, the DHS assessment and medical evaluation and testing reports.

If not previously provided, the Case Agent shall forward a copy of his/her investigative reports to DHS when the reports are submitted to the District Attorney's Office for prosecution.

Advanced DHS Notification: Whenever police have advance notice that children may be present at a location where clandestine drug manufacturing is suspected and the police intend to execute a search warrant or conduct a knock-and-talk investigation, they shall contact the Child Abuse Hotline at (503) 681-6917 to ensure that a DHS caseworker is available to assist the children, if necessary. An exact address is not required, but a general location and/or zip code should be provided. DHS shall provide to Law Enforcement, information from their database regarding prior child abuse or neglect referrals, vital records, and other government database information concerning the targets of the investigation when such information is to be used in furtherance of a joint Law Enforcement/DHS child endangerment investigation. This includes investigations into drug-related activities, which may pose dangers to children. If known, Law Enforcement will provide information regarding the ages and approximate clothing sizes of any children involved, to allow DHS to prepare for possible decontamination needs.

Child Placement: Temporary placement of a child is the responsibility of DHS-CW personnel. Law enforcement officers at the scene may assist DHS-CW in their evaluation of the best temporary placement by utilizing all available databases and other reasonable inquiries. If children are taken into protective custody, the Case Agent shall complete a custody report and fax the custody report to DHS by 9:00 a.m. the following day.

Follow up: In the event that a child is not present at the location but appears to have been living at the scene, the Police Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow-up assessment of the child.

LAW ENFORCEMENT & EMERGENCY SERVICES LEVEL II RESPONSE:

Children Exposed to the Sale, Use or Possession of Controlled Substances or Marijuana Manufacturing Sites.

Initial Law Enforcement Assessment: Officers who encounter children during the investigation of the sale, use, and/or possession of controlled substances or at marijuana manufacturing sites shall evaluate the children's access to the controlled substances, the physical condition of the children, and the level of care being provided to the children. If reasonable suspicion exists, DHS shall be notified through the Child Abuse Hotline at (503) 681-6917.

A child may be taken into **protective custody** when the child's living conditions or surroundings reasonably appear to jeopardize the child's welfare (ORS 419B.150). If a child is taken into protective custody, the police Case Agent will complete a custody report and provide to DHS-CW and Juvenile Court by 9:00 am the following business day.

If need exists to place children in protective custody, DHS will determine the need for an immediate medical screening examination (in the case of obvious injury or illness as per the Level I Response.) If no urgent medical issues are apparent, DHS personnel shall ensure the child receives appropriate laboratory screening. If indicated, urine collection for methamphetamine or other drug testing should occur within **two to four** hours if possible, and tested to the limits of detection. DHS shall contact CARES NW on-call medical staff at (503) 276-9000 within 24 hours of removal for further medical triage decision-making.

Criminal Investigation: In many situations, response from both Law Enforcement and DHS-CW will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. The Case Agent shall document and photograph the scene. This should include the identity of the children found in or associated with the residence and their relationship to the responsible party; the circumstances in which the children were found; the physical condition and overall appearance of the children; the availability of essential food; the sleeping arrangements of the children; and the condition of the adults in whose care they were found.

Photographs should capture all potential hazards to the children and document living conditions indicative of neglect or endangerment, including, but not limited to: drugs and drug paraphernalia (e.g., razor blades, syringes, pipes); booby traps (e.g., trip wires for explosives, pongee sticks, and chemical devices); exposed wiring; refrigerator (absence or presence of food and the age dates on food containers, chemicals stored adjacent to consumables); sleeping areas (dirty sheets/blankets, no bed linens, stained/soiled mattresses); bathroom facilities (inoperable toilet, filthy sink/bathtub, access to medicines, etc.); guns (note if loaded), knives and other weapons; pornographic materials (e.g., photographs, videos or sex toys); vicious animals; accessibility of children to any other hazards (measure relationship of child's height to location of drugs, drug paraphernalia, chemicals, weapons, raw sewage, feces, broken windows and other unsafe conditions).

Suspected Physical Abuse: In all cases in which the physical abuse of a child is suspected, the Case Agent shall immediately notify the Child Abuse Hotline at (503) 681-6917, and document the notification. The Child Abuse Hotline shall cross-report this information to the appropriate Law Enforcement Agency (LEA). The Case Agent shall notify the law enforcement agency that has jurisdiction. The Case Agent and representative of the department with jurisdiction shall decide who will investigate the child abuse portion of the incident. If it is decided that the Case Agent will complete the investigation, the investigating officer must have

the experience and knowledge to complete a thorough child abuse investigation. Cases will be evaluated and managed on an individual basis. Please refer to the Child Abuse MDT protocol for additional information.

Suspected Sexual Abuse: In all cases in which sexual abuse of a child is suspected, the Case Agent shall immediately notify the Child Abuse Hotline at (503) 681-6917, and document the notification. The Child Abuse Hotline shall cross-report this information to the appropriate Law Enforcement Agency (LEA). The Case Agent shall notify a child abuse detective sergeant or on-duty patrol sergeant of the law enforcement agency that has jurisdiction. If it is decided that the Case Agent will complete the investigation, the investigating officer must have the experience and knowledge to complete a thorough child sex abuse investigation. Cases will be evaluated and managed on an individual basis. Please refer to the Child Abuse MDT protocol for additional information.

Assembly of Criminal Case Materials: The Law Enforcement Case Agent shall ensure that reports and photographs of drug-related child endangerment or neglect investigations are prepared and distributed as soon as practicable, and shall distribute a copy of the investigative reports to DHS-CW when they are submitted to the District Attorney's Office for prosecution.

Advanced DHS Notification: Whenever Law Enforcement Officers have advance notice that children may be present at a location which is the target of an investigation into the sale or possession of controlled substances, they shall contact the Child Abuse Hotline at (503) 681-6917. An exact address is not required, but a general location and/or zip code should be provided. DHS shall provide to Law Enforcement, database information regarding prior child abuse or neglect referrals, vital records, and other government database information concerning the targets of the police investigation when such information is to be used in furtherance of a joint police/DHS child endangerment investigation, including investigations into drug-related activities which may pose dangers to children.

Follow-up: In the event that a child is not present at the location but appears to have been living at the scene, the Law Enforcement Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow-up assessment of the child.

PROTOCOL

DHS ADMINISTRATIVE RESPONSE

Applicability of Protocol: This DHS protocol is intended to cover the DHS workers' response to, and investigation of, drug endangered children.

Staffing: Washington County DHS currently has workers available for immediate joint response with Law Enforcement Agencies (LEA) from 8-5 Monday-Friday. The Child Abuse Hotline is available to LEA 24 hours a day, 7 days a week. The Hotline has access to Washington County DHS certified, on-call staff for both consultation and field response as appropriate.

Training: DHS and LEA will be trained regarding this protocol.

Screening: All child abuse/neglect (CA/N) reports covered by this protocol will be directed to a Hotline screener, who will initiate a DHS 307 form. The DHS 307 forms, which give DHS the legal basis to begin a DHS investigation, must be initiated for all DHS field assessments. The screener will conduct a DHS history search and do applicable criminal records checks, per DHS policy. Screening decisions about when DHS will respond (i.e., within 24 hours/immediate or 5 days/impending) will be made based on child safety, coordination/planning with LEA and other relevant factors. Impending response may be indicated if extensive response planning is necessary with LEA. The decided DHS response will be communicated to and coordinated with the responding police agency.

DHS On-site Safety Assessment of Drug-Endangered Children: DHS shall conduct a safety assessment in accordance with DHS procedures, and shall inform the investigating officers when immediate protective custody of a child is warranted. LEA also has the authority to take children into protective custody when the child's conditions or surroundings reasonably appear to jeopardize the child's welfare. (ORS 419B.150)

Police-Initiated Requests for Joint Response with Advance Notice: When police become aware of drug-endangered children during the course of a criminal investigation, the following steps will be taken.

- LEA will call the Child Abuse Hotline at (503) 681-6917. The Hotline screener will initiate the DHS-307 form.
- Dependent upon the nature of the report, the screener will determine the nature of the response required, in conjunction with the Intake supervisor, and facilitate that DHS personnel are assigned for a field response.

Police-Initiated Requests for *Immediate* Joint Response with No Advance Notice: When police encounter drug-endangered children without forewarning, such as when a methamphetamine lab is unexpectedly discovered and children are present, the following steps will be taken.

- LEA will call the Child Abuse Hotline for DHS assistance.
- Hotline screener will initiate the DHS 307 form.
- Subsequent to the screening process, Washington County DHS trained staff will coordinate/plan with LEA regarding the DHS response, which may include assigning a CPS worker for an immediate field response.
- **In the extraordinary event of a DHS field staff being contacted directly by LEA, the DHS worker will contact the appropriate Hotline to initiate the 307.**

DHS-Initiated Requests for Immediate Joint Response Following Call to Child Abuse Hotline: When the Hotline receives a report of children exposed to the sale, manufacture, or possession of illegal drugs, the screener shall attempt to obtain the following information to assist in the determination of whether an immediate joint response is necessary.

The detail of the report, including the description of the reported address, the number, identity and/or description(s) of the responsible adult(s); the number, identity and/or descriptions of the endangered children; the nature of the danger to the children; the living conditions of the children; the presence and frequency of chemical odors; chemicals observed at the location; specific observations of drug activity; information concerning the presence of weapons; and any other dangers observed by the reporting party.

When information, obtained from the caller, does not by itself require an immediate joint response, the screener shall attempt to obtain relevant information from the applicable police agency concerning the subjects of the complaints, and whether LEA is aware of the location and or circumstances reported to the Hotline screener.

When a Hotline caller reports circumstances indicating an immediate danger to children, the screener shall call 9-1-1 and report the information for an immediate emergency services response, and shall thereafter initiate a DHS 307 and notify appropriate DHS personnel, per routine branch or after hours protocols, for an immediate joint response.

DHS-Initiated Requests for Immediate Joint Response following DHS Employee Observations: DHS personnel who encounter potential drug-endangered children during the course of a home visit or in other field situations shall follow statewide DHS safety protocol, and shall call 9-1-1 and/or the Child Abuse Hotline, as appropriate.

Whenever a Joint Response is Required: In many situations, response from both Law Enforcement and DHS will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed.

DHS Facilitation of Medical Evaluation, Testing, and Follow-Up: Applies when DHS has protective custody or parents have given consent. While in protective custody, medical expenses for drug endangered children are covered under the Oregon Health Plan.

DHS LEVEL I RESPONSE:

DHS Coordination of Immediate Medical Evaluation and Testing: DHS shall ensure that children found at clandestine drug manufacturing sites are taken, subsequent to site decontamination protocols, to participating medical facilities for a comprehensive physical examination. Currently, Randall Children's Hospital Emergency Department (ED) is the one metro facility participating in the DEC protocol. Children shall receive a medical evaluation and testing as soon as possible. If at all possible, the first urine sample should be collected within 2-4 hours of their removal from a clandestine drug manufacturing site.

If the child has been exposed to clandestine drug manufacturing, but is not discovered at the time of the initial investigation, the child should still be brought to the ED if the child is located within 48 hours of the child's exposure. If exposure occurred prior to that time, information gathered by DHS regarding the exposure may be taken into consideration and the child may be referred to the ED or to other medical services for evaluation.

DHS shall notify Randall Children's Hospital ED at (503) 276-9191 as soon as possible regarding the number of drug-endangered children to be transported to the ED for medical evaluation and testing.

Obtaining Decontamination Information: If responsible for the transportation of the drug-endangered children for medical evaluation and testing, the DHS personnel shall determine from the Law Enforcement Case Agent, the type of decontamination performed on the scene and the need for any further decontamination at the ED. The DHS staff shall obtain from the Case Agent, the completed "Child Chemical Exposure Checklist" for presentation to ED staff. The DHS staff person should have clothing available for post-decontamination transport to the ED or temporary shelter care.

Children are presented to the ED admittance desk. In the extraordinary event that a child has not had at least a "dry" decontamination, report to the ED via the ambulance bay.

Obtaining Medical History: DHS shall attempt to obtain information on the medical histories, allergies, current prescriptions, and other historical health information from the parents or other adult care-givers present at the location of the endangerment. In addition, DHS shall attempt to obtain signed legal consent/disclosure forms for securing medical history information and to allow medical evaluations and testing of the children from the parents or guardians of the drug-endangered children.

Forensic Interview Referral: If DHS and LEA determine a forensic interview of the child is warranted, the referral will be made to the appropriate program and according to standard Child Abuse MDT protocol.

DHS Long-Term Follow-Up: DHS personnel shall thereafter ensure that children taken into Protective Custody pursuant to this protocol are examined by medical and mental health professionals as needed and required by DHS policy. This follow-up is to include, at a minimum, within one month of the drug related exposure, the following:

- Abnormal lab tests repeated
- Complete referrals for developmental and mental health assessments
- HIV tests per DHS policy
- DHS Caseworker will provide to the foster parent, a copy of the letter *Information for Health Care Providers—Children Exposed to Methamphetamine Labs*. The foster parent will provide the child's current medical provider with a copy of this letter.

DHS LEVEL II RESPONSE:

DHS Coordination of Immediate Medical Evaluation and Testing: DHS shall ensure that children found in homes where heavy use, possession or consumption of illegal substances is occurring that the child receives appropriate laboratory screening. If at all possible, this should occur within **two to four** hours from the time the children were removed from the location. DHS shall contact CARES NW on-call medical staff at (503) 276-9000 within 24 hours of removal for further medical triage decision-making.

If exposure is over 48 hours, the child should be referred for a medical evaluation within 72 hours and labs within 12 hours, per DHS protocol, to medical providers who are able to collect the necessary lab information.

Obtaining Medical History: DHS shall attempt to obtain information on the medical histories, allergies, current prescriptions, and other historical health information from the parents or other adults present at the location of the endangerment. In addition, DHS shall attempt to obtain consent for medical evaluation and testing from the parents or guardians of the drug-endangered children.

Forensic Interview Referral: If DHS and LEA determine a forensic interview is warranted, the referral will be made to CARES Northwest per the Child Abuse MDT Protocol. .

DHS Long-Term Follow-Up: DHS personnel shall thereafter ensure that children taken into protective custody pursuant to this protocol are examined by medical and mental health personnel as needed. This follow-up is to include, at a minimum, within one month of the drug-related exposure, the following:

- Abnormal lab tests repeated
- Complete referrals for developmental and mental health assessments
- HIV tests per DHS policy
- DHS Caseworker will provide to the foster parent, a copy of the letter *Information for Health Care Providers—Children Exposed to Methamphetamine Labs*. The foster parent will provide the child's current medical provider with a copy of this letter.

3. A "Child Chemical Exposure Checklist" will be presented at the ED with drug-endangered children as soon as possible or the information may be provided by phone by the police Case Agent or their designee. This informs the ED of all available information regarding potential chemical exposure and the level and type of field decontamination performed on the children. Children will be decontaminated prior to being transported to the ED unless medical instability requires immediate transportation.
4. Contaminated children report to the ED ambulance bay. Otherwise, children are presented to the ED admittance desk.

C. EMERGENCY DEPARTMENT EVALUATION AND TESTING OF DRUG-ENDANGERED CHILDREN

1. **ED Nurse:** Upon DHS or police request for a drug-endangered child evaluation, the ED Nurse shall do the following:
 - a. ED nurse shall immediately obtain a **urine sample** from the children, with appropriate chain of evidence (use Legacy/MetroLab's Chain of Custody and Control (Non-regulated) Form 1. In the Donor consent and signature area, have the accompanying DHS employee or law enforcement officer sign and indicate "patient is a minor". In the Chain of Custody signature area place the collectors/nurse initials and date (please see sample Chain of Custody in DEC protocol notebook). Make sure that the evidential security seal is properly attached, initialed, and dated on all containers collected.
 - b. Notify Randall Children's Hospital toxicology lab that a specimen needs to be transported to MetroLab for testing of a drug-endangered child.

MetroLab Notification Information:

Client Services: 8:00 am to 5:00 pm (M-F)

Phone number (503) 413-5295

Courier Dispatch: (503) 413-5200

Specimen Processing Line: (503) 413-4174

2. **ED Nurse:** The ED nurse will obtain a medical history and vital signs, including the following:
 - a. Temperature
 - b. Blood pressure
 - c. Pulse
 - d. Respirations
3. **ED Physician:** The ED doctor will complete a physical exam to include, but not limited to:
 - a. Unusual odors
 - b. Hygiene
 - c. Neurological abnormalities
 - d. Cardiac or pulmonary findings
 - e. Skin/Hair findings, including injuries, lesions and foreign substances and stains, which should be collected and/or photographed, if possible
 - f. Ano-genital exam

4. **Laboratory Testing Ordered by ED:**

a. The **urine testing** to be ordered by the ED is:

- 1) Complete urine drug screen to include Methamphetamine/Amphetamine.
(Panel: OR DP10A32)
- 2) Specific order for most likely drugs/chemicals the child was exposed to, e.g. methamphetamine or amphetamine, cocaine, etc. Order Notes: Include in order notes for the drug tests, that if preliminary drug screen is **negative** to perform the appropriate **retest** confirmation procedure(s) for the drug(s) listed. This will then cue the lab to run the confirmation test to the limits of detection.
- 3) ED or Randall Children's Hospital laboratory staff are **not** to use the onsite screening devices for screening. Drug screens must be performed at MetroLab.

b. ED will order **serology testing** and follow up on the following additional labs:

- 1) Comprehensive Metabolic Panel (includes electrolytes and liver function test). 2 ml plasma or serum.
- 2) Complete blood count 1 ml whole blood, EDTA.
- 3) Lithium level. 1 ml serum or plasma, gold or green top tube.
- 4) If specific information accompanies the patient regarding type of materials utilized in the manufacturing of the drug, MD may wish to order additional studies (e.g., if method of manufacturing was NOT ephedrine based may wish to order lead or heavy metal analysis).
- 5) The Methamphetamine order set will list the lab studies in descending order of importance. Lab personnel will run the studies at the top of the order set first and proceed down the list until the specimen is exhausted.

ED can discharge the patient prior to all lab results being available if DHS or the guardian has a reliable plan for how the ED can contact them if lab results require immediate follow-up. ED MD should write an order "may discharge patient when labs are in progress."

- 6) ED can consider hair analysis in unique situations where past exposure should be documented and the child will NOT be accessible to DHS/LEA in the future. Obtain a pencil size

width of hair, cut NOT pulled at the scalp. Place rubber band at root end of sample (consider using National Medical Services hair collection kit). Place and fold up hair clippings in a piece of aluminum foil and seal in forensic envelope, label and submit to Metro Lab under chain of custody. Also note any signs of hair coloring or bleach with which the child's hair may have been washed or treated.

- c. ED will request lab results be sent to:
CARES Northwest
Phone number (503) 276-9000
FAX number (503) 276-9010

5. Additional ED Notifications/Referrals:

- a. ED is to notify the Washington County DHS Child Abuse Hotline at (503) 681-6917 if concerns of physical or sexual abuse develop during the medical evaluation, or if crisis intervention is needed. The Child Abuse Hotline will cross report this information to the appropriate LEA jurisdiction that will assess the need for an immediate LEA response under the MDT protocol.
- b. Physician is to dictate a STAT report and request copy to CARES Northwest. ED is to fax the initial ED report, including lab test results, to CARES Northwest.
- c. ED will refer all drug-endangered children for forensic evaluation per MDT Protocol.

D. CARES NORTHWEST ASSESSMENT AND FOLLOW-UP

1. **Notification of Potential Drug-Endangerment:**

CARES Northwest will send lab results to the child's medical provider and to the assigned DHS worker along with the letter *Information for Health Care Providers – Children Exposed to Methamphetamine Labs*.

The DHS caseworker will provide to the foster parent a copy of the letter *Information for Health Care Providers – Children Exposed to Methamphetamine Labs*. The foster parent will provide the child's current medical provider with a copy of this letter.

2. **Medical Evaluation and Test Results:** CARES Northwest will promptly forward ED report and lab results to the assigned Police Case Agent. The assigned Police Case Agent shall forward the medical evaluation and lab test results to the District Attorney's office.

WASHINGTON COUNTY DISTRICT ATTORNEY'S OFFICE PROTOCOL

The Senior Deputy District Attorney supervising drug prosecutions or his designee shall be the recipient of all completed DEC investigations and referrals by law enforcement agencies within Washington County. He/she shall assign the case to a DDA in the Office's felony unit for review and prosecution. Although the assigned DDA is immediately responsible for handling of the case, the Supervising Senior Deputy is available to any member of law enforcement and DHS to answer questions or respond to any concern about the prosecution of a case.

Investigative Assistance to Police and DHS: Upon request by a police Case Agent or DHS personnel involved in a DEC investigation, a Washington County Deputy District Attorney ("DDA") in the Washington County DA Office's main felony unit may assist in the review of search warrants and search warrant affidavits. The DDA may also assist in the investigation as necessary and appropriate. During regular business hours police officers and DHS may contact the felony DDA assigned to intake for that day. If that DDA is not available law enforcement may contact the Senior DDA supervising drug prosecutions or any DDA in the child abuse unit. During other times, police and DHS may contact the "on-call" DDA via non-emergency dispatch.

Coordination with Juvenile DDAs: The assigned felony DDA will communicate with the Deputy District Attorney assigned to the dependency case. Police reports forwarded to the supervising Senior DDA shall contemporaneously be forwarded to the Washington County DA's juvenile unit.

Prosecution of DEC Cases: The assigned felony DDA or his/her designee is responsible for screening and evaluation of the drug and child neglect/endangerment case for prosecution in a timely fashion.

Assignment of Victim's Advocate in DEC Cases: A Victim's Advocate will be assigned when children may be required to testify in a prosecution resulting from a DEC investigation.

Sentencing Considerations: The assigned DDA may communicate with assigned DHS personnel assigned to any pending dependency or termination case before entering into a plea agreement with the defendant(s) to ensure that an appropriate sentence is recommended, and, where applicable, that appropriate conditions of probation are in place to address the parenting concerns.

Restitution: The assigned felony DDA shall include, as appropriate, in the pre-trial offer, a requirement that the offender pay restitution for costs incurred in the medical evaluation, testing, and treatment of any drug-endangered children which resulted from the offender's criminal activities. Other related restitution may be sought as well; including that associated with clean up of the contaminated site and HazMat response expenses.

Communication with Other Interested Agencies: The assigned DDA may, as appropriate, make available the outcome of any drug prosecution involving child endangerment charges to interested DHS and dependency or termination deputy district attorneys.

WASHINGTON COUNTY COMMUNITY CORRECTIONS

Specialized Caseloads and Cases Identified at Intake as DEC

Community Corrections will identify specific DEC Probation/Parole Officers to be the recipients of identified DEC cases.

Every defendant placed on formal probation by the Court will attend a Community Corrections Intake and Orientation Class. If the Intake Officer has prior knowledge that the defendant has been identified as being involved in a DEC case, the Intake Officer will assign the case to the appropriate DEC caseload. In the event a case has not been identified as a DEC case before initial assignment, the case will be considered for reassignment to a DEC caseload.

If a defendant is being paroled back into the community and was previously identified by the other community partners as a DEC case, the case will be assigned to a DEC caseload.

Community Corrections will support the officers assigned to DEC caseloads in their endeavors to attend joint partnership meetings involving their cases. This may include joint meetings with DHS, WIN or other partner agencies.

If a defendant convicted of DEC-related crimes becomes involved in new criminal activity, Community Corrections staff will work in tandem with the investigating agency to reach a resolution.

WASHINGTON COUNTY JUVENILE DEPARTMENT

According to management and the medical staff at Donald E. Long Detention Facility (DEL), youth who are taken into custody from an active clandestine drug manufacturing site or environment where methamphetamine exposure has taken place, will need to be cleared medically before entering their facility.

Once cleared, DEL has medical staff on hand to treat any symptoms of withdrawal that youth may experience and provide treatment of any medical problems. DEL has isolation/observation rooms that can be used if necessary. Youth affected by methamphetamine are allowed to sleep as much as needed upon entry into the facility and are given fluids and adequate nutrition.

Dear Medical Provider:

As you may be aware, Oregon is experiencing an epidemic of methamphetamine use and manufacturing. Unfortunately, children are often the victims of their parents addiction, both directly and indirectly. Counties across Oregon are diligently working to establish protocols regarding the care of children who are removed from homes with significant methamphetamine use and manufacture.

This packet has been designed to provide you with some basic tools and knowledge regarding the effect that methamphetamine has on children.

Children who live in an environment where methamphetamine is being manufactured are exposed to a variety of very toxic chemicals. These include:

Solvents	Corrosives/Irritants	Metals/Salts
Acetone	Lighter Fluid	Red Phosphorus
Methanol	Hydriodic Acid	Hypophosporus
Xylol	Toluene	Iodine Crystals
Ether	Sulfuric Acid	Yellow Phosphorus
Toluene	Sodium Thiosulfate	Tincture of Iodine
White Gas	Caustic Soda (Lye)	Lithium Metal
	Muriatic Acid	
	Denatured Alcohol	
	Anhydrous Ammonia	

By-Products of Production
Phosphine Gas
Hydrogen Chloride Gas
Hydriodic Acid

Please visit Agency for Toxic Substances and Disease Registry for more specific chemical details.

As a medical provider for children, you are very likely to come into contact with a child who is requiring medical treatment due to exposure to methamphetamine use or manufacture. Please take a few moments to familiarize yourself with some of the affected target organs and recommended laboratory studies and physical exam components.

If you have any questions regarding this information or would like further consultation on the treatment of children at risk, please do not hesitate to call CARES Northwest.

Physical Exam Recommendations for DEC Cases

If a child that you are caring for has been removed from a methamphetamine laboratory, they should have previously been urgently evaluated at Legacy Emanuel Hospital Emergency Department. During that initial evaluation, a variety of laboratory studies would have been conducted (please see Laboratory Testing for further details).

The medical professional caring for a drug-endangered child who has **not** been urgently evaluated should consider doing a complete exam, which includes, but is not limited to:

HISTORY AND PHYSICAL EXAM	
History	<ul style="list-style-type: none"> • Include caregivers' (and, if appropriate, child's) explanations of mechanism of injuries • Growth trend
Physical	<ul style="list-style-type: none"> • Child's affect • Height, weight, head circumference • Full head-to-toe exam with all clothes removed <ul style="list-style-type: none"> • Unusual odors • Hygiene • Neurological abnormalities • Cardiac or pulmonary findings • Skin/Hair findings (including injuries, lesions and foreign substances and stains, which should be collected and/or photographed if possible) • Include genital/anal exam • Use diagrams to document any skin findings or evidence of trauma

Laboratory Testing for DEC Cases

If a child that you are caring for has been removed from a methamphetamine laboratory, they should have previously been urgently evaluated at Legacy Emanuel Hospital Emergency Department. During that initial evaluation, a variety of laboratory studies would have been conducted.

If specific information accompanies the patient regarding type of materials utilized in the manufacturing of the drug, the treating medical professional may wish to order additional studies (e.g., if method of manufacturing was anhydrous ammonia based the medical professional may wish to order lead or heavy metal analysis).

The laboratory testing to be ordered by the treating medical professional is:

LABORATORY REQUIRED	
Urine drug testing	<ul style="list-style-type: none"> • Best results if obtained immediately (must be within 2-4 hours of removal) • Include in lab order, "If preliminary drug screen positive, please confirm with GC/MS testing. If preliminary drug screen negative, perform 'high sensitivity' amphetamine confirmation testing by GC/MS to the limits of detection." (This cues the lab to run the tests to the limit of detection) • Drug testing must be performed at either Legacy MetroLab (Portland) or Oregon Medical Labs (Eugene) in order to be tested to the lowest possible limits of detection
LABORATORY CONSIDERED	
CBC and differential	<ul style="list-style-type: none"> • To rule out anemia from chronic/heavy exposure to solvents and poor oral intake
Liver function tests	<ul style="list-style-type: none"> • To rule out liver damage and GI toxicity

PROTOCOL STATEMENT

In order to better serve the children in Washington County and to comply with the requirements of law, this protocol was prepared to serve as a guideline for practice in child abuse cases. Child abuse cases are any cases that involve sexual abuse, physical abuse, neglect, child sex trafficking and Commercial Sexual Exploitation of Children (CSEC) of any person under 18 years of age.

The purpose of the protocol is to clarify each agency's duties and responsibilities and to improve inter-agency coordination. The goals are to provide services that are in the best interest of the child; to conduct child abuse investigations in an expedited and effective manner; to minimize the number of interviews; to prevent the abuse of other potential victims; and to provide information to all involved agencies in a coordinated and efficient manner. It is the intent of the MDT that all child abuse cases in Washington County will be adequately investigated and, where appropriate, prosecuted.

This protocol does not supersede individual or agency professional discretion. Each agency's participation shall be consistent with its commitment to the interests of children within the context of the agency's statutory obligations.

The protocol was developed by representatives from the District Attorney's Office (DA's Office), various law enforcement agencies (LEA), Department of Human Services (DHS), school districts, and other current members of the Washington County Child Abuse Multidisciplinary Team (MDT). Administrators from the member agencies have reviewed these materials and agreed to follow these guidelines.

The member agencies conclude that there is a critical need to continue to pursue and further develop guidelines for conducting child abuse investigations.

This agreement shall become effective on July 1, 2014.

MDT AGREEMENT

The MDT shall consist of representatives from public and private agencies in the following areas:

- District Attorney's Office (DA)
- Law Enforcement Agencies (LEA)
- Department of Human Services (DHS)
- School Districts
- County Health Department
- County Mental Health Department
- County Juvenile Department
- CARES Northwest
- Hospitals
- County Community Corrections Department
- Other agencies and providers as the MDT deems appropriate.

The District Attorney has appointed a person from his office to chair the MDT.

The MDT will meet on a regular basis. The purpose of these meetings is to:

- Review sensitive cases
- Staff difficult and/or high risk cases
- Evaluate and report on compliance with the protocol by member agencies
- Ensure compliance with these guidelines and with statutory mandates
- Evaluate guidelines in order to establish further guidelines as needed
- Set up training
- Review procedures and system gaps between agencies
- Identify needed legislation
- Identify and pursue resources
- Address other relevant matters relating to child abuse cases

The MDT shall have the responsibility and authority for setting up committees to conduct appropriate business and to review and make recommendations to the MDT.

CHILD ABUSE INVESTIGATION

Response:

- Investigators shall be those persons designated by DHS and LEA as having jurisdiction.
- LEA shall respond 24 hours a day, as appropriate, and shall refer cases to trained child abuse investigators whenever possible.
- The investigation and assessment shall be completed concurrently or jointly, as necessary.
- Response priority is determined by the apparent or potential risk of psychological, physical, or sexual harm or neglect to the children. The response priority is determined on a case-by-case basis.
- The DHS worker must consult with a DHS supervisor and seek assistance from LEA if the referral indicates that:
 - there may be severe harm or threat of severe harm to the child;
 - there is reasonable cause to believe the child's health or safety is endangered by the conditions of the dwelling; or
 - the child is inadequately supervised and there is an immediate need to evaluate the child's health and safety.
- Whenever possible, the DHS worker must coordinate assessment activities with LEA in the following situations:
 - Presence of danger: When the DHS worker has information that indicates that the child is unsafe right now
 - Family cooperation: When the DHS worker has information that the family may not allow the DHS worker to observe the alleged victim or other children in the home
 - Protective custody: When the DHS worker has information that a child may need to be placed into protective custody
 - Child interview: When the DHS worker and the LEA officer must each interview a child, it is preferable to coordinate the interviews to reduce the number of interactions with the child
 - Worker safety: When the DHS worker has information that indicates the family behavior, circumstances, or situation could pose a danger to the DHS worker
 - Crime committed: When the DHS worker suspects or receives a report that a crime may have been committed

Conduct of Investigation:

- Investigations shall be approached as though they will ultimately result in criminal prosecution, bearing in mind the best interests and needs of the child.
- LEA shall contact DHS regarding removal of a child or about how to proceed in an investigation involving children when there are questions.
- A child abuse intake Deputy District Attorney (DDA) will be available for telephone consultation 24 hours a day [**See Case Consultation and/or Community Resources List appendices**].

Investigations continued

Conduct of Investigation cont.

- Investigation strategy shall be determined by LEA or DHS considering the following:
 - need to intervene for the child's immediate protection;
 - need to preserve evidence;
 - logistics of victim, witness(es), and suspect interviews (e.g., time, place, and order); and
 - need to re-contact and interview the complainant.

Definitions: The following definitions apply to the Multidisciplinary Team Protocols

Sexual Abuse: This includes any crime or attempted crime of a sexual nature involving a child victim, whether the identity of the victim is known or unknown. Specifically, it includes but is not limited to sexual crimes against children specified in ORS chapters 163 and 167. It also includes any Child Sex Trafficking and Commercial Sexual Exploitation of Children (CSEC) crimes, as defined below.

Child Sex Trafficking and Commercial Sexual Exploitation of Children (CSEC): These terms include, but are not limited to, crimes or attempted crimes specified in ORS chapters 163 and 167, when any party receives or offers anything of value (such as money, drugs, goods, or services) in exchange for any sexual conduct and facilitating, permitting, or aiding in any way the use of a child in any pornographic or sexually provocative material. They also include any acts that constitute the crime of prostitution, advertisement for escort services, and employment in any adult oriented business or permitting a child to remain therein. The physical movement of a child is not required.

Physical Abuse: This includes any crime or attempted crime of a physical injury or neglect involving a child victim, whether the identity of the victim is known or unknown. Specifically, it includes but is not limited to physical abuse and neglect crimes against children specified in ORS chapter 163. It also includes any crimes that are within the scope of "Karyl's Law" (ORS 419B.023) and any crime that causes or attempts to cause a physical injury or neglect or concerns of a physical injury or neglect.

Sexual Abuse Cases: If the sexual abuse is reported within 84 hours of the incident, CARES NW should be contacted immediately to determine whether or not the child needs an urgent medical evaluation. If the report is made after hours, the child should be taken to Randall Children's Hospital at Legacy Emanuel (RCH) emergency room. If that is not an option, the preferred alternative is Doernbecher Children's Hospital emergency room at Oregon Health and Science University (OHSU). If a forensic medical examination needs to occur, it is vital that the examination occur as soon as possible to improve the chances of collecting evidence. If the sexual abuse happened more than 84 hours prior to the report, CARES Northwest should be contacted as soon as possible in order to schedule a non-urgent evaluation at CARES Northwest. **[See appendices for Case Consultation and CARES NW Sexual Abuse Guidelines for Referral].**

Investigations continued

Child Sex Trafficking and Commercial Sexual Exploitation of Children (CSEC) Cases:

The procedures outlined for sexual abuse cases apply to Child Sex Trafficking and CSEC cases. See above and see appendices for Case Consultation and CARES NW Sexual Abuse Guidelines for Referral. Given the complicated and diverse nature of these cases, however, there may be a need to deviate from the protocols when necessary on a case-by-case basis using your professional discretion and upon consultation where appropriate.

Physical Abuse Cases: If a person conducting an investigation under ORS 419B.020 observes a child who has suffered a suspicious physical injury and the person has a reasonable suspicion that the injury may be the result of abuse, Karly's Law (ORS 419B.022 and 419B.023) is triggered. At that point, the investigator shall immediately photograph or cause to have photographed the suspicious physical injury/injuries in accordance with ORS 419B.028 **and** the child must receive a medical evaluation within 48 hours. **[See appendices for Karly's Law, Child Physical Abuse Investigation Flow Chart, Child Abuse Investigative Checklist for Physical and Sexual Abuse Cases, Designated Medical Professional, CARES NW Physical Abuse Guidelines for Referral, Case Consultation, and Karly's Law Guide and Handout for Non-Designated Medical Professionals].**

Drug Endangered Children Cases: When there is reason to believe a child has been exposed to dangerous chemicals such as those found in a chemical drug lab, the investigator shall make arrangements to have the child tested for chemical exposure to harmful substances as soon as possible and not later than 24 hours after learning of the exposure. Refer to the Drug Endangered Children (DEC) Protocol if a child is found in an environment where methamphetamine and/or other illegal substances are produced, sold, or consumed **[See DEC Protocol and appendix for CARES NW Neglect Guidelines for Referral].**

Child Care Facility: If the alleged abuse occurred at a child care facility, DHS or LEA will notify, when appropriate, the parents or guardians of all children attending the facility to discuss the concerns and the ongoing investigation. DHS and LEA will also jointly notify the Child Care Division (CCD) if the facility is licensed through the state.

Suspicious/Unexpected Child Death Cases: In the event of a suspicious or unexpected child death, LEA will contact the on-call DDA immediately. LEA shall notify DHS of all unexpected or suspicious child deaths **[See Case Consultation and/or Community Resources List appendices].**

Victim Interview

- Duplication of interviews should be avoided when possible.
- Age-appropriate interview techniques and tools should be used by the investigator to facilitate communication with the child consistent with legally accepted standards and the *Oregon Interviewing Guidelines*.
- Interviews should occur in a neutral, non-threatening environment.

INVESTIGATIONS CONTINUED

Victim Interview continued:

- If a school or child care facility is the site of an interview, the investigator may make prior arrangements with school administration or a person in charge. Person(s) present during the interview shall be determined by the investigator.
- Investigators should obtain a release of medical records from a parent or guardian.

Suspect Interview

- The suspect should be interviewed by LEA as soon as possible and appropriate.
- The objective of the interview will be to further investigate the allegations.
- If the alleged offender admits any of the allegations, the investigator should conduct the interview in a manner that will be admissible in court.
- The suspect should be apprised of possible charges and that final charges will be the decision of the DDA.
- The suspect should be warned to have no contact with the victim (and potentially all minors) until the investigation is completed.
- DHS may make contact with the suspect as needed to establish a safety plan or to determine the need for protective custody.

Reports

- LEA will prepare and forward completed reports to the DA's Office, DHS, and, when appropriate, to the Juvenile Department.
- The reports should address, to the extent known, all of the elements of the crime(s) charged or alleged.
- LEA will consult with the DA's Office before issuing a press release, factoring in community safety, the likelihood of additional victims, and the privacy of the victim(s). Whenever possible, information that would identify the victim will be withheld.

DHS

Critical Incident Response Team

DHS shall assign a Critical Incident Response Team (ORS 419B.024) within 24 hours after the department determines that a child fatality was likely the result of child abuse or neglect if:

- the child was in the custody of DHS at the time of death; or
- the child was the subject of a child protective services assessment by DHS within 12 months prior to the fatality.

During the course of its review of the case, the Critical Incident Response Team may include or consult with the District Attorney from the county in which the incident resulting in the fatality occurred.

DHS shall adopt rules necessary to carry out the provisions of this section. The rules adopted by DHS shall substantially conform with DHS protocol regarding Notification and Review of Critical Incidents.

High Risk Committee

- A high risk tracking and review system is intended to identify and ensure close monitoring and tracking of the highest risk cases that DHS serves.
- Cases to be considered for High Risk Case Review designation are those cases in which, at a minimum:
 - critical injuries have occurred,
 - a permanent or serious impairment may have occurred,
 - there has been a death or critical injury to another child in the family, and
 - other cases as deemed appropriate by DHS.
- Cases will be considered for High Risk Case Review designation at regularly scheduled high risk screenings held by DHS.
- Screenings are provided as often as needed to ensure proper coverage and responsiveness.
- Persons having information pertinent to the decision being made on a high risk case are to be invited by DHS Child Welfare staff to participate in the appropriate review. If they are unable to attend, they will be requested to provide input orally or through a written report which should include risk factors, permanency issues, and recommendations.
- Summaries are distributed to the caseworker and the supervisor.

High risk cases may also be reviewed by the MDT.

Consent to Leave Home

- A parent, guardian or caregiver who consents to leave the family home during a child abuse investigation (ORS 418.800) may ask the district attorney responsible for the MDT for a review of the case by the team.
- No later than 90 days after receiving a request, the team shall review the case.

DHS continued

Consent to Leave Home continued

- The request for review will be forwarded to the MDT coordinator.
- The MDT coordinator shall schedule a case review at a regularly scheduled MDT meeting and will notify interested parties.
- The MDT coordinator will provide a written summary of the proposed timeline for completing the investigation to the person who requested the review.

CROSS-REPORTING

LEA Cross-Report to DHS

- When a report of child abuse, as defined in ORS 419B.005(1), is received by LEA, LEA must cross-report to the local office of DHS in the county where the report was made.
- LEA must cross-report to DHS immediately when LEA determines that a joint immediate response is necessary.
- All other reports of child abuse must be cross-reported to DHS no later than the end of the next business day after LEA receives the report.
 - This level of cross-reporting must be done in one of the following ways: verbal report, electronic transmission, or hand-delivery.

Suspicious/Unexpected Death or Hospitalization

- The DA's Office shall be notified immediately by LEA of cases involving the suspicious or unexplained death or hospitalization of a child.
- LEA shall notify DHS of all unexpected child deaths.

Notification to Child Care Division

- DHS and LEA shall immediately and jointly notify the Child Care Division (CCD) if the alleged child abuse occurred in a child care facility as defined by ORS 657A.250.
- DHS and LEA shall jointly determine the roles and responsibilities of both entities.
- DHS and LEA shall then jointly report the result of the investigation to CCD.
- If the CCD is notified that an alleged incident of child abuse occurred in a child care facility, they shall immediately notify LEA and DHS.

DHS Cross-Report to LEA

- When a report of child abuse, as defined in ORS 419B.005(1), is received by DHS, they must cross-report to the appropriate law enforcement agency (LEA) in the county where the report was made.
- If the abuse occurred in a different county, the screener must cross-report a second time to the LEA in the county where the alleged abuse occurred.
- DHS must cross-report to LEA on the **same day** if the screener determines that a report of alleged child abuse requires an **immediate response** by DHS and/or immediate notification to LEA.

This includes, but is not limited to any reports of:

- moderate to severe physical abuse;
- visible injuries to a child;
- sexual abuse; or
- suspicious or unexpected death of a child.

Cross-Reporting continued

DHS Cross-Report to LEA cont.

- The report must be made in one of the following ways: verbal cross-report (if DHS and LEA do not respond together, a completed screening report must be sent to LEA), electronic transmission, or hand-delivery.
- All other reports of child abuse, including reports assigned for DHS assessment and closed at screening, must be cross-reported within a timeframe that ensures the receipt of the cross-report by LEA no later than **10 days** after DHS receives the report.
- The report must be made one of the following ways: electronic transmission, hand-delivery, or mail.

Supplemental Reports

DHS may receive information not previously cross-reported but apparently related to a report of child abuse involving the same victim and same alleged perpetrator that has been previously cross-reported.

- If the information is related to the same incident of abuse, the screener must make a supplemental cross-report of the additional information to each LEA that received the prior cross-report.
- Supplemental information that is determined to be critical, given the information in the original report, must be cross-reported immediately.
- All other supplemental information must be cross-reported within a timeframe that ensures the receipt of the information by LEA no later than 10 days after the information was received by DHS.

Format

- In order for LEA to quickly and easily prioritize reports and respond accordingly, all written cross-reports from DHS must have a cover sheet with the following information:
 - date and time of cross-report
 - how the cross-report is made
 - if additional cross-reports occurred
 - to what agencies the cross-report was sent
 - name and number of screener (or designee) making the cross-report
 - whether the report was assigned or not assigned
 - name and number of the assigned caseworker
 - cross-reporting timeframe
 - if the report is an original or follow-up cross-report
 - date of the original cross-report if it is a follow-up cross-report

PROSECUTION OF CHILD ABUSE CASES

Pre-filing Investigation

- Investigation of child abuse cases is done by members of the MDT.
- Collaboration between investigating parties is encouraged.
- Best efforts at compliance with these protocols are encouraged.
- The DA's Office has general authority to direct an investigation which may lead to criminal charges.
- LEA advises the DA's office as to the nature and status of the investigation.
- DHS/LEA may consult with the DA's office regarding any special problems that arise during the investigation.
- Investigations should, in general, be conducted in accordance with this protocol and with any applicable protocols of the investigating agency.
- DHS and LEA should cooperate in obtaining additional evidence, when appropriate, at the direction of the DDA, recognizing that the DA's Office has a very limited investigative staff.
- The DDA will consider any information provided by DHS, LEA, and the child's family (if the family is supportive of the child).
- DHS should cooperate fully with the DDA in providing records for discovery purposes in accordance with proper procedures.

Initiation of Legal Proceedings

- The DA's Office has sole discretionary responsibility for the initiation of legal proceedings.
- The DA's office agrees to collect all available information from DHS and LEA prior to deciding whether or not to prosecute. The decision will be based on all available information from those and/or other agencies and individuals.
- The DA's office may request additional investigation, including additional contact with the child and the child's family, as deemed necessary.
- The DA's office may suggest, when appropriate, other avenues of investigation prior to declining prosecution.
- It may be necessary for the DDA to meet with the child to assess competency.
- In determining whether or not charges will be filed, the DDA will consider the following, non-exclusive factors:
 - whether the facts and law support the charge(s)
 - nature of the conduct
 - the victim's ability to testify
 - the victim's statements
 - the defendant's statements
 - physical evidence regarding the allegations
 - witness statements
 - availability of expert testimony
 - legal issues
 - completeness of the investigation
 - suspect's criminal history

Prosecution continued

If prosecution is declined:

- The DA's Office agrees to provide to LEA a written statement of why prosecution was declined.
- If the DA's Office is aware of DHS involvement, notification of the decision to decline prosecution will be provided to DHS.
- The DA's office will reevaluate a case for prosecution if additional information comes to the attention of law enforcement that is of evidentiary or of legal significance.

if prosecution is accepted:

- The DA's Office has the sole responsibility for the determination of appropriate charges to file and/or submit to the Grand Jury for consideration.
- This responsibility is independent of whether or not the suspect was arrested and what, if any, charges were the basis of arrest.
- The act of filing charges is not a commitment to pursue the charges where new or additional charges preclude the likelihood of conviction or otherwise affect the achievement of a just result.
- Cases involving only misdemeanor charges will be charged by the prosecuting attorney.
- Cases involving felony charges will be presented either at Preliminary Hearing or to the Grand Jury, as governed by the DA's Office policy.
- Expert testimony should be used as necessary.

Grand Jury

- It is recognized that Grand Jury preparation is limited due to time constraints.
- Whenever appropriate the victim will testify.
- It is important that the victim and victim's family understand that the video recorded interview at CARES Northwest cannot be used in place of live testimony at Grand Jury or trial.
- No persons besides the DDA (and an interpreter if necessary) shall accompany a child witness in the Grand Jury room while the child is testifying before the Grand Jury.
- If it were manifestly necessary for another person to be present during the Grand Jury proceeding and the DDA expressly consents to the presence of the witness, then a Court Order authorizing the presence of the other person will be sought by the DDA.
- No person accompanying a child witness at the Grand Jury shall participate in any way during the proceeding.
- If DHS has physical custody of the child witness:
 - The DDA will notify the DHS caseworker of the Grand Jury date and time;
 - The caseworker will need to facilitate attendance of the child and arrange transportation;
 - The caseworker should ensure the child is present at the DA's Office in a timely manner in order to facilitate pre-Grand Jury meeting with the prosecutor;

Prosecution continued

Grand Jury cont.

- The caseworker may attend the meetings with the child;
- The caseworker should briefly explain the Grand Jury process to the child but the DDA will fully explain the process; and
- The caseworker should communicate to the DDA any reaction the child has to testifying at Grand Jury.
- When access to the child is hindered, the DDA should decide how to proceed after conferring with the caseworker and investigator.
- If DHS is not involved, the DDA should coordinate attendance with help from the victim's assistance staff.
- The DDA shall personally accompany the child witnesses to and from the Grand Jury room.
- The DDA should advise the child, supportive family members, and concerned agency persons of the outcome of Grand Jury proceedings, as allowed by law.

Criminal Trials

- Presentation of the State's case is the responsibility of the DDA.
- Evidentiary considerations are the responsibility of the DDA.
- The DDA will determine the ability and competency of any child witness to testify at trial.
- All MDT members shall fully coordinate and cooperate with the trial proceedings.
- It will be assumed that, until the alleged offender pleads guilty, the child victim will probably be testifying in court.
- All witnesses are prepared for trial by and at the direction of the DDA. This includes DHS and LEA representatives.
- The DA's Office will contact DHS or parent(s) as appropriate to arrange for preparation of child witnesses and child victims.
- The DDA and DHS or victim's assistance staff will determine support persons available for the child, non-offending parent or guardian, and other witnesses, which may include the child's therapist.
- The DDA, victim's assistance staff, and other support persons will work with the child victim to prepare the witness for testifying.
- The DA's Office should consult with DHS about the needs of DHS clients, including support, preparation for testimony, and transportation.
- DHS and victim's assistance staff may help with meeting any special needs of the child (or non-offending parent/guardian and other testifying witnesses).

Procedures in Juvenile Cases

- The LEA report shall be sent to DHS immediately.
- All child abuse reports involving juvenile offenders shall be sent directly to administrative assistant for the DDAs assigned to juvenile cases, and a copy shall be sent to the Juvenile Department.

Prosecution continued

Procedures in Juvenile Cases cont.

- If a juvenile age 12 or older is the suspect in non-measure 11 case, a DDA assigned to juvenile unit of the DA's office shall decide whether a petition should be filed.
 - This decision should be made after consultation with the Juvenile Department.
- In measure 11 cases, it shall be the sole responsibility of the DA's Office to determine charges.
- If a juvenile, age 10 or 11, is the suspect in a report of sexualized behavior, the reports may be referred to the Sexually Acting Out Children Committee (SAOC) [**See Sexually Acting Out Children (SAOC) Protocol appendix**].
- If the juvenile suspect is under 10 years of age, reports of sexualized conduct will be forwarded to the SAOC.
- DHS and Juvenile Department policies should establish practice guidelines for representatives of those agencies regarding court hearings involving court jurisdiction and disposition in dependency and/or delinquency matters.

Dependency Cases (juvenile is a victim)

- DHS and the DDA (if requested) will review on a case-by-case basis.
- A Child Abuse DDA is available by phone 24/7 and may be called for consultation [**See Case Consultation appendix**].
- The determination of specific allegations and wording of the petition shall be the responsibility of the party initiating the petition (including private party petitions).
- The DDA may later amend any petition in any case in which he/she is involved.
- It is recognized that, by law, any party may file a petition.

COMMUNITY CORRECTIONS

Pre-Sentence Reports

Parole and probation will conduct pre-sentence investigations (PSI) and prepare Pre-sentence Reports when such reports are requested by the Court.

- The mental health provider may be contacted to determine the offender's treatment status.
- The offender will be interviewed to include his/her version of the offense in the PSI.
- DHS or the non-offending parent/guardian may be contacted regarding the victim's treatment needs.
- If the victim is a minor, no direct contact with the victim will be made by the pre-sentence investigator without the prior permission of the parent/guardian. If permission is not granted, the report writer will interview the parent/guardian.
- Disclosures of new crimes reported in the PSI process will be promptly reported to the DDA handling the case.
- Sentencing recommendations will be made to the Court.

Post-Conviction Supervision and Treatment

Parole and probation will also supervise the offender's progress and participation in treatment.

- The treatment provider must be approved.
- The releasing authority (Court, prison, etc.) will be notified of violations, and appropriate sanctions will be recommended.
- Scheduling of plethysmograph and polygraph exams will be coordinated (unless covered in treatment program).
- The offender will be directed to pay treatment costs for themselves and victim(s).
- The parole/probation officer will act as casework coordinator for the therapists of the victim and the offender, when appropriate and requested by the victim.
- Drawing of blood for DNA profiling and HIV testing, when appropriate, will be coordinated.
- The requirements and procedures of sex offender notice (ORS 181.806 and 181.807) will be explained to sex offender clients.
- Community notification of qualified offenders as deemed appropriate under current laws and Community Corrections policy will be conducted.

MEDICAL EVALUATIONS

- Children from birth through the age of 17 should be referred to CARES Northwest for a medical evaluation.
- This referral applies to all children suspected of having been victims of sexual abuse, physical abuse, emotional abuse, neglect, exposure to domestic violence and critical incidents, and drug endangered children.
- CARES Northwest is open Monday-Friday, 8:00am-5:00pm; medical consultation by phone is available 24 hours a day, 7 days a week [**See Case Consultation and CARES NW Guidelines for Referrals appendices**].
- If a child or adolescent needs urgent medical attention during the hours that CARES Northwest is closed (weekdays after 5:00 pm; weekends), the child should be taken to the Randall Children's Hospital (RCH) emergency room for evaluation. If that is not an option, the child can be taken to Doernbecher Children's Hospital emergency room at OHSU. For non-urgent medical evaluation, CARES Northwest should be contacted to help determine the appropriate time and place for the child to have a medical evaluation. If a child is initially seen at a primary care office or an emergency room other than RCH, this medical evaluation does not mean that the child has had an adequate medical evaluation for suspected child abuse and neglect. CARES Northwest should be contacted as soon as possible in order to determine the need for additional evaluation at CARES Northwest. [**See Case Consultation, Karly's Law, Karly's Law Guide and Handout for Non-Designated Medical Professionals, Child Physical Abuse Investigation Flow Chart, and Child Abuse Investigative Checklist for Physical and Sexual Abuse Cases appendices**].

Sexual Abuse: In cases of child sexual abuse, assess if the child or adolescent has had contact with the alleged offender within the past 84 hours. If so, the child or adolescent should be seen as soon as possible either at CARES Northwest or at an ED with specific training/expertise in the Sexual Assault Forensic Examination (SAFE) kit [**See CARES NW Guidelines for Referral, Case Consultation, and Community Resources List appendices**].

Physical Abuse: When a child has a suspicious physical injury and the investigator has a reasonable suspicion that the injury may be the result of abuse, the injury must be immediately photographed. The photographs should be taken by either the investigator or the medical professional. Anogenital photographs should only be taken by the medical professional.

- The child or adolescent must have a medical assessment by the Washington County Designated Medical Professional (DMP), which is CARES Northwest, or the designee of CARES Northwest [**See Designated Medical Professional appendix**].
- If, for whatever reason, the child or adolescent is unable to be seen by the DMP or its designee, the child or adolescent still needs a medical assessment within 48 hours.

MEDICAL EVALUATIONS CONTINUED

- If the child or adolescent is seen at an alternative medical facility, the medical records and photographs associated with that visit must be sent to CARES NW within 72 hours for consultation [**See Karly's Law Guide and Handout for Non-Designated Medical Providers, Karly's Law, Child Physical Abuse Investigation Flow Chart, Child Abuse Investigative Checklist for Physical and Sexual Abuse Cases, and Case Consultation appendices**].

CARES Northwest Interview: Most children 4 years of age and older participate in a video recorded interview at CARES Northwest as a part of the complete medical evaluation. Even if a child or adolescent has had a screening medical assessment elsewhere, a referral to CARES Northwest for follow-up medical care and a complete interview is beneficial to assess the overall health and safety of the child.

CASE TRACKING

CARES Northwest is an accredited member of the National Children's Alliance (NCA), a membership organization that works to ensure all NCA member agencies continue to operate high-quality programs with a strong commitment to helping children and to meeting nationally recognized standards for child abuse intervention.

The NCA standard for case tracking requires centers to develop and implement a system for monitoring case progress and tracking case outcomes for all team components. NCA requires CARES Northwest to report case outcome data to the NCA in January and July of each year.

In order to meet this standard, CARES Northwest will work with the Department of Human Services (DHS) and the District Attorney's Office (DA) as follows:

DHS:

- CARES Northwest will provide case/sequence numbers four times a year, on an Excel spreadsheet, sent via secured email, requesting end-of-quarter information (e.g., for patients seen Jan-March, case/sequence information will be provided in April).
- Designated staff from DHS will respond with the requested data within two weeks of receiving the information from CARES Northwest.

Washington County DA:

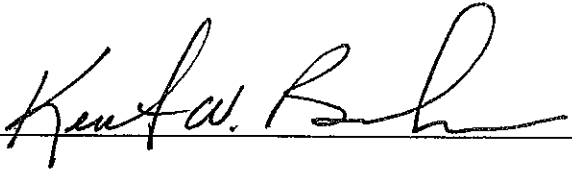

- CARES Northwest provides a list to the MDT Coordinator who then collects prosecution outcome data on perpetrators within the jurisdiction of Washington County.

Following the January and July submission of the data to the NCA, CARES Northwest will present the outcome data to the MDT for review and discussion.

Karly's Law

If a person conducting an investigation under ORS 419B.020 observes a child who has suffered a **suspicious physical injury** and the person has a **reasonable suspicion that the injury may be the result of abuse**, Karly's Law (ORS 419B.022 and 419B.023) is triggered and the person shall immediately:

- Photograph or cause to have photographed the suspicious physical injuries in accordance with ORS 419B.028.

The person taking the photographs or causing the photographs taken shall, **within 48 hours or by the end of the next regular business day (whichever occurs later)**:

- Provide hard copies of prints of the photographs and, if available, copies of the photographs in an electronic format to the designated medical professional (CARES NW's secure email address is caresnwintake@lhs.org) and
 - Place hard copies or prints of the photographs and, if available, copies of the photographs in an electronic format in any relevant files pertaining to the child maintained by LEA or DHS.
- Ensure that a designated medical professional conducts a medical assessment within 48 hours, or sooner if dictated by the child's medical needs **[See Designated Medical Professional appendix]**.

If a designated medical professional is not available, the child shall be evaluated by an available medical professional.

If the child is evaluated by other than the designated medical professional, the evaluating physician, physician's assistant, or nurse practitioner shall make photographs, clinical notes, diagnostic and testing results and any other relevant materials available to the designated medical professional for consultation **within 72 hours following the evaluation of the child [See Karly's Law Guide and Handout]**.

The person conducting the medical assessment may consult with and obtain records from the child's regular pediatrician or family physician under ORS 419B.050.

Nothing in this section prevents a person conducting a child abuse investigation from seeking immediate treatment from a hospital emergency room or other medical provider for a child who is physically injured or otherwise in need of immediate medical care.

Nothing in this section limits the rights provided to minors in ORS chapter 109 or the ability of a minor to refuse to consent to the medical assessment described in this section.

Karly's Law continued

The above requirement shall apply each time suspicious physical injury is observed by DHS or LEA during the investigation of a new allegation of abuse or if the injury was not previously observed by a person conducting an investigation under ORS 419B.020 and regardless of whether the child has previously been photographed or assessed during an investigation of an allegation of abuse.

The definition of suspicious physical injury includes the following:

- burns or scalds
- extensive bruising or abrasions on any part of the body
- bruising, swelling, or abrasions on the head, neck, or face
- fractures on any bone in a child under the age of three
- multiple fractures in a child of any age
- dislocations, soft tissue swelling, or moderate to severe cuts
- loss of the ability to walk or move normally according to the child's developmental ability
- unconsciousness or difficulty maintaining consciousness
- multiple injuries of different types
- injuries causing serious or protracted disfigurement or loss or impairment of the function of any bodily organ
- any other injury that threatens the physical well-being of the child

[See Child Physical Abuse Investigation Flow Chart for use as an additional resource].

Karly's Law Guide and Handout for Non-Designated Medical Professionals

The statutes from House Bill 3328 have specific requirements regarding the handling of cases involving suspicious physical injury (as defined in Section 3 (1)(b) of the bill) that must be met by law enforcement, the Department of Human Services (DHS), and medical providers. Suspicious physical injury includes, but is not limited to:

- Burns or scalds;
- Extensive bruising or abrasions on any part of the body;
- Bruising, swelling or abrasions on the head, neck or face;
- Fractures of any bone in a child under the age of three;
- Multiple fractures in a child of any age;
- Dislocations, soft tissue swelling or moderate to severe cuts;
- Loss of the ability to walk or move normally according to the child's developmental ability
- Unconsciousness or difficulty maintaining consciousness;
- Multiple injuries of different types;
- Injuries causing serious or protracted disfigurement or loss or impairment of the function of any bodily organ; or
- Any other injury that threatens the physical well-being of the child.

When a suspicious physical injury has been identified, the following procedures will take place:

Photographs:

Photographs must be taken each time suspicious physical injury is observed by DHS or law enforcement, regardless of whether the child has previously been photographed for a different injury (Section 3 (2)(a)).

- These photos shall be placed in relevant law enforcement, DHS, and medical files within 48 hours (Section 5 (2)(b)).
- These photos shall be provided to a designated medical professional within 48 hours (Section 5 (2)(a)).

Medical Assessment:

A Designated Medical Professional (DMP), or their designee, must conduct a medical assessment within 48 hours (Section 3 (2)(b)). However, if after a reasonable effort, law enforcement or Department of Human Services personnel are unable to get the child seen by the DMP or their designee, the child must be seen by any available physician (Section 3 (4)(a)).

Should the child see anyone **other** than the DMP or their designee, the following requirements and timelines will apply:

- The medical professional shall make photographs, clinical notes, diagnostic and testing results and any other relevant materials available to the designated medical professional within 72 hours following the evaluation of the child (Section 3 (4)(b)). *(This disclosure is authorized by HIPAA, which provides that covered entities may disclose protected health information about an individual whom the covered entity reasonably believes to be a victim of abuse or neglect to the extent the disclosure is required by law. 45 CFR 164.512(c)(1).)*
- The medical professional may consult with and obtain records from the child's regular pediatrician or family physician (ORS 419B.050).
- The medical professional may, within fourteen days, refer children under five years of age for a screening for early intervention services or early childhood special education. This referral may NOT indicate the child is subject to a child abuse investigation (Section 3 (6)).

Services Summary

Program Description and Guidelines for Referral

CARES (Child Abuse Response and Evaluation Services) Northwest is a collaborative, community-based center for the medical assessment and treatment of children exposed to sexual abuse, physical abuse, neglect, and /or domestic violence. The four health care systems participating in the center are: Kaiser Permanente, Randall Children's Hospital at Legacy Emanuel, OHSU-Doernbecher Children's Hospital, and Providence Health & Services.

The staff of CARES Northwest provides neutral medical evaluations and specialized interviewing for suspected victims of child abuse for the purpose of medical diagnosis and treatment. The comprehensive evaluation includes gathering a detailed medical and social history, assessing the child's exposure to a variety of risk factors, a medical exam, and a forensic interview.

SERVICES AREA: CARES Northwest provides services to children and families living in Multnomah and Washington Counties or to other families, if an alleged crime occurred in these counties. CARES Northwest also provides services to families in Clackamas County and in SW Washington who are covered by Kaiser Permanente medical insurance. Cases not meeting these criteria are reviewed by staff and a decision is then made to see the child[ren] on a case-by-case basis.

AGE OF CHILDREN EVALUATED: CARES Northwest provides medical evaluations to children from birth through 17 years of age. Children 18 years of age and older are seen if they have special needs such as developmental delay, language, or hearing problems or need the specialized setting provided at CARES Northwest. Determination to see older children is made on a case-by-case basis by staff.

TYPES OF APPOINTMENTS AVAILABLE: A medical diagnosis of child abuse is made based on the medical-social history, a physical exam, and the child's statements. All children seen at CARES Northwest have a physical exam as part of their evaluation regardless of the nature of the alleged abuse or how long ago it occurred, unless they have had a recent and thorough exam by their medical provider or in an emergency department. In certain situations, a child may require a second exam.

1. **EXAMINATION & CONSULTATION** (any one of these five criteria may apply):
 - a. Child is under four years of age and/or verbal skills are not developmentally adequate for videotaped interview.
 - b. Child (age 4 and older) has been fully interviewed by the Department of Human Services (DHS) and/or law enforcement. (Generally, we do not re-interview a child who has already made a complete disclosure to an investigating agency.)
 - c. Child has previously made a detailed, well-documented disclosure and is in counseling.
 - d. Child makes no disclosure but is at high risk for abuse and/or neglect.
 - e. Child has not had a complete physical exam.
2. **INTERVIEW & MEDICAL CONSULTATION** (All three criteria must be met):
 - a. Child four years of age or older with good verbal skills and making some disclosure.
 - b. Previous exam by child's medical provider or in an emergency department setting.
 - c. Request from medical provider and agreement of law enforcement and DHS that CARES Northwest interview the child.
3. **EXAMINATION & INTERVIEW:**
 - a. Child four years of age or older with good verbal skills, making some disclosure, who needs complete diagnostic assessment.
 - b. Child has not had a complete physical exam.
4. **EMERGENCY/URGENT EVALUATION (INTERVIEW OR CONSULTATION & EXAMINATION)**

CARES Northwest holds an appointment open each day for emergency and/or urgent assessments. Emergency assessments typically involve cases of acute sexual or physical assault. Urgent assessments may be scheduled when further evaluation is necessary for DHS, law enforcement, a health care provider, or a mental health professional to establish an immediate treatment and/or protection plan for the child.

GUIDELINES FOR CHILDREN BROUGHT BY LAW ENFORCEMENT FOR ACUTE SEXUAL ASSAULT

1. **TIME:** The alleged sexual contact must have occurred within 84 hours of the time of the physical exam.
2. **SYMPTOMS:** An emergency exam may be appropriate if there is a history of genital or anal bleeding or of ejaculation on the child within the last 84 hours. The child should not bathe before the exam. Bedding used during the assault, clothing worn at the time of the assault, and clothing worn (particularly undergarments) following the assault should be brought in with the child.
3. **AGE:** Children from birth through age 17 should be seen at Children's Emergency Department at Randall Children's Hospital at Legacy Emanuel (503-276-9100). Children 15 and older may be seen at Children's Emergency Department at Randall Children's Hospital or OHSU Emergency Department (503-494-7551). Special circumstances will be considered (e.g., developmental delay, language or hearing problem, or the need for the specialized setting provided at CARES Northwest).

Emergency department visits will be for exam, forensic evidence collection, and social work consultation only. The emergency department physician and/or social worker should ask the child a few questions (who, what, when, where) about the assault if the child is willing to give a history. Forensic interviews will be conducted by law enforcement, DHS, or scheduled at CARES Northwest.

Sexual Abuse Guidelines for Referral

CARES Northwest is available to offer phone consultation triage weekdays 8:00 AM – 5:00 PM @ 503-276-9000, or after hours and weekends @ 503-413-2200 by requesting the on-call CARES Northwest staff member.

CARES Northwest has established the following guidelines for decision making regarding which sexual abuse cases could be seen at CARES Northwest for evaluation.

Children could be evaluated at CARES Northwest if they meet any of the following criteria:

1. A child **with a physical injury** suggestive of sexual abuse (e.g., vaginal or anal bleeding, tearing, bruising, abrasion, or abnormal findings on the anogenital exam).
2. A child **making statements describing sexual contact** by someone three or more years older than the child. The statements may be of current or past activity.
3. A child **making statements describing sexual contact** by someone, which reflects forceful/power differential or is coercive regardless of age difference.
4. A child **who is not making disclosures of sexual abuse**, but:
 - An observer has witnessed abuse of the child
 - A suspect has confessed to abusing the child
 - The child has been in an environment which is a very high risk (e.g. living with a convicted sexual offender)
 - The child's sexual behavior or knowledge is far beyond typical for his/her developmental level
 - The child tests positive for sexually transmitted infection
 - Other evidence of abuse of the child is available (e.g. pornography, internet solicitation, etc)
 - Sibling of a child who has been abused and who is exposed to the alleged offender

Children should be seen on an urgent basis if:

- Sexual contact has occurred within the last 84 hours
- There is disclosure of recent abuse and the child has anogenital complaints (e.g. injury, pain, bleeding, discharge, or current symptoms indicating a possible sexually transmitted disease)

CARES Northwest has established the guidelines for decision making regarding which sexual abuse cases could be seen at CARES Northwest for evaluation. Please call Intake staff to discuss specific referrals.

Physical Abuse Guidelines for Referral

CARES Northwest is available to offer phone consultation triage weekdays 8:00 AM – 5:00 PM @ 503-276-9000, or after hours and weekends @ 503-413-2200 by requesting the on-call CARES Northwest staff member.

CARES Northwest has established the following guidelines for decision making regarding which physical abuse cases could be seen at CARES Northwest for evaluation.

Children could be evaluated at CARES Northwest if they meet any of the following criteria:

1. A child **with an acute physical injury** caused by other than accidental means. Injuries would include bruises, burns, scarring, welts, lacerations and fractures.
2. A child who is **reported to have been physically abused in a manner that could be expected to cause an injury that might not be visible**. For example, an infant who has been shaken but has no external evidence of abuse, or a toddler who has been kicked in the abdomen and has no external evidence of abuse.
3. A child **making clear disclosures of past physical abuse**, even with no obvious old or new injuries.
4. A child whose **sibling suffered serious injury**, when there is concern that other children in the family may have been physically abused. In particular, a child too young to disclose abuse should be referred.

Additional Considerations

Physical abuse **cases involving acute injuries should be seen for a complete physical examination by CARES Northwest or by a qualified medical provider as soon as possible**. In addition to clear, detailed photographs and documentation being taken immediately by a representative from law enforcement or child protective services, the child needs to be referred to a health care provider for evaluation within 48 hours. Assessing for additional injuries, fractures, and blood disorders can only be accomplished by a health care provider.

CARES Northwest has established the guidelines for decision making regarding which physical abuse cases could be seen at CARES Northwest for evaluation. Please call Intake staff to discuss specific referrals.

Neglect Guidelines for Referral

CARES Northwest is available to offer phone consultation triage weekdays 8:00 AM – 5:00 PM @ 503-276-9000, or after hours and weekends @ 503-413-2200 by requesting the on-call CARES Northwest staff member.

CARES Northwest has established the following general guidelines for decision making regarding which neglect cases would be appropriate for further evaluation at CARES Northwest. Please call the Intake Department to review the specifics of the referral.

Definitions of neglect:

Negligent treatment or maltreatment of a child, including but not limited to, the failure to provide adequate food, clothing, shelter, or medical care that is likely to endanger the health or welfare of the child. OR Rev. Stat. §419B.005

Behavior by a caregiver that constitutes a failure to act in ways that are presumed by the culture of a society to be necessary to meet the developmental needs of a child and which are the responsibility of a caregiver to provide.

Straus, 2005

Families for whom [protective services] received at least three referrals in one year, four in two years, or five in three years. The referrals need not be founded, nor be of any specific type of abuse.

Wilson, Loman, 2007

CARES Northwest recognizes children can be neglected in the following ways:

Emotional Abuse Guidelines for Referral

CARES Northwest is available to offer phone consultation triage weekdays 8:00 AM – 5:00 PM @ 503-276-9000, or after hours and weekends @ 503-413-2200 by requesting the on-call CARES Northwest staff member.

CARES Northwest has established the following guidelines for decision making regarding which emotional abuse cases could be seen at CARES Northwest for evaluation.

CARES Northwest recognizes children can experience emotional abuse in the following ways:

- **Spurning** – belittling, degrading, shaming or ridiculing a child; singling out a child to criticize or punish; humiliating a child in public
- **Terrorizing** – committing life-threatening acts; making a child feel unsafe; threatening or perpetrating violence against child's loved ones or objects
- **Exploiting or Corrupting** – encouraging child to develop inappropriate behaviors; abandonment of developmentally appropriate autonomy; restricting cognitive development
- **Denying Emotional Responsiveness (Ignoring)** – ignoring or failing to express affection
- **Rejecting** – avoiding or pushing away
- **Isolating** – confining; unreasonable limitation on freedom of movement and social interaction
- **Unreliable or Inconsistent Parenting** – contradictory and ambivalent demands
- **Witnessing Family Violence** – domestic violence; a death or serious assault occurs in the home; lethal weapons are used to threaten or intimate family members (see additional guidelines on DV exposure)
- **Overpressuring** – imposing consistent pressure to grow up fast, achieve too early in academics, physical/motor skills, and/or social interactions; excessive expectations of child; punishment of age appropriate behavior

Children could be evaluated at CARES Northwest if a child is believed to have been harmed or put at risk of harm by:

- A **pattern** of any of the above behaviors which is suspected to have caused impairment of a child's emotional development or sense of self-worth
- An **isolated emotionally abusive episode** where a parent or caretaker demonstrated a single act of obviously emotionally abusive behavior or poor judgment
- **Multiple acts** of emotionally abusive behavior by a parent or caretaker, and the acts may be the result of factors beyond the parent's or caretaker's control (mental illness, extreme poverty, mental retardation, debilitating physical illness)

Information requested by CARES Northwest before an evaluation:

- Documentation of the acts of emotionally abusive behavior (DHS reports, police reports, mental health records, school reports, medical reports)
- Child assessments (psychological evaluations, developmental assessments, mental health assessments)

Domestic Violence Guidelines for Referral

CARES Northwest is available to offer phone consultation triage weekdays 8:00 AM – 5:00 PM @ 503-276-9000, or after hours and weekends @ 503-413-2200 by requesting the on-call CARES Northwest staff member.

CARES Northwest has established the following guidelines for decision making regarding which domestic violence cases could be seen at CARES Northwest for evaluation.

Children could be evaluated at CARES Northwest if they meet any of the following criteria:

1. A child **with an acute physical injury** incurred accidentally or intentionally during domestic violence to which s/he was exposed.
2. A child **making specific and clear statements about past injuries** to him/her (either accidental or intentional) during domestic violence, or who are exhibiting disturbed behavior or affect.
3. A child **making statements that s/he has been physically or sexually abused** in a setting where domestic violence has also occurred.
4. Children living in domestic violence households. These children might be seen even though they are making no specific statements about being abused if DHS, LEA, a health care provider, DV Advocate or mental health provider feel the evaluation process would be beneficial to establish a treatment and/or protection plan for the child. These cases would be triaged with CARES Northwest Intake staff.
5. Children from domestic violence households wherein **the threat of harm was extremely high**. Examples include:
 - Children whose parent or sibling was murdered as a result of domestic violence or who witnessed attempted murder such as choking or other serious assault.
 - Children who reside in a home with lethal weapons that were used to threaten or intimidate family members.
 - As in #4, these children might be seen at CARES Northwest even when they are making no statements about being abused themselves if DHS, LEA, a health care provider, or a mental health provider feel the evaluation process would be beneficial to establish a treatment and/or safety plan for the child. These cases would be triaged with CARES Northwest Intake staff.

SEXUALLY ACTING OUT CHILDREN (SAOC) PROTOCOL

PURPOSE

The following protocol outlines the response to referrals in which a child under the age of twelve is alleged to be acting-out in a sexually inappropriate manner. The objectives of this protocol are to establish a comprehensive and coordinated effort in the investigation, intervention, and prevention of further sexually acting-out behavior, and to establish a system-wide, consistent approach to these referrals.

PARTICIPATION

This protocol has been adopted by the Washington County Multi-Disciplinary Child Abuse Team (MDT), and applies to all participating members of the MDT. All agencies included in this protocol will encourage parents/guardians and/or complainants to report alleged incidents to police or the Department of Human Services (DHS).

REFERRAL PROCEDURE

Pursuant to ORS 419B.015, when a report is received by a police agency (LEA), they will notify DHS; and, when a report is received by DHS, they will notify the appropriate LEA. The DHS Intake Supervisor will screen all referrals. If the case does not meet the DHS Threat of Harm Screening Guidelines, the DHS Supervisor will refer the case to the Sexually Acting out Children Committee (SAOC) by notifying the MDT Coordinator. Those complaints involving children 10 years of age or older will be directed to a Deputy District Attorney (DDA) assigned to the Juvenile Court. A DDA assigned to the Juvenile Court will review referrals for prosecutorial merit. If declined, the DDA will refer reports to SAOC.

SAOC REVIEW

The SAOC Committee will be comprised of representatives of the following agencies:

- Department of Human Services
- Washington County Juvenile Department
- Washington County District Attorney's Office
- Washington County Law Enforcement Agencies
- Washington County Public Schools Representatives
- Washington County Multi-Disciplinary Child Abuse Team Coordinator
- CARES Northwest

An attendance roster, including a confidentiality statement, will be maintained by the MDT Coordinator.

SAOC Protocol continued

The MDT coordinator shall complete an SAOC Screening Face Sheet, attach it to reports, and send copies to the committee members to review prior to the meeting.

The SAOC will screen each referral received.

The SAOC will determine the response, based on a review of, but not limited to, the following:

- Police reports,
- DHS reports,
- CARES NW evaluations, and
- Other relevant information

The committee will determine the appropriate response from the following:

- Close the case
- Table for further review
- Send a letter to parent/guardian focusing on monitoring behavior and referral for treatment
- Refer to the Juvenile Department
- Refer to other agency for follow-up

The MDT Coordinator will maintain a record of each case reviewed by the SAOC, including SAOC recommendations and case outcomes.

The MDT Coordinator shall prepare quarterly reports summarizing SAOC Committee activity showing the number of cases reviewed, the nature of the allegations and the number of referrals. These reports will be submitted to the MDT.

This protocol will be reviewed, as needed, and may be amended by the SAOC Committee upon approval of the MDT.

Child Fatality Review Committee Protocol continued

Meeting

Meetings will be held quarterly, the third Monday of January, April, July, and October. If the third Monday is a holiday, the meeting will be on the fourth Monday of the month.

Attendance

If a member is unable to attend a meeting, a substitute should be selected to attend in their place. If a substitute is unable to attend, prior to the meeting, all available information about each fatality to be reviewed should be forwarded to the MDT Coordinator. Also, the MDT Coordinator shall attempt to invite the law enforcement officers involved in the investigation of the fatality to attend the meeting.

Confidentiality

See statement (attached)

Cases to be reviewed

All deaths of minors, aged 0-18, who reside in Washington County and/or the critical incident causing death occurred in Washington County, and in which there was a medical examiner report will be reviewed by the team. The medical examiner will provide a list of deaths to be reviewed and the accompanying reports. The list of fatalities will be sent to team members two weeks prior to the review to enable them to bring pertinent information to the review.

**WASHINGTON COUNTY PROTOCOL
FOR DRUG-ENDANGERED CHILDREN (DEC)**

Introduction and Purpose

Innocent children are sometimes found in environments where methamphetamine and other illegal substances are produced, sold, or used. Nationally, Drug Endangered Children (DEC) programs have been developed to coordinate the efforts of law enforcement, medical services, and child welfare workers to ensure that children who live in or frequent these sites receive appropriate attention and care.

This protocol has been prepared through a collaboration of allied agencies in Washington County to address a multi-disciplinary approach that provides intervention and assistance to drug endangered children. Although our community continues to experience a decrease in the numbers of clandestine methamphetamine lab seizures, an alarming number of children reside in homes where parents are involved in methamphetamine and/or other drug use, as well as criminal behavior, leaving the children extremely vulnerable to abuse, neglect, and endangerment.

This protocol provides for a coordinated interagency response to children who are exposed to the manufacture, sale, or use of illicit drugs.

Participants

Although each of the participants has different functions within the community, it is agreed that a coordinated, interagency response best advances the goal of child protection. Representatives from the following agencies have participated in the development and/or implementation of this protocol in Washington County.

Law Enforcement Agencies:

- Washington County Sheriff's Office
- Beaverton Police Department
- Cornelius Police Department
- Forest Grove Police Department
- Hillsboro Police Department
- King City Police Department
- North Plains Police Department
- Sherwood Police Department
- Tigard Police Department
- Tualatin Police Department
- Oregon State Police

Fire and Emergency Medical Service Providers:

- Hillsboro Fire Department
- Tualatin Valley Fire & Rescue
- Washington County EMS

Department of Human Services, Washington County

Randall Children's Hospital

CARES Northwest

Washington County District Attorney's Office

Washington County Community Corrections

Washington County Juvenile Department

Washington County Child Abuse Multi-Disciplinary Team

Washington County Commission on Children and Families

Definition of Protocol Responses

Level I Response: Initiated when children are found at clandestine drug laboratories or other drug manufacturing operations. The highest priority of this response is to determine and address the acute health and safety concerns of children as a result of exposure to drugs, toxic chemicals, and physical or sexual abuse. Other major concerns include the future health and safety of the children and their follow up care, along with the investigation of drug and child abuse or endangerment charges involving the parent or caregiver.

Level II Response: Initiated when children are exposed to the sale, use, or possession of controlled substances or found at marijuana manufacturing sites. The same priorities and concerns exist although urgency may be diminished.

Summary of Level I Response

The following is an overview of key actions that are important to secure the health and safety of drug endangered children found at clandestine drug laboratories or other drug manufacturing operations. In many situations, response from both Law Enforcement and Department of Human Services (DHS) will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. For more comprehensive descriptions of the protocols for each participant, refer to subsequent sections.

IMMEDIATE RESPONSE

Law Enforcement officers or DHS personnel who encounter **children with obvious injury or illness** will contact Fire/EMS for medical treatment and/or immediate gross decontamination prior to transport for hospital emergency care. (Currently, Randall Children's Hospital Emergency Dept. is preferred due to their expertise and willingness to participate in the DEC protocol.)

If not previously notified, Law Enforcement will contact DHS as soon as possible via the Child Abuse Hotline at (503) 681-6917 to initiate DHS 307 forms and summon on-scene response of a DHS worker. Likewise, DHS will contact Law Enforcement immediately if they are not already on-scene.

If not previously notified, the Westside Interagency Narcotics (WIN) Team will be contacted directly or through Washington County dispatch (503) 629-0111. The Law Enforcement Case Agent will also consult a trained child abuse investigator at the onset of the criminal investigation.

If children exhibit no acute medical symptoms—the WIN Team or the Clandestine Lab Enforcement Team (CLET) will coordinate on scene decontamination based on the child's exposure to chemicals. Minimally, this requires washing of exposed areas of the skin with water and soap and changing the child into clean clothes. DHS will provide assistance and a change of clothing.

DHS will provide non-emergency transport to Randall Children's Hospital Emergency Dept. (ED) for medical evaluation and urine methamphetamine testing. Urine should be collected within **two to four** hours if possible and tested to the limits of detection. The Law Enforcement Case Agent should provide a completed "Child Chemical Exposure Checklist" to DHS for presentation to ED staff. DHS shall attempt to notify the ED of transport as soon as possible by calling (503) 276-9191.

Randall Children's Hospital ED will address urgent medical issues, provide screening exam and order appropriate lab tests. Referrals to DHS Child Abuse Hotline and CARES NW will be made if concerns exist regarding physical or sexual abuse. Lab results will also be referred to CARES NW for assessment and follow-up.

FOLLOW-UP

DHS, CARES NW, and the primary care physician will coordinate medical, developmental, and mental health follow-up care for drug endangered children. The District Attorney and the Law Enforcement Case Agent will follow-up with evaluation of criminal prosecution of drug and child endangerment charges.

In the event that a child is not present at the location but appears to have been living at the scene, the Law Enforcement Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow up assessment of the child.

Summary of Level II Response

The following is an overview of key actions that are important to secure the health and safety of drug endangered children who are exposed to the sale, use, or possession of controlled substances or are found at marijuana manufacturing sites. In many situations, response from both Law Enforcement and DHS will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. For more comprehensive descriptions of the protocols for each participant, refer to subsequent sections.

IMMEDIATE RESPONSE

Law Enforcement officers will evaluate the child's access to controlled substances, physical condition, and the level of care being provided. If living conditions reasonably appear to jeopardize child's welfare, DHS will be notified via the Child Abuse Hotline at (503) 681-6917.

If need exists to place children in protective custody, DHS will determine the need for an immediate medical screening examination (in the case of obvious injury or illness as per the Level I Response.)

If no urgent medical issues are apparent, DHS personnel shall ensure the child receives appropriate laboratory screening. If indicated, urine collection for methamphetamine or other drug testing should occur within **two to four** hours if possible, and tested to the limits of detection. DHS shall contact CARES NW on-call medical staff at (503) 276-9000 within 24 hours of removal for further medical triage decision-making.

Law Enforcement Case Agent shall conduct the criminal investigation and assemble the case materials for presentation to the District Attorney's Office.

FOLLOW-UP

DHS, CARES NW, and the primary care physician will coordinate medical, developmental, and mental health follow-up care for drug endangered children. The Deputy District Attorney and the Law Enforcement Case Agent will follow-up with evaluation of criminal prosecution of drug and child endangerment charges.

In the event that a child is not present at the location but appears to have been living at the scene, the Law Enforcement Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow-up assessment of the child.

**LAW ENFORCEMENT
&
EMERGENCY SERVICES
PROTOCOL**

LAW ENFORCEMENT & EMERGENCY SERVICES LEVEL I RESPONSE:

Children Found at Clandestine Drug Laboratories or Other Drug Manufacturing Operations

Initial Law Enforcement Assessment: Law Enforcement officers who respond to a location where clandestine drug manufacturing is suspected and children are present shall quickly assess whether **children have obvious injury or illness**. If indications of injury or illness exist, they will summon Fire/Emergency Medical Service (EMS) immediately for medical treatment and/or immediate gross decontamination prior to transport to an Emergency Department (ED) Currently, Randall Children's Hospital is the preferred Emergency Department.

Immediate notification shall also be made to the Westside Interagency Narcotics (WIN) Team, and the Department of Human Services (DHS) via the Child Abuse Hotline at (503) 681-6917. The WIN Team will determine whether activation of the Clandestine Drug Enforcement Team (CLET) is required. The lead investigating officer shall be referred to as the "Case Agent."

Decontamination Assessment with Acute Medical Concerns: If children are in acute medical distress, emergency decontamination shall be performed by the responding Fire/EMS personnel to the extent necessary for EMS transport, with due regard to the physical and emotional effects such decontamination will have on the children. It is preferred that children be transported to the Randall Children's Hospital Emergency Department for continued care. (Randall Children's Hospital ED also has decontamination facilities available.)

Decontamination Assessment with NO Acute Medical Concerns: If children are NOT in acute medical distress, WIN/CLET personnel may determine the type of decontamination necessary, taking into consideration the medical needs of the children, and with due regard to the physical and emotional effects such decontamination will have on the children.

Two options for decontamination will be considered, either "wet" or "dry." "Wet decontamination" consists of clothing removal and a thorough cleansing of the skin and hair with water and soap or some type of cleansing agent. Wet decontamination shall be performed when the child has been grossly contaminated by chemicals involved in the drug manufacturing process. "Dry decontamination" consists of washing exposed areas of the child's skin with water and soap and changing the child into clean clothes.

In the event wet decontamination is required, WIN/CLET personnel will make all available attempts to provide a private environment in which a DHS worker or other suitable adult is present to assist and comfort the child. Children will be decontaminated prior to being transported to the ED unless medical instability requires immediate transportation. Clean clothing will then be provided for the child by the DHS worker on-scene.

DHS will notify Randall Children's Hospital Emergency Department at (503) 276-9191, as soon as possible regarding the number of drug-endangered children to be transported to the ED for medical evaluation and testing. DHS will arrange for the collection of urine for drug testing within **two to four hours** if possible.

Child Chemical Exposure Checklist: In all cases in which children are transported to Randall Children's Hospital's Emergency Department (ED) for medical evaluation and testing, a "Child Chemical Exposure Checklist" shall be completed. The Law Enforcement Case Agent is responsible for completion of the checklist but may choose to assign this task to another on-

scene staff member. The checklist is to be used to document information regarding potential chemical exposure and the level and type of field decontamination performed on the child. The checklist shall then accompany the child to the ED, or shall be transmitted as soon as practicable to the hospital, to facilitate a complete medical evaluation and comprehensive laboratory testing. The information may be provided to ED staff by phone. The Child Chemical Exposure Checklist is included in this document in the "Attachment" section.

Criminal Investigation: The investigation of the child endangerment case shall be conducted or coordinated by the law enforcement agency with jurisdiction. In many situations, response from both Law Enforcement and DHS will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. The Case Agent shall consult a trained child abuse investigator to ensure thorough documentation is made, including photographs of the child's access and exposure to the chemicals and other hazards associated with clandestine drug manufacturing. The Case Agent shall secure the child's clothing. Care shall be taken to be responsive to potential emotional trauma to the child. The Case Agent will make a determination whether the child will be interviewed by referring to their applicable department policy and the totality of the circumstances. DHS will be included whenever possible in the child interview process. The Case Agent shall also include with the case materials, the identity of the contaminated waste removal contractor, together with a copy of the contractor's manifest.

Suspected Physical Abuse: In all cases in which the physical abuse of a child is suspected, the Case Agent shall immediately notify the Child Abuse Hotline at (503) 681-6917, and document the notification. The Child Abuse Hotline shall cross-report this information to the appropriate Law Enforcement Agency (LEA). The Case Agent shall notify the law enforcement agency that has jurisdiction. The Case Agent and representative of the department with jurisdiction shall decide who will investigate the child abuse portion of the incident. If it is decided that the Case Agent will complete the investigation, the investigating officer must have the experience and knowledge to complete a thorough child abuse investigation. Cases will be evaluated and managed on an individual basis. Please refer to the Child Abuse MDT Protocol for further information.

Suspected Sexual Abuse: In all cases in which sexual abuse of a child is suspected, the Case Agent shall immediately notify the Child Abuse Hotline at (503) 681-6917, and document the notification. The Child Abuse Hotline shall cross-report this information to the appropriate Law Enforcement Agency (LEA). The Case Agent shall notify a child abuse detective sergeant or on-duty patrol sergeant of the law enforcement agency that has jurisdiction. If it is decided that the Case Agent will complete the investigation, the investigating officer must have the experience and knowledge to complete a thorough child sex abuse investigation. Cases will be evaluated and managed on an individual basis. Please refer to the Child Abuse MDT Protocol for further information.

Assembly of Criminal Case Materials: The Case Agent shall be responsible for assembling the investigative materials for presentation to the District Attorney's Office for prosecution of the child endangerment charges along with the underlying drug charges. These materials may include EMS reports, WIN/CLET reports, interviews, and, to the extent allowed by law, the DHS assessment and medical evaluation and testing reports.

If not previously provided, the Case Agent shall forward a copy of his/her investigative reports to DHS when the reports are submitted to the District Attorney's Office for prosecution.

Advanced DHS Notification: Whenever police have advance notice that children may be present at a location where clandestine drug manufacturing is suspected and the police intend to execute a search warrant or conduct a knock-and-talk investigation, they shall contact the Child Abuse Hotline at (503) 681-6917 to ensure that a DHS caseworker is available to assist the children, if necessary. An exact address is not required, but a general location and/or zip code should be provided. DHS shall provide to Law Enforcement, information from their database regarding prior child abuse or neglect referrals, vital records, and other government database information concerning the targets of the investigation when such information is to be used in furtherance of a joint Law Enforcement/DHS child endangerment investigation. This includes investigations into drug-related activities, which may pose dangers to children. If known, Law Enforcement will provide information regarding the ages and approximate clothing sizes of any children involved, to allow DHS to prepare for possible decontamination needs.

Child Placement: Temporary placement of a child is the responsibility of DHS-CW personnel. Law enforcement officers at the scene may assist DHS-CW in their evaluation of the best temporary placement by utilizing all available databases and other reasonable inquiries. If children are taken into protective custody, the Case Agent shall complete a custody report and fax the custody report to DHS by 9:00 a.m. the following day.

Follow up: In the event that a child is not present at the location but appears to have been living at the scene, the Police Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow-up assessment of the child.

LAW ENFORCEMENT & EMERGENCY SERVICES LEVEL II RESPONSE:

Children Exposed to the Sale, Use or Possession of Controlled Substances or Marijuana Manufacturing Sites.

Initial Law Enforcement Assessment: Officers who encounter children during the investigation of the sale, use, and/or possession of controlled substances or at marijuana manufacturing sites shall evaluate the children's access to the controlled substances, the physical condition of the children, and the level of care being provided to the children. If reasonable suspicion exists, DHS shall be notified through the Child Abuse Hotline at (503) 681-6917.

A child may be taken into **protective custody** when the child's living conditions or surroundings reasonably appear to jeopardize the child's welfare (ORS 419B.150). If a child is taken into protective custody, the police Case Agent will complete a custody report and provide to DHS-CW and Juvenile Court by 9:00 am the following business day.

If need exists to place children in protective custody, DHS will determine the need for an immediate medical screening examination (in the case of obvious injury or illness as per the Level I Response.) If no urgent medical issues are apparent, DHS personnel shall ensure the child receives appropriate laboratory screening. If indicated, urine collection for methamphetamine or other drug testing should occur within **two to four** hours if possible, and tested to the limits of detection. DHS shall contact CARES NW on-call medical staff at (503) 276-9000 within 24 hours of removal for further medical triage decision-making.

Criminal Investigation: In many situations, response from both Law Enforcement and DHS-CW will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed. The Case Agent shall document and photograph the scene. This should include the identity of the children found in or associated with the residence and their relationship to the responsible party; the circumstances in which the children were found; the physical condition and overall appearance of the children; the availability of essential food; the sleeping arrangements of the children; and the condition of the adults in whose care they were found.

Photographs should capture all potential hazards to the children and document living conditions indicative of neglect or endangerment, including, but not limited to: drugs and drug paraphernalia (e.g., razor blades, syringes, pipes); booby traps (e.g., trip wires for explosives, pongee sticks, and chemical devices); exposed wiring; refrigerator (absence or presence of food and the age dates on food containers, chemicals stored adjacent to consumables); sleeping areas (dirty sheets/blankets, no bed linens, stained/soiled mattresses); bathroom facilities (inoperable toilet, filthy sink/bathtub, access to medicines, etc.); guns (note if loaded), knives and other weapons; pornographic materials (e.g., photographs, videos or sex toys); vicious animals; accessibility of children to any other hazards (measure relationship of child's height to location of drugs, drug paraphernalia, chemicals, weapons, raw sewage, feces, broken windows and other unsafe conditions).

Suspected Physical Abuse: In all cases in which the physical abuse of a child is suspected, the Case Agent shall immediately notify the Child Abuse Hotline at (503) 681-6917, and document the notification. The Child Abuse Hotline shall cross-report this information to the appropriate Law Enforcement Agency (LEA). The Case Agent shall notify the law enforcement agency that has jurisdiction. The Case Agent and representative of the department with jurisdiction shall decide who will investigate the child abuse portion of the incident. If it is decided that the Case Agent will complete the investigation, the investigating officer must have

the experience and knowledge to complete a thorough child abuse investigation. Cases will be evaluated and managed on an individual basis. Please refer to the Child Abuse MDT protocol for additional information.

Suspected Sexual Abuse: In all cases in which sexual abuse of a child is suspected, the Case Agent shall immediately notify the Child Abuse Hotline at (503) 681-6917, and document the notification. The Child Abuse Hotline shall cross-report this information to the appropriate Law Enforcement Agency (LEA). The Case Agent shall notify a child abuse detective sergeant or on-duty patrol sergeant of the law enforcement agency that has jurisdiction. If it is decided that the Case Agent will complete the investigation, the investigating officer must have the experience and knowledge to complete a thorough child sex abuse investigation. Cases will be evaluated and managed on an individual basis. Please refer to the Child Abuse MDT protocol for additional information.

Assembly of Criminal Case Materials: The Law Enforcement Case Agent shall ensure that reports and photographs of drug-related child endangerment or neglect investigations are prepared and distributed as soon as practicable, and shall distribute a copy of the investigative reports to DHS-CW when they are submitted to the District Attorney's Office for prosecution.

Advanced DHS Notification: Whenever Law Enforcement Officers have advance notice that children may be present at a location which is the target of an investigation into the sale or possession of controlled substances, they shall contact the Child Abuse Hotline at (503) 681-6917. An exact address is not required, but a general location and/or zip code should be provided. DHS shall provide to Law Enforcement, database information regarding prior child abuse or neglect referrals, vital records, and other government database information concerning the targets of the police investigation when such information is to be used in furtherance of a joint police/DHS child endangerment investigation, including investigations into drug-related activities which may pose dangers to children.

Follow-up: In the event that a child is not present at the location but appears to have been living at the scene, the Law Enforcement Case Agent shall ensure that DHS is notified via the Child Abuse Hotline so they may provide a follow-up assessment of the child.

PROTOCOL

DHS ADMINISTRATIVE RESPONSE

Applicability of Protocol: This DHS protocol is intended to cover the DHS workers' response to, and investigation of, drug endangered children.

Staffing: Washington County DHS currently has workers available for immediate joint response with Law Enforcement Agencies (LEA) from 8-5 Monday-Friday. The Child Abuse Hotline is available to LEA 24 hours a day, 7 days a week. The Hotline has access to Washington County DHS certified, on-call staff for both consultation and field response as appropriate.

Training: DHS and LEA will be trained regarding this protocol.

Screening: All child abuse/neglect (CA/N) reports covered by this protocol will be directed to a Hotline screener, who will initiate a DHS 307 form. The DHS 307 forms, which give DHS the legal basis to begin a DHS investigation, must be initiated for all DHS field assessments. The screener will conduct a DHS history search and do applicable criminal records checks, per DHS policy. Screening decisions about when DHS will respond (i.e., within 24 hours/immediate or 5 days/impending) will be made based on child safety, coordination/planning with LEA and other relevant factors. Impending response may be indicated if extensive response planning is necessary with LEA. The decided DHS response will be communicated to and coordinated with the responding police agency.

DHS On-site Safety Assessment of Drug-Endangered Children: DHS shall conduct a safety assessment in accordance with DHS procedures, and shall inform the investigating officers when immediate protective custody of a child is warranted. LEA also has the authority to take children into protective custody when the child's conditions or surroundings reasonably appear to jeopardize the child's welfare. (ORS 419B.150)

Police-Initiated Requests for Joint Response with Advance Notice: When police become aware of drug-endangered children during the course of a criminal investigation, the following steps will be taken.

- LEA will call the Child Abuse Hotline at (503) 681-6917. The Hotline screener will initiate the DHS-307 form.
- Dependent upon the nature of the report, the screener will determine the nature of the response required, in conjunction with the Intake supervisor, and facilitate that DHS personnel are assigned for a field response.

Police-Initiated Requests for *Immediate* Joint Response with No Advance Notice: When police encounter drug-endangered children without forewarning, such as when a methamphetamine lab is unexpectedly discovered and children are present, the following steps will be taken.

- LEA will call the Child Abuse Hotline for DHS assistance.
- Hotline screener will initiate the DHS 307 form.
- Subsequent to the screening process, Washington County DHS trained staff will coordinate/plan with LEA regarding the DHS response, which may include assigning a CPS worker for an immediate field response.
- **In the extraordinary event of a DHS field staff being contacted directly by LEA, the DHS worker will contact the appropriate Hotline to initiate the 307.**

DHS-Initiated Requests for Immediate Joint Response Following Call to Child Abuse Hotline: When the Hotline receives a report of children exposed to the sale, manufacture, or possession of illegal drugs, the screener shall attempt to obtain the following information to assist in the determination of whether an immediate joint response is necessary.

The detail of the report, including the description of the reported address, the number, identity and/or description(s) of the responsible adult(s); the number, identity and/or descriptions of the endangered children; the nature of the danger to the children; the living conditions of the children; the presence and frequency of chemical odors; chemicals observed at the location; specific observations of drug activity; information concerning the presence of weapons; and any other dangers observed by the reporting party.

When information, obtained from the caller, does not by itself require an immediate joint response, the screener shall attempt to obtain relevant information from the applicable police agency concerning the subjects of the complaints, and whether LEA is aware of the location and or circumstances reported to the Hotline screener.

When a Hotline caller reports circumstances indicating an immediate danger to children, the screener shall call 9-1-1 and report the information for an immediate emergency services response, and shall thereafter initiate a DHS 307 and notify appropriate DHS personnel, per routine branch or after hours protocols, for an immediate joint response.

DHS-Initiated Requests for Immediate Joint Response following DHS Employee Observations: DHS personnel who encounter potential drug-endangered children during the course of a home visit or in other field situations shall follow statewide DHS safety protocol, and shall call 9-1-1 and/or the Child Abuse Hotline, as appropriate.

Whenever a Joint Response is Required: In many situations, response from both Law Enforcement and DHS will be necessary. In all cases, the health and safety of the children involved will take priority over all other concerns. Law Enforcement officers, while being aware of this priority, will have the added responsibility of identifying and preserving evidence as they proceed.

DHS Facilitation of Medical Evaluation, Testing, and Follow-Up: Applies when DHS has protective custody or parents have given consent. While in protective custody, medical expenses for drug endangered children are covered under the Oregon Health Plan.

DHS LEVEL I RESPONSE:

DHS Coordination of Immediate Medical Evaluation and Testing: DHS shall ensure that children found at clandestine drug manufacturing sites are taken, subsequent to site decontamination protocols, to participating medical facilities for a comprehensive physical examination. Currently, Randall Children's Hospital Emergency Department (ED) is the one metro facility participating in the DEC protocol. Children shall receive a medical evaluation and testing as soon as possible. If at all possible, the first urine sample should be collected within 2-4 hours of their removal from a clandestine drug manufacturing site.

If the child has been exposed to clandestine drug manufacturing, but is not discovered at the time of the initial investigation, the child should still be brought to the ED if the child is located within 48 hours of the child's exposure. If exposure occurred prior to that time, information gathered by DHS regarding the exposure may be taken into consideration and the child may be referred to the ED or to other medical services for evaluation.

DHS shall notify Randall Children's Hospital ED at (503) 276-9191 as soon as possible regarding the number of drug-endangered children to be transported to the ED for medical evaluation and testing.

Obtaining Decontamination Information: If responsible for the transportation of the drug-endangered children for medical evaluation and testing, the DHS personnel shall determine from the Law Enforcement Case Agent, the type of decontamination performed on the scene and the need for any further decontamination at the ED. The DHS staff shall obtain from the Case Agent, the completed "Child Chemical Exposure Checklist" for presentation to ED staff. The DHS staff person should have clothing available for post-decontamination transport to the ED or temporary shelter care.

Children are presented to the ED admittance desk. In the extraordinary event that a child has not had at least a "dry" decontamination, report to the ED via the ambulance bay.

Obtaining Medical History: DHS shall attempt to obtain information on the medical histories, allergies, current prescriptions, and other historical health information from the parents or other adult care-givers present at the location of the endangerment. In addition, DHS shall attempt to obtain signed legal consent/disclosure forms for securing medical history information and to allow medical evaluations and testing of the children from the parents or guardians of the drug-endangered children.

Forensic Interview Referral: If DHS and LEA determine a forensic interview of the child is warranted, the referral will be made to the appropriate program and according to standard Child Abuse MDT protocol.

DHS Long-Term Follow-Up: DHS personnel shall thereafter ensure that children taken into Protective Custody pursuant to this protocol are examined by medical and mental health professionals as needed and required by DHS policy. This follow-up is to include, at a minimum, within one month of the drug related exposure, the following:

- Abnormal lab tests repeated
- Complete referrals for developmental and mental health assessments
- HIV tests per DHS policy
- DHS Caseworker will provide to the foster parent, a copy of the letter *Information for Health Care Providers—Children Exposed to Methamphetamine Labs*. The foster parent will provide the child's current medical provider with a copy of this letter.

DHS LEVEL II RESPONSE:

DHS Coordination of Immediate Medical Evaluation and Testing: DHS shall ensure that children found in homes where heavy use, possession or consumption of illegal substances is occurring that the child receives appropriate laboratory screening. If at all possible, this should occur within **two to four** hours from the time the children were removed from the location. DHS shall contact CARES NW on-call medical staff at (503) 276-9000 within 24 hours of removal for further medical triage decision-making.

If exposure is over 48 hours, the child should be referred for a medical evaluation within 72 hours and labs within 12 hours, per DHS protocol, to medical providers who are able to collect the necessary lab information.

Obtaining Medical History: DHS shall attempt to obtain information on the medical histories, allergies, current prescriptions, and other historical health information from the parents or other adults present at the location of the endangerment. In addition, DHS shall attempt to obtain consent for medical evaluation and testing from the parents or guardians of the drug-endangered children.

Forensic Interview Referral: If DHS and LEA determine a forensic interview is warranted, the referral will be made to CARES Northwest per the Child Abuse MDT Protocol. .

DHS Long-Term Follow-Up: DHS personnel shall thereafter ensure that children taken into protective custody pursuant to this protocol are examined by medical and mental health personnel as needed. This follow-up is to include, at a minimum, within one month of the drug-related exposure, the following:

- Abnormal lab tests repeated
- Complete referrals for developmental and mental health assessments
- HIV tests per DHS policy
- DHS Caseworker will provide to the foster parent, a copy of the letter *Information for Health Care Providers—Children Exposed to Methamphetamine Labs*. The foster parent will provide the child's current medical provider with a copy of this letter.

The DHS caseworker will provide to the foster parent a copy of the letter *Information for Health Care Providers – Children Exposed to Methamphetamine Labs*. The foster parent will provide the child's current medical provider with a copy of this letter.

2. **Medical Evaluation and Test Results:** CARES Northwest will promptly forward ED report and lab results to the assigned Police Case Agent. The assigned Police Case Agent shall forward the medical evaluation and lab test results to the District Attorney's office.

WASHINGTON COUNTY DISTRICT ATTORNEY'S OFFICE PROTOCOL

The Senior Deputy District Attorney supervising drug prosecutions or his designee shall be the recipient of all completed DEC investigations and referrals by law enforcement agencies within Washington County. He/she shall assign the case to a DDA in the Office's felony unit for review and prosecution. Although the assigned DDA is immediately responsible for handling of the case, the Supervising Senior Deputy is available to any member of law enforcement and DHS to answer questions or respond to any concern about the prosecution of a case.

Investigative Assistance to Police and DHS: Upon request by a police Case Agent or DHS personnel involved in a DEC investigation, a Washington County Deputy District Attorney ("DDA") in the Washington County DA Office's main felony unit may assist in the review of search warrants and search warrant affidavits. The DDA may also assist in the investigation as necessary and appropriate. During regular business hours police officers and DHS may contact the felony DDA assigned to intake for that day. If that DDA is not available law enforcement may contact the Senior DDA supervising drug prosecutions or any DDA in the child abuse unit. During other times, police and DHS may contact the "on-call" DDA via non-emergency dispatch.

Coordination with Juvenile DDAs: The assigned felony DDA will communicate with the Deputy District Attorney assigned to the dependency case. Police reports forwarded to the supervising Senior DDA shall contemporaneously be forwarded to the Washington County DA's juvenile unit.

Prosecution of DEC Cases: The assigned felony DDA or his/her designee is responsible for screening and evaluation of the drug and child neglect/endangerment case for prosecution in a timely fashion.

Assignment of Victim's Advocate in DEC Cases: A Victim's Advocate will be assigned when children may be required to testify in a prosecution resulting from a DEC investigation.

Sentencing Considerations: The assigned DDA may communicate with assigned DHS personnel assigned to any pending dependency or termination case before entering into a plea agreement with the defendant(s) to ensure that an appropriate sentence is recommended, and, where applicable, that appropriate conditions of probation are in place to address the parenting concerns.

Restitution: The assigned felony DDA shall include, as appropriate, in the pre-trial offer, a requirement that the offender pay restitution for costs incurred in the medical evaluation, testing, and treatment of any drug-endangered children which resulted from the offender's criminal activities. Other related restitution may be sought as well; including that associated with clean up of the contaminated site and HazMat response expenses.

Communication with Other Interested Agencies: The assigned DDA may, as appropriate, make available the outcome of any drug prosecution involving child endangerment charges to interested DHS and dependency or termination deputy district attorneys.

WASHINGTON COUNTY COMMUNITY CORRECTIONS

Specialized Caseloads and Cases Identified at Intake as DEC

Community Corrections will identify specific DEC Probation/Parole Officers to be the recipients of identified DEC cases.

Every defendant placed on formal probation by the Court will attend a Community Corrections Intake and Orientation Class. If the Intake Officer has prior knowledge that the defendant has been identified as being involved in a DEC case, the Intake Officer will assign the case to the appropriate DEC caseload. In the event a case has not been identified as a DEC case before initial assignment, the case will be considered for reassignment to a DEC caseload.

If a defendant is being paroled back into the community and was previously identified by the other community partners as a DEC case, the case will be assigned to a DEC caseload.

Community Corrections will support the officers assigned to DEC caseloads in their endeavors to attend joint partnership meetings involving their cases. This may include joint meetings with DHS, WIN or other partner agencies.

If a defendant convicted of DEC-related crimes becomes involved in new criminal activity, Community Corrections staff will work in tandem with the investigating agency to reach a resolution.

WASHINGTON COUNTY JUVENILE DEPARTMENT

According to management and the medical staff at Donald E. Long Detention Facility (DEL), youth who are taken into custody from an active clandestine drug manufacturing site or environment where methamphetamine exposure has taken place, will need to be cleared medically before entering their facility.

Once cleared, DEL has medical staff on hand to treat any symptoms of withdrawal that youth may experience and provide treatment of any medical problems. DEL has isolation/observation rooms that can be used if necessary. Youth affected by methamphetamine are allowed to sleep as much as needed upon entry into the facility and are given fluids and adequate nutrition.

Dear Medical Provider:

As you may be aware, Oregon is experiencing an epidemic of methamphetamine use and manufacturing. Unfortunately, children are often the victims of their parents addiction, both directly and indirectly. Counties across Oregon are diligently working to establish protocols regarding the care of children who are removed from homes with significant methamphetamine use and manufacture.

This packet has been designed to provide you with some basic tools and knowledge regarding the effect that methamphetamine has on children.

Children who live in an environment where methamphetamine is being manufactured are exposed to a variety of very toxic chemicals. These include:

Solvents	Corrosives/Irritants	Metals/Salts
Acetone	Lighter Fluid	Red Phosphorus
Methanol	Hydriodic Acid	Hypophosporus
Xylol	Toluene	Iodine Crystals
Ether	Sulfuric Acid	Yellow Phosphorus
Toluene	Sodium Thiosulfate	Tincture of Iodine
White Gas	Caustic Soda (Lye)	Lithium Metal
	Muriatic Acid	
	Denatured Alcohol	
	Anhydrous Ammonia	

By-Products of Production
Phosphine Gas
Hydrogen Chloride Gas
Hydriodic Acid

Please visit Agency for Toxic Substances and Disease Registry for more specific chemical details.

As a medical provider for children, you are very likely to come into contact with a child who is requiring medical treatment due to exposure to methamphetamine use or manufacture. Please take a few moments to familiarize yourself with some of the affected target organs and recommended laboratory studies and physical exam components.

If you have any questions regarding this information or would like further consultation on the treatment of children at risk, please do not hesitate to call CARES Northwest.

Overall Risk Assessment for Drug-Endangered Children

1. Medical Risks for Children:

- a. Explosion
- b. Injury from direct contact with caustic materials
- c. Long-term risk from exposure to environmental contamination
- d. Exposure to weapons/violence associated with criminal commerce
- e. Increased risk for sex abuse, physical abuse, emotional abuse and neglect

2. Routes of Potential Exposure:

- a. Injection
- b. Ingestion
- c. Inhalation
- d. Skin absorption (Dermal absorption)

3. Symptoms and Target Organs:

	Symptoms	Target Organs
Solvents: acetone, ether, methanol and white gas, toluene	<ul style="list-style-type: none"> • Irritation to skin, eyes, nose and throat • Headache • Dizziness • Central nervous system depressant • Nausea • Emesis • Visual disturbances 	<ul style="list-style-type: none"> • Eyes • Skin • Respiratory system • Central nervous system • Liver • Kidney • Bone marrow

Reagents, including Metals/Salts: iodine, red phosphorus and yellow phosphorus	<ul style="list-style-type: none"> • Irritation/Burns of respiratory tract with coughing, wheezing, dyspnea, pulmonary edema • Irritation/Burns of GI tract if ingested, with nausea, vomiting, diarrhea, abdominal pain • Lacrimation • Mucous membrane and skin burns • Jaundice • Thyroid abnormalities <p><u>Target Organs:</u></p> <ul style="list-style-type: none"> • Skin, especially mucous membranes • Respiratory system • Gastrointestinal system • Central nervous system • Cardiovascular system • Liver, kidneys, thyroid, bone marrow 	<ul style="list-style-type: none"> • Eyes • Skin • Respiratory system • Central nervous system • Liver • Kidneys • Blood • Cardiovascular system

Physical Exam Recommendations for DEC Cases

If a child that you are caring for has been removed from a methamphetamine laboratory, they should have previously been urgently evaluated at Legacy Emanuel Hospital Emergency Department. During that initial evaluation, a variety of laboratory studies would have been conducted (please see Laboratory Testing for further details).

The medical professional caring for a drug-endangered child who has **not** been urgently evaluated should consider doing a complete exam, which includes, but is not limited to:

HISTORY AND PHYSICAL EXAM	
History	<ul style="list-style-type: none"> • Include caregivers' (and, if appropriate, child's) explanations of mechanism of injuries • Growth trend
Physical	<ul style="list-style-type: none"> • Child's affect • Height, weight, head circumference • Full head-to-toe exam with all clothes removed <ul style="list-style-type: none"> • Unusual odors • Hygiene • Neurological abnormalities • Cardiac or pulmonary findings • Skin/Hair findings (including injuries, lesions and foreign substances and stains, which should be collected and/or photographed if possible) • Include genital/anal exam • Use diagrams to document any skin findings or evidence of trauma
Follow up Recommendations	<ul style="list-style-type: none"> • Repeating abnormal lab tests • Completion of a developmental and mental health assessment • HIV testing, if appropriate • Dental exam, if appropriate • Other medical follow up based upon exam findings • Referral for forensic evaluations per multidisciplinary team protocol

Laboratory Testing for DEC Cases

If a child that you are caring for has been removed from a methamphetamine laboratory, they should have previously been urgently evaluated at Legacy Emanuel Hospital Emergency Department. During that initial evaluation, a variety of laboratory studies would have been conducted.

If specific information accompanies the patient regarding type of materials utilized in the manufacturing of the drug, the treating medical professional may wish to order additional studies (e.g., if method of manufacturing was anhydrous ammonia based the medical professional may wish to order lead or heavy metal analysis).

The laboratory testing to be ordered by the treating medical professional is:

LABORATORY REQUIRED	
Urine drug testing	<ul style="list-style-type: none"> • Best results if obtained immediately (must be within 2-4 hours of removal) • Include in lab order, "If preliminary drug screen positive, please confirm with GC/MS testing. If preliminary drug screen negative, perform 'high sensitivity' amphetamine confirmation testing by GC/MS to the limits of detection." (This cues the lab to run the tests to the limit of detection) • Drug testing must be performed at either Legacy MetroLab (Portland) or Oregon Medical Labs (Eugene) in order to be tested to the lowest possible limits of detection
LABORATORY CONSIDERED	
CBC and differential	<ul style="list-style-type: none"> • To rule out anemia from chronic/heavy exposure to solvents and poor oral intake
Liver function tests	<ul style="list-style-type: none"> • To rule out liver damage and GI toxicity
Chem panel	<ul style="list-style-type: none"> • Ca, PO₄, Alk Phos, BUN, Creatinine to rule out electrolyte imbalance
Lithium level	<ul style="list-style-type: none"> • To rule out exposure due to anhydrous ammonia method of production
STD	<ul style="list-style-type: none"> • If screening is warranted, refer to the <i>Oregon Medical Guidelines (2004)</i>
CONSULTATION	
<p>24 hour child abuse medical consultation is available by calling and asking for the CARES NW on-call physician:</p> <ul style="list-style-type: none"> • Weekdays 8:00 am-5:00 pm contact CARES NW at (503)331-2400 or toll free (877)888-9641 • Evenings, weekends and holidays contact the Emanuel Hospital Operator at (503)413-2200 or toll free (866)888-4398
